MINING, BUSINESS AND STOCKS.

MINING STOCK MARKET IMPROVES

Many Issues Very Active and Prices Continued to Ascend.

CON. MERCUR STILL SLUMPS

Mammoth and Lower Mammoth Strong and Higher—Morning's Business 21,925 Shares $31,131.

Trading on the mining exchange this morning was very satisfactory, transactions involving over $32,000, being recorded and many stocks participating.

The mining share market continues to show steady improvement and as the outside demand for Utah stocks, now rapidly enlarging, makes itself felt, the prices of all the better-class issues advance. Late advices from nearly all the more developed properties are most favorable and if expectations are realized, there will be several companies added to the dividend paying list of Utah mines by Jan. 1, and still others that will be free from debt and on an earning basis. Conditions continue very favorable for a fine fall and winter business on the mining exchange.

This morning Mammoth and Lower Mammoth were in demand at better figures. Both properties are reported to be looking fine while a dividend from the former is soon looked for.

Yankee was higher and Century and California continued firm at about yesterday's figures.

Con. Mercur, heavily dealt in, was further tobogganed today while Daly-Judge and Daly-West were exceedingly strong.

The session closed on the following market:

WABASH FORCES INCREASED.

Manager Treweek Will Push Development With All Energy.

Colonel Daugherty of the Wabash company stated last evening that Manager Treweek, who left for Park City this morning, will double the forces now at work in the mine and will remain there for some time personally directing operations. Development work will be pushed with all possible speed and it is confidently expected that by the first of the month important developments will be reported.

The auditing committee of the company, composed of Messrs. John R. Barnes, Lester Freed and T. E. Newman, after exhaustively examining the books and reports of the management, verified in every particular the statements made at the annual meting.

OPHIR HILL RECORD.

Senator Clark's Big Utah Mine Quite a Wonder.

From a mining man who recently visited Senator Clark's Ophir Hill property it was learned today that the monthly net earnings now being made are in the neighborhood of $40,000, while as soon as the electric plant is in operation and some contemplated changes made it is expected that they will be nearly doubled.

"The mine," said the "News" informant, "is in magnificent physical condition and while the ore is low grade and runs small in lead, gold, silver and copper values, it is deposited in enormous quantities.

"The mill is now treating about 150 tons of ore daily and the shipments of concentrates aggregate over 2,000 tons monthly.

"The electric equipment will, I understand, soon be on the ground and with it installed and in operation about half the cost of operation will be saved."

MEET IN NEW YORK.

Newhouse and Lewis May Return Here Together.

It was announced today that Samuel Newhouse will in all probability arrive in New York about Sunday and will there meet President Lewis of the Majestic. As the latter expects to return within the month it is very probable that the two Beaver county operators will travel westward together.

On good authority it was learned today that affairs of moment to the Majestic company will be discussed by Messrs. Newhouse and Lewis, who are stated to be the two largest holders of Majestic stock, and that without doubt the company's operations will be on a more elaborate scale than ever.

From Beaver county advices it is learned that at all the Majestic properties the forces have been increased while Supt. of Construction Ayres has returned from Denver and is hastening work on the new smelter.

MINING NOTES.

Superintendent Edwards of the Con. Murcur is in the city en route east on a vacation trip.

President John Dern of the Con. Mercur has returned from a trip to Sumpter county, Oregon.

Ore and bullion settlements in this city yesterday, as reported by McCornick and company, amounted to $111,000.

The mining exchange transactions yesterday, involved a grand total of 59,095 shares and $46,622.38.

Dr. P. A. H. Franklin is preparing to move in most comodious quarters in the Dooly block. He gives assurance that within a few weeks the business of another mining company besides the Blackbird will be transacted there.

Managing Director Holden of the United States Mining company has gone to Idaho on private business.

Silver was quoted in New York today at 51½ and copper at 11¼.

The Taylor and Brunton management this morning reported the following shipments as having been sent to assay: Four cars of ore from Tintic; four from Tonopah, and one each from Fish Springs, Bingham and Alta.

