

FUNERAL OF MRS. JEFF. DAVIS

Body Borne to Church Immediately After Arrival of the Train.

MET BY LT. GOV. J. T. ELLISON.

Taps Sounded by Bugler Who Sounded Them Over Husband and Daughter.

Richmond, Va., Oct. 19.—Mrs. Jefferson Davis, widow of the president of the confederacy, was today laid to rest in Hollywood cemetery, where rests the body of her distinguished husband.

The train bearing the body of Mrs. Davis arrived this morning and was met at Elba, an up-town station, by Lieut.-Gov. J. Taylor Ellison. The members of the Davis family present were Mr. and Mrs. J. Addison Hayes, Mr. and Mrs. Webb, Miss Hayes and Mr. and Mrs. Webb. A detail from the New York corps of Confederate Veterans acted as honorary guard.

From Ford street details from the local corps of Confederate Veterans escorted the body to St. Paul's Episcopal church. There the body of the late Mrs. Davis was placed in the auditorium, and flowers were placed around the casket.

At 3 o'clock the casket was taken into the body of the church, which was packed with people. The funeral services were conducted by Rev. Robert W. Parry, rector of the church, assisted by Rev. Dr. J. William Jones, chaplain general of the Confederate Veterans, and Rev. Dr. J. W. Tuder and Rev. A. A. Seagle. The services were of the simplest character.

The procession to Hollywood cemetery was made up of the local battalion of the Seventeenth, the company from the Virginia volunteers, the company from the Richmond light infantry, and the Richmond Howitzers, local and visiting camps of Confederate Veterans and chapters of the United Confederate Veterans. There were representatives in line from most of the states which made up the confederacy.

At the head of the procession, Stephen D. Lee of Mississippi, in civilian garb, as chief marshal of the parade. Rain fell almost constantly. The whole route of the procession was lined with people who stood under umbrellas.

At the cemetery there was another large gathering of people. The brief services were conducted by Rev. Parry and Rev. Dr. Seagle. The Howitzers fired an artillery salute and two companies of the infantry fired three volleys over the grave. Condolences among the magnificent floral offerings at the funeral was one from President Roosevelt. This of the ceremony was placed at the base of the monument over the grave of President Davis. Mrs. Davis' resting place is in the cemetery of the city of Washington.

Taps were sounded by Bugler Corradi, of the Richmond Howitzers, who performed a similar service for President Davis and Miss Winnie Davis.

RICH SILK HOSE

Imported for Use in Prelates at Religious Festivals Are Not Durable.

New York, Oct. 20.—Right Rev. Thomas J. Conaty, bishop of Los Angeles, was a tariff appeal yesterday when the board of United States general appraisers decided that rich silk hose imported for the use of prelates at solemn religious functions are regalia and not durable.

While the bishop was in Rome some months ago he bought red and purple

CHARCOAL KILLS BAD BREATH.

Bad Odor of Indigestion, Smoking, Drinking or Eating Can be Instantly Stopped.

Sample Package Mailed Free.

Other people notice your breath where you would not notice it at all. It is nauseating to other people. It is bad before them and while you are talking, give them a whiff of two of your bad breath. It usually comes from food fermenting in your stomach. Sometimes you have it in the morning, what awful sour, bilious, bad breath. You can stop that at once by swallowing one or two Stuart's Charcoal Lozenges, the most powerful and odorless absorbents ever prepared.

Sometimes your meals will reveal themselves in your breath to those who talk with you. "You've had onions," "You've been eating cabbage," and all of a sudden you belch in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart's Charcoal Lozenges are so quick to stop all bad odors and odors of odorous foods, or gas from indigestion.

Bad breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's Charcoal Lozenges are the first place to stop for good all sorts of bad odors, fresh and sweet, just after you've eaten. Then no one will turn his face away from you when you breathe or talk. And besides your food will taste much better to you at your next meal.

Charcoal does other wonderful things. It carries away from your stomach and intestines, all the impurities that are massed together and which cause bad breath. Charcoal is a purifier as well as an absorbent. Charcoal is now by far the best, most safe and mild laxative known. A more you take the better. Stuart's Charcoal Lozenges are made of pure Stuart's charcoal and mixed with just a touch of honey to make them pleasant for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. These three things are the result of good health and long life. You can get all the charcoal necessary things by getting Stuart's Charcoal Lozenges. We want you to test these wonderful workers yourself before you buy them. So send us your full name and address for a free sample of Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a box of them. You'll feel better and more comfortable, and "clean" inside.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: P. A. Stuart Co., 50 Stuart Bldg., Malden, Mass.

