## LOCAL BRIEFS.

Mayor Thompson today approved all the matters passed upon by the city council on Monday night.

Judge Marshall of the federal court has appointed Thomas Maloney of Ogden a referee in bankruptcy.

George A. Knudsen, formerly of Denmark, now of this city, was admitted to citizenship this morning by Judge Stewart.

Frank Stevens of Birmingham, and Estelle Fish of Goshen, were married by Deputy Clerk Emery today in the county clerk's office.

The fees of the county clerk's office for the month of September amounted to \$2,023.69, which is an increase of \$341.30 over the receipts of September, 1901.

Raymond A. Young and Hermann Hoagland, both of this city, were married by Deputy Clerk Emery in the county clerk's office yesterday afternoon.

Among the speakers at the meeting of the National Irrigation Congress in Colorado Springs next week, will be Col. E. F. Holmes of Salt Lake, who will deal with the subject of "Irrigation by Pumping."

The geological slowness of the steamers in putting the new heating plant of the Washatch school, it has been necessary to give the pupils a vacation until next Monday, as the building is too cold for them without heat.

W. S. McCabe was knocked unconscious and his scalp badly cut by a pole driven over by the new heating plant yesterday. McCabe was brought in town and his injuries attended to.

Excelsior Camp No. 10,892 of the Modern Woodmen of America, which was recently organized in this city, has secured a permanent home in the Woodmen Hall over the Y. M. C. A. rooms, and will meet there in the future on Thursday evening of each week.

A Seventh South street car ran into a light wagon loaded with lumber this morning and reduced it to fragments. The conveyance was the property of Dr. Milliron and the driver was Arthur Gebel. The latter escaped injury by jumping. The horse was not seriously hurt.

Sheriff Naylor left for St. Louis last night, armed with requisition papers for John M. Combs held by the St. Louis police. The charge against Combs is embezzlement in selling the implements, stock and products of the farm he had rented from T. E. Lovett of Salt Lake, and skipping with the proceeds.

The 4-year-old son of Henry J. Hayball, who resides in the vicinity of Eleventh South and Fourth East streets, was badly burned yesterday while playing with matches. It appears that the child's mother had just purchased several boxes thereof and at the little fellow's request gave him one of them to carry into the house. The next thing the mother knew was that her darling son was enveloped in flames as a result of the matches having been ignited. Before the blaze could be extinguished the lad was badly burned about the body, the burn extending to his neck and face. Dr. Wilcox was summoned and did all he could to alleviate the pain and at last reports the child was resting as well as could be expected.

The Colorado Springs Gazette of Sunday last devotes considerable space to the forthcoming National Irrigation Congress, which convenes in that city Oct. 6 to 9. In its write-up Utah people are prominently mentioned among the Congressmen. Sutherland, who is quoted as follows concerning the worthiness of the Congress: "The National Irrigation Congress is a worthy organization and one entitled to the gratitude of the entire west for its labors in favor of national irrigation, which movement culminated in the passage of the Irrigation act by the late Congress. The administration of such an act is a matter that should progress slowly. At the end of 19 years the people of the country and particularly of our own section, will recognize this legislation to be epoch making in character. I wish every success for the session to be held at Colorado Springs."

Copies of the official army register for 1902 are being received in this city. The publication, of great value, and in some quarters indispensable book, has been delayed from February last when it should have appeared, because of the numerous and important changes taking place in the army organization during the winter and spring of the current year. The present publication has 538 pages, and gives a very complete detail of the official composition of the United States army from the

## TO CONFERENCE VISITORS!

Country patrons of the Deseret News visiting Conference and the Fair are invited to call at the Deseret News building and inspect the business office and Book Store, both of which are now unoccupied in the handsome quarters of any similar establishment in the west.

All country patrons of the "News" are invited to call and receive a copy of the daily "News" without charge during their stay in the city. Advertisers can see at a glance that no paper will be as generally read during Conference as the Deseret News.

Visitors at the Fair are invited to call at the Deseret News booth to see the line of handsome home publications and the unique exhibit of the names of its 22,000 COUNTRY SUBSCRIBERS with which the walls of the booth will be papered.