Mammoth high grade ore to the extent of four carloads will be settled for on controls obtained today.

IDAHO FALLS, IDAHO.

TOO MANY MORTGAGES.

Growth of Junction Town—Poor Mail Service—Y. M. M. I. A. Convention.

Special Correspondence.

Idaho Falls, Ida., Sept. 16—The Snake River valley is this year full of good crops of every kind, and the ranchers are happy. They would be much better off if they would so order and govern their business and be one year ahead instead of being one year behind. The too general system up here is a deplorable one. The crops, now so abundant, belong to the mortgage company, the wagon and machine company or to the local merchant, and are not sufficent to go around. With the fertile soil and abundant streams of water, if the Snake river farmers were a little more forehanded, no people on earth would be more independent.

The summer has been unusually dry and the wind has been very bad. The air is constantly loaded with dust and sand.

There have been several destructive fires, especially in Pocatello and Shelley, and for the past few days the sun has been hid by the smoky atmosphere from the terrible fires raging in the forests of Oregon and Washington.

Idaho Falls is fast assuming metropolitan airs. Many large and handsome business blocks adorn the town, and others are being built. These immense buildings are constructed of beautiful sand stone and brick. Bishop James Thomas is finishing a nice $4,000 residence, which will have every modern convenience, hot and cold water and heated with steam.

Since the July mail contracts have been let, it appears, the mail carriers' convenience is more considered than the public's. The mail for Ammon, Iona and other points lies in Idaho Falls 22 hours, and mail leaving Salt Lake Friday at 10:50 p. m. leaves Idaho Falls at 7 a. m. Monday morning, and the people on the route wait till Monday evening to get Friday's mail, because the carrier leaves two hours before the mail train arrives. The mail carrier now comes the route with one outfit each day, while previously a carrier went each way.

The Y. M. M. I. associations of Bingham Stake held a convention on Sunday at Idaho Falls. There were almost half the wards represented, but when it is remembered that this Stake is 150 by 150 miles, the young men did well.

Miss Gates and the Idaho Falls Latter-day Saints' choir gave a concert in the Armory hall, which was very satisfactory and highly appreciated.

J. H. BIGGER & CO.,

Brokers, 211 and 212 D. F. Walker Block.

On the 18th day of September we will make our bow to the people of the peerless city of Salt Lake in the opening of a brokerage office, through which we will daily furnish to the public the "ups and downs" of the market and the current news of Wall street. We will receive quotations direct from the New York stock exchange, with all the speed and skill that the genius of modern telegraphy can devise. We will quote every change of the market on all the leading railway and industrial shares dealt in on the principal exchanges of the world, and will execute orders for the purchase and sale of same with a service that is unexcelled. Our trades will be placed with the reliable and well known houses of A. J. Cummings of St. Paul and Paine, Webber & Co., of Boston. Our business will be conducted on strictly a commission basis, and the prosperity of it will be measured by the success of our traders. We solicit a share of your patronage, and promise in return therefor a devotion to your interests as fully as our own.

SENTIMENT WAS VERY HESITATING.

Monetary Situation Caused Disinclination to Trade Largely.

CALL RATE WAS ADVANCED.

Made Movement in Stocks Flatten Out—This Followed by Dullness Throughout the Entire List.

New York, Sept. 17.—Opening price changes were small and the mixed gains and losses reflected a hesitating sentiment while the small vioume of dealings showed a disinclination to trade largely, pending the solution of the money uncertainty. A rise in Manhattan of 1⅝ was followed by advances in U. S. Steel, Colorado Fuel and Brooklyn Rapid Transit and the movement spread to the railroad list, St. Paul leading. More confidence was felt in the money outlook, owing to the incoming movement of gold. Some of the strong stocks eased off, but their influence on the general list was offset by new buying at other points. Northwestern preferred jumped ten points on one transaction.

