

Idaho News From Her Main Cities and Towns.

NEWS OF WEEK FROM BOISE CITY

Shortage of Coal at Idaho's Capital Causes Grave Apprehension Among Citizens.

FRANK W. HUNT LAID TO REST.

Remains Laid in State at the Capitol—Officers Closed Under Proclamation by the Governor.

Special Correspondence.

BOISE Idaho, Nov. 29.—The beautiful winter weather that has been the means of creating so many expressions of delight, has at last been broken by a cold wave that is causing no little anxiety from the fact that a shortage of coal is apparent, without any indications of a relief and it is feared by many that there will be much suffering here as well as elsewhere on account of this much needed article during cold weather.

W. F. Drueel, of the firm of Drueel & Franken of Salt Lake City is in town, taking an inventory of the Overland Pharmacy. It is understood that this business will be taken over by them and will be conducted in the future under their able management.

Hon. J. E. Hunt, representative elect from Bannock county and speaker of the house of representatives for the past two terms, was a visitor in the capital last week, to attend the meeting here of the board of trustees of the state industrial school. And while here he frankly admitted his intention of being a candidate for the former position, which he has filled with credit both to himself and the people of the state. He returned to his home Friday evening after having rented a house at No. 407 Bannock street, and will move in December 1. He is making this move to give his children an opportunity to attend the public schools here and will remain a resident of Boise until June next.

STATE OFFICERS BUSY.

A visit to the capitol building will present an interesting sight as the state officers have settled down after the election and all are busy preparing their biennial reports. While a number of those who have been occupying the second and third floors are moving to the old central school building in order that those floors might be made ready for the ninth session of the legislature. In conversation with State Auditor Bragaw, who made the statement, that for the first time since the state was admitted his report would be ready in compliance with law, by the first day of December, and in the preparing and getting of the report, no little amount of credit is due his deputy, Mr. Geo. W. Lewis, for the efficient and assiduous way in which he has assisted in making the record of the auditor's office for the past two years a very successful one.

FUNERAL OF F. W. HUNT.

The body of ex-Gov. Frank W. Hunt arrived in Boise yesterday at 5:25, about two hours later than it was expected. It was accompanied from Goldfield by W. C. Dewey of Nampa, who gave it in charge there to Knight Templars E. L. Luggert, James Stephenson and Joseph Pinkham of this city, who went to Nampa on the special train with Governor Gooding and his staff.

The casket in which the remains rested was taken from the box at the depot and placed in a hearse, and taken to the undertaking parlors of N. C. Hlatt & Co., on Main street, followed by a large number of friends of the deceased. The body will be kept at the undertaking parlors until tomorrow morning at 10 o'clock, when it will be taken to the statehouse where it will lie in state in the rotunda until 2 o'clock.

While the body is at the statehouse a detail of soldiers from the fort will stand guard.

At 2 o'clock the corps will be escorted to St. Michael's cathedral where Rev. Dean Henke will conduct services and a part of the Knight Templars service will be pronounced which will be completed at the grave.

Governor Gooding has issued a proclamation that all offices in the state

house shall be closed Friday, Nov. 30, in honor of the deceased, and as many of the state officers and employees will be expected to attend the services as possible.

THANKSGIVING SERVICES.

Thanksgiving services were held in nearly all churches in Boise and programs suitable to the occasion carried out.

At the Latter-day Saints chapel the following program was carried out:

Opening prayer, Elder E. L. Ball, Duet, Millie and Alfred Broadway, Address, Geo. W. Lewis, Recitation, Mrs. Rees.

Drill by the Primary Sunday school class.

Song by Lettie Moss, Recitation Emma Moss, Solo, Elder W. A. Croft.

Musical selection, Miss Bell Smith and Martha Moore, Duet, Mr. and Mrs. Plant, Instrumental selection, George Stoll, Recitation, Master Lockery.

Duet, Mr. and Mrs. Geo. W. Lewis, Recitation, Nellie Plant.

