AGAIN you hear of wonderful doings at the Walker Store. Again the receiving department is crowded to overflowing with merchandise of every description. It means business—it means that the Walker Store is preparing to give the people of this city another feast of Bargains. Our buyers in the East have indeed been hustling. The quantities of goods coming in daily, indicate the way they have been spending their time. Factories and mills have been cleaned out. Agents have closed out entire lines to us and we are now ready for one of the greatest sales we have ever held. In this event qualities have hardly been considered in the marking of goods. Prices have been demoralized. Savings of from 25 to 75 per cent will be the order of the day. Come Monday and see for yourself. Quantities almost as great as the Mill End Sale—Qualities and prices are just as good. What more do you want?
