# There is scarcely any one, no matter how vigorous and healthy, who does not need a tonic at this particular season. With the first sign of spring-time almost every one begins to feel bad. Some have no particular ailment, but are debilitated, run-down, weak, and their entire system is in a state of disorder. Little physical irregularities upset the perfect working of the blood, the appetite fails, digestion is poor, the energies are depressed, and other unpleasant symptoms give warning that the physical machinery is "out of gear" and needs some healthful, stimulating assistance to build it up to normal, and perhaps ward off some serious sickness or ailment. This disturbed and disor-I bave used S.S. S. and found it to be an excellent blood purifier and tonic. My blood was weak and impure, and as a result my system became very much run-down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in bad shape. Seeing S.S. S. advertised I began its use, and am well pleased with the result after using it for some little while. From 189 pounds to 185 is pretty good evidence of merit on the part of S.S. S. and as to my appetite, it is superb. My system and general health have been wonderfully built up, and I do not hesitate to give S.S. S. the credit for it. SO Second Street, Warren, Ohio. result of impure accumulations in the system due to an inactive winter life. The bodily waste and refuse matter is not properly expelled in cold weather, because those members whose duty it is to perform this work of drainage do not receive sufficient stimulation from out-door bodily exercise; they therefore become dull and B. MABILE.

Last Spring I was greatly rundown in health and had lest a great deal of feah. Being a horse-shoer, the work is hard and the hours are long, which pulled me down and put main bad shape. Lasked my druggist what I should use and he advised S. S. I bought a bottle and before I unished it I noticed a charge for the better. I took a good course and my health was restored to its normal condition. The remedy gave me rich, pure blood, a fine appetite, and I regalned the fiesh I had lont. It is undoubtedly a great blood purifier and tonic and has my hearty endorsement. GEO. W. McKRETH.
