AMERICAN.

Wired from Washington.

WASHINGTON, 26.—Secretary Manning has received the following dispatch from Senator Fair, dated San Francisco:

"The American whaling bark *Amethyst* of this port is supposed to have been lost on her way from the Arctic Ocean. The last ship to arrive thinks that she got down to Behring Sea. The *Amethyst* has on board a crew of forty men. If the ship has been lost, the crew may have gone ashore on some of the Islands off Behring Sea, in which case, unless assistance is rendered immediately, they will all freeze to death. A petition from the owners and masters of the whaling fleet has been forwarded to you by mail, imploring you to send up relief and a search party. Will you send such a party immediately? In case the *Amethyst* arrives I will telegraph you promptly that you can countermand the orders."

Promptly upon the receipt of the dispatch at the Treasury, telegrams were sent to each experienced officer of the revenue marine at San Francisco, asking for information as to the probable condition of the ice in Behring's Sea, but answers have not yet been received. The prevailing opinion among the Treasury officials is that it would be impracticable to send out a search party at this season, as there is no vessel in the possession of the government strong enough to battle with arctic ice in winter. The revenue marine steamer *Corwin*, a vessel that has heretofore been remarkably successful in Arctic work, is now at San Francisco, and if it is regarded as feasible to make the search she would undoubtedly be selected for the duty. If advices received from San Francisco are favorable to the undertaking, the matter will be laid before the President for his decision.

Lieutenant-Colonel Charles A. Reynolds, department quartermaster, now at Baltimore, is ordered to Vancouver barracks, Washington Territory, as chief quartermaster of the department of the Columbia, relieving Major Kimball. Major Kimball will remain temporarily on duty in the department.

On the 1st of July the Postmaster-General made 22 appointments of post-office inspectors to serve during the remaining six months of this year, with the understanding that if their services were satisfactory they were to receive permanent appointments at $1,600 per annum. It is said that the whole number is to be reappointed January 1st. Examinations will soon be held to fill the 20 vacancies now existing.

The *Star* this evening says: It is impossible to judge of the strength or weakness of either side on the silver coinage question in the House. Many members, it says, are in doubt. The opinion is generally expressed that neither side has a majority as it now stands, but that the balance of power is held by those who have not yet made up their minds. The fight will be to win these doubtful votes and some compromise measure is likely to come in for pretty strong support.

Gen. Atkins, Commissioner of Indian affairs says: The Government has no official information of an attack upon the Indian camp near El Paso, Texas, in which 11 Indians are reported to have been killed.

The thirty days mourning for the late Vice-President Hendricks have expired and the departments and other public buildings were to-day divested of their mourning drapings. The hook and ladder force were required to remove the black cloth from the tall pillars of the White House portico.

Commissioner Sparks of the General Land Office has written a letter to a law firm in Kansas, in which he discusses the contents of the circular purporting to have been issued by the parties addressed. The Commissioner says the circular contains false and misleading statements in regard to the rights of soldiers of the late war to public lands, and allows the alleged authors of the circular 30 days in which to make a satisfactory explanation, failing in which they will be debarred from practicing before the department. Among the statements in the circular to which the Commissioner takes exception, is one that the government owes each soldier and sailor a farm of 160 acres. This, says the Commissioner, is a statement that soldiers and sailors of the late war are each entitled to 160 acres, which is not true. The widows and orphans of deceased soldiers and sailors can make entries and secure 160 acres of choice land without residence. The Commissioner considers this assertion misleading.

The official programme for the President's reception on New Year's Day does not differ from that of former years. The president will be assisted by Miss Cleveland and ladies of the Cabinet. Miss Cleveland's weekly Saturday afternoon receptions—from 3 till 5 o'clock—begin Saturday, January 9th, and continue through the season.

The President has approved the bills granting a pension to Mrs. Grant, and relieving the political disabilities of Gen. Lawton of Georgia.

John Bigelow, who was recently appointed Assistrut United States Treasurer at New York, and confirmed by the senate, has resigned his office.