GAINED 34 POUNDS

PERSISTENT ANAEMIA CURED BY DR. WILLIAMS' PINK PILLS.

Doctor Recommended Them After Other Remedies Failed and Patient Recovered.

"When I began taking Dr. Williams' Pink Pills," says Mrs. Nathaniel Field, of St. Albans, Vermont county, Maine, "I was the palest, most bloodless person you could imagine. My tongue and gums were colorless and my fingers and ears were white. I had two doctors and they pronounced my trouble anaemia. I think the disease had been coming on for three years. I was in bed most of the time for two months, July and August, 1905, only sitting up to have my bed made and to rest my back. I had spells of vomiting, could not eat, in fact, did not dare to eat such distress after eating. My stomach was filled with gas which caused me awful agony.

"The backache I suffered was at times almost unbearable and the least exertion made my heart beat so fast that I could hardly breathe. But the worst of all was the splitting neuralgic headache which never left me for seven weeks.

"About the last of August Dr. Williams' Pink Pills were recommended to me by Dr. J. H. Murphy, of Dexter, Me., and I gave them a trial. About this time I had had several numb spells. My limbs would be cold and without any feeling and the most distressing sensations would come over me.

"Nothing had helped me until I began taking Dr. Williams' Pink Pills. In fact, I had grown worse every day. After I had taken the pills a short time I could see that they were benefiting me and one morning I awoke entirely free from pain. The distress after eating disappeared and in three weeks I could eat anything I wanted and suffered no inconvenience. I also slept soundly. I have taken several boxes of the pills and have gained in weight from 120 to 154 pounds and am perfectly well now.

"Dr. Williams' Pink Pills cure anaemia and all anemic conditions because they actually make new blood. For rheumatism, indigestion, nervous debility, general weakness, nervousness and debility Dr. Williams' Pink Pills are recommended even if ordinary remedies have been tried without relief.

"These pills are sold by all druggists, or will be sent postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

hose to conform with the colors of his vestments worn at certain ceremonies. The hose were shipped to Los Angeles direct, where the collector of customs decided that the articles must stand a 60 per cent duty under the provision in the tariff for silkwearing apparel.

The action of the collector is reversed.

MEXICAN REVOLUTIONISTS.

El Paso Police Make a Raid on Their Headquarters.

El Paso, Tex., Oct. 20.—Acting in conjunction with Mexican Consul Mallen, the El Paso police last night made a raid on the local junta of the alleged Mexican revolutionists. Pedro Gonzalez was the only man arrested here. Simultaneously with the raid on the American side of the line, the police of Juarez raided several well known quarters in that city where the revolutionists were thought to meet. Fifteen men were arrested. Documents were secured in El Paso showing connection of the local organizations with those of St. Louis, Douglas, Del Rio, Laredo and Eagle Pass. The raid on the Del Rio organization during the early part of the week led to the raid here.

THE MINING CONGRESS.

Elects Old Board of Directors and Adjourns.

Denver, Colo., Oct. 19.—The ninth annual session of the American Mining Congress came to an end this afternoon with the announcement by the board of directors of the re-election of the old officers as follows:

J. H. Richards of Boise, president. Thomas A. King of San Francisco, first vice president.

E. R. Buckley of Rolla, Mo., second vice president. A. Colburn of Colorado Springs, third vice president.

President Richards stated that the board of directors had met and organized and had appointed the following committee to raise \$50,000 to bring before the Congress of the United States the matter of establishing a national department of mines and mining: John Dorn of Utah, Thomas Ewing of California, E. A. Colburn of Colorado, J. W. E. Dorey of Colorado, and Dr. E. R. Buckley of Missouri.

Tonight a large number of the members of the congress left for Cripple Creek, where tomorrow will be spent in examining the mines of that district.

BURGOMASTER RESIGNS.

Couldn't Stand to be Joked About the Bogus Army Captain.