After the program, lunch was served under the auspices of the Relief Society.

FRANKLIN ASKED FOR COAL AND RECEIVED DUST.

Special Correspondence.

FRANKLIN, Ida., Nov. 29.—In the face of the prevailing cold weather and the snow on the ground the arrival of a couple of carloads of coal this week has been more than welcome. One of the carloads looked like coal all right but upon investigation proved to be mainly composed of shuck, dirt and rock, evidently the scrapings.

During the past week there have been several arrivals here, among them being a boy at the home of Mr. and Mrs. Hyrum Hatch and a young blacksmith in embryo at the dwelling of David Nash and wife.

For three days this place was without water supply owing to troubles with the main line. Hyrum Morrison who recently went to the Lewiston Sugar factory to work returned home with a well developed case of smallpox.

FOLLOWING THE FLAG.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine for the world for coughs, colds, bronchitis, troubles and all lung diseases." Guaranteed at Z. C. M. I. Drug Dept., 112-114 S. Main St., druggist. Price 50c and \$1.00. Trial bottle free.

BURLEY GETS SOME COAL IN TIME FOR COLD SNAP.

Special Correspondence.

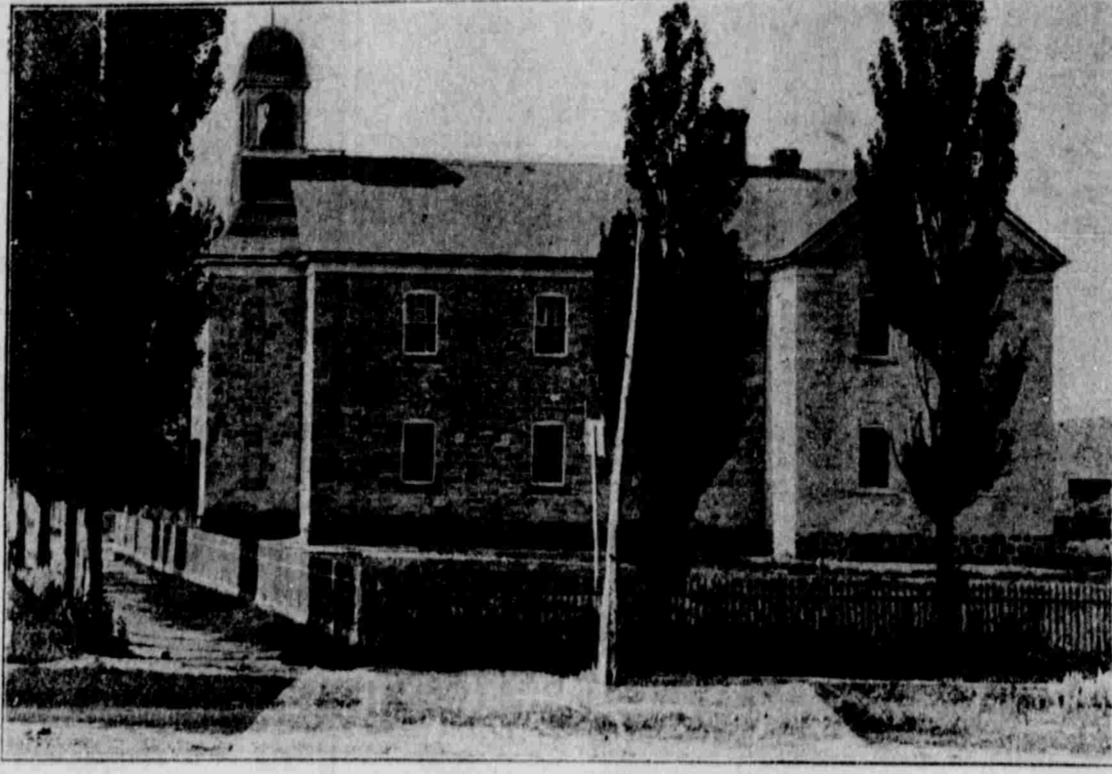

BURLEY, Ida., Nov. 29.—The coal famine seems to be broken, at least Burley hopes so, for last week a car of coal consigned to one of the local dealers was left here, but each party was only allowed 500 pounds. Through the kindness of Spet, Olinette a car of company coal was directed here on Monday and was given the proper attention so that each one is supplied for a while at least.

