- Engle buller

In all lition to the above goods, we sell the Peerless Reapers and Mowers, California Concord Harness, Bunalo Barbed Wire, also agreat variety of Farm and Garden Hand Implements, consisting of Rakes, Forks, Hoes, Lawn-Mowers, etc., etc.

The Mitchell Farm and Spring Wagons and Road Carts are manufactured expressly for the Utab, Idaho and Montana trade, of the erry hest insterial that money can buy and under the superintendency of **Henry Mit**-chell, a practical wagon manufacturer of over sity years experience. We perparautee that they are first class in all respects, and second to none in the market.

The Walter A Wood's Harvesting Machines are absolutely unequalled for strength. Durability, Easy Runniar and Simplicity. Read the following record of machines made and sold by the Wood Company i. e. 1880-27,063: 1881, 40,413, 1882, 44,226, 1883, 45,006; 1884, 48,5157 mothing but the superiority of the machines could possibly cause such extensive and constantly increasing sides. The above figures speak burder works of praise than anything we could possibly say. They have enhanced their ractory so as to be able to fill increased interactor for 1885. orders for 1885.

The Join Deere Plows have a world-wide reputation for excellence The fact that Deere a Co, have the *invest* steel plow manufactory in the work is sufficient guaranty of the supervisity of the goods they manufacture.

Russell & Co's Threshers, Eaglacs and Saw Mills, are fast takin, the lead, and in the near future will stand without a rival. A person that has ever used a Mussilion Taresher will never use any other. Every Machine we have sold has given the most perfect satisfaction.

The Gilpin Suiky Plow is the only single lever sufky plow made. The "Glipin" to-hir stands without a field for strength, lightness of draught, simplicity and quality of work. No person having any regard for horse flesh will purchase any other sufky plow after using the one-lever Gilpin.

The Gale Manufacturing Company spar, no expense to make their A dky liake superior to any in the narror. Call and evaluate their goods, an be convinced of the superiority of their flakes also of their Chilled Plows.