New York, Oct. 20.—Cable advices from Berlin received here state that Herr Langenhans, the burgomaster of Copenhagen, has resigned owing to the number of anonymous and sarcastic letters he has been receiving about his adventure with the bogus army captain, who arrested him and sent him to Berlin, while he remained behind to clean out the town of the military ash won the impostor has been found in a field near Berlin.

FRESH LAID EGGS.

Scientific Experts Say May Contain Germs of Disease.

New York, Oct. 20.—According to information communicated to produce men in this city by the scientific experts of the department of agriculture, even the freshest eggs may, under certain conditions, cause illness, and even some bacterial disease or some parasite. "It is possible," says Wilson, "for an egg to become infected with micro-organisms either before it is laid or after. The shell is porous and offers no greater resistance to micro-organisms which cause disease than it does to those which cause the egg to spoil. When the infected egg is eaten raw the micro-organisms, if present, are communicated to man, and may cause disease."

N. Y. WATER SUPPLY.

Mayor McClellan Says People Do Not Realize Its Importance.

New York, Oct. 20.—Mayor McClellan returned to the city hall yesterday after an inspection of the route over which the viaducts and tunnels for the additional water supplies from the Catskills will be built.

"The people of this city," he said, "do not realize the importance of the project which the municipality has taken in hand to increase its water supply. It is a task even greater than that of building the Panama canal. Imagine, for instance, the building of a reservoir 13 miles long and two miles wide and in some places 160 feet and then providing for the carrying of the stored water a distance of 100 miles. The project is a tremendous one."

FIRST FOOTBALL IS PLAYED TODAY

Ogden and All Hallows in a Game At Cummings Field.

BOTH WANT CHAMPIONSHIP.

Apparent Backwardness of Red and Black Players Leaves Room to Hope for the Honor.

To Utah football enthusiasts, accustomed to seeing the local field alive with enthusiasm and favoring team action, this football season opens in an unprecedented manner. This afternoon at Cummings field, two teams are battling for honor, and neither of them represents the forces which have always been accustomed to sweep the boards clean. The kind of football Utah rooters have learned to expect will not be seen this year till late in the fall, after the home team of the "U" returns from a season abroad. When the Salt Lake High School will get into action is doubtful. The team to date hasn't shown much of a flurry, and it is probable that its decade of unbroken victories has been considered sufficient to hold them for a little while.

The game today is between Ogden High School and All Hallows. Ogden has been working hard, but has never yet shown form that would class it with the Red and Black boys, and this is also true of All Hallows, who have the advantage, however, of putting up a severe season early.

Both teams go into the game today in the Ogden wants the game because it hoped the championship will go up there this year, and All Hallows wants it for the same reason. All Hallows started out from the beginning with a strong bid for the honor, and perhaps is the more aggressive in seeking it.

A special train brings the Ogden contingent down, and the All Hallows contingent was astray early this morning whooping things up for the time. One of the first things seen at the meeting in Denver, U. and ought to bring home a victory, unless the team is overwhelmed by the weight of the opposition. The game is being put on a defensive proposition.

BOISE RACE RESULTS.

Boise, Ida., Oct. 19.—Summary of the races:

First race, free for all trot or pace, mile heats, purse \$100.—Overton, A. Valentine second, Happy Hoolligan third. Best time—2:18.

Second race, three furlongs, purse \$100.—Black first, Amasa second, Belle Kinney third. Time—3:34.

Third race, five furlongs, selling three-year-olds and under, purse \$100.—Canopus first, Susie Grege second, Saloon third. Time—1:43.

Fourth race, five and a half furlongs, all ages, purse \$200, selling—Queen Court first, Flourish second, Effervescence third. Time—1:39.

Fifth race, mile and twenty yards, four-year-olds and up, selling, purse \$300.—Canova first, Baldo second, Fonde third. Time—2:18.

Sixth race, seven furlongs, all ages, purse \$200.—Burelette first, Mishore second, Florence Fonce third. Time—1:51.

FOOTBALL SCORES.

Missoula, Mont., Oct. 19.—Washington State college, 5; Montana university, 6.

DEBUTALIZED FOOTBALL TALK

Many people who have seen the new brand of football say it looks something like the brutal kind. You can't expect old players to be entirely new.

Stagg's men have successfully mastered the A B C's of the new game and are now engaged on the remainder of the alphabet. The maroons may get through to Z without a skip, but we have seen some Chicago teams that never got beyond J.