Thanksgiving services were held in the morning at the L. D. S. Church under the auspices of the bishopric. In the afternoon a children's dance was given at the opera house under the management of the Sunday school officers.

The 7-year-old son of Mr. Ashcraft of this place met with a peculiar accident yesterday at school. The little fellow, through some cause or other slipped and fell striking the back of his head on the ground. He jumped and went into school, his teacher noticing blood trickling down examined his head and observed a severe gash in his head almost exposing the brain. He was sent home and had the wound dressed.

Water was turned into the main canal of the Mindoka project last Friday. There was no celebration attending the event. Supervising Engineer Ross was the master of ceremonies and those present were engineers Matthes, King and Gilbert.

Since that time water has been flowing steadily into the canal. The water was turned in at this time for the purpose of puddling the drops, bridges and other structural work and a gang of men is now engaged on this duty. Only a small

CASSIA STAKE ACADEMY.

MRS. JAS. H. BRADY IS LAID TO REST

Impressive Funeral Services Over Casket Held in Pocatello This Week.

"DEAD MAN" COMES TO TOWN.

Story of Shooting of an Alleged Elk Poacher in Jackson's Hole Proves a Canard.

Special Correspondence.

POCATELLO, Nov. 30.—The remains of Mrs. James H. Brady, wife of Chairman Brady of the Republican state central committee, arrived Saturday noon from Portland, Or., where she died on the 22nd inst. of heart failure. Mrs. Laura Mae Brady was a young woman in her thirty-second year and was born in West Virginia. The remains were interred in the Masonic cemetery here. The funeral was held Sunday at 2 p. m. in the Congregational church, there was a large turnout. Among the out of town visitors were Gov. Gooding and Hon. Joseph Pinkham of Boise, L. E. Cramer of Hailey, Editor W. E. Wheeler and Ralph Edmunds of Idaho Falls, and Hon. J. Frank Hunt of Swan Lake. Telegrams of condolence were received from all over the great northwest. Rev. F. E. Whitman delivered the funeral oration. Miss Sarah Van

Wormer performed at the organ, and rendered two impressive dirges. The choir sang first "Nearer My God, to Thee." Rev. Whitman discoursed in an eloquent manner on immortality, and said in part that man is much like a flower that needs more than one season to come into perfect development. Mrs. J. C. Wheeler sang a solo "O Love Divine." The service closed by the choir singing President McKinley's favorite hymn, "Lead Kindly Light."

The body laid in state at the residence, 541 north Main, till 1:30 Sunday, and a host of friends brought many and beautiful floral offerings. All the fraternal orders to which Mr. Brady had belonged presented special funeral designs, as did also the Woman's Study League, of which the deceased was a member.

SPORTY PLUMBER.

J. A. Stanley, the plumber, is again in the clutches of the law, the third time this month; he was arrested last Thursday and charged with running a gambling house and selling whisky without a license. He was placed under \$100 bonds to appear for trial next week.

A public entertainment was given Friday evening in the Auditorium for the benefit of the Pocatello hospital fund. The program consisted of concert and orchestra music, solos, recitations, drills, etc.; the whole affair was a most happy success.

A pretty wedding occurred Saturday morning at the home of Mr. and Mrs. William S. McCarty, when Miss Hazel Ramsey of Idaho Falls was united in marriage to Morris Burns by Rev. C. E. Whitman of the Congregational church. The groom is a popular prescription clerk, and the bride is a daughter of Mr. and Mrs. J. F. Ramsey of Idaho Falls.

