LOCAL AND OTHER MATTERS.

On the Way.—One of Cook's excursion parties is on the way, and will probably reach this city about Wednesday or Thursday.

The Weather.—Another copious shower of rain fell early this morning. The air has been cool to-day, mercury standing at 88 at noon.

A Shorter.—From one of the passengers on last evening's train we learned that the storm which raged with such fury east of Cheyenne, Wednesday night, was, if anything, exaggerated. Sidney was not badly injured, and that not a pane of glass was broken in the city, and that some of the railroads were as big as usual.

Excursionists.—On Saturday, a party of eighty-five excursionists, mostly from Boston, arrived in the city, and remained until to-day, when they left on their return eastward. They traveled westward to the city by the Southern Pacific, and are making the back journey by the Central and Union Pacific lines. This is the last of the series of four of the daylong excursion parties.

Death of E. B. McKean.—The little miner of Saturday says: We are pained to announce the sudden death of Mr. Edward McKean, of Salt Lake City. He was taken suddenly on Wednesday night, at the walking malady, although he had been well for some time, and has been confined to his bed. He was about 30 years of age and leaves a widow.

Periodicals.—Harper's Monthly for July contains interesting articles on "Glimpses of Great Britain," with numerous portraits of eminent men, "Fighting in the State in California," "The Old Ship-builders of New York," etc. The Judge has a cutting cartoon of Robinson's Speaker, and Harper's Young People has a novel interest. All at J. H. Dwyer's book store.

Incendiarism.—Late on Saturday night the slaughter house of Messrs. White & Sons, near the race track, was set on fire by some malicious individual. Besides the buildings being consumed twenty-four hogs were killed by the flames—literally roasted alive. The loss to the firm estimated at \$1,000. Mayor Jennings, proprietor of the place, had no building destroyed, and is a loss to the extent of about \$500.

A Frustrated Plot.—While Sheriff Dickey, of Uinta County, Wyoming, was in this city a few days ago, bringing back the escaped penitentiary prisoner Black, the warden, matured a plan for escape. The plot was discovered by Deputy Fiske, who was in charge of Black, and the conspirators were arrested. Had the plot not been discovered it is not probable that Mr. Fiske would have either lost his life or been subjected to serious injury.

A Woman Kills an Indian.—Under the heading "An Indian Killing Murder," the Denver Tribune publishes the following dispatch from Albuquerque, New Mexico, dated the 16th: "A Mohave Apache Indian went to a ranch at Dudley occupied by a Mr. Watkins, whose husband was a miner and who was away at work, and who attempted an outrage and to rob the house. She resisted vigorously, and when he laid a gun at her she took up a Winchester rifle and shot him through the head. Citizens of the county are raising a purse to buy a medal for her."

Theatre to-night.—The programme for Miss Aida Dwyer's entertainment at the Theatre to-night consists of an overture, four readings by Miss Dwyer, a song by Mr. Bellini, an instrumental and a vocal quartet, and a song by Mrs. Charles. The talented young lady deserves a full house, and we hope she will receive that species of encouragement as a mark of appreciation of her excellent ability and the persevering industry she has displayed in attaining proficiency in the vocal art.

Severe Accident.—On Saturday afternoon Samuel Warburton, nine years of age, son of Bishop Warburton of the 1st Ward, met with a very painful accident in that part of the city. He climbed upon Mr. G. F. Culmer's carriage unobserved by that gentleman or either of the two other inmates of the vehicle. The little fellow's right leg was caught between the spokes of the wheel, by which he was whirled around and the limb very badly twisted and severely injured. Mr. Culmer and the sudden snap caused by the boy's limb being struck or twisted, and immediately stopped. The lad had to be carried to his home, suffering very severely. The injury extends from the ankle to the knee, but is the most serious at the former joint. Owing to the swelling of the leg not having subsided Dr. Benedict was unable yesterday to determine whether the ankle was broken or not.

TRAVELS AND LABORS IN THE SOUTH.—NEW WARDS ORGANIZED.

By courtesy of President Joseph F. Smith, we are enabled to publish the following communication to him:

We have held about thirty meetings, and have traveled about 700 miles. We have organized two new wards, one in the north end of Grass Valley, called Burville, William H. Cloward, Bishop, Orson E. Star and M. L. Barr, Counselors. We also organized Thurber Ward, in Rabbit Valley, with George Brinknerhof Bishop, and William Meeks and James W. Hunt as Counselors. We ordained Barnard H. Greenwood Bishop of Invarity Ward in place of Bishop Stewart resigned. His Counselors are W. N. Spafford and Jesse L. Jensen. We also gave Bishop Wright, of Kosharene, and Bishop Blackburn, of Fremont, a Counselor each. We have had a pleasant time thus far. To-day we start for Escalante, in Potomac Valley, and will reach Pangut on Friday night, in time for conference. We there expect to meet Brother E. Snow. Yours truly,

F. M. LYMAN, JOHN HENRY SMITH.

A HORRIBLE ACCIDENT.

FULL PARTICULARS OF THE BURNING TO DEATH OF KARL G. SUISTED AND HIS LITTLE GIRL.

A day or two since we published the facts of Karl G. Suisted, and his little girl being accidentally burned to death at his ranch, near Warm Creek, Oneida County, Idaho, on the night of the 12th inst. We are now enabled to give the details of the horrible incident, as supplied by Louis Garff, who thus relates them:

"As Mr. Stokes and I were camped for a few days at Mr. Suisted's ranch, we were called to witness the most horrible incident that my eyes ever beheld; the burning to death of Mr. Suisted and child, three years of age. It appears that they, like many others, allowed their lamp to burn a little too long, so that they would not need to trouble about lighting it during the night. At about 10 o'clock a.m., Mr. Suisted's mother-in-law, Mrs. Chase, awoke and discovered that the light had risen and was burning bright. She called Mr. Suisted to put it out, as it looked dangerous. He arose, took the lamp, and was about to blow it out, when it exploded in his hand. It is a most curious thing, but the explosion was so violent that it threw him and the child into the air, and the child was killed. The flames around his person. The screams of Mrs. Suisted over her child, which she supposed to be dead, soon aroused Mr. Stokes and myself from the neighboring cabin, where we were sleeping. We soon succeeded in putting out the flames around the child and in the house, but the little girl was already burned so badly to be saved from death. When Mr. Suisted returned from the creek his appearance was horrible; the skin and nails had entirely left his hands and feet. I dressed his wounds as best I could, while Mr. Stokes ran for medical aid. While he was dressing his wounds he spoke rationally and did not seem to feel so very much pain. He offered up to the Great Father one of the most solemn and affecting prayers I ever heard, desiring that he would preserve his wife and family from poverty and distress and raise up friends who would administer to them in time of need, for he feared that he would not live with them long. We administered to him according to his request. By 9 o'clock a.m. we had two doctors brought, who dressed the wounds of both father and child, placing a coating of white lead and oil (linseed), over Mr. Suisted's whole person, but he sank rapidly. The pit of his stomach and across his kidneys had been burned to a crisp. He died at 4 o'clock p.m., and the little girl at 11:45, many days they were burned. Karl G. Suisted leaves a wife and two children, one younger and one older than the one that was burned. He was a thorough Latter-day Saint and a man much respected by all classes of people in the part of the country where he lived. Karl Gustaf Suisted was born at Wellington, New Zealand, February 17th, 1844, and his deceased child, Elizabeth, in Salt Lake City, April 18th, 1879. Both died on the 12th inst. as stated before, and were buried on the 14th, at 7 o'clock p.m.

A Pretty Picture.—A very attractive picture is on exhibition in Mr. Dwyer's show window. It is from the skillful brush of Mr. Leo Clawson, and represents little Belle, youngest child of Gen. H. B. Clawson. The picture is in water color, artistically manipulated. The subject is beautiful, like a little cherub, and the artist has done it excellent justice. It is a lovely and expressive face, faithfully portrayed.

Martial Band Boys.—All the Sunday School Martial Bands will please meet Brother E. Beesley next Monday evening, June 26th, at the Council House, at 7 o'clock, with their instruments and music. Set No. 2 of the Sunday School martial band music is now ready, containing two pieces printed on good cards for sale at the Instructor's office at 50 cents a set, or 10 cents for a single card.

Cricket.—It being the desire of several gentlemen in the city that another cricket club should be formed, the presence of all those interested in the formation of such a club is solicited at a preliminary meeting, to be held at the Continental Hotel, at 7 p.m. on Wednesday evening next.

Professional.—The card of Dr. Romanus B. Pratt, will be found in our paper. This able physician can be found at her office, Godbe building, from 10 a.m. to 9 p.m., and at other hours at her residence, Second East street. Dr. Pratt gives special attention to diseases of the eye, ear, nose and throat, and to obstetrics and diseases of women.

Postal Changes.—Thomas Walker has been appointed postmaster at Ogden, Morgan County.

The post office at Iron City, Iron County, has been discontinued.

REMARKABLE CURE.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubts, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

DIPHTHERIA. The latest and most successful treatment for this dreaded disease has lately come to our knowledge, and having interviewed the man who says his life is saved by the new treatment we feel confident it is our duty to give the facts to our readers, that they may investigate for themselves. The circumstances are as follows: Amos Chatter, of West Farnham, P. Q., recently had diphtheria; he became so bad off after a relapse that all hopes of his recovery were abandoned by his physicians, and he was expected to die. A brother of the patient said that he had a bottle of Kendall's Spavin Cure and wished to try it. He applied it to the neck, and then reduced a little, and the patient, after some difficulty succeeded in gargling it in the throat. He soon noticed some improvement, and by continuing its use a complete cure was effected, and now he says he knows it saved his life. The above remarkable experience led us to investigate and we found that Kendall's Spavin Cure has the most remarkable effect on human flesh of any remedy of which we have ever heard, and we have become soundly converted to the opinion that no remedy has ever been discovered which possesses such remarkable qualities for the diseases of man as well as beast. Every one should cut this out and paste into a scrap-book.—Times. d s & w

PUT IT TO PROOF. At a time when the community is flooded with so many unworthy devices and concoctions, it is refreshing to find one that is beneficial and pure. So conscious are the proprietors of Dr. King's New Discovery for Consumption, of the worth of their remedy, that they offer all who desire a trial bottle free of charge. This certainly would be disastrous to them did not the remedy possess the remarkable curative qualities claimed. Dr. King's New Discovery for Consumption will positively cure Catarrhs, Bronchitis, Stubborn Coughs, Colds, Phthisis, Quinsy, Hoarseness, Croup, or any affection of the throat and lungs. As you value your existence give this wonderful remedy a trial by calling on Moore, Allen & Co., wholesale agents, and obtaining a trial bottle free of cost, or regular size bottle for \$1.00. d mon
