

## BOXERS BEGAN TRAINING TODAY.

Wade and Clifford Getting Ready For Their Meeting.

BEAN EXPECTED HERE DAILY

Christy is saying Nothing but Keeps On Working—McCarthy Has No Chance With Wade.

Among the sporting fraternity just at present the subject for discussion is the boxing exhibition between Jack Wade and Jack Clifford, scheduled for the 15th of this month, at the Salt Lake Athletic club. While their friends are talking a great deal, the boxers themselves are saying little, but they are doing considerable in preparation for the event. Both men are practically

Curran won the fourth with a half-Nelson in 15 minutes and in the fifth won the match with a hammer lock. Curran repeatedly broke struggles in the last bout throwing McLaughlin over his head in a break.

McLaughlin carried considerable money while small bets were offered on Curran—Butte Intermountain.

About Frank Child's.

E. F. O'Malley in the Chicago Journal throws the following bunch of forget-me-nots at Frank Child's:

"Frank Child in motion appears to be a happy cross between a moribund cat and a spavined ice wagon, with street roller or two thrown in to give the mechanism poise. Talk about wireless telegraphy, he can give Billy Sturt and me a lesson in that line. Frank appears to deliver his stutters by the messenger-boy route, especially when the messenger-boy is absorbed in one of Old Sleuth's most desperate situations. Frank probably came from Gumfoot bayou, where the tide moves about sixteen inches in an hour. If Frank will go to the Chicago river and get that famous Bad Penny battery, we will back him against a dozen Martins. A little of the electric stimulant and the colored heavy-weight championship would still remain in Chicago."

GOOD STORY BY DUCKY.

Tells of a Montana Pitcher Who Lost Some Fingers.

Ducky Face is responsible for the following tale published in the Denver News. Ducky is the catcher who deserted the White Wings last season and who is now with the Denver team. This is one of Ducky's many yarns:

## NO CANADIAN INCORPORATION.

Northern Securities Company Will Not Become Foreign.

PREST. HILL'S STATEMENT.

Knows Nothing About Any New Character—Views of a J. P. Morgan Representative.

New York, March 3.—Emphatic denials have been made by financiers and railroad officials interested in the Northern Securities company that it is proposed to incorporate a company under the laws of Canada, legally equipped to protect the interests of shareholders in the railroad merger in the event of embarrassment owing to President

York. The new company will compete with it by establishing 130 factories in the state of New York—one in New York city and the other in Buffalo—and other factories in Chicago, St. Louis and Cincinnati. The eastern factories will first be put in operation.

A system of making stockholders of customers will be inaugurated. The new company and this is expected to result in breaking the present combination. The promoters of the Wax Paper company of America, the Chronicle asserts, do not hesitate to say that they seek the utter annihilation of the Union company.

DEAD MAN COMES TO LIFE.

Martin Curley Supposed to Have Been Buried Ten Years Ago.

New York, March 3.—Friends of Martin Curley, who was supposed to have been buried at Worcester 10 years ago, have lately received letters from him, says a Springfield, Mass., special to The World stating that he is prospering in Minneapolis, North Dakota, and that he will soon return to Springfield on a visit.

Just after Curley left Springfield a man was killed in the Worcester freight yards. His body was found, and it was decided the man was Curley. As a result a modest stone in a Worcester cemetery marks the supposed resting place of Martin Curley.

Preparing for Great Durbar.

New York, March 3.—From India comes information, says the London correspondent of The Tribune, that extensive preparations are already afoot for the great durbar which is to be held at Delhi next new year's day formally to proclaim Edward emperor of India. At the end of the proclamation, the monarch there will be a military review at which, it is rumored, the Prince of Wales will be present. Houses in Delhi are already being engaged for the week and extremely high rents are being paid by some of the native princes.

Youngest Bride, Biggest Fool.

Chicago, March 3.—According to a special to The Tribune from Nashville, Tenn., the youngest bride the country is Mrs. James Irvin, aged 10 years, of Centerville, Hickman county. She has just been married. Her husband is between 45 and 50 years of age.

Railroad Telephone a Success.

Chicago, March 3.—In a test just made a train crew, 40 miles from Chicago, talked over the telephone wires to Chief Operator Parsons of the Illinois Central railroad at the Twelfth street depot. As a result, the railroad telephone was declared to be a success. The train was stopped near Fulton, Ky., and the telephone was connected with the regular telephone wire running to Chicago. In spite of the fact that the message had to travel over iron wires, which ran parallel to those of other wires, every word was distinctly heard by Mr. Parsons.