VERY MUCH ALIVE.

An Associated Press dispatch of about three weeks ago announced a killing in the Jackson's hole basin, wherein one Charles Isabell, alleged leader of a gang of tusk hunters, was killed. This however, now turns out to be not true. Mr. Isabell has lately been visiting Phil Ferguson at Inkom, 10 miles south of here, and incidentally called Mr. William J. McCulley, the publisher of the Pocatello Advance, and to him he unbosomed himself freely. Isabell is an old hunter, scout and general mountaineer, and from his point of view he is a target for shafts of professional poachers, who would, if they could, kill the game and saddle the blame on him. He is also the government's star witness in some land fraud cases that soon are to be tried, and certain parties don't like him a bit.

Mrs. Eva Ward Gustavson, presented her husband, Ernest Gustavson, with twins, a son and daughter, last Friday night. The mother and babies are doing nicely. This is the first increase to this family.

YOUNG EDITOR IN TROUBLE.

William J. McCulley, publisher of the Pocatello Advance, was arrested

last Tuesday on the charge of libel preferred by County Atty. Gray on complaint of Robert J. Hayes. It is an echo of the recent election time when several offensive articles of a personal character appeared. The particularly offensive article here objected to was published on the 22nd inst. Mr. Culley was placed under \$500 bond. His sureties are Leander M. Hopson and James S. Campbell. The trial will be held in 10 days. Atty. D. Worth Clark has been engaged by the defense.

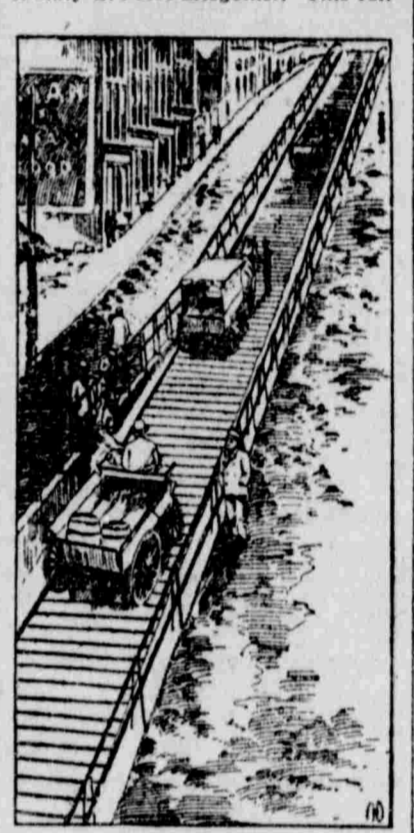

It is not generally believed that Mr. McCulley is the father of the offensive articles but rather that they emanated from political cronies who thought they had a right to vent their spleen through a partisan paper. Mr. McCulley is a very young man who took charge of the Advance about three months ago when Editor C. O. Brownson went to Boise to the Capital News.

REALTY DEAL.

North Main street is having a boom this winter. The Parrell building, on the first block north is half completed and the Gate City Furniture company is now comfortably installed in the finished north part. Yesterday the Franklin & Hays Breasing company bought the Office saloon property opposite, ground only, for \$10,000. It is 45x140 feet, included, however, in the purchase is an equitable interest in the south wall of the new brick building of George H. North, the latter will move into the new building in a few days. A brick and stone building will be erected on the site now purchased, Engineer George Flood was the owner of the Office saloon property.

A NOVEL ROLLING ELECTRIC ROADWAY.

The electrical roadway shown in the picture is in daily use at Cleveland, O., and it has been found to serve its purpose admirably. It is built up a steep incline 420 feet in length, having a rise of sixty-five feet altogether. This rolling roadway will accommodate 600 heavily loaded vehicles daily and has been such a success from the start that others will be built in the immediate vicinity. Many other towns, too, are preparing to introduce the novelty.

ing roadway will accommodate 600 heavily loaded vehicles daily and has been such a success from the start that others will be built in the immediate vicinity. Many other towns, too, are preparing to introduce the novelty.

