OGDEN, Dec. 15.—In the sum of \$5 was forfeited in the case of M. Foy, charged with leaving a team standing without blankets or feed for several hours. The officers are determined to put a stop to the common practice of leaving the animals out in the cold.

Arthur Jenkins and George Riley were arraigned on the charge of drunkenness and each sentenced to five days in jail or a fine of \$5.

Frank Winfield, colored, was charged with stealing a bar of lead and a putty knife from Mrs. Walker, also colored. The court did not consider the testimony sufficient to convict Winfield, and he was ordered dismissed.

Sam Onelio, an Italian fruit vendor and second-hand dealer, was arraigned on the charge of receiving stolen property. The evidence showed that he had purchased several pairs of shoes from three youthful bar robbers, James and Charles Riley and Charles Jennings, but did not show that Onelio was aware of the fact that the shoes had been stolen. The court took the matter under advisement and the case was continued.

THEATRICAL RATES LOWERED.

OGDEN, Dec. 15.—The management of the Orpheum theater have decided to give the Ogden public the best class of vaudeville at the lowest possible price, and have therefore made a material reduction in the cost of tickets, at the same time keeping up the usual high standard of the performance. There has been a very noticeable increase in the attendance this week.

The Salt Lake Opera company will present "The Sorcerer" tonight and the vaudeville bill will be the balance of the week. The violin playing of Rosa Roma, the sketch presented by George Bloomquist and company, and the act of Clark, Martinette and Sylvester are the headliners of the week. The balance of the bill is well above the average seen here.

At the present time the city is paying \$250 per month to the manager and \$100 to the foreman. Mr. Zitzman offers to combine these positions and do the work of both for \$150. Other cuts are in the same proportion. His application has been filed and will be taken into consideration soon after the first of the new year.

POLICEMAN'S PROBE

MAKES HIM CONVERT

Experiments With Theories of Stomach Man and Finds Them Well Founded.

HIS WIFE ALSO BENEFITS

Led to Try Treatment by Watching Crows.

Led to investigate the theories of the Cooper "stomach man" by having observed a constant stream of humanity flowing in to visit the eastern expert, Policeman J. E. Morris of the Salt Lake force, residing at 1240 Johnson avenue, tried Cooper's treatment for himself and wife. Now he is quite as enthusiastic as a "convert" as any of the hundreds of others in the city who have so announced themselves. He is one of the most popular officers in the city. Policeman Morris has been posted at the "Busy Corner," Main and Second South streets, where, within Smith's drug store, the "stomach man" is making his headquarters. Morris directed hundreds each day who inquired for the "stomach man." He was a victim of stomach trouble himself, suffering from constipation, gas, belching, distension, pains in the back and sides, together with chronic indigestion. So he determined to look into the Cooper theories for himself.

He has a little talk with the "stomach man," who told him about his belief that 95 per cent of all ill health is caused by stomach trouble merely, and explained the reason for his opinion that a common sense treatment of the stomach would restore a person to good health, tone up the stomach to digest its food naturally. So he tried a full course of treatment, including his wife to also try the remedy. This is what he said yesterday in an interview: "My stomach had bothered me for a number of years. I had catarrh of the stomach with all its symptoms. All the food I would eat would ferment and form gas, and this would cause me so much pain that it would wake me up at night. My wife was also suffering from the same complaint. We suffered greatly from pains all the time. We secured a full treatment of the Cooper method, and now we both are well. I do not believe in rushing into print, but when a man makes good with a statement like this Cooper remedy, and restores both me and my wife to health, I am willing to tell anybody who asks me."

In a statement yesterday the Cooper "stomach man" said: "As a result of the requests of many persons who are employed during the day, and who cannot call to see me during my regular office hours, 10 in the morning to 6 at night, I wish to announce that on Saturday I will stay until 9 o'clock in the evening."

(Special Correspondence.)

PROVO, Dec. 15.—Thomas Jefferson Patten died yesterday morning at his home on Provo Bench after a lingering illness from kidney trouble and general debility. The deceased was born in Green county, Ind., April 10, 1829. His parents were John and Hannah (Ingersoll) Patten. The father was a brother of Apostle Daniel Patten, who was killed at Far West, Mo. The family became members of the Church of Jesus Christ of Latter-day Saints in 1832, and in 1833 moved to Jackson county Missouri. From that time the deceased has been with the Church. His father died in the spring of 1847, from exposure on the day the pioneers started for Utah. On the day the pioneers started for Utah, he was 18 years of age and his brother John then devolved the care of the family. They crossed the plains in 1850 and settled in Mantle, where many of the family still live. Here after many privations the mother died and where he had been came to Provo in 1853. Mrs. Patten died in 1856 and on Provo Bench in 1882, where he made a good home for himself and family. He was on a colonizing mission to Carson valley, Nev., in 1856 and on his return as before took an active interest in the development of the county. In 1853 he married Johanna Hollister who with him and children and numerous grandchildren survive him. The deceased was an honorable, sincere man and a faithful Latter-day Saint.