Orange Parade Forbidden.

ST. JOHNS, Newfoundland, 26.—The executive has issued a proclamation forbidding an Orange procession in Harbor Grace or other parts of Conception Bay. Numerous affidavits have been made before Judge Bennett affirming the certainty of a disturbance of the peace in the event of a public demonstration or procession.

Sir Ambrose Shea has been appointed governor of New Foundland, being the first native and Catholic governor since the days of Cabot.

The Riots in Detroit.

DETROIT, 26.—The members of St Alburtus's Polish Catholic Church began a riot about noon and are now hotly engaged with the police, a large force of whom are present.

Early this morning the Polish Catholics of St. Alburtus's Church gathering about that building, but dispersed without doing any damage. Later in the morning the crowd once more began to come together, and by 10 o'clock fully 2,000 people had gathered around the church. They were quiet and orderly except when John Leemkie was to be seen, and then he was hooted and jeered. About 11 o'clock the crowd started on a run towards the grocery of Thomas Zoltowski he being a leading spirit in the opposition to Father Kalosinski, and the feeling against him is very bitter. Three wagons of police were sent out to reinforce those already on duty. The crowd reached the grocery in advance of the police and found it barricaded. Zoltowski appeared at his upper window with a shot gun, and fired twice at the mob to frighten them away. It had a contrary effect, and the windows were crushed in immediately with bricks, stones and frozen mud. The uproar was deafening and was only slightly abated when the police arrived. Just before noon a brick went through the hat of Sergeant Nohan, when he ordered a section of the crowd to disperse. A patrolman attempted to arrest the man who threw it, and was floored with a snow shovel. The crowd became massed at this point, and it was only after a hard fight that the police extracted themselves and the three prisoners they had captured. Three others were arrested later. The police seem unable to disperse them, they exhibit a spirit of defiance, and answer all orders with jeers and shouts. Word was received at 9 o'clock that the crowd had not yet been driven away. Superintendent of Police Pittman is massing his men, and expects to prevent all further trouble. This morning Colonel Larned was retained to defend those who were arrested for last night's murder. He went to Leemkie's house to investigate. He was accompanied by John Wagner, who is very unpopular among the Poles. On their return they were assaulted with all kinds of missiles and Colonel Larned was hit on the forehead and knocked senseless by a stone. A heavy beaver fur hat saved his life, as the stone hit there and cut his forehead below, the concussion being weakened by the fur. He is doing well.

3:5 p. m.—The mob is still defying the police, who have not yet been able to disperse them. When driven from one street they invariably congregated upon another, leaving the police to do their work over again. This continued during the afternoon and it was nearly dark before the people finally dispersed. All the saloons on the East side have been ordered closed until the difficulties are settled. It is the intention of the police to use every effort to quell the disturbance. The situation has become precarious and trouble is expected at any moment. It is stated that Bishop Borgess is convinced that the deposed priest, Father Kalosinski, is inciting these disturbances, and under no circumstances will he allow the priest to be reinstated. The Bishop's secretary says all trouble has been traced directly to Father Kalosinski, whom he considers the originator of all the different moves of the rioters.

A Forgery.

SAN FRANCISCO, 26.—In the United States Circuit Court, this morning, Judge Sawyer rendered a decision in favor of the plaintiff in the suit of Sharon vs. Hill, brought to declare void the alleged marriage contract.

The action was brought by William Sharon against Sarah Athea Hill to declare null and void the contract upon which Superior Judge Sullivan granted the defendant a divorce from plaintiff a year ago.

The decision, after stating the evidence in the case, covers 1,731 pages of legal cap written with a type-writer, and refers to the refusal of defendant to produce the alleged marriage contract before the Examiner and her committal for contempt for the offense, and adds: "This singular conduct can only be interpreted as an admission that such an inspection would tend to prove its (marriage contract's) falsity." In determining the plaintiff's standing in the Circuit Court as a citizen of Nevada it is held that notwithstanding the plaintiff's two years' residence in California he never exercised any political right in this State which voided his status as a citizen of Nevada. Hence he was still a citizen of Nevada.

