

PREST. TAFT AND VIRGINIAN HOST

Rep. Carlin Knew He Was on The "Water Wagon" but He Took No Chances.

HAD ALL KINDS OF DRINKS.

When President Asked for Cup of Hot Tea Was No Tea Nearer Than Corner Grocery.

Washington, May 4.—A story of President Taft's visit to the home of Representative Carlin at Alexandria, last Saturday has just leaked out.

The congressman is a hospitable Virginian, who had heard that the president was on the "water wagon," but took no chances. He is said to have had on ice plain and vintage champagne, red and white wines, whiskies, brandies, beer and malt beverages. Also he had sparkling and still waters, Jersey and Holstein buttermilk, ginger ale and sarsaparilla.

"Would you like some refreshment, Mr. Taft?" the host inquired.

"That hot ride has made me thirsty," said the president. "I would like something to drink."

"What can I serve you?" said Carlin, brightening up.

"I would like a cup of hot tea."

As the story is told, the climax came in the discovery that there was not a bit of tea nearer than the grocery store.

FRIAR LANDS.

NEPHRITIS.

What do physicians call kidney trouble?

Nephritis.

What does Nephritis mean?

Inflammation of the kidneys.

Is there any specific for inflammation of the kidneys?

Up to the discovery of Fulton's Renal Compound there was nothing known to physicians or pharmacists that would reduce Renal (kidney) inflammation.

What then have physicians given in chronic kidney disease?

Having nothing for Renal inflammation they gave up trying to reach the kidneys and considered it incurable as the books say, and treated the heart and other symptoms.

Then other than Fulton's Renal Compound there is no real kidney specific.

There is nothing else known that will reduce kidney inflammation in any of its stages, either first or last.

But many kidney troubled people recover?

Because it commonly gets well at first. But if it does not it passes into the second stage that was incurable up to the discovery of this compound, and that is the reason the kidney disease has not reached 170 per cent.

Kidney disease in both stages is now curable by this compound in about 87 per cent of all cases.

the decision of the Philippine supreme court.

The suit grew out of the sale to Rapido of 800 shares of stock of the Philippine Sugar Estates Development company which belonged to Mrs. Strong.

This company controlled the Dominican lands, and Rapido was the owner of the majority of the stock in the company as well as its managing director.

It's too bad to see people who go from day to day suffering with physical weakness, when Rocky Mountain Tea would strengthen them.

ADELE BOAS, 13-YEAR-OLD HEIRESS, BELIEVED TO HAVE BEEN STOLEN.

Five thousand dollars' reward has been offered by Arthur E. Boas, a wealthy thread manufacturer of New York, for a clue that will lead to the discovery of his 13-year-old daughter, Adele, who disappeared while shopping with her mother a few blocks from their home on April 23. Mr. Boas believes the girl was kidnaped. He has employed a large corps of detectives, who are working with the New York police on what is one of the most baffling disappearance cases of recent years. Adele Boas is an unusually pretty girl and rather larger than most girls of her age, being five feet eight inches in height and weighing 130 pounds. She has blue eyes and brown hair, and her complexion is very fair. She wore a blue serge suit and sailor hat when she disappeared.

WIRELESS DISPATCHES FROM NEW YORK TO CHICAGO.

The sending apparatus in the Chicago office early in the evening was not strong enough to carry the signals to New York, although Chicago was in easy touch from New York. After midnight messages were sent from Chicago, and resolved in New York and answers filed there and received again in Chicago within nine minutes.

TORE JEWELS FROM HER EARS.

CHURCH PUBLICITY.

Got it by Having Boy Rescue Another Boy in Fake Drowning.

St. Louis, May 4.—At the home coming night of the King's Highway Presbyterian church last night, the Rev. Dr. Columbus P. Goodson, of the Highland Park church, Chicago, former pastor here, told of a press agent story that won notice for the church several years ago. A young man, a member of the church, was drowned. The Rev. Dr. Goodson sought publicity for the church and at a picnic it was arranged that a boy rescue from drowning another youth. A boy was pushed into the water and saved. The scheme worked successfully and the church picnic got a first page scare head. The newspapers were told of the rescue, but at the time were not advised of the pre-arranged plans.

FIGHT OVER ESTATE OF DR. THOMAS W. EVANS

New York, May 4.—A fight over the estate of Dr. Thomas W. Evans, the famous dentist who assisted Empress Eugenie to escape from her palace in Paris at the time of the siege by the Prussians, attracted fully 75 lawyers to the supreme court yesterday to hear the arguments.

Dr. Evans, a native of Philadelphia, left about \$4,000,000 of which \$500,000 was to go to the heirs and relatives and the balance to found the Thomas W. Evans museum in Philadelphia, but the heirs objected and the matter was compromised by giving them an additional \$500,000.

This settlement was effected with all of the heirs except two, J. Roland Enos and Juliette C. Henderson, who have since died. The arguments were to aid in determining what amount should be paid to the estates of the two deceased heirs.