Buying increased somewhat later and there was a more general demonstration of strength. The opening rate of call money was fixed at 8 per cent, which is materially under recent opening figures. The rate then ran up to 10 per cent and the movement in stocks flattened out.

Bonds were steady at noon.

The Southwesterns yielded a trifle but steadied when St. Paul showed renewed strength. The market generally was neglected; traders paying more attention to the developments in the money and exchange markets.

WOOL.

ST. LOUIS.

St. Louis, Sept.17.—Wool, dull, steady. Territory & western mediums, 16@17; fine, 12@16; coarse, 12@14.

BOSTON.

Boston, Sept. 16.—There is a quiet movement in wool that amounts to considrable volume when all put together. The feeling is that prices are hardening and that wool not sold today will be wanted tomorrow. Leading wool dealers say they feel very comfortable about the market; that it is early to sell wool and at full prices.

Fine territories are especially firm, with wools of a medium grade well held. There is a fair movement going on. Fine staple terrieories, 55@56; strictly fine, 53@55; fine and fine medium, 50@52; medium, 44@46.

California wool is in pretty steady request, with a firm market. Northern countries cleaned on basis of 53@55; middle countries, 58@50; southern, 44@47; six to eight months, 13@14 less.

Here Australian wool is so firm as to be almost out of the question. The little offering is held too highly for the trade. Combing, choice scoured basis of 75@78; good, 72@74; average, 70@72.

E. P. Rowe is down from Bear River valley where he reports a great agricultural and horticultural output this fall. He says that on one section alone, No. 9, P. W. Summers threshed out 33,000 bushels of oats and barley, and the hay crop of the valley will run from 15,000 to 18,000 tons. The Utah Sugar company has got an extra fine proposition in that country, and it is all due to the fact that there is plenty of water in that part of the state.

The big shipment of lambs from Spencer, Idaho, will be divided up between four or five of the great eastern stockyards, and as there will be several shipments to each place at different times, there will be no glut in the market in consequence of the heavy output.

LATE LOCALS.

The big elk that adorned the show windows of the Western Arms company on Main street during the Elks convention, has been transferred to the hallways of the Elks club on State street.

Mayor Thompson has approved of the resolution passed by the council Monday night providing for the special committee on reservoir site to investigate the feasibility of using the artesian water from the Liberty park wells in the city's water system, and report an estimate of the cost to the council. He also approved the resolution providing for refunding $306 paid in by George A. Dahlstead, who was refused a liquor license.

According to a telegram received by Edward Duncan yesterday afternoon, Mr. Alex Oliphant, well known in this city, died yesterday at Trenton, New Jersey. Mr. Oliphant was a cousin to Mr. Duncan and a son-in-law of Senator Stephen B. Elkins of West Virginia.

The annex to the Twentieth ward meeting house, just completed, will be dedicated with impressive ceremony on Friday night, the meeting commencing at 7:30 o'clock. A fine musical program has been prepared, and refreshments and dancing will form a part of the entertainment. It is expected that President John R. Winder and others of the Church authorities will grace the occasion with their presence.

Homer King Starts East.

San Francisco, Sept. 17.—Director Homer S. King of Wells Fargo & Co., departed for New York in obedience to a summons for a conference with the eastern men having control of the affairs of the company and Acting President Dudley Evans, who has also been ordered to report at the New York meeting, will soon leave the city for that purpose.

Burlington Route

There's an Old Proverb,

which reads: "When in doubt, follow the crowd."

Rendered into twentieth century English, this means: Take the Burlington. The "crowd" does.

Always the STRONG line from Denver to the East, the Burlington's leadership was never so great as now.

Two trains a day, Denver to Omaha and Chicago—the Chicago Special at 4 p. m., and the Vestibuled Flyer at 10 p. m.

Two trains a day, Denver to Kansas City and St. Louis—the St. Louis Special at 3 p. m., and the St. Louis Express at 10 p. m.

Through sleeper for Omaha and Chicago leaves Salt Lake City 3:15 p. m. daily. Through tourist-cars Wednesdays and Fridays.
