

HOSTILITIES IN THE TRANSVAAL.

Capt. von Lossberg of the Boer Army Talks About Them.

PRaises IRISH AMERICANS.

Denounces British Cruelty—Will Play Haver with English When Wins—Says in—Dewet Not Insane.

New York, April 17.—Capt. Otto von Lossberg, captain of the Second battery, Transvaal state artillery, who left the Boer army in January, being incapacitated with wounds, arrived from Europe with Montagu White and is now at the Imperial hotel. He will start for New Orleans, his old home, to-night. In an interview last night Capt. von Lossberg said:

"I talked with Gen. Louis Botha before I came away. You may go, he told me. You have fought well. I give you your discharge. When you come back we shall be free or fighting. I shall fill a patriot's grave. Go my boy. God be kind to you."

"That is the kind of men who fight for the Boer cause," continued Capt. von Lossberg. The English have violated every law of civilized warfare. They have armed five thousand Kaffirs, who are in Stetacher's horse, which is the sum of South Africa. They fight like the Hessians fought a day. They plunder and pillage everybody, young and old alike.

"When I was wounded I was put in a red cross ambulance and started for Lourenzo Marques. We were held up by fifty Kaffirs who were nothing but breach cloths and carried British rifles. They took everything we had and turned me back to Pretoria.

"I complained of the violation of the red cross flag and robbery to the British officers. They investigated and admitted that I had been shamefully treated. They promised restitution after the war. You Americans have little conception of the resources of the Boers. Gen. Delarey alone has three million rounds of ammunition. We have twenty guns and a long time. The latter is hidden for future need. We need nothing but ambulances and our supplies.

"Our Holland societies sent us three ambulances and horses several months ago via Lourenzo Marques. The British there had them held up and they are there yet, while our men are dying for the need of them.

"Our forces are distributed like this: Delarey has 6,000 men, Botha 4,000, Dewet 3,000, and the rest are in flying corps. They constantly harass the British. Most of our men are fighting south of Pretoria.

"The Americans with our army and particularly the Irish Americans, are doing magnificent fighting. One of the latter was a sergeant major in the Sixth Massachusetts regiment. The Irish Americans prevented the capture of our long tom by their bravery at Leydenburg. They fought like fiends.

"The English have one hundred thousand men left up guarding the railroad at Port Elizabeth, New London, Durban and Cape Town. Last November a lot of mules and horses for their army reached Lourenzo Marques. Only the French consul protested. The German and American consuls were mute. Portuguese headed the French protest and made the ships unload elsewhere out of Portuguese territory.

"The British recently desecrated the Lutheran church at Rustenburg. The Germans took the church organ and while one of them played the others danced to the music with Kaffir girls. At Leydenburg the British desecrated a cemetery by making it a cattle pen.

"Our winter season begins in May and ends in September. The Boers will take to the hills until it is over. The British have little baggage to impede their mobility, while the British troops are weighed down. We will play havoc with them when the winter sets in."

The captain denied that Gen. Dewet is insane.

"He is the most dangerous 'insane man' that England ever coped with," he said. "Gen. Dewet is a military genius. He has made his raw troops into one of the best of the French army, and made him like a father and would follow him into the very jaws of death."

To Lay Pacific Cable.

Victoria, B. C., April 16.—Advices have been received here that a steamer will leave England in January to lay that portion of the Pacific cable from Queensland to the Fiji Islands. A second steamer will leave in August next year, to lay the cable from here to Fiji Islands. It is expected that the cable will be completed by December, 1902.

CODY MILITARY COLLEGE.

Incorporated in New Jersey, but to be Established in Wyoming.

New York, April 16.—It was announced here today that the "National Rough Riders Military Encampment," which was originally projected for Colorado, has now been transferred to Wyoming, after having been incorporated under the laws of the state of New Jersey with ample capital and with Col. W. F. Cody as its president. It is also announced that the school will hereafter be known as the "Cody Military College and Industrial Academy of Rough Riders." Brig.-Gen. E. V. Sumner, United States army, retired, is one of the incorporators and commanding general and treasurer of the college. Col. Schuyler Crosby of New York, a former governor of Montana and member of Gen. Sheridan's staff, is first vice-president, and C. D. Curley is second vice-president.

STUDY OF QUEEN VICTORIA.