On the question as to the effect of adjudication of the Superior Court in the divorce case of Sharon vs. Sharon, in which an appeal is now pending, the decision says: "The Supreme Court of the State has uniformly held that an appeal from a judgment suspends its operation for all purposes, and that settles the question for this court." It follows that the plaintiff is not estopped by the judgment of the Superior Court in Sharon vs. Sharon to prove in this case that the declaration of marriage is false and forged.

The decision then states that the principal question is whether the alleged declaration of marriage is genuine or forged. Much space is devoted to the analysis of the testimony of chirographic experts, from which the Court decides that the testimony is largely in favor of the plaintiff, and proves as far as such evidence can that the signature to the document is forged. It also holds from the same testimony that the word "wife" in the "My Dear Wife," letters are tracings for other words. The opinion concludes by stating that the alleged marriage contract is a forgery, and decrees it null and void. The main opinion is by Judge Deady of the United States District Court of Oregon, and contains 24,000 words. Judge Sawyer filed a concurring opinion.

SUNDAY'S DISPATCHES.

Bigelow's Resignation.

WASHINGTON, 27. — Mr. Bigelow's letter to the President declining to accept the office of Assistant United States Treasurer of New York, will not be given out for publication at present.

Col. Lamont said to-night: "Mr. Bigelow's declination to assume the great responsibilities of the office and its duties, was because of its being not congenial to his tastes.

Proposed World's Fair for Chicago in 1892.

WASHINGTON, 27.—The *Sunday Capitol* says: A bill is to be introduced to Congress to lend the name of Government to the International Exposition, which is to be held in Chicago in 1892, to commemorate the four hundreth anniversary of the discovery of America.

Chicago people are a good deal interested in this interprise, and are going to push it with the energy that has made that city famous. The Exposition will be planned after that of Philadelphia and similar legislation is desired, except that no financial aid or guaranty is asked from government, the people of Chicago agreeing to foot all the bills.

Smuggled Opium.

PORTLAND, Oregon, 27.—An *Oregonian's* Port Townsend, W. T., special says: The steamer *Idaho* arrived here last night from Alaska. From information received by Collector Beecher, the vessel was taken charge of by the customs force and a strict search made resulting in the seizure of between three and four hundred pounds of prepared opium valued at about $5,250. This opium was found in the engineer's department. The search is still going on, as it is thought that more opium is on board. It is not yet ascertained who owned the opium, or whether the officers of the ship are to blame in letting the smuggled goods on board.

Imposing on the Indians.

The revenue cutter has returned from the Quilleyute country where the Indians were reported in insurrection. No trouble had occurred except that some settlers had tried to drive the Indians off the land on which they lived, to which the natives objected. Officers in charge of the troops state that the Indians require more protection than the whites in that neighborhood as they are badly imposed on. A reservation should be set apart for the use of the Indians at Quilleyute and whites kept from settling within its bounds.

Assassination of a Bridegroom.

KANSAS CITY, 27.—On Christmas night, at Little Rock, Mo., Frank Vaughan was married to Eliza Swope Immediately after the ceremony, while Vaughan and his wife were standing at the window they were fired at from the outside, the ball grazing Vaughan's head. It was thought the shot was fired by Abraham Nave, a cousin of the bride, who had threatened that if she did not marry him he would shoot the man she should marry. Last night Nave visited Vaughan's at Argonkine, Kansas, and said reports of the Christmas affair worried his mother, and asked that Vaughan and his wife accompany him to his home and deny that they suspected him. That morning they started on horseback. When half the journey was completed, Nave rode up in a buggy and shot Vaughan dead, then rode home, and upon the approach of the officers killed himself by shooting.

A Mild Meeting of the Socialists and Anarchists of Chicago.

