

TALK OF THE TOWN.

A plain drunk was fined \$5 to-day. The Bicycle Club will be organized to-night. The High Council meets to-night at 7.30. S. A. Kenner, Esq., attorney-at-law, is up from Beaver. Mr. James Dwyer has gone to R. de, Montana, on business. Shade tree trimming is going on in various parts of the city. Mrs. Charles, for drunkenness and profanity, was sent up for \$10. The oratorio of "The Creation" will probably be repeated, by request. The Utah and Northern is again in repair, and trains are running as of yore. Desertions from Fort Douglas are of frequent and increasing occurrence. The capital stock of the Ogden Electric Light Company is placed at \$50,000. A boy broke his arm to-day, in the 12th Ward, opposite Dr. Newton's residence. The First District Court convenes in Ogden on Monday. The term promises to be an interesting one. Tuesday's rain storm, in Ogden, destroyed thousands of bricks, at the various yards. One firm lost about 15,000. Jacob Hugenboller, a Switzer and George C. Ferguson, an Englishman, were admitted to citizenship to-day. Utah has so many railroads in prospect that her citizens can scarcely keep track of them. Hence the names get a little mixed. A change in to-night's programme announces "La Fille de Madame Angot" as the attraction, instead of "Genevieve de Brabant." J. W. Robbins, Esq., correspondent of the Chicago Inter-Ocean, who was in Salt Lake a few days ago, left Ogden for Omaha yesterday morning. A meeting of the stockholders of the Utah Ship Manufacturing Co. will be held this evening at 7.30, in the 19th Ward School House. Some of our citizens are afraid Kate Claxton's coming will set fire to the Theatre. Perhaps, she is an actress that has set the world ablaze already. A man named Birch, for prostitution, and for having fraudulent money in his possession, and endeavoring to pass one of the bills, was before the police court this afternoon. Dismissed for want of evidence.

LOCAL AND OTHER MATTERS.

Across the Water.—Elder John Stoddard and party of 41 missionaries, who left for Europe two or three weeks ago, arrived at Queens-town, in safety, last night about 9 o'clock.

Notice to Firemen.—There will be a meeting of the F. M. Association for the election of officers, on Saturday evening, 8 p.m., at the Firemen's Hall. The firemen interested are requested to attend, by order of the President. J. A. BLYTHE, Sec'y.

The Scrip Case.—The case of Z. C. M. I. vs. O. J. Hollister was the only matter of interest in the District Court this morning. A jury was secured last evening consisting of the following named persons: John M. Chamberlain, Benjamin W. Briggs, John Horton, M. E. Cummings, F. G. S. Lyndberg, Hiram Mackay, Wm. A. Pitts, Jacob Alt, Charles Auer, Hyrum Covey, Henry Reynolds and Francis Cope. This morning the case was resumed, and O. J. Hollister was sworn. His returns as collector were offered in evidence, but were objected to by the plaintiff, whereupon arguments on the admission of the same, took place and consumed the time till recess.

Eye Excision.—A delicate surgical operation was undertaken and successfully accomplished by Dr. Romanian B. Pratt, assisted by Dr. Ellen B. Ferguson, yesterday morning at the residence of Judge Snow, in this city. The patient was Wm. Cook, of Cedar Fort, a gentleman nearly 70 years of age. He had been suffering for nearly 30 years from traumatic ophthalmia, and both eyes were affected. The left orb was excised by Dr. Anderson about five years since. It was the right eye that was removed yesterday. The patient had been under the treatment of Dr. Pratt for several weeks, but it being found that no possible chance existed for saving the eye, it was determined to excise the entire eye ball as the only means of relieving his excessive suffering. This was accordingly done. The patient is doing well and will shortly return to his home.

"Billie Taylor."—Another large house greeted the second appearance of the Soldado Comico Opera Troupe, last evening, and witnessed a very good performance of a comical opera. "Billie Taylor" is not a meritorious piece as "Olivette." Making every allowance for difference of taste and judgment, the verdict still holds good, for though some prefer the former, it is the expression of the great majority of intelligent critics, who witnessed the entertainment. And such a judgment is the universally accepted criterion in such cases. Several of the characters presented good opportunities and were made the most of by the personators; others gave the players no chance to prove what they could do. Still there was considerable of an amusing nature, and much of the music was quite good. All the nice points were fully appreciated. This evening, "La Fille de Madame Angot" will take the boards, in lieu of "Genevieve de Brabant," heretofore announced, and the latter will be reserved for to-morrow's Matinee. "Olivette," one of the company's strongest cards, will be presented to-morrow evening and close the Soldado engagement.

Hoodlums.—Following close upon the cowardly assault committed upon a boy Deacon of the 21st Ward, by a number of youthful hoodlums, who, as stated last evening, were yesterday fined \$5 each by the Justice of the Peace for their shameful action, comes an account of a number of mischievous pranks played upon certain residents of the southwestern part of the city, by a gang of hoodlums which infests that neighborhood. For some time past the people have been annoyed by these rioters tearing off gates, breaking down fences, throwing stones at doors, carrying off property lying loose around houses, and committing other similar depredations. Last Saturday evening, after the party had overturned several bridges on their way from two of them, William J. Irvine and Charles Green, tore off a gate belonging to a gentleman in the Sixth Ward, and being seen in the act, dropped their prize and ran away. Later in the night, the gate was carried off. The owner told the parties that if they would replace it in as good order as they found it, he would let the matter rest, but up to the present, this has not been done, and last evening the gate, having been placed up against the fence, was again carried away by some of the same party, and was found down by the canal by a resident near there.