Quarterly Review Publishes One by an Intimate Acquaintance.

New York, April 17.—The Quarterly Review, according to the London correspondent of the Tribune, contains a remarkable article on Queen Victoria, evidently written from a precise and intimate knowledge during a period of fifty years. The article is not signed, but it is perhaps the first character study of the queen made by any competent writer who had the advantage of personal acquaintance with her.

It throws a new light upon many secret passages in the history of the

MUNYON'S RHEUMATISM CURE

When Prof. Munyon says his Rheumatism Cure will cure rheumatism there isn't any guess-work about it—there isn't any false statement about it. It cures without having any ill effects. It is a splendid stomach and nerve tonic, as well as a positive cure for rheumatism.

All the cures are as reliable, as positive, as the Guide to Health is free. Munyon, New York and Philadelphia.

MUNYON'S INHALER CURES CATARRH.

reign, and contains a series of fresh anecdotes illustrating the queen's characteristic traits of trenchant humor and racy talk.

The explanation given of the queen's prejudice against Mr. Gladstone is that it started in the suspicion that he gave her too much work to do, until she was, as she put it, "dead beat." He tried in his eagerness to press her to do what she considered to be his work, and when she resented it and he renewed the attempt she formed a pernicious prejudice against him which never was removed. The author stated that it has always an element in her reticence with regard to Mr. Gladstone that he was too high church and had the mind of a Jesuit.

The queen's own attitude towards religion is discussed judiciously. The headship of the Anglican church or the Scotch Presbyterianism she considered to be a part of the business of state craft and did not trouble her conscience about it. Probably the form of service which she preferred was that of the Presbyterian church, but she was a broad church woman, with no curiosity about creeds. She liked Roman Catholics much better than Anglican ritualists.

IMMENSE NAVAL TARGET.

One to Cost \$50,000 to be Built at Brooklyn Navy Yard.

New York, April 17.—Work on a target to cost about \$50,000 will begin at the Brooklyn navy yard in a day or two.

The target, which is to test the relative strength of the Gatmann torpedo gun and the regular army 12-inch rifle, will duplicate a section of the battleship Iowa, in resisting power. It will be faced with armor plate 12 inches thick, hardened by the Krupp process. When finished it will be moved to Sandy Hook, where the trial will take place.

LIKE AMERICAN WAGONS.

Lord Robert Says They are the Best for Transport Service.

London, April 16.—Another dispatch from Lord Roberts on the subject of the South African campaign, dated April 2nd, has been published in the Gazette. It largely concerns the transport service, and says the mule transport consisted of what are called in South Africa buck wagons, carrying a load of 2500 pounds, drawn by ten mules each, with two native drivers. After mentioning the serviceable wagons made in Cape Colony, and the frequent re-fitting and other repairs, which the English-made wagons required, Lord Roberts said:

"Six brick wagons were imported for trial from the United States. These proved to be superior to any other pattern, of either Cape or English manufacture. The wheels were of hickory, the bodies of black walnut and the metal work of steel. The superiority of these vehicles was doubtless due to the fact that mule wagons are largely used in America for the carriage of goods as well as for military transport. The manufacturers have therefore learned by practical experience what is the best type of wagon, and what are the most suitable materials in building them. It may be added that the wagons in question cost considerably less than the British pattern wagons."

Lord Roberts, in his dispatch, goes over all branches of the service, and in reviewing the hospital department mentions the American hospital ship Maine "fitted out and maintained by the splendid generosity of private individuals and the committee of American ladies."

Lord Roberts heads eleven pages of special mentions by cordial acknowledgments of the services of Sir Alfred Milner and Gen. Kitchener. Paragraphs complimenting almost all the division and brigade commanders follow, including Gen. White, Methuen, Baden-Powell, Kellie-Kenny, Frensch, Arthur Paget and Pole-Carew. Gen. Buller is mentioned first after the staff officers, but in merely formal terms, without commendation.

Detailing the stores handled, he says there were 1,031,000 rounds of artillery ammunition, 125,000,000 rounds of ammunition for rifles, and machine guns and 2,000,000 pair of horseshoes.

A TERRIFIC FALL.

A Derrick Car and a Dongola Go Down 80 Feet, Killing Two People.