CHICAGO, 27.—Seventy-five or a hundred representatives of the socialistic element of Chicago held their usual Sunday meeting to-day and occupied an hour or so in discussing the "need of socialism." Contrary to the expectations of a good many people in the city, yesterday's dynamite sensation was not touched upon and very few inflammatory expressions were indulged in.

There was a large attendance at a mass meeting of the Central Labor Union held to-day, at which a number of anarchists were present. George Schilling delivered quite a lengthy address on the advantages of the eight hour system and Paul Grattken speaking on the same subject, took occasion to refer to the anarchists as injuring the chances of the eight-hour law through their extreme views on labor questions. Anarchists present greeted this remark with hisses, but were allowed to remain, after a discussion as to the advisability of turning them out of the meeting. Among others the following resolution was adopted:

Resolved, That this meeting condemns the hypocritical and unfriendly position taken by the anarchists with regard to the eight hour demand of the proletarians and in consequence hindering the accomplishment of their purpose, to further which has been thrown on the mysterious attempt to blow up Judge Treat's dwelling.

Troops for Arizona to Protect the Contractors.

SAN FRANCISCO, 27.—Pursuant to instructions from the Secretary of War in Washington, telegraphic orders were issued to troops A and E, Second Cavalry, to proceed to Arizona. They are dispatched to protect the Indians on the San Carlos reservation from a threatened attack by whites. Major Gordon will command the cavalry. The date of their departure will not be fixed until a dispatch is received from Gen. Crook indicating the point in Arizona for the troops to take up position.

FOREIGN.

SUNDAY'S DISPATCHES.

Parnell's Hopeless Task.

LONDON, 27.—The *Economist*, referring to the political situation, says: The Tories and Liberals have drawn nearer together and have resolved to reject the crude proposal for an independent Irish parliament. The British Parliament is still master of itself. Parnell has undertaken a hopeless and impossible task in attempting to make 85 members dictate to 654 members.

Still at Loggerheads.

CORK, 27.—All efforts to harmonize the differences between the Cork Steam Packet Co. and the Cattle Dealers Association have failed. The disagreement between the representatives of the two bodies on the 23d inst. culminated in a meeting in this city today of the cattle dealers, during which a strong protest was made against the action of the steamboat company. A considerable amount of capital was represented at the meeting and resolutions were adopted favoring the organization of an opposition Steam Packet Company. Acting thereon, it was also decided to immediately issue a prospectus with that in view.

A Bloody Irish Riot.

DUBLIN, 27.—Evidences of more than ordinary bad feeling among the local factions in Ireland have forcibly shown themselves recently, and continue to give municipal and police authorities very great concern. An example of the increasing irritation manifested itself yesterday when a house in Cregah-house, Limerick, occupied by a man named Blake was besieged by his political opponents. The assault seems to have been expected. The friends of Blake were not slow in rallying to his defense. They immediately engaged in a desperate conflict with the besieging party, women as well as men, took sides in the battle, and sticks, stones, guns and pistols were handled with savage earnestness. It was fully two hours before the police, who were called upon to disperse the crowds and arrest the rioters, succeeded in restoring order. The latest accounts record at least 20 persons, including several women dangerously wounded in the battle. The police, who were not at first able to command peace, were reinforced. As soon as that fact was evident the rioters gave way and with their augmented strength the police succeeded in making a large number of arrests.

Heavy Failure.

LONDON, 27.—Albert Girdwood, wool broker, Tanfield, Edinburgh, has suspended payment. His liabilities are believed to amount to £150,000.

MARICOPA STAKE CONFERENCE.

MESA, Maricopa Co., A. T., Dec. 22d, 1885.

Editor Deseret News:

Our conference met on Saturday and Sunday, Dec. 19th and 20th, in the Relief Society Hall in this place.

We were favored with the presence of Erastus Snow of the Apostles, H. C. Rogers and C. I. Robson of the Stake Presidency, and a full representation of the local Priesthood.

There was a good attendance of the Saints, and at the Priesthood, as well as the general meetings, much valuable instruction of a practical nature was given.