The other night a number of young scamps took a mule out of a stable and tied it to the door of a gentleman's residence, forcing the inmates next morning to climb out through the window. These are a few specimens of the tricks perpetrated by these lawless characters. When expostulated with, they merely laugh, or fling back a saucy and profane reply, and upon the very next opportunity take delight in repeating the indignity. It is high time something was done to quell this propensity for disturbing the peace and quiet of aged and respectable citizens, wantonly destroying property, and adding insult to injury when detected. We are not in favor of harsh methods if mild ones can effect the desired object, but we are in favor of emphatically teaching these mischievous rogues that they cannot trample with impunity upon the rights of peaceable and law-abiding citizens. In this we are certain all good citizens, even though they be the fathers and mothers of the reprobates, will agree, and will lend assistance in having a reform inaugurated and carried out. If they have lost control of their children, they should either seek to regain it, or employ such means as the law has provided for the abatement of the evil. There are some parents weak enough to suppose their children can do nothing wrong, and will not only wink at their wicked deeds when ensnared by them, but upon discovery by others will strenuously defend their offspring against the officers of the law, and even follow the culprits into the police court and there insult the justice whose duty it is to administer the correction. But these, it is to be hoped, are few, and while there are also a set of scoundrels in this community who go about over the wrong doings of the youth of Zion, and would if they dared, openly encourage them in the violation of law and every other wholesome restriction, the sentiment of the great mass of the people is quite to the reverse. Upon them devolves the important duty of co-operating with the peace officers in putting down this evil called "hoodlums," which, though by no means as bad here as in many other places of similar size, is quite bad enough to be attended to, and that immediately. We do not desire to exaggerate the evil, and for the sake of sensation shake things up worse than they are, but neither do we believe in shutting our eyes against a shameful fact, and sitting idly by watching it assume more alarming proportions. Break the eggs before the crocodile is hatched.

Ogden Locals.—From the Herald of Thursday evening: Temporary excitement was created, this forenoon, on the U. P. platform, by the appearance of a powerfully-built, bold-looking Indian, whose feet were heavily shackled, and who was being escorted by a number of officers who brought him down from Helena, Mon., to take him to Detroit, Mich., where the "nation's ward" will enjoy government face in the pen for the balance of his life. We learned that the Indian had been implicated in a murder, and that one of his accomplices had been hung, while his own sentence had been changed to imprisonment for life.

Several weeks ago a two-year-old girl of Mr. M. Lindsey, on Fifth Street, got a distressing gathering on her nose, emitting painful discharges, and causing the physician to be assigned until yesterday, when Dr. John Driver was called in to attend to the case. He put the little one under the influence of chloroform, investigated the matter, and finally succeeded in extracting a grain of corn from the little maiden's nasal protuberance. The girl, evidently, must have poked the corn up her nostril while playing. At present she is all right.

The Ogden City Electric Light Company has been organized and incorporated under the laws of the Territory of Utah, the following named gentlemen constituting the association: David F. Walker, M. H. Walker, Gabriel St. Erb, B. G. Raybould, Wm. L. Hoge, Charles C. Ruthrauff, of Salt Lake City, and James Horrocks and Hugo Schwabe of Ogden City. The corporation shall exist 50 years. The general financial office of the corporation shall be at Salt Lake City. The amount of the capital stock \$50,000, divided into 5,000 shares, all of which are in the hands of the gentlemen aforementioned. D. F. Walker and M. H. Walker owning 1,050 shares between them. The officers of the company are: David F. Walker, President; James Horrocks, Vice-President; B. G. Raybould, Treasurer and Secretary; and Hugo Schwabe, Assistant Secretary.

Found Dead.—This morning at 6 o'clock, Elizabeth Rae, a lady residing at South Temple Street, was found dead in her bed. An inquest held to-day over the remains resulted in a verdict that she died of disease of the heart. She was but recently from Scotland. Her husband is Wm. Rae, a fireman on the Utah Eastern Railroad. She leaves, besides him, five children, the eldest 12 years of age; her mother, Mr. Rae has been telegraphed and is expected here this evening.

From San Francisco.—Mr. A. J. Boyer, correspondent of the San Francisco Daily Report, a consolidation of three papers, viz: The Advocate, the Independent and the Farmer and Dealer, arrived in town yesterday and will here for about two weeks, collating general information regarding Utah, for publication in the next issue of the Report. That he may be successful in fulfilling his errand to his entire satisfaction, and enjoy himself thoroughly while in our midst, is our earnest wish and desire.

"Widow Bedott."—Respecting the Widow Bedott troupe, (reconstructed), which is to appear here on the 19th and 20th inst., the St. Louis Times says: "Haverly's 'Widow Bedott' company commenced last evening at the Grand Opera House to a large and appreciative audience. 'Widow Bedott' is presented this season by Mr. C. B. Bishop, a character comedian who has made his mark in this country. Haverly did well in selecting him for this extravaganza role. The ludicrous portrayal of the 'Widow' keeps the house in a constant roar of laughter. Mr. Bishop imparts a new interest of humor and vigor to the laughable character and his facial expressions alone establish the success of his effort. The story may be accredited as excellent. Elder Shifflet is well treated by Mr. James E. Barrows; Miss Josephine Perley does exceedingly well as Melissa Bedott, and Miss Emily Lascelle is a charming Dotty. Of the comedy itself nothing need be said here. It scored an immense success upon first presentation in St. Louis. Petroleum V. Nasby perfected a remarkable dramatization in the Widow Bedott. Haverly's company will hold the boards at the Opera House, presenting the Widow throughout the week."
