good a crowd as has been seen at Saltair saw as good a card as has been seen this season last evening. There were seven events and every one was as good as the next one. And a record was broken, as usual. It was the mile open professional which was the mile board. In a prettily mapped out race Clarke went over the tape after having gone around the track to times in lied. This cut a second off the old time.

The mile open, in being run in a min-ute and fifty seconds was a fast race, or course. With two laps to go McFar-land pumped away from the bunch with Clarke elinging on Downing tacked on to Clarke and Mayer tried to do the same thing but had to be content to follow Downing. Clarke jumped ahead as the tape was neared and-the trick was done.

follow Downing, Clarke jumped ahead as the tape was heared and—the trick was done.
The fluc-mile open, amateur, saw little Lawrence take away first from McCormack pulling Schneil. This pair was hol footing it for the tape in terrinc time when Lawrence humped his back and shot past the pair just in time to come in two lengths ahead.
Owing to the delay in getting the tandem race started this event was perhaps the least interesting.
The sumamries:
Quarter-mile for delay in final-Clarke, \$42-5; Samuelson, 24.3-5; Mayer, 25.
Mile open, professional (final)-Clarke, McFarland, Downing, Mayer, Time-Liss. (Record).
Five-mile lap, amateur-Lawrence. Schneil, Meyers, Halstead, Thomas. Time-0:44.
Two-mile tandem, professional handicap-Achorn and Senhouse (115 yards), Holister and Samuelson (29 yards), Clarke and Mayer (scratch), Time-3:48.

THE CHINAMAN AND HIS IDOLS. How a Chinaman regards his idol is told by the Rev. John MacGown: "The Chinese is a person utterly devoid of references, sentiment or devotion in his religion. With him it is a matter either of fear or of business, but mainly of the latter. A house is plagued with sickness, which is put down not to bad sanitation or other natural causes, but to the presence of the evil spirits. This leads to a visit to the nearest temple to get the idol to drive them away. A new business is going to be com menced, but before doing so it is deem ed essential to get the support of the idols. If one idol says it will not suc-ceed, another is appealed to for its opinion, and if it is fovorable it is at once accepted as the correct one.

opinion, and if it is fovorable it is at once accepted as the correct one. "Should the venture turn out a fail-ure, no reproach of any kind is uttered against the god whose prediction has been faisified. The man takes the blame upon himself. His character has not been pure, he says, or he was born under an evil star, or he was naturally unlucky, and so was bound to fail in anything that he undertook. "Men never dream of thinking about their idols as we do about God. No affection is shown to them. It is most amuseing to watch the faces of the Chinese when you ask them if the idols love them. The eyes gleam, the face broadens into a wide grin and soon, hearty laughter is heard at this most facetious and side-splitting joke.--Chicago News.

up against the contestants. And the one or two little muffs didn't count because a man didn't go around the bases when they were made. It was largely a pitcher's battle in which Greene for the 'South Cottonwood and Fletcher for the 'News' snared honors. The 'News' showed almost phenomenat headwork in the last half-inning. With the score, 2 to 1, the South Cottonwood sent three men to bases with no man down, it looked like a change in the score to the big crowd but Fletcher and his men remained as cool as cu-cumbers and retired the side, 1-2-3, leav-ing the inree men to us on bases. The crowd went wild and while the majority of those watching the game were South Cottonwood fans the 'News' team was cheered heartily for the skill displayed at the critical moment. Orson Thompson, who caught for the Cottonwood agregation, made the only run his team got. Fletcher, besides pitching a great game, made one of the two runs obtained by the 'News' Blunt made the other. The line-ups of both teams were us follows: "News" Position. So. Cottonw'd. Position.
