THE EVENING NEWS.

Thursday, - - - August 3, 1871.

PRICE OF GOLD,

Furnished Daily by HOOPER, ELDREDGE & Co., *Bankers.*

SALT LAKE CITY, August 3, 1871.

Buying at $1.10; Selling at $1.12.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 86.

CALL FOR THEM.—There are messages at the Deseret Telegraph office for Mary Jane Taylor and Samuel Clark.

KANE COUNTY.—D. B. Fackrell, writing from Mount Carmel, under date of July 15th, says: "Our early crops were all destroyed by grasshoppers, and part of those planted late shared the same fate. The portion left looks well. On account of the drought the grass on the range has partially dried up, causing a considerable falling off of dairy produce.

TOOELE COUNTY.—Mr. Hugh S. Gowans, of Tooele, informs us that the crops throughout the County are fair and would have been considerably heavier had it not been for the scarcity of water occasioned by the dryness of the season.

PORTAGE.—Brother John D. Gibbs, of Portage, Malad Valley, informs us, by letter, that the Twenty-fourth of July was celebrated with spirit at that place. There were a mass meeting, a public dinner, a dance, etc.

With regard to the condition of the settlement he says: "We have very little grain this season, owing to the ravages of grasshoppers and crickets, and on account of the drought hay is exceedingly scarce. Many of the brethren have engaged in the freighting business and other employments in order to obtain breadstuffs. This retards considerably the progress of improvements. The Weekly NEWS comes to hand about every Thursday and is always welcomed."

MORE MACHINERY.—Mr. Joseph Birch, of St. George has gone East to purchase more machinery for the big cotton and woolen factory at Washington.

CHEST TAKEN BY MISTAKE.—Some person took, by mistake, from the U. C. R. R. depot, a chest addressed Mary Gennes, Salt Lake City, Utah, and containing a quantity of articles belonging to the dressmaking business. Mrs Gennes arrived in Mr. R. F. Neslen's company of emigrants. Any person having information concerning the chest will please communicate the same to D. O. Calder, U.C.R.R.

A NOVEL ATTRACTION.—The Hyers sisters, colored singers, and Joseph Stokes Le Count also colored, will give three concerts at the Theatre next week. The following extracts, the first from the Virginia *Enterprise* of July 27th, and the second from the Carson *Reporter*, of July 26th, will probably give some idea of the abilities of the Troupe:

"The concert of the Hyers sisters at the Opera House last night attracted another full house. The pieces selected for the evening were excellent and all were sung in a most superior style, as all good judges of vocal music agree. The sisters are really the musical wonders they have been represented to be and will yet make their mark in the musical world. Joseph Stokes Le Count has a very fine voice and his singing gives quite as much satisfaction as that of the girls. To-night they appear in Carson City, and we are safe in recommending them to the good people of that town as ringers the like of which they cannot hear every day. They are full of music."

"Both of them are highly educated, and their musical education goes far beyond their years, the eldest being as perfect in training and compass of voice as any of the first class Italian opera prima donnas. Amelia sixteen years of age, and has a sweet and powerful soprano voice; Emma is but thirteen, and is classed as contralto, but has also the gift of a high pure tenor as well as a basso profundo voice—a gift of which she is probably the only living possessor. They have received the highest encomiums from the press of California, and their concerts will prove a rich treat to the lovers of music in Carson."

FIRE AT MOUNT PLEASANT.—The following was received by Deseret Telegraph to-day:

MOUNT PLEASANT.

A fire broke out yesterday p. m., on the premises of Mr. Martin Rasmussen. There being a wind blowing at the time the sparks were carried the distance of a block, setting fire to the sheds and stables of Andrew Jenson, which were entirely consumed, as were also Rasmussen's. No stock were in the stables at the time excepting about a dozen head of hogs which were roasted. No dwelling houses were burned. Some wagons, machinery, and harness were also burned. The loss of property at both places is estimated at nearly two thousand dollars. The origin of the fire is at present unknown.

The weather is still extremely dry and warm.

FINED.—Mrs. Knapp, the woman who, a few days since, threw a quantity of vitrol on a negro in the Revere House, was, to-day fined $100.

FARMINGTON, Davis County, August 2nd, 1871.

Editor Deseret News:—The dead body of the man discovered on the "Sand Ridge," about 300 yards west of the Utah Central Railroad was visited by myself and a jury of three citizens of Kaysville to-day. The deceased was about five feet three inches in height, small proportions, and was of light complexion. From a letter found in the pocket of his pants, he was discovered to be an Irishman, named Michael Nolan. The letter was evidently written by himself, and addressed to P. Nolan, care of Benedict & Boardman, Yew York, and was dated July 9th, 1871, at Salt Lake City.

From evidence adduced before the jury, at the inquest, it appeared that the deceased passed through Kaysville on Saturday, 29th ult., that he called at the house of Brother Ogden, asked for and obtained something to eat, and complained of being unwell. He was found lying on his left side, with both hands stretched out before him and his hat laid carefully on the side of his face. One boot was off, and his foot was laid on a bush at some distance from the body. There was nothing found in his pockets but the letter and a slung shot. There were no marks of violence about his body, but, to all appearance, some horses, which were about him when discovered, had pawed him, as there were one or two marks on his right side shaped like a horse's hoof.

The Jury returned a verdict of "death from some unknown cause," and he was decently interred at Kaysville.

Coroner Fife, of Ogden, first went out to the body but finding it was in Davis County, he immediately notified me. This occasioned a delay of a few hours.

The names of the jurors are John Gailey, George Gailey and Levi Taylor.

WM. V. HAIGHT,
Coroner, Davis County.

DIED.

At the Quarantine Hospital, near this city, July 31, after an illness of seven days with the smallpox, TITUS AXAN, aged 53 years.

Deceased was a native of Germany, being born in Schleswig Holstein, where he joined the church of Latter-day Saints in 1854, and at which place he now has relatives living. He has been a resident of this Territory about eight or nine years, during which time he has conducted himself generally, and gained many friends. His residence was in the 10th Ward. He has lately been employed in the mines, in Cottonwood, where he caught the malady which ended his life. He leaves a wife.—COM.

The St. Louis *Herald* wants "a real good boy to make a devil of."

A Michigan judge, when bothered by doubtful cases, tosses up a penny.

An eyeless, wingless and tongueless duck was recently hatched out in Giles County, Tenn.

Among other street nuisances, the Chicago papers complain of a "blind woman with seven dissolute orphans, who plays that concertina."

Special Notices.

NEW REFORM.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself. en(170)tf

KRUGHAT

THE GENUINE
Turkish Bath Compound

Used in all Oriental countries, in the bath and manufactured by us on a license and royalty, in exact style, odor and quality, from the original receipt, as that made in Constantinople, and import duties, premium on gold, etc. saved, thus enabling us to sell it at a very low price. By its use a bath becomes indeed a luxury. Very highly scented, and producing miraculous effects upon the skin. It is really worth a trial.
