# GOLDFIELD ROAD'S FIRST SHIPMENTS.

Nearly Five Hundred Tons Averaging \$225 Per Ton Handled During Past Week.

#### TREMENDOUS TONNAGE ON HAND

Strikes in the Red Top and Jumbo Attract Attention - Sale of The Buzzard.

Special Correspondence.

Goldfield, Nev., Sept. 25.-Notwithstanding a lack of cars for the transportation of cres, a total of 492 tons, averaging in value \$325 to the ton, were shipped from Goldfield mines to the the ore shipments for the first month 660 feet, and shows 14 inches of the ore | may therefore be conservatively estimuted at \$422,800.

Things are moving in Goldfield. There a tremendous tonnage at all the mills are being applied for and granted. The pay-roll of the camp is growing rapidly, strikes are being chronicled with a frequency that presages a constant and substantial increase in the production of the district. An era of even more aggressive and prosperous mining and pusiness enterprise than marked the ventful first year of Goldfield's his-

Two strikes of immense important have just been reported. On the Red Top, a six-foot body of high grade chirring ore has been opened up at the 100-foot level that is said to average \$1,000 per ton. On the Jumbo, from three to four feet of rich sulphide ore has been broken into at the 350-foot level from which assays of \$4,200 and \$4,00 per ton in gold have been ob-tained.

In other localities of the district, also, more aggressive and confident tone is a more aggressive and configent tone is noted in mining operations. The con-summation of a deal involving the transfer of a controlling interest in the Bilzzard Mining company for \$75. 60c, lms just been made public. A strong syndicate of Goldfield operators has taken over the control and will push development with all energy. This insures the thorough exploration of the numerous ledges and dikes of quartz that traverse the eastern section of the Goldfield mineral belt. This region is now the center of activity among pros-pectors who are looking for good ground to leade, and scores of prospecting outfits are camped in the vicinity Eight leases have been asked for from the felizzard management, but for the

sent the company will do its own shipping high grade ore to the smelters is 23. The camp's dinner-bucket brigade numbers 1,100 men. By November 1, it is estimated 89 to 100 properties will to under active development. Shafts are now going down on over 69. Goldfield's greatest era of progress is just in the commencement.

### BUSINESS NOTES.

Today's local bank clearings amounted to \$794,132.85, as against \$438,289.46 for the same day last year.

The Zion's Savings Back & Trust company has exceeded the limit of \$4,000,000 in the amount of its deposits. This is exclusive of cashier's checks which sometimes are covered by de-posits, representing as they do, moneys payable to holders of such certificates. This fact is an indication of the good condition of that banking generally. It is also interesting to note that since the bank began business in 1873, over 43.000 savings accounts have been opened with it, representing deposits varying from one dollar to \$5.000 each.

Takes the burn out; heals the cound; cures the pain. Dr. Thomas Selectric Oil, the bousehold remedy.

#### PORTLAND FAIR RATES.

# FOOD EXPOSITION.

Forty Booths and Two Large Tents For the Show, Which is First Of its Kind Held Here.

Utahna park is a lively scene today, with mechanics hard at work getting the booths and exhibits into shape for the Pure Food exposition which opens tomorrow, and continues to October 7. The exhibits will be presented by 48 manufacturing erablishments including all the various lines of food manufactured by them, and got up it very attractive shape. One great exhibit now in position is by the Royal Baking Fowder company, and includes

Baking Fowder company, and includes 4,000 cans valued at \$5,800, arranged in the shape of a great beehlve.

The large building is 80x80 feet, and will have 40 booths of various sizes; and then there are two good sized tents cutside, which will hold quite a number of additional booths for the exhibits, and the management proposes to have one of the best expositions of the kind ever given in the west. The exposition is given under the auspices of the Retail Butchers & Grocers association of this city, and the object is to interest the public in the support of the movement by the trade in the purchase and sale of pure foods, and the elimination of adulterated goods from the markets of the city and state. The elimination of adulterated goods from the markets of the city and state. The pure food movement in this state has become popular, and the constant watch of the grocers and dealers generally for the detection of adulterations, aided by the stringent state law, is fast ridding Utah of impure foods. The foods on exhibition are guaranteed pure, and Manager A. A. Tremp says the state chemist is at liberty to come in and pick anything at random for analysis, and any citizen can scient any article he may believe impure, and upon his giving roasons, the article will upon his giving reasons, the article be analyzed. Mr. Tremp, the manage

be analyzed. Mr. Tremp, the manager, has been conducting successful food expositions in Kansas City. Des Moines and Denver, and after the Sait Lake show is closed will go to Los Angeles to conduct a similar one there.

Features of the fair will be special days for the different cities of the state. There will be telaphone facilities at the large building, where the Independent Telephone company is putting in a switchboard and exchange, so that conversations can be carried on from the fair building the same as out rom the fair building the same as out a town. During the exposition, the uildings will be closed daily between and 7 p. m. There will be a parade tomorrow ev-

ning through the principal streets of the city of the Butchers and Grocers issociation, as follows: Marshal of lay, plateon of police, band, carring butchers in uniform, delivery wage outchers in uniform, delivery wagons etc., all in seven divisions, under the direction of Messys, Dinnellan, Williar Wood, Jr., C. M. Lees, E. E. Rich, Ber Olsen, Bert Milan, Robert Morris.