## FAIR AND CONFERENCE EDITION SATURDAY.

Next Saturday being the final day of the Fair, and the first day of Conference, the SATURDAY "NEWS" of that date will be a special issue and will contain many features which will cause the paper to be eagerly sought for and long preserved.

lieutenant-general down. The college connections of the officer, not graduates of West Point are given, with the volunteer records extending through the Spanish and Philippine wars, and the re-arrangement of the artillery service will attract attention. There are 14 columns in the corps where there is of course but seven under the former regimental organization, and the increase in the cavalry service from 10 to 20 regiments will also be noted. An historical resume is given of the different branches of service, with an amount of general information relative to the various departments that will be of special interest to the general public. The list of retired officers occupies 85 pages. The register is of the greatest value in all army posts and newspaper offices.

## Rana Tenney's Nail through His Head

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his head, and, as a result, he is now in the hospital. He says, "I immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by all druggists.

## SUPREME COURT CALENDAR.

The calendar for the coming term of the supreme court is now in the hands of the printer and will soon be completed. The term commences on the second Monday in October. There are 47 cases on the calendar, among the most prominent being the text-book case, and the second appeal of the Abe Majors, or Morgan, case.

Majors, about two years ago killed Capt. Brown of the Ogden police force, and was found guilty and sentenced to be executed. Upon appeal to the supreme court he was granted a new trial. On his second trial he was found guilty and sentenced to imprisonment for life. At this time he appeals from that judgment.

## DEBATE ON WATER IS POSTPONED.

Commercial Club and City Council Not Yet Ready to Discuss Plans.

## WAITING FOR COMMITTEES.

Pumping Plant Expenses—New Jail Plans—Water Will be Investigated Further.

The proposed discussion of the water question by the city council and members of the Commercial club water committee, which was to have been held last evening in the council chamber, was postponed indefinitely on account of the sub-committees of the club not having reported and hence no definite plan of action could be suggested.

The council met as a committee of the whole, as pre-arranged, and invited the members of the Commercial club committee to join in the discussion. Councilman Fernstrom, upon whose motion the meeting was called, stated that his idea in having the Commercial club meet with the council was to harmonize all interests and by working hand in hand, much greater progress could be made.

He said that the Commercial club had taken as active interest in the water problem and could render the city valuable assistance in securing government aid in the matter of establishing a mammoth reservoir at Utah Lake. What should be done, he said, is to harmonize the interests of the city, canal companies and the farmers of this county and Utah county so that these expensive litigations can be dismissed and then all interests could be united in asking the assistance of the government. That, he thought, could be done by a joint discussion when a more thorough understanding could be had.

Col. E. F. Holmes, the chairman of the Commercial club committee, then addressed the council on behalf of the sub-committees. He said that the various sub-committees had not, as yet, reported, and that it would take several weeks for them to complete their work, hence the committee had no definite plan to suggest at present. He suggested that the council set a date in the future when another joint meeting could be had.

In accordance with that suggestion Davey moved that the council sit as a committee of the whole to discuss this matter upon the notification of the secretary of the Commercial club. The motion was carried.

## PUMPING PLANT EXPENSES.

The presidents of the canal companies met with the Jordan canal and irrigation committee and discussed the expense of running the new Utah lake pumping plant. The company decided to appropriate the sum of \$50,000 for the plant, and the expense of running the plant up to Sept. 1.

## NEW JAIL PLANS.

The council again resolved itself into a committee of the whole to consider the plans and specifications, submitted by the board of public works without recommendation, for the new jail. Both representatives of the two bodies were given an audience. John S. Thomas, of Salt Lake, was the first one heard. He said that all the material used by him would be manufactured right here in Utah, and he explained to the council in detail. He said that his company constructed the Tomba prison in New York City and the Maryland State Prison. The idea of this company, he said, is to construct the new jail along the exact plans of the Tomba prison, though of course on a smaller scale. The council decided to refer the matter to L. D. Martin, master mechanic of the state prison, and Chief of Police Paul, for further investigation, before taking definite action on the plans submitted.