Coach Stagg starts the season with a big advantage. Almost everything that the exceptions are men who have had a chance in the world to make the team.

We hope the University of Chicago scribbles will not be denied the privilege of running the annual story about practise by electric light with a phosphorescent ball. This always makes one feel that something tremendous is about to be pulled off.

Harvard and Pennsylvania already have sullied goal lines. That seems to be the brutal part of the open game.

Yost's men are counting a point a minute against the scrubs. You might take this to be an encouraging sign, but it's always lamentable to have a weak scrub team, according to the bear point of view.

A Weak Heart

Seldom gets strong again without help. Awake or asleep, it never stops, and consequently has no period of rest or relaxation in which to regain lost vigor. You should avoid exertion, excitement and worry as much as possible, to relax the strain, and take Dr. Miles' Heart Cure, which is a heart tonic, to strengthen and restore vigor to the heart nerves and muscles. The symptoms of a weak heart are shortness of breath, palpitation, feeble or too rapid pulse, hungry spells, hot flashes, dizziness, smothering spells, pain in heart or side, etc.

"I had been treated for heart disease by different physicians without improvement. Finally my doctor informed me that there was little hope of my ever being able to do a day's work again. About that time a gentleman called upon me, and said, 'I have of your condition, and have come to tell you that Dr. Miles' Heart Cure saved my life, and want you to try it.' I did so, and after a week or so I went to my physician and told him I had been taking Dr. Miles' Heart Cure. He examined me and said, 'God bless Miles' Heart Cure, it has made you better. I am now able to do my work, and I am now well, having fully regained my health by the use of this medicine.'"

R. R. LANSING, Rensselaer, N. Y.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

THOMAS LIPTON TO BUILD YACHT

Plans Will be British and it Will Be Constructed in Canada.

FOR CHICAGO HARBOR RACES.

Yacht Club Will Pull Them Off Next Summer for a Cup Given by Sir Thomas.

Chicago, Oct. 20.—Sir Thomas Lipton will build a 24-foot racing yacht and enter the annual races of the Columbia Yacht club next year for the trophy given by himself.

For some time pressure has been brought to bear on Sir Thomas to have him build a boat for the races in the Chicago harbor, but not until yesterday did the donor of the Lipton cup give his final answer. The English baronet made known his decision after a conference with a committee from the Columbia Yacht club.

Sir Thomas will at a probability come to Chicago to see the races sailed next year.

"In fact," he said, "I don't know but I may sail on my own boat in the race. It should like to try this fresh water sailing."

YALE'S CHANCES.

They Look Good to Defenders of the Blue on Golf Links.

Garden City, L. I., Oct. 19.—There is no chance of Yale's winning either of the honors in this year's intercollegiate golf championship tournament, which began last Tuesday on the links of the Garden City Golf club. Yale's team of six men won last year and duplicated the victory last Wednesday when they won against Princeton. Today the semifinal round brought about an unexpected result, as Robert Abbott of Yale, last year's champion, was beaten by W. E. Clow, Jr., a New Haven collegian, after a hard match, the champion being one stroke after nineteen holes had been played.

The other semifinal match, that between Dwight Partridge, Yale, and Dwyer H. Barrows, Princeton, was won by Partridge by one up.

The round of thirty-six holes match play will be decided tomorrow between Clow and Partridge.

AFTER RACE TRACKS.

Somebody Trying to Burn the Buildings of Two California Tracks.

San Francisco, Oct. 19.—Officials of the New California Jockey club, owners of the race tracks at Santa Anita and Turfway, believe that incendiary attempts upon buildings are responsible for three fires that have recently been discovered in the city. The first fire was at the California Jockey club, which was found to be a section of the grand stand which is seldom occupied. Private detective agencies have been employed to guard the property and prevent future fires.

CHINESE FOOTBALL VERY INTERESTING.

Chinamen are generally not credited with being quick to accept innovations so that when it is said that northern China boasts of several football teams a good deal of surprise will be evinced. Yet football is no new game among the Celestials, at least among those of them who inhabit northern China, and has been in existence a number of years.

