

them, "Sanctus," by the choir. Benediction by the chaplain. Dancing by the children in the afternoon and by the adults in the evening.

Peace and good order did everywhere abound throughout the whole day.

Respectfully,  
C. J. ARTHUR.

MANTI.

MANTI CITY, Sanpete Co.,  
July 5th, 1876.

The Centennial Anniversary of our National Independence was duly observed by the citizens of Manti, in the following order—

After the usual salutes and hoisting of flags in the morning, the brass band, under the able direction of Prof. Hans Westonskow, and the martial band under the efficient management of Capt. George Snow, discoursed sweet music through the principal streets of the city.

At seven o'clock they repaired to the Court House, and partook of refreshments, after which they again in a very fine manner executed a number of national airs from the balcony of the house.

At 8 o'clock the citizens assembled at the Bowery, which, under the direction of our efficient and indefatigable Bishop, had been neatly and appropriately fitted up and decorated for the occasion. The procession was then formed under the direction of Col. E. N. Fox, Marshal of the Day, assisted by Capt. C. E. Bench, in the following order—

Brass and martial bands. Car containing implements of husbandry and husbandmen of 1776. Car with representatives of the Signers of the Declaration of Independence. Car of State, with Goddess of Liberty (Miss Hattie Smith), enveloped in the national flag and surrounded by thirteen young ladies, representing the thirteen original States. Advanced guard of cavalry, headed by General Washington and staff, in command of the army of 1776. General Washington was well represented by the Hon. George Peacock. Forty-six young ladies, dressed in white, representing the forty-six States and Territories of the Union, each bearing a motto, on which was inscribed the name of the State or Territory represented. Sunday school children, under the supervision and direction of J. L. Bench, Wm. Jack, Jr., and Miss Dorothea Hansen. Car, beautifully decorated with flowers, fruits, grain and grasses, under the management of J. C. A. Welby and J. C. Tilton. Car showing the progress and advancement of literature, science and arts since 1776, with surveyors, engineers and photographers. Specimens of the most improved agricultural implements of 1876, followed by a train of wagons on which were aptly and appropriately represented all the different trades, professions and industries, even to the miller grinding his grist, the blacksmith working at his anvil, the stone cutter chiseling his rock, the tanner working his leather, surrounded by shoemakers and harnessmakers making it up. The ecclesiastical and civil authorities were well represented.

The procession moved through the principal streets of the city, returning to the bowery on the public square at 10 a. m., where, after the audience were comfortably seated, the exercises were conducted by the Marshal in the following order—

Singing by the Manti choir, under the leadership of Prof. J. C. Brown. Prayer by the Chaplain, Bp. J. B. Maiben. Singing by the Sunday school choir, under the direction of Prof. Hans Westonskow and Wm. Jack, Jr. Reading of the Declaration of Independence, by Prof. W. T. Reid. Music by the Manti band. Centennial oration by Hon. George Peacock, orator of the day. Music by the brass band. Centennial speech by Mrs. Buchanan (aged 86), read by Mrs. Casto. Music by martial band. Speech by Col. F. R. Kenner. Singing by Sunday school choir. Speech by John Patten, Esq., one of the representatives of the signers of the Declaration of Independence. Music by brass band. Sketch of Gen. Washington's life, by James Wareham, Esq. Music by martial band. Toasts and sentiments by citizens.

Votes of thanks were tendered to the committee of arrangements, the brass and martial bands, the Manti and Sunday school choirs, for their valuable and very efficient services. The "Old Hundred" then being called for, was rendered

by Dr. F. R. Kenner on the violin in a very masterly manner and with great applause. Singing by the Manti choir, "The Beautiful Land of Rest." Benediction by the chaplain.

At 4 o'clock the people re-assembled on the public square, where the Maypole dance was beautifully performed by twenty-four young ladies, under the direction of Wm. Jack, Sen., followed by wheelbarrow, sack and foot races, with other amusements.

The recreations of the day concluded with a dance in the evening, where the youth tipped the light fantastic toe till a late hour. Everything passed off joyously and harmoniously, nothing occurring to mar the peace and universal happiness and good feeling which pervaded the people during the entire proceedings of the day.

Committee of arrangements, W. S. Snow, L. T. Tuttle, Wm. T. Reid, George Peacock, E. W. Fox, John H. Hougard, Wm. Luke.

## MATTISON & JOHNSON

Return thanks to the farmers of Utah for their liberal patronage for the past two years and state that they enter the field for 1876 with an entire NEW STOCK of **Reapers and Mowers.**

**THE CAYUGA CHIEF**

Has been improved especially for this trade, and is now called the "WHEELER." The No. 5 is a light Mower, possessing great power and endurance, and the easiest handled machine in the market. With the exception of the improved Ledger Plate in the Guard, it is the same as the Cayuga Chief No. 3, which has become such a favorite. The No. 6 is a combined machine, with **controlable Self Rake**, the gearing is all enclosed in an iron box, which excludes all dirt and grit. This machine was awarded the California State Diploma last September, and has already taken the laurels from several competitors in Texas this year.

WE ALSO HAVE THE

## KIRBY MOWERS AND REAPERS.

All these machines are made by D. M. Osborne & Co., Auburn, New York, the largest Reaper and Mower Factory in America. A Full Line of the

## MITCHELL FARM AND SPRING WAGONS!

Always on hand, and claim some important improvements for this wagon, and warrant it second to none. A Large Stock of

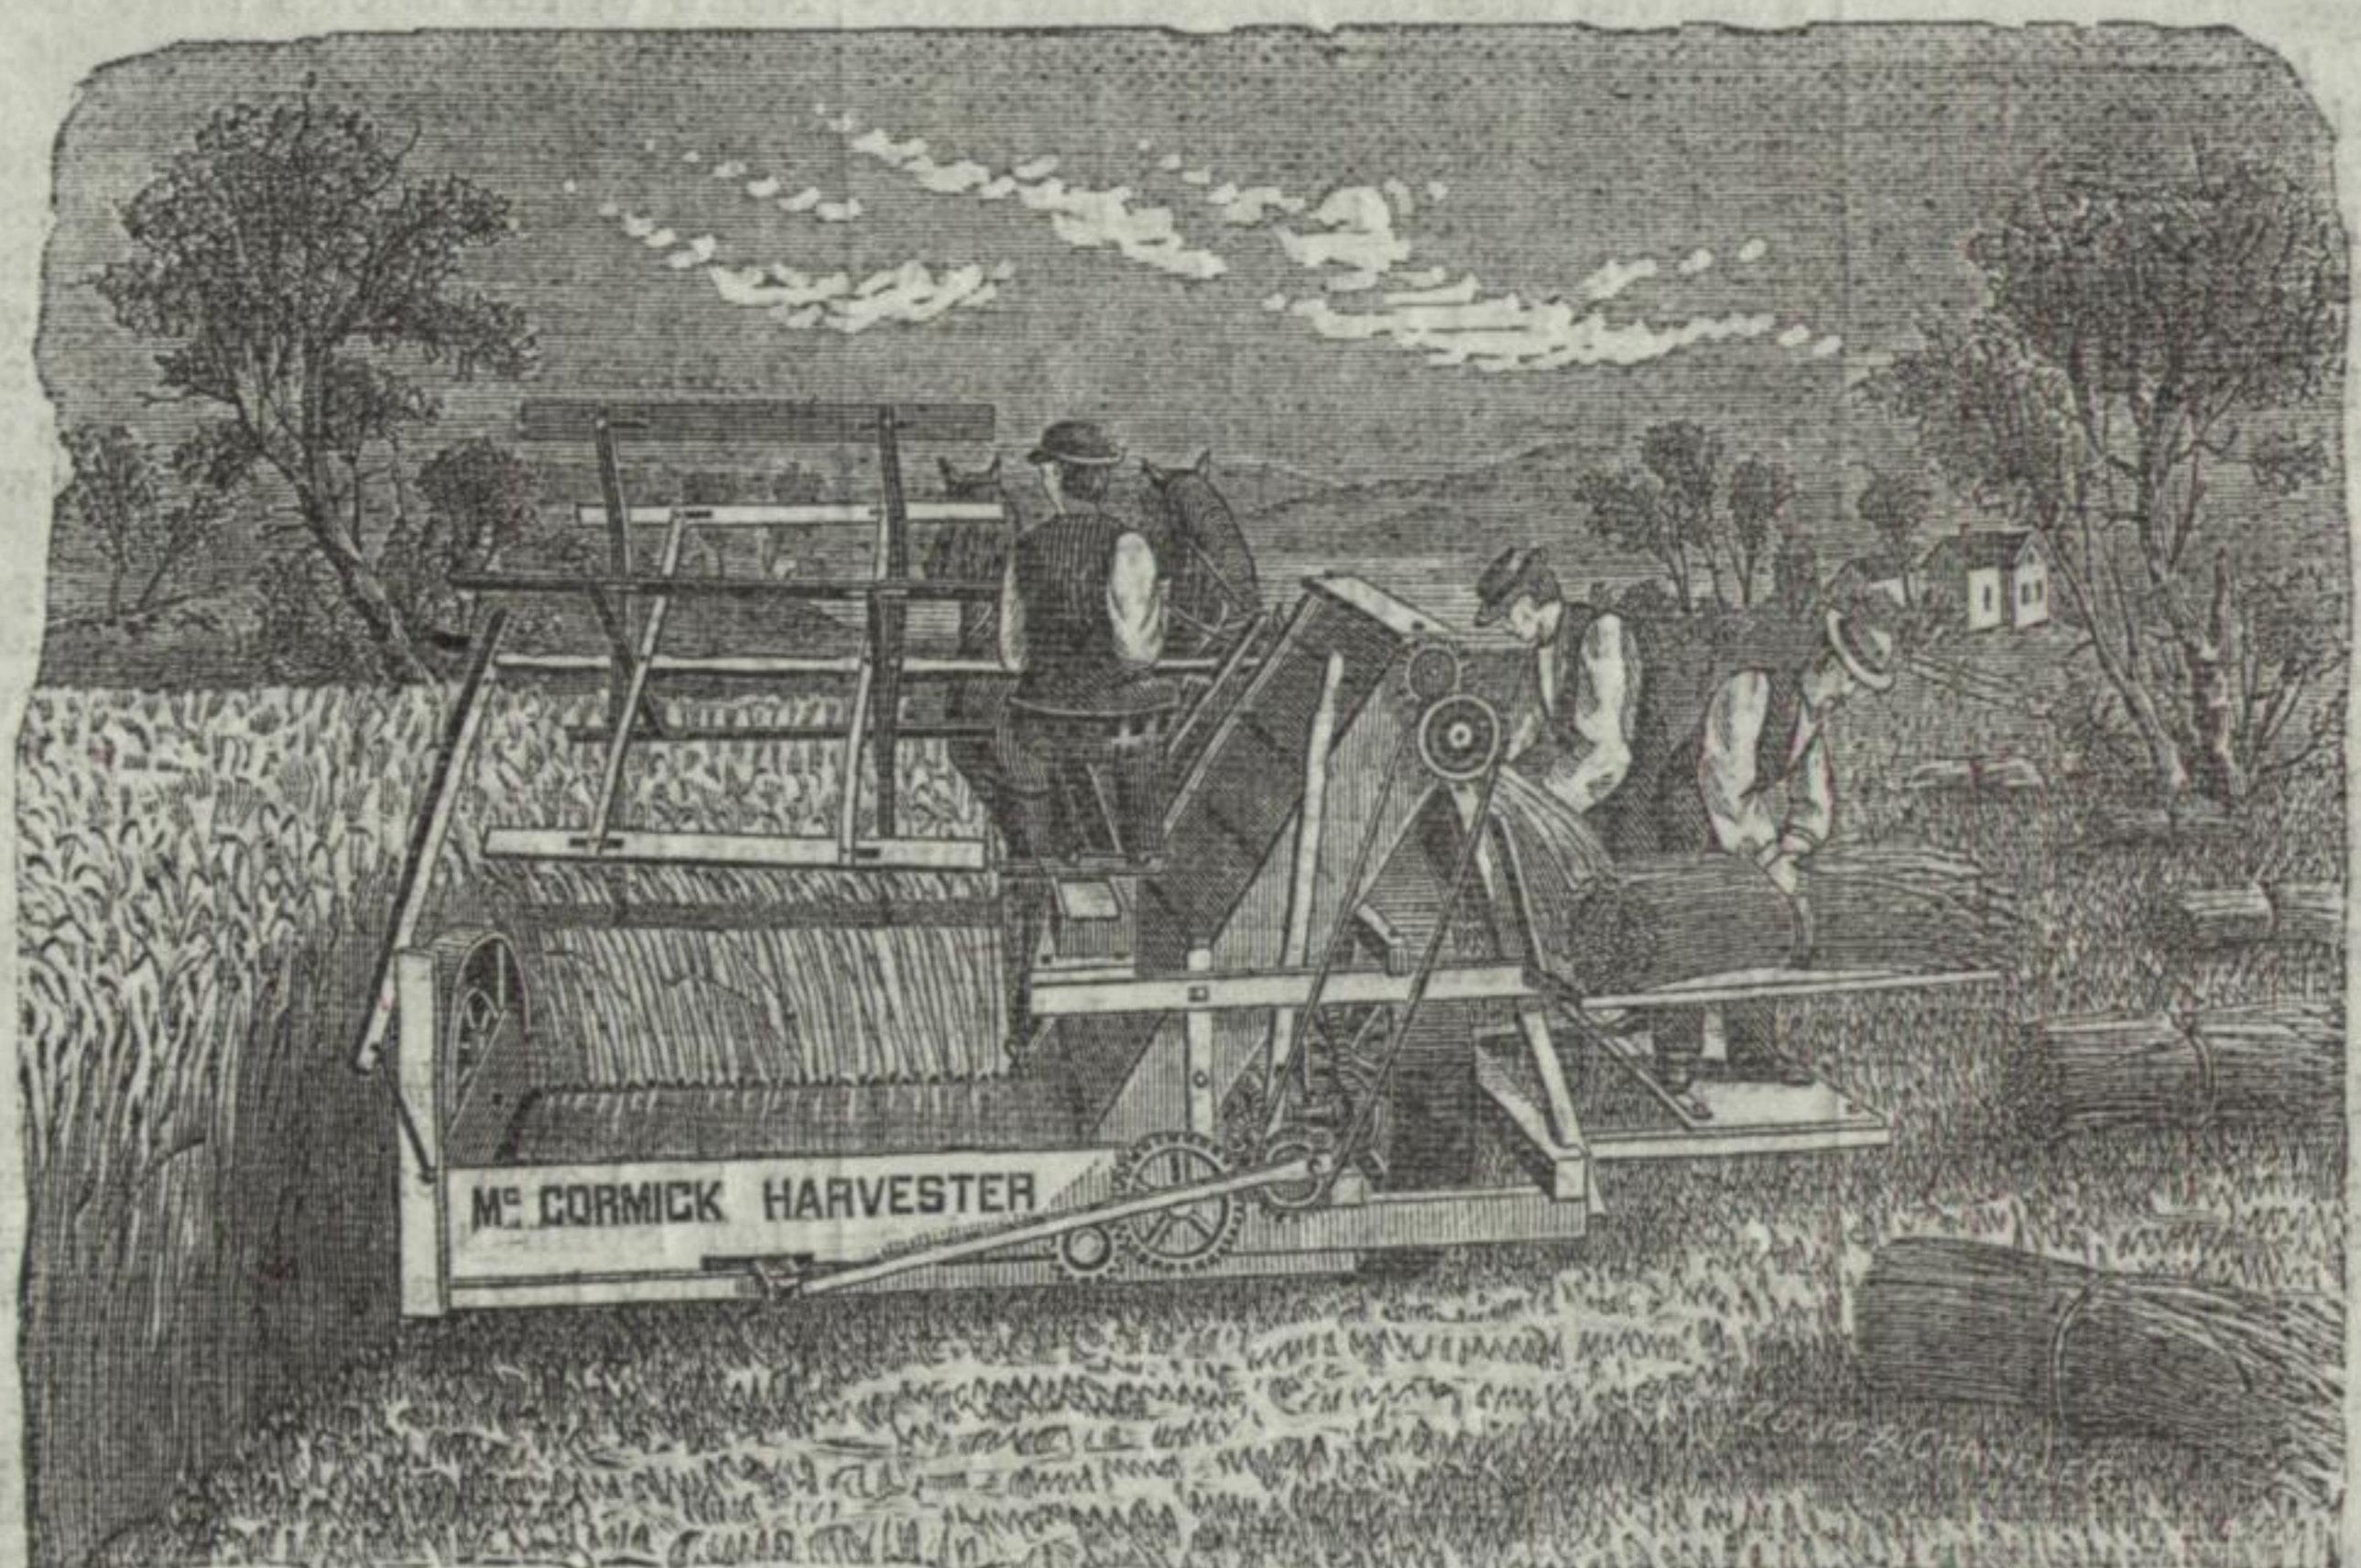

## SULKY RAKES AND WIND MILLS NOW ON HAND.

Look to your Interest, and come and see us before Purchasing.

Offices on FIRST EAST STREET, sign of the Mitchell Wagon and Big Wind Mill

## MCCORMICK REAPERS, MOWERS AND HARVESTERS.

Who was the Inventor of Reaping and Mowing Machines?  
**MCCORMICK!**

Who has been building Reapers and Mowers for over Thirty Years?  
**MCCORMICK!**

## FARMERS OF UTAH!

We have one question to ask you, viz: Ought not the **Inventor** of the Reaping and Mowing Machine, who has been building them constantly over **THIRTY YEARS**, and who has the largest capital and largest Manufactory of any firm building machines in the world, ought not he to be able to build as good and **BETTER** machines than any competitor?

Think of the above before you buy! Also, remember that there were more of the **MCCORMICK** machines sold in the United States last year, and every year, than any other make, and ask yourself the reason why. Is it not because they are the **BEST** and most **DURABLE** machines?

See for yourselves before buying. Remember that every machine is fully guaranteed.
