Rain and Snow—Good Crops, etc.

ST. GEORGE, May 10, 1877.

Editor Deseret News.

Six or eight weeks ago our hopes were nearly blasted in relation to raising grain this year, as no snow or rain to any amount had fallen for one year, and the season came for melting of snow, but as there was no snow the creeks refused to rise, and some of our ditches were dry early in March, but of late snow on the mountains and rain in Dixie have revived our drooping spirits. Our grain is heading out fine and we are busy making hay while the sun shines out brightly. The mowers are at work in the lucern fields and the people are more than pleased with their lucern crops. If I were to write all that can be said in truth in favor of this crop, few would believe me. The roots go so deep in the soil that winter irrigation alone will make us several crops, and if watered once each time of cutting, that is sufficient, and we get four good crops a year in this climate. I will say to the people in the north that wish to travel this way, come on, we will furnish you all the hay you want at fair prices and take flour in exchange. The late frosts nipped our grapes a little, but we have excellent prospects for abundant crops of grapes and all kinds of fruit, including almonds and figs.

All is peace and the people are generally attending to their crops, while the miners around about are digging up the earth a little, but no great excitement is produced.

Truly yours,
J. W. CROSBY.

INDIAN IMPROVEMENT.—Those who do not desire the extermination of the Indians but their gradual incorporation into our social and political systems have a right to feel greatly encouraged at the progress made among them within the last eight or nine years. The last report of the board of Indian commissioners, not yet printed, shows that in 1868 the houses occupied by Indians numbered but 7,476, while in 1876 they numbered 54,717. There were then on the reservations but 111 schools; there are now 344. There were then 4,718 pupils attending school; there are now no less than 27,215 native scholars. Out of about 266,000 Indians the board estimates that over 100,000 wear citizens' dress. The Indians raised then 126'117 bushels of wheat and 367,363 of corn; in 1876 they raised 483,054 bushels of wheat and 2,229,463 bushels of corn. They owned in 1868 but 2,683 sheep and 29,890 swine; in 1876 they owned 447,295 sheep and 214,076 hogs. All this is certainly very encouraging, and proves that under a proper policy which shall hold out some inducements to them to follow peaceful pursuits a large per cent. of the red men may be saved to civilization.—*Washington Star, May 7.*

Horne Tooke, having challenged Wilkes, who was then Sheriff of London and Middlesex, received the following laconic reply: "Sir, I do not think it my business to cut the throat of every desperado that may be tired of his life; but as I am at present High Sheriff of London, it may happen that I shall shortly have to attend to you in my official capacity, in which case I will answer for it that you shall have no ground to complain of my endeavors to serve you."—*People's Journal.*

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

☞ For more certificates of cures see large circular around each box of ointment.

$10,000 REWARD

Will be paid for a more certain and sure remedy. Sold by all the leading Druggists and country storekeepers everywhere. Warranted a sure cure or money refunded. Beware of imitations. Ask for Dr. Williams' Indian Ointment, and take no other. Depot, 338 Superior Street, Cleveland, Ohio.

HIGHEST HONORS

AT THE

UNITED STATES

Centennial

World Exhibition, 1876.

MASON & HAMLIN CABINET ORGANS

Unanimously assigned the

"FIRST RANK

IN THE

"SEVERAL REQUISITES"

of such Instruments!

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unanimously assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTENNIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the severest competition by the best makers before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been awarded all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reports of the Judges from which the following is an extract:—

"THE MASON & HAMLIN ORGAN CO.'S exhibit of Reed Organs and Harmoniums shows instruments of the FIRST RANK IN THE SEVERAL REQUISITES OF INSTRUMENTS OF THE CLASS, viz: Smoothness and equal distribution of tone, scope of expression, resonance and singing quality, freedom and quickness in action of keys and bellows, with thoroughness of workmanship, combined with simplicity of action."

(Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first not in one or two respects only, but in the SEVERAL REQUISITES of such instruments, and they are the **Only** ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have uniformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of competitions. They were awarded highest honors and

FIRST MEDALS

PARIS, 1867; VIENNA, 1873; SANTIAGO, 1875

PHILADELPHIA, 1876;

and have thus been awarded highest honors at

Every World's Exposition!

at which they have been exhibited; being the **Only American Organs** which have ever obtained any Award at any competition with best European makers, or in any European World's Exposition!

NEW STYLES, with improvements, exhibited at the CENTENNIAL, elegant new cases in great variety. Prices very low, consistent with best material and workmanship. Organs sold for cash or on installments, or rented until rent pays. Every Organ warranted to give entire satisfaction to every reasonable purchaser or THE MONEY REFUNDED. ☞ ILLUSTRATED CATALOGUES sent free.