HAWAII'S HISTORIC BAY.

Scene of Captain Cook's Murder to Be Made a Railway Terminus.

Merchants' Association Wants Government to Put Honolulu in First-Class Sanitary Condition.

Honolulu, T. H., Feb. 24.—(Correspondence of the Associated Press.)—The steamships Alameda and Doric arriving yesterday morning were both a whole day late from San Francisco and each encountered fearful storms en route. On the 18th, the Alameda's wheel house was smashed by the seas and her steam steering gear was broken.

The brigantine, Tanager arrived on the 19th, leaking and with her crew much worn out by the overwork of keeping the pumps going. She left Port Blakeley for Honolulu and left to repair her pumps. Then she started here and met the storms that have made trouble for other vessels. She was 25 days between here and San Francisco. The steamer, Margaret, bound for Manila from Portland, put in here for coal after 19 days at sea. She ran aground off the harbor, but got off without serious damage.

The navy department has begun actual work at Pearl harbor. A large dredger is now being used to deepen the entrance to the harbor. Kakaekua bay, a place of historic interest as the place of landing of the earliest definitely recorded landing of whites on these islands and the scene of the killing of the English explorer, Capt. Cook, has been chosen as the site for the terminus of the Kona-Kau railway, now being constructed. The road will eventually be extended to the volcano Kilauea, where it will meet a proposed extension of the Hilo railway, completing a circuit of the island of Hawaii.

The merchants' association of Honolulu, has adopted resolutions asking the government to put Honolulu in first class sanitary condition. The resolutions are in effect a demand that the government in case of Havana and other places in the island of Cuba and the new possessions.

The transport Grant arrived here on the 17th after a very rough trip from San Francisco, bad weather delaying her over a day. She left on the 19th, continuing her journey to Manila. Mrs. Geneva Johnson, Bishop's oratorio singer who arrived by the Sierra to take part in a presentation of "The Messiah," met with an accident while driving here, breaking her arm in two places. She slipped upon an unobserved rise in the sidewalk and fell.

Glucose Starch Combine.

New York, March 3.—Permanent organization of the \$50,000,000 Corn Products company, known as the glucose-starch combine, has been effected by the election of the following directors: H. Mathiesen, W. J. Calhoun, Joy Morton, Edward L. Wemple, Norman B. Ream, E. T. Bedford, E. O. Mathiesen, E. V. Holget and Benjamin Graham, treasurer.

Arrested for Diamond Stealing.

Chicago, March 3.—Raymond Panchoy, alias Loubet, a Cuban machinist, was arrested here early this morning on telegraphic orders from San Francisco, where he is said to be wanted on a charge of stealing \$9,000 in diamonds and \$250 in gold. The robbery was committed on Jan. 24, the victim being Mrs. E. O. Darling of San Francisco. The arrest was made in the old Metropolitan hotel.

Opposition to Wax Paper Trust.

Chicago, March 3.—Opposition to the wax paper trust, which now practically controls a business of about \$100,000,000 a year is to be entered in a new company in which Chicago capitalists are interested, says the Chronicle. A charter will be asked for in South Dakota within the next thirty days for the Wax Paper company of America, with a capital stock of \$2,000,000, and factories will be in operation in four states before the end of three months.

The so-called trust is known as the Union Wax Paper and Parchment company and its headquarters are in New

## VOLUNTEERS ARE ORGANIZED.

Philippine Soldiers Will Endeavor To Secure Travel Pay.

THEY WANT \$800 EACH.

Meeting Held Yesterday Afternoon, At Which One Hundred Veterans Were Present.

About 100 of the volunteers who saw service in the Philippines during the war with Spain, met in the city council rooms yesterday afternoon and effected an organization which will be known as the Philippine Volunteers.

Quite a number of soldiers from out of town points responded to the call. The main object of the meeting and organization is to secure for the boys travel pay from the government from Manila to San Francisco. The idea is to work in conjunction with other volunteer organizations in the western states and bring the matter before Congress by appealing to the senators and congressmen of various states. Senator Kearns, Senator Warren of Wyoming and Senator Perkins of California are said to be heartily in favor of the movement and have promised every assistance possible in the matter.

The meeting of yesterday was called by J. O. Nystrom, and A. L. Williams was elected chairman, and A. Bradford, of Murray, secretary.

