LOCAL AND OTHER MATTERS.

Recovering.—We are pleased to learn that Brother John Pack, of the 17th Ward, who was killed and injured by a coal, some days ago, has so far recovered as to be up and around the house. We trust he will soon be entirely well.

Mutual Improvement.—Elders Julius F. Wells and Milton H. Hardy left the city on the 5th inst. for an extended tour through Morgan, Summit, Bear Lake, Cache, Box Elder and Davis Counties, in the interest of the young people's mutual improvement associations. They will visit the above places consecutively, as named, and are now in Summit County, expecting soon to pursue their journey northward.

In Durus.—On Sunday the father and two brothers of the late Tangle, the Indian who was recently executed at Boise City, passed through Ogden, in charge of a squad of military, on their way to the Leavenworth, Kansas, penitentiary, where they are to be held in durus. The reason assigned for this is that they had uttered some threats indicating that they intended to avenge the death of their relative. So says the Junction.

Almost an Escape.—On Saturday morning, at 1 o'clock, Uriel Slater, alias Uriel Harrison, a prisoner confined in the Salt Lake county jail, awaiting his removal to the Nebraska penitentiary, came near making his escape. He had succeeded in digging, with a piece of iron, through the wall of his cell into the hallway, but before he had left the cell, the guard, who was apprised of his movements, secured him.

He was removed, this morning, to the Territorial Penitentiary.

The Randolph Disaster.—William Rex sends us, by letter, a few more particulars of the late disaster at Randolph. The mill was rendered a complete wreck by the explosion and the debris strewed around in every direction. The name of the engineer who was killed was Christian Harms, and that of the man who was badly scalded, besides William Howard, is Parley Pease. The other employees were outside of the mill, and thus escaped. Everything possible is being done for the injured, both of whom are likely to recover.

Base Ball.—The last of the Denver games was played yesterday, between the Brown Stockings of that city, and the Red Stockings of Salt Lake, and was won by the latter with a score of 7 to 1. The game approached, in merit, as near to that played on the 4th as it could, without equalling it, some excellent playing being made on both sides. The superior strength of the Red Stocking Club may now be considered an established fact, for notwithstanding the aid rendered by the Browns, in the person of Mr. Meyer, of the Deseret, which brought their status to its full excellence, their defeat of yesterday was far more serious than any sustained heretofore. The fact that the Reds were compelled to use substitutes, and that Mr. Barlow, their catcher, from the soreness of his hands, was obliged to play in the field until the last two innings, when he secured a hit, notwithstanding the aid rendered by the Browns, are fine players, but Colorado must yield the palm to Utah in base-ball matters. The gentlemanly conduct of the Denver club has made them many friends, and if they ever visit Salt Lake again they will meet with a cordial welcome. The chief anticipation of base-ball admirers is now the coming match between the Deseret and Red Stockings, Greek against Greek, for the championship of Utah and Colorado.

Serious Accident.—A correspondent, in the Junction of the 6th inst., writes from Brigham City, of a terrible accident which befel Mr. Joseph S. Hanson, about 30 years of age, son of George Hanson, of that place, at the Brigham City Co-op Saw Mill, on Monday, July 8, between 5 and 6 o'clock in the evening. He was in the act of sharpening an axe on a stone run by a belt, from the pulley, on the shaft attached to a 17 inch turbine wheel, when, on the gate being opened to set the wheel in motion, his foot was caught by a belt and he was drawn into the open space above the wheel, and wrapped around the shaft, which was stopped by his body becoming wedged between the pulley and the penstock. The gate was immediately closed, and the unfortunate man relieved from his terrible situation as quickly as possible, and conveyed to the adjacent boarding house.

Do P. L. Anderson, of Ogden, was immediately sent for, and with Mr. H. C. Wardlaw, arrived at the mill 22 hours after the accident.

The right foot was found to be almost severed, the knee dislocated, the elbows bruised, and the left side showed signs of having been tightly compressed, probably to the serious injury of the patient internally.