Among the appointments made were those of Daniel P. Jones, as Bishop of the Papago, and J. F. Johnson as Bishop of the Tempe wards, with J. L. Patterson, G. Tiffany, David Wilson and B. Farland Johnson as their Counselors.

A time of general health prevails, and prosperity crowns the labors of the Saints of the Maricopa Stake.

GEORGE PASSEY, Clerk.

PAROWAN STAKE CONFERENCE.

The Quarterly Conference of this Stake convened in the Parowan meeting house December 19th and 20th, 1885.

After the usual opening exercises President Thomas J. Jones expressed pleasure in meeting the Saints in conference assembled. Referred in brief to the efforts of those who are striving to bring the Latter-day Saints into bondage. Encouraged the Saints to live righteous lives, remembering their prayers in the season thereof, that they may be able to stand true and faithful through all trials.

Reports of the Bishops and presiding Elders indicate that the Saints as a rule are increasing in faith and good works.

President Morgan Richards, Jr., spoke of the necessity and benefits of attending to meetings, prayers, etc., and living pure lives, that our brethren and sisters will have confidence in us, and our Father in heaven can own and bless us. Referred to the tests the Saints are required to pass through, and felt that they were necessary to purify the Saints. In speaking of the crusade brought against the Latter-day Saints, he recommended the Saints to be very careful, use good judgment and not resort to harsh measures, but treat our enemies with as much respect as possible.

Elder New S. Whitney, who had recently returned from a mission to the Southern States, treated upon the apostasy from the primitive church, restoration of the Gospel, and ultimate triumph of God's work upon the earth.

Bishop Terry, of Hebron, spoke on the necessity of Elders being in possession of the Spirit of the Lord in order to edify the Saints, and the signs of the times, fulfillment of prophecy, and bore a strong testimony to the truth of the latter-day work, and the final outcome of the same.

Many of the High Councilors, alternates, and a number of presiding Elders in the Stake addressed the Saints during the Conference, and a variety of subjects were discoursed upon, all tending to edify the Saints and encourage them to press forward in the great work of the latter days in which they are engaged.

President Jones felt thankful for the enjoyable time experienced during the conference, spoke upon the training of children, Temple offerings and settling of difficulties, and encouraged the Saints to cultivate a spirit of love and friendship towards each other.

A vote of thanks was tendered the Parowan choir for their singing during the conference, which added greatly to the enjoyment of those present.

Conference adjourned for three months, to convene in Cedar City.

WM. H. HOLYOAK,
Stake Clerk.

Parowan City, Dec. 23, 1885.

CORRESPONDENCE.

ROADS AND ROAD SUPERVISORS.

FAIRVIEW, Dec. 25, 1885.

Editor Deseret News:

In traveling over our county roads it is an easy matter to tell whether the supervisor is interested in his office or not. In some districts water courses are nicely bridged and the roads graded up, while in other districts the impression is left that the supervisor makes enough out of his position to patronize the railroads instead of using his own. Going south from Salt Lake City what an agreeable contrast is found from the almost impassable sloughs of 20 years ago. Now it is difficult to tell from the draught of the team whether you have a light or heavy load, so the latter requires but little exertion to keep it moving. If we travel when the patch of land at old Bingham Junction has been irrigated and the same between Willow Creek new fields has not, the road to the Point of the Mountain is good. Here, unless the team is heavier than the load, the illusion of a light load is dispelled. This heavy sand lays between two of our most wealthy and populous counties and is the main thoroughfare for all southern travel. We cover a mudhole or soft ground with gravel, but the idea of covering a bed of sand seems never to have dawned upon road-masters, and yet the latter is as essential as the other, and more so in dry weather. In the material used for repairing roads there appears to be a diversity of opinion, and it is suggested that the Legislature define "what is gravel." If they should, we hope it may be a happy medium between fine sand and boulders. Some of our towns have to depend upon the water in their ditches for watering stock and culinary purposes, and in freezing weather, through lack of a proper understanding as to whose duty it is to control the water, the appearance of the streets in such towns would almost lead one to suppose that the inhabitants had forsaken the ordinary pursuits of life and turned their streets into a vast skating rink. If the supervisor is complained to and he in turn interviews the supposed watermaster the answer will probably be that he only directs the water in irrigation season, and is not even paid for that. If, when more than one or two persons take water from a natural channel they were compelled by statute to appoint some person to be responsible for the condition of their ditches and crossings, one important difficulty that supervisors have to meet would be removed.

If any of these suggestions should be the means of drawing attention to the reform needed it will be duly appreciated by an

TAX SALE.

WHEREAS, THE TERRITORIAL, School and County Taxes assessed against and upon the property of Joseph T. Clayton, for the year A. D. 1885, amounting to Sixty Cents, (60c.), remain unpaid.

Therefore, I, Nathaniel V. Jones, Collector for Salt Lake County, Utah Territory, by virtue of the authority vested in me by the provisions of an Act of the Legislative Assembly of the Territory of Utah, entitled, "An Act to provide Revenue for the Territory of Utah and the several counties thereof," approved February 23, 1878, and of the amendments thereto, have levied upon the following named property, to wit:

Lots One (1) and Two (2), in Block One Hundred and Twenty-nine (129), Plat "D," Salt Lake City Survey, and will sell the same or so much thereof as may be necessary to pay the Taxes and Costs, at Public Auction, at the front door of the County Court House, Salt Lake City, on the 16th day of January, 1886, at 12 o'clock m.

NATHANIEL V. JONES,
Collector for Salt Lake County.

County Collector's Office, No. 5, County Court House, Salt Lake City, December 24th, 1885. d5 w2

AYER'S PILLS

CURE HEADACHE.

Headaches are usually induced by costiveness, indigestion, foul stomach, or other derangements of the digestive system, and may be easily cured by the use of Ayer's Pills. Mrs. Mary A. Scott, Portland, Me., writes: "I had suffered dreadfully from Sick Headache, and thought myself incurable. Disorder of the stomach caused it. Ayer's Pills cured me entirely."

CURE BILIOUSNESS.

John C. Pattison, Lowell, Nebr., writes: "I was attacked with Bilious Fever, which was followed by Jaundice. I was so dangerously ill, that my friends despaired of my recovery. I commenced taking Ayer's Cathartic Pills, and soon regained my customary strength and vigor. I feel certain that I owe my recovery to your invaluable Pills."

CURE INDIGESTION.

Ayer's Pills act directly on the digestive and assimilative organs, influencing healthful action, imparting strength, and eradicating disease. G. W. Mooney, Walla Walla, W. T., writes: "I have suffered from Dyspepsia and Liver troubles for years past. I found no permanent relief, until I commenced taking Ayer's Pills, which have effected a complete cure."

CURE RHEUMATISM.

Rheumatism is among the most painful of the disorders arising from vitiated blood and derangement of the digestive and biliary organs. Ayer's Pills relieve and cure Rheumatism when other remedies fail. S. M. Spencer, Syracuse, N. Y., writes: "I was confined to my bed, with Rheumatism, three months, but, after using a few boxes of Ayer's Pills became a well man."

CURE COUT.

"S. Lansing, Yonkers, N. Y., writes: "Recommended to me as a cure for chronic Costiveness, Ayer's Pills have relieved me not only from that trouble, but also from Gout. If every victim of the disease would heed only three words of mine, I could banish Gout from the land. Those words would be, 'Try Ayer's Pills.'"

CURE PILES.

Piles are induced by habitual constipation, debility, indigestion, or a morbid condition of the liver. A cure is best effected by the use of Ayer's Pills. John Lazarus, St. John, N. B., writes: "I was cured of the Piles by the use of Ayer's Pills. They not only cured me of that disagreeable disorder but gave me new life and health."

Sold by all Druggists.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. U. S. A.