BRIDGE.

Bridge, it would appear, is not quite so modern a game as has been supposed. A writer in the London Saturday Review mentions a letter he has received in which it is stated that the game was played as far back as the seventies by the Greek colony in Manchester.

WHEN TO GO HOME.

From the Hurffon, Ind. Banner: "When tired out go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformer go home and let your family get acquainted with the fact. When you want to show yourself at your best, go home and do the set there. When you feel like being extra liberal, go home and practice on your wife and children first. When you want to shine with extra brilliancy, go home and light up the whole household." To which we would add, when you have a bad cold, go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.

Cold Wintry Weather Prevails With The Mercury Down to Three Degrees Below Zero.

Special Correspondence.

AKLEY, Cassia Co., Ida., Nov. 30.—Cold, wintry weather prevails in this section. The mercury has run down to 3 degrees below zero. This is 2 degrees colder than was registered last winter.

Your correspondent made a visit to the Cassia Stake academy on Wednesday last, and inspected the special educational advantages the Church is offering to all her young people.

Through the church departments of education and the generous support of schools, they are able to have at home an educational institution that in no field, is hardly surpassed, not even by the high school departments of other Church colleges and universities.

The academy building is not pretentious nor entirely modern in all respects, yet it is commodious, neat, comfortable and presents within a very attractive appearance, due to its tasteful, something, papering, painting, graining, etc. that it has recently undergone. It is a fit place for the spirit of God to enter.

There is this year a most excellent corps of instructors, who are not only eminently qualified scholastically, but are spiritually fitted for their important positions. They are six in number. Prof. A. M. Merrill, formerly of Durham, Utah, principal; Prof. Geo. Durham Parowan, Utah, instructor in music; Mrs. Laura Squires Riggs Salt Lake City, Utah, in structure in history, geography and language; Mrs. Laura Pearl Adams, Parowan, instructor in elocution, physical culture and domestic science; Parker Richards Carey, Idaho, instructor in drawing and manual training; Miss Ida Loveland, Albion, Idaho, principal of preparatory school.

On the morning of the visit, the first year normals were giving a reading and elocutionary program, and in the afternoon an interesting exercises followed. The selections were of high order, and were rendered in a very pleasing way. They certainly reflect great credit upon the instructor, Mr. Adams, who, as a young teacher, has few superiors in his line. The music part of the program, too, as furnished by Prof. Durham and his students was artistic and reflects great credit upon the musical department of the school.

In the manual training department there is a splendid equipment in the way of tools, workbenches, etc., and any amount of little devices and appliances that have been carefully wrought out by the pupils. There were about 15 boys working at the benches and all seemed thoroughly interested in their work.

In the ladies' department was a whole battery of the fair ones comfortably seated in their cozy sewing room by their machines and drafting tables wholly absorbed in the pleasing and enjoyable labors of cutting, drafting, stitching, sewing, etc. Just then the bell rang, and they put away their work prior to indulging in physical culture in the commodious dancing hall, and when they resumed their exercises in their blooming gymnasium suits they looked as if somewhat grotesque, but when they were lined up all inclining to the vanishes before the great impulse of the moment, which was one of admiration. As they went through the exercises your correspondent could not wish that every daughter of God could daily enjoy such exercises for they not only give grace and beauty but what is better than either or both, vigor and vitality.

BARTON'S DECEMBER SALE!

Our Great Sales are the biggest and most favorably known Clothing Events, that occur in the city. A whole army of our patrons and the public in general will be benefited by our December sale. PEOPLE HAVE CONFIDENCE IN THIS STORE AND KNOW THAT, WHEN WE OFFER REDUCTIONS, WE GIVE THEM. THEY KNOW, TOO, THAT OUR CLOTHES, HATS, AND FURNISHINGS ARE THE BEST TO BE HAD AT ANY TIME, AT ANY PRICE.