It was found necessary to amputate the foot above the ankle, and about three inches of the large bone of the leg, which had been fractured. The wound was dressed, the knee set, and the operation completed. Next morning the patient was conveyed home, and is now doing as well as could be expected.

THE SCANDINAVIAN MISSION.

We are indebted to Elder Joseph F. Smith, for the perusal of an interesting letter from Elder N. G. Flygare, President of the Scandinavian mission, who writes from Copenhagen, under the date of June 17th. He had just returned from a trip to Sweden and Norway, where conferences were held, had attended 39 meetings during his journey through the three kingdoms, and speaks very encouragingly of the condition and prospects of the cause of truth in those countries. During the six months preceding the 25th of May, 1878, he had been added to the Church of Christ, making the total number of Saints in Scandinavia, at present, 5,184; the largest number ever there before at one time. As a general thing, a liberal feeling had been manifested by the people of the world, the spirit of opposition, as usual, being more strongly exerted in those places where the Elders of the Church had been most successful, and then only to the ultimate benefit of the cause it endeavored to injure. Elder Flygare also speaks of a religious movement in Sweden, headed by a Pastor Waldenstrom, which threatened a schism in the State Church, and the separate establishment of a "free church." The advocates of the movement numbered thousands already, and were holding meetings at Stockholm, to which all denominations, not accepting the latter-day Saints, had been invited to assist in the discourse.

The publication of the North Star and the Book of Mormon in the Swedish language, was an effective movement for the spread of the gospel, and those were working read by many, with great interest.

Elder Halgren, who arrived in Copenhagen on the 1st of June, would join Elder Fullgren at Stockholm, and the two proceed in company to Finland.

Brother Flygare speaks commendably of the late efforts of Elder Forsell, of the Finnish mission, which were proscribed by the authorities of that province and the Elders banished from the country some time ago. Brother Forsell had been appointed to labor in Sweden. The second company of Saints from Scandinavia, this season, numbering 400 souls, would leave that country on the 24th inst., bound for Utah.

The general condition of affairs in the mission, were never more prosperous, and Elder Flygare would like the assistance of several Danish, Swedish and Norwegian missionaries, early in the fall.

Accidentally Drowned.—This morning we received a call from Brothers Hyrum Scott and John G. Morgan, who have just returned from Green River. They, together with William Butterworth and Levi H. North, all of Mill Creek, started, a short time since for the Grand River country, to prospect for farming locations. As the little party, excepting Butterworth, were fording Green River about, near the San Juan crossing, the current being strong, North was swept down the stream. He swam bravely for a while, but finally called to his companions that he was giving out. Scott swam to, seized and held him up, and in this position the two were swept down with the current. Scott still bravely holding on to his helpless companion, trying to save him, at the risk of his own life. He also became exhausted and both sank. When Scott arose to the surface he saw the top of North's head, and his hands above water, and then suddenly disappeared, going under for the last time. Scott barely succeeded in reaching the bank, being much exhausted. The party had no means of searching for the body, which has not yet been recovered, and they returned home to acquaint the relatives of the unfortunate man of what had occurred.

Brother Levi H. North was a son of Brother Levi North, and son-in-law of Brother John Morgan, of Mill Creek. He was about 31 years old, and leaves a wife and five children. He bore an excellent character, and was true in his integrity to the work of God. He was on a mission to Arizona until recently, having been honorably released therefrom.

Should any persons succeed in recovering the body, they will confer a great favor upon his relatives by acquainting them with the fact as quickly as possible, and giving the remains a respectable burial.

Returned Missionary.—Yesterday afternoon we received a call from Elder Theodore Braendli, of Richfield, who returned from a mission to Europe with the company of Saints that arrived on the 3rd inst., of whom he had charge. He left here on May 21st, 1878. He labored one year in Germany, as President of the German Conference, and one year in Switzerland as President of the Bernese Conference. The work is progressing a little in the former country, making gradual headway, the main obstacle met with being the general indifference of the people to all matters of religion. Elder Braendli, in that part, baptized between forty and fifty persons.