Buffalo, N. Y., April 16.—A derrick car and a dongola toppled over a bridge across Eighteen-Mile creek, eight miles from Buffalo, on the Nickel Plate railroad this evening. Six men went with them to the rocky bed eighty feet below. Two were so badly injured that they died within half an hour after the accident. Four others were brought to the emergency hospital in this city. At midnight the surgeons said it was doubtful if two of them would live until daylight.

DEAD.

William Dohlgren, 41 years old, of St. Nicholas Wagner, 38 years old, of Silver Creek.

INJURED.

Wesley Eddy, 34 years old, of Cleveland; may die.

A. L. Cameron, 41 years old, of Dunkirk; severe internal injuries; may die.

Robert Brogan, 35 years old, of Gowanda.

YELLOWSTONE PARK.

Officially Announced That it Will Open June 1.

St. Paul, Minn., April 16.—Owing to the early date on which President McKinley and party will visit Yellowstone National Park, the date for the spring opening of the park has been again changed, and the hotels and transportation lines in the national park will be ready on and after June 1st, which is fully two full weeks earlier than ever before. Official announcement was issued in this city today.

COLLEGE ATHLETICS.

L. D. S. Boys Preparing for Saturday's Meet.

Yesterday afternoon on the University campus the L. D. S. college athletes held a preliminary contest to decide the entries for Saturday's field day with the B. Y. A. of Provo.

Yanger Wins Out.

Appleton, Wis., April 15.—Benny Yanger easily defeated "Turkey Point" Billy Smith here tonight in the fourth round of what was to have been an eight-round contest. Both men showed up strong until the third round, when Yanger cut loose with right and left swings and brought Smith to the floor four times. The fourth round lasted a few seconds, Yanger delivering the knockout with a terrific left swing on the ribs.

McGovern in Frisco.

San Francisco, April 16.—Terry McGovern, the champion pugilist of the light-weight division, arrived in this city today from New York. He comes to fight Oscar Gardner. The match is scheduled for April 30.

Sports in Kansas.

Leavenworth, Kan., April 16.—The twelfth annual tournament of the Kansas State Sportsmen's association was held in Electric park today with about seventy-five participants in the event. Today's feature was the team race, which was won by O'Brien of Florence and Hicks of Stafford, the trophy being a silver coffee urn. Tomorrow's event will be the contest for the Rochester Brewing company's cup and is open to the world.

SOME LADIES WHO ARE MAKING BOSTON'S HORSE SHOW AN EVENT OF INTEREST.

Boston's horse show this week is attracting wide attention from the fact that several society leaders of "the Hub" are to appear on their favorite saddle horses riding astride. This posture has recently become popular among the fair equestrians who patronize Boston's well riding academies. Another feature of the event is the social rivalry between Mrs. Thomas W. Lawson, wife of the copper magnate, and Mrs. "Jack" Gardner. The horse show continues until April 29.

WHEELMEN HOLD A MEETING.

Organize a Protective Association of Salt Lake City.

TO HAVE NEW CYCLE PATHS

They Have Given Up All Hope of Riding on Sidewalks—Another Meeting Next Monday.

Over fifty wheelmen met in the store room of the Western Arms and Sporting Goods company last night and organized the Wheelmen's Protective association of Salt Lake City and they propose to stir things up from center to circumference until they are granted what they term their rights. The meeting was not participated in by either scorcher or kids, but nearly all were business men with more or less influence. The organization is to be permanent and wheelmen expect its influence to be felt and felt good and hard in future political controversies.

C. L. Berry was chosen chairman and F. L. Gardner, secretary, and another meeting will be held next Monday night to elect officers and get the organization into good running order.

The by-laws of the association are being drawn up by a committee of five composed of C. L. Berry, G. N. McKay, Chas. Higson, I. M. Barrett and Chas. Dowse.

The wheelmen have given up all idea of riding on the sidewalks and the roads are in such a deplorable condition that they have decided that cycle paths shall be built for them. It is their determination to secure such legislation as will insure the construction of suitable paths along every street.

BALL PLAYERS' BANQUET.

Salt Lakes Shown a Good Time by Harry Joseph.

Director Harry Joseph of the Salt Lake baseball association, banqueted the members of the team last evening in a most liberal fashion. The boys declared the event to be one of the most pleasant they ever experienced, and with them Joseph is the best man in the town and a true fan of his karat quality.

Some of the boys expressed a slight fear that for ball tossers things were coming a little too easy, but when reminded that they were in Salt Lake their fears were quieted.