J. J. Meyers then set forth the object of the meeting, which was to take steps to secure travel pay for the volunteers who were mustered out after the signing of the treaty of Paris. They would receive about \$300 if they are successful in getting favorable action on the matter by Congress. Mr. Meyers stated that over 1,500 soldiers had received this travel pay, including the 400 soldiers who were discharged after the war with Spain, and other soldiers who had not seen as much service as the men who were discharged later, which included all of the Eighth army corps.

Mr. Meyers then told of the reason for the rejection of the proposition by the executive committee of the Army of the Philippines. That committee, which is composed of Brig.-Gen. Irving Hale, Brig.-Gen. W. S. Metcalf, Capt. Pope, Col. Henry Lippincott, Brevet Brig.-Gen. Owen Summers, Maj. E. M. Foote, J. J. Meyers, George M. Post and P. J. Cogrove, met in Denver and refused to take any action in the matter and voted it down by a vote of six to four. This was due to the fact that the committee is composed largely of army officers, holders of Federal positions and candidates for government jobs. It was evident from their action that the commissioned officers were against the risk and file, and that the soldiers would have to take the matter in their own hands.

After considerable discussion the chairman appointed Messrs. J. O. Nystrom, E. L. Thompson and J. W. Cummings a committee on permanent organization. After a fifteen minute recess the committee reported the following as officers of the organization: J. O. Nystrom, president; A. L. Williams, vice president; A. Bradford, secretary, and Lieut. George A. Gibbs, treasurer. The report was unanimously adopted.

J. J. Meyers, H. Klenke and George Backman were appointed a committee on resolutions and correspondence. They were instructed to correspond with the organizations of other western states with a view to secure a joint action in the matter.

The last named committee will meet in the office of J. J. Meyers tonight and the entire organization will meet in the council rooms again next Sunday afternoon.

NEGROES IN COURT.

Three of Them Pleaded Not Guilty to Grand Larceny.

In Judge Diehl's court this morning, George Kerl, Lucille Kerl and "Willie Black" pleaded not guilty to the charge of robbing J. R. Edwards of \$1,000 in Commercial street rooming house a week ago.

The defendants demanded a separate hearing, which will be accorded them. Tomorrow morning at 10 o'clock, the Kerl woman will have her hearing, and the other cases will then be set. In default of \$1,000 bail each, Judge Diehl committed them to the custody of the sheriff.

CHIEF HILTON RETURNS.

Brings With Him Two Negro Suspects—They Deny Charge.

Chief of Police Hilton has returned from Cheyenne with the negroes, Jeff Kerl and Willie Black, who were arrested last week on suspicion of having participated in the robbery of J. R. Edwards of \$1,000. When arrested the men had \$250 on them, but they declare that the money represents their hard earned wages for two months past. They claim they did not get the money from the colored people now in jail, and disclaim all knowledge of the affair.

MEETS AGAIN IN APRIL.

Irrigation Congress Will Hear Report Of Committee.

The special committee of seven, appointed by the irrigation convention to draft a bill for the creation of a state board of irrigation, which is to be presented to the next Legislature, and submitting a plan of organization, will meet here on or about March 20 to complete its labors and will present the result of their deliberations to the convention, which will reconvene on April 2. At that time will also be decided the place for holding the next session of the congress.

SCARLET FEVER EPIDEMIC.

Forty-Six Cases Now in Quarantine—Nine New Cases of Diphtheria.

The report of the board of health for the week ending March 1st, shows the report of the birth of 14 male children

and 12 male. For the same period 24 deaths were reported, of which 13 were males and 11 females, classified by type as follows: General diseases 9, nervous disease 1, circulatory disease 1, respiratory diseases 2, digestive diseases 1, old age 3, external causes 1, premature and still births 3. Four babies were brought here for internment and 2 were shipped away.

At the close of last report there were 31 cases of scarlet fever in quarantine. During the week 20 new cases developed, 12 died and 3 having been released, left 44 cases in quarantine in the city. Of diphtheria there were 10 cases in the city last week. During the week 3 new cases were reported, 3 died and 5 were released, leaving 11 cases in quarantine at the close of this report.

During the week 4 cases of smallpox were reported and none having been discharged, there are now 6 cases in detention. Mumps show the same number as last week, 23 cases being reported in the week. Chickenpox is ranked from 6 cases last week to 7 this week while typhoid fever remains the same, no new cases having been reported.

No Library Should be Without It.

