

PRESIDENT SNOW'S BIRTHDAY.

(Continued from page one.)

denry of the State and his wife, and a few other invited guests, numbering in all a little over 200.

PRESIDENT SNOW RESPONDS.

President Snow in response to the address of Bishop Winder said that he was not fully prepared to answer what Bishop Winder had said, but he felt greatly delighted, and rejoiced to the full extent in the honor that had been shown him. His faith was that the work of the Lord would go on, and that the Saints would go on to a greater reward than they could possibly anticipate. President Snow said that he also rejoiced in the work of the Temple, where the Saints who have passed beyond the veil can come forth in the first resurrection and enjoy with those present the glory of eternity. The great satisfaction he felt was in the fact that the Lord had conferred upon him what he believed upon those present a thousand fold in eternity. The speaker related how the late President, Wilford Woodruff, for some time apart from the work in the Temple, and that he had been sent apart for that work before he came into the world. "And," said the speaker, "you Presidents are apart for the great work that you are doing. May God bless you," he concluded, "you are in my heart and may we all live with you in an exaltation in the Kingdom of Heaven."

PRESIDENT SMITH TALKS.

President Joseph F. Smith followed in an address of much feeling. He said that he thanked the Lord that he had preserved President Snow for the past year. President Snow was 72 years old, said he, "when I was born into the world, and I don't know but that he is now younger than I am, both physically and mentally." President Smith affirmed warmly that he gave to President Snow his love and faith and prayers, he loved his brethren, and President Cannon, who was now living in California. He had associated with him for years, and he sincerely hoped that God would answer the prayers of the people and spare President Cannon's life for many years yet. President Smith concluded by saying that the work of the Lord would prosper and that righteousness and truth would fill the earth.

SONG BY THE CHOR.

The choir then sang the anthem, "The Shepherds watch their flock by night," after which one of the features of the day transpired, viz., the appearance of Madam Pattiroll. The event was conducted of a great deal of laughter and it might be said, that the presence could hardly believe that one of their male members was the gaudy creature depicted in the garb of an Italian opera singer, who rendered "The Rose Tree" in a very creditable fashion. This was the only event that broke down the custom and elicited applause.

PEOPLE WHO ARE PASSING

General W. H. Withington of Jackson, Michigan, and Mrs. Withington were guests at the Knutsford last evening en route east from a visit to California. The general has been called the "father of the Michigan National Guard," as he was a member of the Legislature that passed the act making it possible to equip and maintain a suitable militia. He traveled that day to the Colorado sheepman, was a guest at the Cullen yesterday afternoon. He is on his way to Teah, Nevada, to examine some cattle with a view to purchasing them.

Dr. Winters of Mount Pleasant is a guest at the Walker house.

"Tom" Dille of Springfield, Mo., and Kessler and John Deonard, came from Woodside yesterday and registered at the White House. The three have a ranch in a little valley between Woodside and Green River and are engaged in stock raising. "Tom" Dille was once widely advertised as having been connected with the killing of two cattle men, but the courts found that he was innocent of all charges and acquitted him. Numerous stories have been heard about his character, but his friends say they are malicious falsehoods.

C. S. Palmer, city editor of the Ogden Standard is at the hotel.

H. S. Harris of Greenville is registered at the White House.

Sheriff D. R. Cronin of Juab county, is in town on business. He stays at the Cullen.

Wm. H. Savage of Boise City is a guest at the Kenyon. He is prominent in Idaho and during the last campaign was supervisor for the State of Idaho.

Speaking of the census returns Mr. Savage said: "You know our State showed a larger increase in population than any other State. From the returns I have noticed also that the country and as a consequence agricultural and mining industries went forward greatly."

HAMMER WILL NOT SELL OUT.

Wants to be Placed in a Proper Light Before the People.

AFTER OTHER PROMOTERS.

He gets Down to Plain Statements in Regard to the Present Three-Cornered Telephone Fight.

Edward W. Hammer of the Home Telephone company, which is proposing to secure a franchise in this city, in an interview with the "News" this afternoon, proceeded to take umbrage at the alleged remarks of his rival, Mr. Waterbury, who also proposes to operate a telephone company in this city.

While regretting that anything in the nature of personalities should be injected into the telephone controversy he proceeded to say:

"I wish to be placed in a proper light before the business men and citizens of your city. I expect to install a telephone plant in this city and to depend on the business men and citizens for support. I have never had the pleasure of Mr. Waterbury's acquaintance, but I am told that he is a reputable gentleman. He labors under the difficulty, however, of being obliged and dependent upon his man Waterbury for his facts in this controversy. Just here I wish to assert plainly and emphatically that such a statement on the subject just recently made by Waterbury and by Mr. Webster on Waterbury's authority, is false in every particular, and is told for the single purpose of deceiving the citizens of Salt Lake City."

"I cannot bring myself to believe that the business men of the city are interested in the details involved in this dispute, so I will case simply on the assertion that to sell out has been farthest from my intentions, and to enter into a combination with Mr. Webster has been repugnant to me. I have considered their propositions."

