STAKE TABERNACLE CHOIR

To be Organized at Once of Best Talent in Weber-Prof. J. Ballantyne Director.

Christmas Wedding Chimes -- Elder Bernard Denkers Tendered a Complimentary Party.

The Stake presidency announced today that a Weber Stake tabernacle choir is to be organized at once. This move has been under contemplation for a long time. The presidency believes that a Stake choir will be a very important factor in awakening the proper musical sentiment and in creating a musical sentiment and in creating a much greater musical interest in the Smith's hall, and in the afternoon there people of this Stake. Those who are urging this move are determined that no efforts will be spared to make this ing in Smith's hall, which will long be remembered by those present, which insuccess, and equal to any choir in the state commensurate with the available vocal talent in the Stake.

The presidency of the Stake is very desirous of seeing the Stake progress in every respect, and feel that the the Saints have not given enough attention to music in the past, but trust that this move of organizing a tabernacle choir will be of a great benefit in stimulating greater interest in musical matters. The choir will be composed of from 125 to 150 of the best singers in the city.

rs of the choir already chosen are: Hon. L. W. Shurtliff, president; Charles J. Ross, vice president: Prof. Joseph Ballantyne, director; Wilford Hincheliff, assistant director. The or-ganist, secretary and treasurer have not been chosen as yet. The officers of the choir will form the executive committee. The president will send out invitations at once to those whose members, and others will be invited. Choir practices will begin at once and every effort will be put forth for the progress of the organization.

The oscillations are exceedingly variable in the different glaciers, and it is found that an understanding of the causes affecting glacial advance and retreat can only be had by a separate study of each locality. While it is probable that the changes are connect ed with both winter snowfall and summer temperature, the former affects chiefly the upper end of the ice river and may not have a perceptible in-fluence on the lower end for a number of years. The history of the Unter Grindehwald glacier, whose oscillations have been conspicuous and well ob-served, has been roughly traced for several centuries by Prof. A. Baltzer. A remarkable fact is that a great ad-vance of this glacier from 1770 to 1779 buried a large marble quarry, and although the ice had several periods of retreat and advance, this old quarry was not again laid bare until 1871.

IMPORTANT RULING.

This morning Judge Rolapp overruled the demurrer of plaintiff in the case of the Utah Savings & Trust company (as administrator of the estate of Joel Lahti) against the Diamondville Coal and Coke company. The court held that a non-resident flien could not recover damages in such a form. The case in point is the outcome of the Diamondville disaster, which happened February 25, when twenty-nine men lost their lives owing to a fire in the mine. The amount sued for is \$15,000 and the es tate of the deceased coal miners placed the matter in the hands of the bank.

WILLARD, BOXELDER CO.

Memorial services in honor of the Prophet Joseph Smith were held in the tabernacle of this place on Sunday afternoon and evening. The birth, life and death of the Prophet were related and commented upon, in the afternoon by Elder H. Packer and in the evening by Elders J. J. Ward and R. B. Baird. During the progress of the meetings a number of the aged brethren and sisters testified to the truth of the Gospel and of the divinity of the mission of Joseph Smith, that they had heard him utter prophecies and had seen the same literally fulfilled, and related many incollections" that are so enchanting will cidents which proved him to be an inspired man of God. At the close of

the afternoon session Bishop Facer re quested those who had seen and heard the Prophet Joseph, arise to their feet. This was complied with, and it was found that there were in Willard sev-enteen or eighteen who could make this claim. Sister Bathia Wells, who was the daughter of the Elder Fordham, who was instantly healed by the power of God through the Prophet Joseph, related the event to the congregation 12 a very interesting manner. It was liatened to with great attention, she being an eye witness to the miraculous healing of her father.

Whitney's Colt Nasturtium May Re-

peat Derby Triumph of 1901.

New York, Dec. 28 .- Today when the tcamer Minnehaha leaves for London she will carry the \$50,000 colt Nastur-tium, by Water Cress-Marfierique, which Mr. Whitney is sending to England to endeavor to repeat his derby triumph of 1901, with the difference that this time his candidate is a colt bred n America, although the son of an

English stallion. It is considered by turf experts to be a hazardous matter to ship thorough-breds at this time of year. The good colt Tommy Atkins, who was thought to be about the best weight carrier and stayer of his year (1900) died soon after anding when sent over just about a year ago by the Messrs. Keene, Kilashandra, a very good 2-year-old filly owned by Mr. Whitney, shared the same fate. To offset this, however, it is recalled that a large number of both Messrs, Keene's and Mr. Whitney's horses have been landed safely in England and raced there successfully.