A great stir has been occasioned in the sporting and medical world by the opening of new magnificent training quarters at Purchase, N. Y., by Ex-Champion Muldoon. All medicine is thrown out of the window by the professor, who achieves results by healthy exercise, horseback riding, hygienic living, and the practice of those methods by which he made of Sullivan a magnificent specimen out of a physical wreck. Muldoon is besieged with applications from all over the country, but as it is not a sanitarium or a money-making scheme it is difficult to come under his tutelage, unless the Professor feels so inclined. Some famous men, including several millionaires, are now regaining health at his unique training quarters.

In good shape now for the contest and that training will be of the light order. The work of both men will consist of running, punching the bag and sparring.

Wade, the clever little fellow from Montana, will do his training at the Warm Springs, and Clifford will do his work at Pross. Thompson's gymnasium. As an indication of the esteem in which Wade is held in Montana, it has been announced that a large delegation of lovers of the manly art will come down from Butte to attend the bout, and they will come prepared to back Wade for all they are worth. Clifford will not lack for backers, for already a number of wagers have been made in his behalf that he will outpoint the "Little Demon."

Manager McNamee of the club says he expects Willard Bean in from California any day now, as he has signed to meet Jack Christy on the 21st. Neither Bean nor Christy will require much training for their go, as both men are comfortable in the habits and are all ways in good physical condition. Their contest, from a scientific standpoint, will probably outline anything of the kind given in this city since the days of Jack Thompson and Dick Case.

Jersey McCarthy, who came here from Waterville, Mont., looking for a match with Jack Wade or Jack Clifford, will probably go on to California in the near future as he has practically no chance for a go with either of the boxers. In the first place they are already engaged, and in the next place he is entirely too heavy for either Wade or Clifford. He cannot come down to Wade's weight, or they two would have come together long ago.

Yesterday he signed articles with Lou Williams for a 20-round bout to take place at Eureka on the 10th. McCarthy went to that place today.

Medison Pete and Jimmy Burns will get together during the week and sign for a contest or one of the other will be enlisted in the sum of \$100. That amount has been posted by both men to meet by Wednesday midnight and sign articles for a return match and post \$50 each as a side bet. If Burns can win again from the Mexican there are a lot of people here who will back him, and Burns can make a small fortune. Since Peter returned from Ogden he has behaved well, hasn't touched a drop of anything stronger than ginger ale and has been as good as every morning by 6 o'clock. He promises to be in good condition and show his friends here that he is by no means a has-been.

CURRAN DEFEATS McLAUGHLIN.

Out of Five Falls He Wins Montana Championship.

Jack Curran put a double wazp around the wrestling championship of Montana last night at Great Falls when he defeated George McLaughlin, the former champion. It was one of the most thrilling ever pulled off in the state. McLaughlin won the first fall in 27 minutes after going down in a flying fall which was barred, and after Curran had three times broken the strange hold.

The second fall was won by Curran in 24 minutes. McLaughlin got the third in 14 minutes with a half-Nelson.

"Probably no ball player in this section of the country has seen so much of rough travel as the diamond as Ducky Face, who will do a Denver uniform in the spring. A number of years ago, when he was catching for a small town in the southern part of Montana, he witnessed a rather tragic incident in which a very brilliant twirler by the name of Charlie Lawrence used the use of his pitching fingers.

"It was in 1896, and when we were on our way to play one of the strongest teams that Helena ever had. It was rather monotonous on the train and four or five of us proposed a poker game. Lawrence was a rather quiet fellow, but did not have an equal, I think, in the state at handling the cards. I had known him about six months, and from my experience in handling him behind the bat I was sure that he would some day be one of the most sensational pitchers in the country. Even that season he would have reached the national league. In the gang was a notorious character by the name of Harley Norton who had gotten his man more than once in his day. While he was a bad one and all that, he had a great reputation for honesty. No one knew him to give anyone the double cross and the man who attempted to do him dirt in any way was dealt with without mercy. The game progressed without any trouble for a while until all of a sudden we heard the report of a gun. We were immediately enveloped in the smoke of powder and instinctively every man put his hand back for his gun. But the voice of Norton made every man in the crowd keep his hands off his gun. He was holding up his bleeding southpaw when we knew that his pitching days were done. Norton will never bottom another pack of cards nor pitch another ball, and we know in a second that Norton, true to his reputation, thought he detected Lawrence cheating and ruined him. We tried to fix up the injured man, but he would not let us. He quietly watched us with a brace of guns in his hands, and when the train stopped he quit us. I believe that he shot at him, but we feared the accuracy of his eye. If we started anything it would have been all day with us. He did what he intended, however, as Lawrence could not use his fingers very handily after that. I have not heard of Norton to this day. I guess he feared lynching and got out of the country as quickly as possible."
