DEATH OF MRS. BAILEY.—Estimate Woman Who Was a Friend of the Poor, Passes Away.

Mrs. Elizabeth Bailey passed away at the residence of her youngest daughter, Sarah Arthur Lemon, 735 south West Temple street yesterday. There will be many in this city who will miss her, for she was not only a friend of the poor, but she was a woman of unswerving charity and unostentatious desire to assist the poor. One of her lovable traits, as set forth today by one who knew her, was her ever ready quality to always see some good in those that were considered disreputable in the eyes of others. She was industrious, full energy, frugal and yet the money she possessed was seldom if ever used upon herself, but always lying in readiness to help those in need.

Mrs. Bailey with her husband and son crossed the plains in October, 1852, in the company of which Bishop Smoot was captain. On the journey her patient succumbed to cholera and she was buried by the roadside. She trudged miles and miles with her sorrow but none heard her complain, and it would seem that her severe experiences only went to make her tender-hearted with a life's mission to cheer the sick and afflicted.

Decedent was born at Bradford, England, Feb. 11, 1830. She was the daughter of Edward and Mary Smith Milnes. Mrs. Bailey is survived by one son, John H. Bailey, and two daughters, Mrs. M. M. Clive and Mrs. Sarah A. Lemon, of Salt Lake, and several grandchildren and great-grandchildren.

The funeral services will be held in the Fourth ward chapel tomorrow at 4 p. m. Friends wishing to take a last look at the body are invited to do so at the residence between 2:30 and 3:30 on the day of funeral. Interment will be in the city cemetery.

TIP ON THE FUTURE.—Mayor Brandford and John Deen have guaranteed \$1,500 freight charges on the tents and cots to be shipped from San Francisco to this city for encampment work. Many of the tents will be pitched in Liberty park.

An installment of sanitary drinking fountains for use during the encampment have arrived and the work of setting them in place is now going on. They will be set up at Second South and Main, Third South and Main, and Fourth South and Main. Each fountain has four outlets from which water is projected into the air a short distance, so that drinking cups are unnecessary.

DECORATING FIRM MAKES PROMISE

Says It Will Make Good and Asks to Make Showing.

INSPECTION SUNDAY NIGHT.

Entire Block Will Be Completed and Lights Turned On—Public Invited to be Present.

The firm having in hand the decorating of the city streets for G. A. R. encampment week has promised to "make good" the decorative scheme, or forfeit the contract. The meeting held by the executive committee of the encampment to consider the numerous complaints registered against the faded, dirty and torn flags and bunting awning across Main street decorations, referred to the committee by C. H. Koester, the man in charge of the work.

The criticism is premature, Koester is reported to have said, "I have not completed the work. When it is done then it will be time to pass judgment." It was decided to give the man a chance to make his promise good. One entire block of decorations will be completed, and the lights will be turned on by Sunday night. It is desired that as many of the residents of the city for the purpose of inspecting the decoration. If the judgment is that the decorations are not satisfactory, they will be removed and other arrangements made.

The committee took a firm stand that no dirty flags or bunting should be permitted to be used in the decorations. Besides the regular meetings and campfires to be held by the regular organization of the Grand Army of the Republic, during the encampment week there will be numerous meetings held of auxiliary societies and state army posts. All business sessions of all organizations will be held on Tuesday morning at 10 o'clock, and will conclude at noon on Friday.

SCHEDULE OF MEETINGS.—Following is the list of organizations which will hold their annual meetings in this city, together with the place of holding the meetings: Grand Army of the Republic—Henry M. Nevius, commander-in-chief, Red Bank, N. J.; meets in armory. Woman's Relief Corps—Mary S. Gilman, national president, Boston, Mass.; U. G. G. FLOWER SEEDS FAIL.—The flower committee of the G. A. R. encampment is sorely disappointed at the failure of the flower crop, as far as Salt Lake City is concerned. If conditions do not change within the next few days, the supply of flowers for encampment week will have to come from points outside the city.

Discussing the matter of the flower crop, Mrs. M. J. Cohen, chairman of the committee, said: "We regret very much that the flower crop has failed. The women who reported today bring little encouragement. Thousands of packages of government flower seeds were distributed throughout the city, but they have mostly turned black in the ground, and those that did sprout sent out puny and weak stems. The same is true of a lesser degree, of flower seeds purchased from stores, and not government seeds. One reason for the flower crop failure, one reason for the flower seeds being frost visited us at a critical hour, and another reason is the floods."

Another meeting of the flower committee will be held next Wednesday in the Boston building, when the women will make their final report.

G. A. R. NOTES.—The excursion of the Woman's Relief corps of Boston will arrive in Salt Lake City, Monday, Aug. 9. Arrangements for a reception to the party are being made for Wednesday evening, Aug. 11, from 8:30 to 9:30, and Mrs. Sawyer has appointed the following committee to have charge: Eleanor E. Brown of Nantucket, Addie S. Park of Lynn, Pauline E. Palmer of Medford, Jennie Reed of South Framingham, Rose J. Sibbald of Fitchburg, Annie Atwood of Whitman and Katharine Hubbard of Brookline.

Major Brandford and John Deen have guaranteed \$1,500 freight charges on the tents and cots to be shipped from San Francisco to this city for encampment work. Many of the tents will be pitched in Liberty park.

An installment of sanitary drinking fountains for use during the encampment have arrived and the work of setting them in place is now going on. CAMPAIGN FOR UTAH MADE GOODS

Catch, Boxelder and Weber Counties Canvassed by Officials of the Utah Manufacturers' Association.

The campaign for Utah manufactured goods has this week been carried into Cache, Boxelder and Weber counties. At the invitation of the Utah Retail Merchants' association, representatives of the Manufacturers' association attended the convention of the first named organization, held at Logan Wednesday and Thursday.

The meetings of the merchants were well attended, and were intensely interesting throughout. Among the items of business transacted was the adoption of a resolution to the effect that members of the Merchants' association would push Utah-made goods to the front. The resolution read as follows:

"Resolved by the Retail Merchants' association in convention assembled, that we will do everything in our power to further the interests of Utah industries, by pushing to the front home-made goods, quality and price being equal to goods from elsewhere. This, in the interests of mutual benefit to producer, dealer and consumer; to keep money at home; to discourage the importation of goods from other countries; to employ for our fast increasing population; and to make for a greater Utah."

The attitude of merchants regarding home industries is reported to be rapidly changing for the better. Every store in Logan and Brigham City was visited during the week by President George S. McAllister and Secretary D. E. Adams. Utah-made goods were distributed, and the pulse of dealers was felt regarding the matter of patronizing local industries. Many merchants are not satisfied with the goods in the direction indicated while others promised to carry larger stocks of home products and to give them preference.