Of course, the game is not played exactly according to intercollegiate rules and a basket, or something which looks like one, replaces the modern football. The Chinamen, besides, have no goals, and the gridiron is replaced by the streets of the town, in which the deadly combat is waged with 50 sturdy Celestials on a side.

There is not a man among them, however, who is not six feet high, and some of them are three inches taller, while their average weight is about 200 pounds. The men who form the team are inhabitants of northern China and are typical of the race of good players produced in that part of the world.

Lined up against them the knights of the gridiron of Pennsylvania or Harvard would appear as a team of pig-boys, and the Chinese game would give the collegians a battle royal if they could be induced to appear on an American football field. A club with a collective weight of 2,000 pounds could carry over them before it.

The main idea in the Chinese game of football, as in the American, is to carry the wickerwork basket into the opponents' end of the town, and it is often done by stealth as well as by brute force. There are no 20-minute halves, but the game is continued until one side accomplishes its purpose, and often lasts for days.

The hundred combatants are scattered over the town, and are each provided with whistles, which they blow in order to bring assistance. When a scrimmage occurs the Chinamen give vent to their feelings in the most peculiar noises, frequently shrieking with delight. Their yells of triumph, which resound through the town when the ball is discovered, are likened by one who has heard them to the "plaintive cry of a pig that has been scared." The cheering is generally done with the hands.

The only precaution taken by them on the football field is for the preservation of their pigtales, which are cared for as though they were worth a thousand times their value. With this exception they throw caution to the winds and devote themselves with all their strength to the play.

PACIFIC COAST.

Oakland, Cal., Oct. 19.—Bunched hitting by Seattle won the game from Oakland today by a score of 9 to 2. Graham was batted from fourteen hits. Blankenship led the team with four hits, two doubles, a triple and a single. Five double plays marked the fielding of both teams.

Score: R. H. E.
Seattle..... 9 14 1
Oakland..... 2 15 4
Batteries—Jones and Blankenship Graham and Hackett.

Los Angeles, Oct. 19.—Portland took today's game by outbattling the locals. Brashear figured in two fast double plays. In the second inning Manager McCreedy of the Portlanders was put out of the grounds for abusive conduct incidental to a disputed decision.

Score: R. H. E.
Los Angeles..... 4 8 1
Portland..... 1 15 4
Batteries—Bergeman and Eager; Schmitt and Carson.

Umpire—Mahaffey.

Fresno, Oct. 19.—Today's game between Fresno and San Francisco was called by Umpire-Perrine at the end of the seventh inning on account of a terrific sandstorm, which filled the eyes of the players with dirt and drove the few spectators who had braved the elements from the grounds. The Seals won by their ability to keep the dirt out of their eyes.

Score: R. H. E.
San Francisco..... 4 8 1
Fresno..... 1 15 4
Batteries—Vrown and Spies; Hoag and Hogan.

Genuine Navajo Blankets Just Arrived. Fine line. Z. C. M. L. Carpet Dept.

ROSEBEN MAY GO AGAINST RECORD

Weather and Track Permitting, David Johnson's Crack Sprinter Will Race Today.

New York, Oct. 20.—Weather and track permitting, David Johnson's crack sprinter, Roseben, will have a race with Father Time at Belmont Park today. Roseben will try to smash Salvo's mile record at 1:53 1/2, a record that has stood for 11 years.

This effort of Roseben is easily the turf feature of the year. It will be the first time since 1890 that a horse will race over a metropolitan course with only time to compete against. In all other struggles horses have been pitted against each other. Roseben's effort on Tuesday, when he established a world's record for seven furlongs 1:23, was not prearranged, and it was only by chance, through the withdrawal of every horse entered against him except Roseben, that he was raced against the stop watch of Official Timekeeper, W. H. Barretto.

Roseben, if he makes the effort, will be ridden by Jockey Shaw, and will carry 110 pounds. He will be paced by three horses.

Rain fell last night, but not in any great quantity. The weather was cloudy and threatening early today.

LEWIS DEFEATS DOUGHERTY.

Milwaukee, Oct. 19.—Harry Lewis of Philadelphia got the decision over Jack Dougherty of this city in a ten-round bout before the Milwaukee Boxing club tonight. Dougherty was floored twice, once in the fourth round and again in the seventh.

ECZEMA AND FEVERISH-ITCHING INTENSE

Eczeema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczeema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fred skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.