"Any statement that imputes to Mr. Jones or myself a dishonest motive, or a dishonest motive in our relations with Mr. Webster or with the City of Salt Lake is maliciously false."

"I shall shortly submit to the City Council and request the attention of the citizens to the fact that the franchise ordinance which will present a plain, fair, square business proposition, insuring to the city a thoroughly high class, up-to-date telephone exchange and saving to the city only such terms as will enable me to install and maintain such a plant and do it profitably. Any charges that I shall propose will be made on the basis of quality and efficiency, and I trust that Salt Lake City has had a surfeit of cheap and poor telephone service."

JUDGE TIMMONY'S COURT.

"Indian Jim." As the words fell from the judge's lips, a heavy redskin stood up and said: "Wen you drink yesterday?" demanded Dehl. The Indian looked out of the window thoughtfully for a few minutes and then said: "I gettum just a little bit." The "little bit" part was denied by Judge Timmony, who was prepared to swear that Indian Jim was on the point of resurrecting the tomahawk and declaring war upon the pale faces. Judge Timmony concluded that five days' incarceration in the old stockade would be about his case, and he was accordingly adopted by "Uncle Sol" for that period.

W. C. Bonness, the man arrested a few days ago for obscene conduct failed to put in an appearance in court today. His attorney, S. P. Armstrong, stated that the accused had promised to call at a certain office today, but had failed to do so.

"Have you received your fee?" asked the judge.

"Thav," said Dehl, "I ask that the ball be forfeited."

"Let an order in that case be entered," said the judge, "and let the case of Timmony and \$100 went jingling into the city treasurer's cash till."

PEST HOUSE NEGLIGENCE.

County Attorney and Sheriff Find Reports Fully Confirmed.

REPORT TO COMMISSIONERS.

City Health Board Must Comply With Quarantine Regulations or County Will Act in the Matter.

County Attorney Christensen this morning sent the following communication to the county commissioners in regard to the quarantine conditions existing at the city pest house:

"Gentlemen: Yesterday Sheriff Naylor and I paid a visit to the 'Pest House' situated just beyond the State prison, and we find that the patients frequently leave the premises and go where they might come in contact with others. When we drove up to the place two men had crossed the road and walked perhaps a half mile through the fields."

"The people living in that neighborhood are very much worried up over the matter, and not entirely without cause. It may be that the health officers of Salt Lake City do not know the facts, but if it is repeated or continues, no matter who has control of the place so long as it is in the 'county' they must at least comply with our quarantine regulations."

"I hardly think that any patient has ever bathed or washed his clothes in the creek, but they have recklessly disregarded the quarantine regulations."

WITH THE JUSTICES.

Dan Green and James Hines, the fruit vendors who were arrested several days ago on the charge of embezzlement, were taken before Justice Lochrie this morning and committed to jail on \$1000 bail. Neither of the accused were able to give bail and were remanded to the custody of the sheriff, until tomorrow when they will have a hearing.

In Judge Timmony's court this afternoon, J. N. Toole had a hearing on the charge of obtaining money by means of false pretenses. The accused suddenly arose to his feet and announced his desire to plead guilty instead of not guilty. "I do not wish to put the State to any more expense," he said, "I ask for mercy. I am 63 years of age and have lived in Denver all my life. I have never been arrested before and have been separated from my wife about four months ago and I got to drinking and using morphine. I have two little children and for their sakes Judge I ask for mercy."

Toke's offense consisted of obtaining by false pretenses from Dr. Turngreen \$100. It was shown that he was drunk at the time and Dr. Naissitt stated that he was in a bad condition physically. "I think," said the court, "that your condition should be taken into consideration, but for that reason I will not be as severe as I would have been under other circumstances." The accused was then given 30 days in the county jail.

TO CURE A COLD IN ONE DAY.

Take Laxative Broom-Quinine Tablets. 25c.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose. I tried Kod's Broom-Quinine Tablets and have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years."

CONFERENCE TRAVEL.

Forecast of Railroads is That the Attendance Will be Up to Average.

From present indications travel from various Utah and Idaho points to Salt Lake to the pending conference will be very good and fully up to the standard set during past years. It goes without saying that the April conference is never as large as the one held in October, nevertheless inquiry at both the Salt Lake and the Ogden Short Line passenger departments this morning elicited the information that the railroads were not grumbling at all at the traffic handled during the just day of the rates. By 2 o'clock this afternoon it was estimated that close upon 1,000 people had availed themselves of the excursions and come to Salt Lake to the pending conference.

Learn about Pearlina that way, if you like. Any woman who has been using Pearlina in the right way will tell you the truth about it just as strongly as we could. If Pearlina has made the washing easy and economical for her, why not for you? Is your case so different from that of the millions of women that are being helped by Pearlina? Isn't "washing without rubbing" worth looking into?

PEARLINE

AN EASY WAY.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Welch gives pretty good advice on this subject; he says: "I am 65 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating hard crackers or dining on any sort of the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust
