PUBLIC SCHOOL COMMENCEMENT

Graduation Class Will Number 100, the Largest in History Of Local Schools.

OGDEN TABERNACLE SERVICES

Address by Elder Joseph F. Smith, Jr., On "Apostolic Succession"—Special Musical Service By Choir.

Ogden, April 27.—It has been decided to hold the Weber county school commencement exercises at the Ogden tabernacle May 13, at 11 o'clock. The schools will close regular study on May 10 and on the 13th and 14th the eighth grade examinations will be held. The graduating class this year from the eighth grade will number 100, the largest number in the history of the Ogden schools.

Principal C. W. Kunz of the Huntsville school has tendered his resignation, to take effect at once, and T. H. Peterson, who has been at the head of the Ogden school, has been appointed to fill the vacancy.

CANAL ALLEY THOROUGHFARE

A committee of the Ogden city council yesterday afternoon visited Canal alley, between Twenty-third and Twenty-fourth streets, for the purpose of seeing what could be done in opening up the street, so as to give a small road-way to the rear of the large business houses along the east side of Washington avenue, a proposition that has been agitated for several months. The committee is of the opinion that the owners of the property along the block should open up the street at their own expense, which they say would not exceed \$1,500. What will be done in the case is yet uncertain.

CAR SERVICE KNOCKED OUT

Some of the machinery at the Ogden Rapid Transit company's power house gave out again yesterday, which cut down the generation of electricity to such a degree that only sufficient power could be generated to propel about one-half the cars, but fortunately the Utah Light and Railway company had some extra machinery which was installed and the cars were running as usual last evening. The old machinery will do until the new can be got from the east, when the old will be removed to a sub-station to be placed at North Ogden to generate a portion of the electricity to be used for the operating of the Ogden and Northwestern line leading from the city limits north to the Hot Springs, which line the company hopes to have electrified in about three months' time. The line may also be extended on from the Hot Springs to Brigham City this year.

COUNTY ASSISTANTS STRANDED

Through the assistance of the county commissioners and Poor Commissioner Joseph Stanford, means were provided for the purchase of tickets for Oliver L. van Amburg and his wife who were stranded here through their little girl taking sick and dying while en route from Santa Rosa, Cal., to Ottawa, Kansas, and today they were able to leave Ogden with the body of their little child for their destination. Notwithstanding the pleadings of the mayor and Commissioner Stanford to extend the van Amburg's tickets and transport them to their destination on the tickets they purchased in California, but which expired April 21, the road officials refused absolutely to do so.

AGED COUPLE WED.

A license to wed was issued yesterday afternoon by the county clerk to J. W. Miller and Mrs. Martha Ray, both about 60 years of age, and residents of North Ogden. When the license was filled out, the clerk asked for \$2.50, the prospective bride and groom held an argument as to who should pay for the license, which ended in the bride having to dig up the cash. After leaving the clerk's office they held another lengthy argument on the courthouse steps as to who should pay the minister for performing the ceremony, but which one of them came out victorious in that argument could not be learned. It was a new one on the clerk to have the bride pay for the license.

SITE FOR CARNEGIE LIBRARY.

Will be Erected on University Ground Near Court House.

Special Correspondence.

Provo, April 28.—The free public library board met last night to receive offers for library building sites. The following were submitted: Two of 50x100 feet each on the university ground, north of the court house, by Jesse Knight, one of them on the corner of Center and First East streets, and one farther north, adjoining the Bell telephone company's building; one 50x100 feet, opposite to the east (southwest corner of Center street and First East street), by George Haverkamp; one 50x100 ft., by T. N. Taylor, on the northeast corner of Center street and Third West street, and one by R. C. Watkins, 42x77 rods, on the southeast corner of Academy avenue and First South street. All were offered free, except the one by Mr. Haverkamp, for which \$2,000 was asked. These, with the free site offered by the city on the court house block, gave the board six sites to select from, and a selection was finally made of the corner on the university ground, opposite the court house.

While these sites were offered to the board without price, they were to be paid for to the owners by citizens who would subscribe to a fund for this purpose, those interested in each locality subscribing for the site they preferred, and this is the way the site selected will be paid for to the university. The board now expects to get money from Andrew Carnegie for the building and to have the building completed this fall.

TOO MUCH WATER.

A meeting of farmers interested in lands bordering on Utah lake met last night in the fire hall. Andrew Knudsen acted as chairman and E. S.

ing the clerk's office they held another lengthy argument on the courthouse steps as to who should pay the minister for performing the ceremony, but which one of them came out victorious in that argument could not be learned. It was a new one on the clerk to have the bride pay for the license.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
