LOCAL MARKET IS RAIDED BY BEARS

Hammer Knight Stocks Down to Lowest Level in Many Months.

OTHERS DROP IN SYMPATHY.

Colorado and Iron Blossom Hit Hardest by Movement to Lower Prices of Securities.

The bear raiders were in control of the local stock market this morning and with a masterful hand they hammered prices down in a manner that was close to a panic.

Other stocks in sympathy with the Knight securities sagged heavily and began to slump in a manner that caused considerable nervousness.

Black Jack was the first stock to suffer at the hands of the movement to send stocks down to new levels.

Colorado hit the toboggan in hard style. It opened at \$2.75, which is far below the selling price of yesterday.

Iron Blossom took the biggest lead and dropped to the new low price of \$1.82 1/2, after opening at \$2.

Utah Consolidated was the only stock to show a slight advance today. It was sold at 32 cents and 25 cents was bid for the stock.

PICHOE FORGING WAY TO THE FRONT

Mines Southwest of City Are Increasing Their Forces Of Men.

PRINCE CONSOLIDATED WORK.

Golden Prince and Gold & Silver Prince Are Pushing Development Work on Property.

Reports from the old camp of Pioche, which was once one of the great camps of Nevada, are that the properties there are coming to the front stronger than ever before.

Improving in such a manner that the residents are confident that their time has come to get in the new gold.

Relative to activities there, the Pioche Record has the following to say of the local properties to begin with.

More than 100 men are now employed within a radius of half of the Pioche King and Golden Prince, and indications are that this number will be greatly increased long before the year is brought to a close.

Among other improvements in connection with the mines with which Mr. Low is associated will be an electric lighting plant, a refrigerating plant, boarding house and an assay office.

Cottages are to be built by other officials of these mines; one by W. M. Thompson, another by George Cox.

In fact, it is reasonably certain now that a new town will be established over on that side of the district with every indication that it will be numbered among the live mining towns of the state.

The exact location for the new municipality has not been definitely determined; neither has the name been selected.

But a new town will be built and that will create new interest and contribute to the general prosperity of this region.

Development work on the Colfax property in the Highland district is progressing and Manager Ed P. Freudenreich says with most excellent results.

The second shaft was recently found at the grass roots in the Colfax ledge. Mr. Freudenreich declares, are holding their own as depth is attained.