Money for Baseballists.

A purse of \$750 has been secured by President Perry of the Intermountain Baseball league, and it is to be given to the two winning clubs of the league. The money is to be divided in \$500 and \$250 purses, the larger to go to the first team and the other to the second team.

Blood Poison

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES.

The poison ejected from the fangs of the rattlesnake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes and vitiates the blood, destroys the tissues and bones and eats like a cancer sore into the flesh.

This horrible disease appears first in the form of a little sore or blister; soon the glands begin to swell, pimples break out on the body, the mouth and throat become sore, making it painful to eat or swallow; dreadful ulcers appear on the tongue, copper colored spots and other characteristic signs of Blood Poison come as the disease progresses, and the destructive virus takes deeper hold upon the system. The medical men are as sorely perplexed over the character of this blood poison as ever; they tell you to take mercury and potash alternately for three years, but the stomach of no human being can stand this treatment long; besides, they do not cure the disease permanently, as thousands who have tried it know.

WELLINGTON, KAS., Sept. 1900.

I contracted Blood Poison two years ago this fall, and was persuaded to try a medicine widely advertised by a remedy company in Chicago. I was required to pay a large amount in advance, and can truthfully say that I was worse when the treatment was left off than when I began. Reddish pimples would break out and fill with yellowish matter; copper-colored spots of all sizes would appear on my body; my throat was so sore I could scarcely swallow, and my mouth and tongue were seldom free from ulcers; tonsils were swollen, and my hair was coming out rapidly. This was my condition when I began your S. S. S. I have used twenty-two bottles, and am feeling splendid. Every sore on my body has healed, and my appetite good. JAKE MARTIN.

S. S. S. is not a new medicine; for nearly to years it has been known and used for this dreadful disease. It has brought new life and hope to thousands all over this land; it will cure you as it has others. Send for our free book on home treatment and write our physicians about your case. We will help you if you will let us; we make no charge for advice, and all correspondence is conducted in strictest confidence.

THERE'S MONEY IN OIL.

OIL. OIL. OIL.

The directors of the White Star Oil Company herewith offer to the general public 20,000 shares of the Treasury Stock of the Company at the nominal sum of 20 cents per share.

THE WHITE STAR OIL COMPANY owns 1000 acres of Oil Lands in the new oil fields in the southeastern part of Utah county on the R. G. W. Ry.

The experiments on these oil fields cover six months time and demonstrate beyond a question of doubt the existence of oil in paying quantities. Oil springs and leakages abound and in the shafts sunk in the oil sand oil can be dipped up. The quality of the oil is unsurpassed in the world. This oil is worth from seven to ten dollars per barrel. IT IS THE FINEST QUALITY OF LUBRICATING OIL KNOWN and is unequalled as an illuminating oil. Contracts have been let to Mr. Gustave Westphal for the sinking of wells to thoroughly exploit the ground. The first well to be completed by May 20th.

The sinking of oil wells on this company's ground means an oil boom for Utah. The oil is there in immense quantities. This stock offer will not be duplicated. All subsequent offers of treasury stock will be taken only by the stockholders.

Mark the immense profit to buyers of treasury stock in the legitimate California Oil companies.

	Original price	Present price.
Hanford,	\$10.00	\$120.00
Oil City Petroleum	2.50	24.00
San Joaquin,	50	12.50
Home Oil,	12 1/2	500.00

Subscriptions for Treasury stock will be received upon application to H. J. Wallace, treasurer, Salt Lake City, Utah.

Call at the Company's office 411 Auerbach Block and see the oil exhibit. Send for descriptive circular.

THERE'S MONEY IN OIL.

GARDNER DAILY STORE NEWS:

Ten Dollars. That is reasonable enough for a suit of clothes. And we are justified in praising the suit we sell for \$10.00. They fit. They wear. They hold their shape. They fairly bristle with style. They're right inside and out. They are suits that cannot be duplicated for less than \$12.50 to \$15.00 in other places.

Most any any fabric you want—cheviots cassimeres, black worsteds.

There's a very nobby suit here in a light gray cheviot—coat round cut style, faced to armholes, lined with good Italian cloth, thoroughly well tailored all through.

If ten dollars is the price you want to pay for a suit of clothes you cannot afford to miss seeing these.
