LOCAL AND OTHER MATTERS.

THE LECTURE LAST NIGHT, notwithstanding the unfavorable weather, was well attended, demonstrating that the interest of the public in the more advanced and abstract facts and principles of Astral Science is increasing. The next lecture on Friday evening.

APPOINTMENT.—Mr. Andrew Jackson Davis, so long regarded as one of the great spirits among the Spiritualists, has appointed, he believes all claims to mediumship, and says he is a clairvoyant. In an article on the detection of the Spiritual Monthly says "Mediums, martyrs of the 19th century, your gross is growing heavier!"

S. L. CITY, Feb. 1st.
Alderman News.—The news of the capitulation of Paris passed over the Western Union line to San Francisco at 11:30 on Saturday night, and was published in the edition on Sunday morning.

THE LATEST NOVELTY is a female machine, named Cora Delamond, who is displaying her feats at the Alexandra Theatre, San Francisco.

STARKY STARVING.—The Wyoming edition of the 25th, says:

Large numbers of Sioux, Cheyenne, Arapaho and Crow Indians have come into Fort Laramie in a starving condition. They report buffalo very scarce, and want permission to go south to hunt, but have been refused. A number of prominent citizens are expected at Laramie in a few days, when a grand council will be held.

THE SMALL FRUIT REVISOR AND EDITOR "GARDENERS."—The January number of the serial came to hand today much improved in appearance and greatly enlarged, and a sight of its contents would be a very best recommendation to every fruit grower and gardener. Its Editor says he has over two hundred serials in fruits and flowers, and should, therefore, be able to fill the pages with the most practical matter, and, judging by the January number before me, it seems to be fully competent for the task. It is a sixteen-page Monthly, and is edited by A. M. Parry, Fairbury, N. D., to whom all communications for the paper, or a specimen copy, should be addressed.

"TEN NIGGERS IN A BAR ROOM."—This popular moral drama to be presented this evening at the Theatre, should entice a good house full. Besides the moral taught there is a fine opening for good acting in all the characters. Mr. McKenzie's "Joe Morgan," when the piece was first produced here, was an excellent representation of the drunken father and the drunkard reclaimed. Miss Colebrook in the character of "Mrs. Morgan" has a part well suited to her, the patient loving wife and "Mary," their child, by Miss George (Crawson), a street maid as anticipated. She sings the pretty song, "Father, dear father, come home with us now." Mrs. M. Bowring represents "Mrs. Blake." Mrs. G. G. Clawson plays "Mahabable" and Mr. Harris "Samuel." Messrs. Thorne, Mackintosh, Merrill, J. R. Clawson and Evans have good parts.

ST. GEORGE.—The following telegrams were received per Deseret Telegraph line this morning:

St. George, Jan. 31.
From New York:—Jas. A. Young, P. Little, Jos. W. Young, Jas. A. Little and B. Y. Jr. left this city on the 26th inst., and drove to Virgin city 31 miles, and held meeting on the 27th evening. On the morning of the 28th they drove to Pipe Springs, 41 miles, and we much pleased with the country, which is unsurpassed for a stock range. On the morning of the 29th, arrived at Kanab City, 29 miles. It is a fine location, good soil and an abundance of water for the city and for irrigating purposes. Held a meeting in the evening, a good feeling prevailed. On the 30th returned to Short Creek, 40 miles, headquarters of the St. George co-operative herd, where they keep some 12 or 1,300 head of cattle. On the 30th drove to St. George, 45 miles, via Hurricane Hill, all well.

B. Young, Jr.
St. George, Feb. 1st.

Gen. O. Clawson.—There was a magnificent party at Gen. Snow's house last evening. President Young attended. I leave, this morning, to attend appointments between here and Panguitch.

Gen. A. SMITH.

UNITED STATES SURVEYS IN UTAH.—Through the courtesy of Col. Frohman of this city, we are enabled to lay before our readers the following particulars of a survey of public lands, made last fall in the northern portion of our Territory, which consists of exterior and sub-divisional lines. The township plats of the same were yesterday handed over to the United States Land Office, where all persons interested should apply to make their pre-emption and homestead entries.

The survey embraces the following township plats, viz:

Township 1 North, Range 6 and 7 East.	" 7 " " " "	" 8 " " " "	" 9 " " " "	" 10 " " " "	" 11 " " " "
" 12 " " " "	" 13 " " " "	" 14 " " " "	" 15 " " " "	" 16 " " " "	" 17 " " " "
" 18 " " " "	" 19 " " " "	" 20 " " " "	" 21 " " " "	" 22 " " " "	" 23 " " " "
" 24 " " " "	" 25 " " " "	" 26 " " " "	" 27 " " " "	" 28 " " " "	" 29 " " " "
" 30 " " " "	" 31 " " " "	" 32 " " " "	" 33 " " " "	" 34 " " " "	" 35 " " " "

The principal portion of this survey includes the Bear River Valley and takes in the settlements of Castle Rock and Hatfield, and contains an area of one hundred and twenty-six thousand, one hundred and fifty-one acres, more or less, of the most fertile and well-watered lands in the Territory. The agricultural lands being irrigated by the Bear River and its numerous tributaries.

The following townships in the Southern portion of the Territory which were withdrawn from the Register's Office in 1890 in consequence of the "Sanpete Indian reservation" being located within their limits, were also returned to the Register, viz:

Township 18 South, Range 1 and 2 East.	" 19 " " " "	" 20 " " " "	" 21 " " " "	" 22 " " " "	" 23 " " " "
" 24 " " " "	" 25 " " " "	" 26 " " " "	" 27 " " " "	" 28 " " " "	" 29 " " " "
" 30 " " " "	" 31 " " " "	" 32 " " " "	" 33 " " " "	" 34 " " " "	" 35 " " " "

The City of Mantle is located in township 18, south range 1 east of the above, and all the lands which do not come within the limits of the reservation are again open for entry.

MAP OF UTAH.—Col. Frohman's New Map of Utah Territory is progressing rapidly towards completion; he hopes to be able to publish it by the first of next June. At the present he is waiting for the drawings of the lines to be made out for the boundaries of Nevada and Utah. He has been solicited to insert the cards of business houses on his map, many having such a method of advertising as too good to be overlooked to pass unimproved. He has consented to admit two columns of advertisements of this character, one on each side of the map. The Colonel has proposed to several of the leading cities of the Territory, that if the City Councils will defray the expense of publishing the plats of their cities, he will place them at the foot of his map. We understand that the application has been made to this end to St. George, Beaver, Provo, Salt Lake City, Ogden and Logan; and Salt Lake City has adopted the proposition and made the necessary arrangements with Col. Frohman to have his map published. We think the arrangement an excellent one, and should commend it to the City Councils of the Territory, as it will not only give the cities an opportunity of getting their names placed on a map of Utah, and to publish it for the benefit and convenience of its people, it will also be a good, reliable and useful map, for we are sure that the publisher that the cost of getting it out will not be less than \$2,000.

PEOPLE'S VERDICT!

Over Half a Million sold and

SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World.

Because all of them are in constant use, while
a very large proportion of other makes are not
used, owing to their being partially or utterly
impracticable.

THE SINGER
NEW FAMILY MACHINE
Has been brought to perfection, regardless of
time and cost, and is in its construction
the best Sewing Machine in existence.
It is simple, compact, durable, beautiful, quiet,
light-running, and capable of performing a
range and variety of work never before at-
tempted upon a single machine; using either
hand or foot, and sewing on buttons. Home-
making with equal facility the very finest and
coarsest materials, or anything between the
two extremes, in the most beautiful and sub-
stantial manner.

The New Improved Attachments for Hem-
ming, Folding Tops and Cabinet Cases, peculiar to
the Singer Machine, are in every variety of
Wood, such as Mahogany, Walnut, Rose-
wood, Sycamore, and from the plainest to the
most elaborate pattern and finish. The Ma-
chines themselves are plain or highly orna-
mented with pearl and gold to correspond
with their tables or cabinets.

In the Singer the work is fed or passed
through the Machine in the natural direction,
and the needle is kept in a constant motion
in a natural and healthy position. In many
other Machines the work passes from right to
left, or the reverse, compelling the operator to sit
in a bent and unhealthy position, and thus causing
weakness of the back, etc.

The Singer uses a SHORT STRAIGHT
NEEDLE which is not liable to break or miss
the stitch. Many other Machines use a long
crooked needle, which is liable to break and to
miss the stitch.

In the Singer Machine the Shuttle is carried,
thus avoiding nearly all wear. It requires no
oil, and operation is any ever offered to the pro-
prietor. Other Machines drive their Shuttles, in a race,
thus causing friction and wear, and requiring oil,
soiling the thread and goods.

On the Singer, the Tension on both the upper
and lower threads is absolutely under the
control of the operator. The Singer Machine is
the Machine always available for good sewing,
and the Singer Machine is the Machine which
will do all the sewing that is required in the
house, and is many times their new peculiarities and
superior advantages.

SINGER'S
New Manufacturing Machines
Claim the same advantages over others of their
class as the Singer Sewing Machine. These
machines in complete and practical running
order before it leaves the Institution and will
do all kinds of heavy and light manufacturing in
Cloth, Leather, etc., and run in the most perfect
and reliable manner without trouble to the
operator.

HAVE ARRIVED!
A Full Assortment of those
**Beautiful and Unrivalled
MACHINES.**
(The numbers on which show a manufacture
of between Fifty and Six Hundred Thou-
sand.) Consisting of the Different Varieties
made by the Singer Manufacturing Company
and we shall sell at Eastern Prices, with addi-
tion of Freight only. To accommodate parties
who cannot pay all down, we will sell on

EASY MONTHLY INSTALLMENTS
So that all may possess one of these Singers.
For the convenience of our Patrons we have
engaged the services of a gentleman who has
been educated in the Singer Sewing Machine
Institution, and is one of the most skillful
experts in the world in repairing and
adjusting Sewing Machines. He will put
each Machine in complete and practical run-
ning order before it leaves the Institution and will
do all kinds of heavy and light manufacturing in
Cloth, Leather, etc., and run in the most perfect
and reliable manner without trouble to the
operator.

We resort to no trickery whatever to sell
Sewing Machines, but allow their Great
merits to recommend them. We do not do
this, as the demand for them is so great that
although the Singer Company make more than
all other first-class companies combined, they
cannot nearly fill their orders, and are com-
pelled to accept of inferior Gigantic Works.

We have been so fortunate as to secure the
General Central Agency,
For this Territory, we extend a cordial invita-
tion to all to come and see the Machines,
whether they wish to buy or not. See all
others, but do not buy until you have exam-
ined the Singer.