But moderate progress is being made in Switzerland. In that country persecution against the Church rages in almost every quarter, from the press, the pulpit and the rabble. A few here and there of the poorer classes embrace the gospel. In Switzerland Elder Braendli baptized about 120 persons. He returns in good health and spirits.

Sentenced.—Yesterday William G. Williams, under conviction for robbing Wells, Fargo & Co.'s express, was taken before Judge Emerson, in the Third District Court, and received sentence, which was that he be imprisoned in the Utah Penitentiary for ten years.

America, heretofore has been desecrated in the matter of old ruins, and now being ruined, and that is something to be proud of.

SHORT AND SHARP.

A minister good, he better than a bundle of iron.

The just published report of an Utah benevolent society says: "Notwithstanding the large amount paid for medicine and medical attendance, very few deaths occurred during the year."

One of the things exhibited at the Paris Exhibition is a clock with a pistol in it, which it appears is fired by the mechanism of the time piece every hour. The intention of this ingenious toy is doubtless to kill time.

"Lenny" said a maiden aunt to a niece who was so named, "you should eat the barley that is in your sour soup, or you will never get a husband." Lenny, looking up innocently, inquired, "Is that what you eat it for, aunt?" Aunt's reply is not chronicled.

The cobbler's last words: "I feel that I was weaker each succeeding day, and that I am fast approaching my end. A few more stitches, and all will be over, and I shall go where there is rest for the weary soul and every sorrow will be healed. Having said this he wished, he calmly breathed his last."

"What was the principal element of my success?" asked a reformed milkman of wealth at a working-men's convention, on Saturday, and he replied, "I was modest, I was humble, and I was a good boy from the gallery answered back: 'Water, you old cheat!'"—Dakota News.

A clerk in a Philadelphia bookstore, thinking it was a Quaker customer, had looked at him as he was fresh from the country, handed him a volume, saying, "Here is an excellent book on the rearing of calves." "Those had better present that to thy mother, young man," was the spontaneous reply of the Quaker.

A little fellow, at whose home home have been kept for but a few weeks, visited a neighbor to get company in his play, where he was informed that the offering playmate was suffering from the chicken pox. The lady of the house, in a fit of curiosity, asked the little fellow if he had the chicken pox over to his house. "No," said the youngster, gravely. "We haven't had our heads long enough yet."

DIED.

At his home in Lehi City, Utah County, Utah Territory, on June 27th, 1878, DANIEL S. THOMAS, son of Henry and Rachel Stillwell Thomas, aged 21 years and 3 months.

Brother Thomas was born in Sumner County, Tennessee, moved to Kentucky soon after his marriage, where the couple found him in 1853. In April, 1857, brother Thomas and family gathered with the Church in Far West Missouri. They had their full share of the mobbing and derelictions the Saints were called to endure in that country, and Brother Thomas was often called on to assist in repelling the mob and guarding the Saints. He was imprisoned in Missouri with the Prophets Joseph and Hyrum, and was finally expelled the State with the body of the Church. In the fall of 1858 he located in Nauvoo, remained there until the fall of 1859, when he journeyed with the Saints to Winter Quarters, and in 1860 arrived in Salt Lake City. He was always steadfast in the cause of truth, and passed his finality to the last. He raised a family of 10 children to man's estate, and had 16 grandchildren and 17 great grandchildren.—Papers of Southern States, June 29th.

In Harvillville, Weber County, July 5th, 1878, of dropsy, DOROTHY, daughter of Peter C. and Mary Ann Stephenson, aged 11 months and 19 days.

Decceased was born in this place July 24th, 1877. This is the second death in the family in three weeks. The bereaved have the sympathy and consolation of the whole community.—Opinion Junction.