TIMBER SALE PLANNED.

PROVO, Dec. 15.—Forest Supervisor Pack is negotiating a sale of timber on the Uintah national reserve, consisting of 70,000,000 feet, for which \$175,000 is asked. The timber is on Smith's fork and will be taken out on the Wyoming side of the Utah-Wyoming divide. The proposed purchasers are not yet learned here, but it is understood that a big irrigation project will be handled by the purchasers of the timber, which will be a stock company.

PROVO CITY COUNCIL.

PROVO, Dec. 15.—The city council last night passed the long considered Bell Telephone company franchise on terms that it is believed the company will accept. The maximum rate the company is allowed to charge is \$30 for residence phones and \$45 for business phones for the entire term of the 25 years of the franchise. The company will pay the city \$75 on receipt of the franchise, \$250 a year till the city has 10,000 inhabitants, \$500 a year while the population is between 10,000 and 15,000, and \$750 a year after the population is over 15,000.

The bond of the city treasurer for the next two years was fixed at \$100,000, on report of the committee on finance. This is an advance of \$50,000, over the present bond; the ordinance provides that the bond shall not be less than the revenue of the preceding year and this year the revenues were \$100,000.

Councilmen Giles and Miller objected to the amount as being exorbitant, but the amount recommended was fixed.

An ordinance, levying a tax and assessing property in sewer district No. 10, amounting to \$11,911.52, was passed. Councilmen Giles, Steadman, Miller, Carter and Newell were appointed a committee to sit as a board of equalization on the assessment. They will meet Dec. 26, 27, 28 and 30.

Citizens on First West street and Third North street petitioned for electric lights. Referred to the committee on electric light.

Sealer of Weights and Measures Kirkwood reported \$89.10 collected in fees for the year.

The committee on sewers and drains recommended the creation of sewer No. 12, embracing the west part of the city. There are 94,916 feet of affected property in the district of this owners of 45,000 feet obtained and as it would take \$2,278 feet to detect the project and further that some of the protestants were not entitled to be heard, the committee reported favorably to the construction. The report was adopted and Jan. 24, till 5 p. m. was set as the time for receiving bids. The bids will be opened on the evening of Jan. 24.

BIG SALOON PETITION.

PROVO, Dec. 15.—Petitions are being circulated asking the city council to repeal the prohibition ordinance, which will take effect Jan. 1, if not repealed.

They are receiving many signatures and claim they will have a majority of the registered voters, although this does not seem reasonable as the vote cast was about 60 per cent in favor of prohibition. It is expected the petition will be presented at the next meeting. It is not likely there will be any change in the ordinance. The ordinance has been but slight if any change in the minds of councilmen, although one who voted for prohibition is opposed to a prohibition ordinance with an executive favoring high license.

trict court the case of Mountain Lake Extension Mining Co. vs. Pittsburg Consolidated Mining & Milling Co., a suit involving title to mining claims, has been continued for the term by stipulation.

H. Beasley vs. Prohilo-Nevada Mining company to collect \$506 alleged to be due him by the company.

POSTMASTERS MEET.

It was the first time many of the postmasters had seen the new Federal building and all were highly pleased with its fine arrangements and equipments.

STUDENTS' CONTRIBUTION \$4,000.

U. yesterday subscribed \$3,000 to the Maeser Building fund, many, however, did not then contribute, wishing to consult their parents. As a result, \$500 more was subscribed this morning by the students, making a total of \$4,000 as the student contribution to the building fund of the Maeser memorial.

REPORT ON B. Y. COLLEGE QUESTION AT LOGAN

(Special Correspondence.)

LOGAN, Dec. 14.—The Commercial Boosters' club held its meeting Monday evening and took up a number of matters of more or less interest. The Brigham Young college committee which was appointed to investigate the college question made the following report: We, your committee to whom is referred the matter of investigating the proposition of returning the B. Y. college courses to their former status in this city, beg leave to state that after investigating it, we definitely learned that the policy of the Latter-day Saints Church is to establish high schools throughout the various stakes which we understand are intended to be tributarics to the head university, which is now established in Provo. Upon inquiry it is learned that Church high schools are about completed in Raymond, Alberta, and Cowley, Wyo., besides similar buildings are in contemplation in other parts of this intermountain country.

It is further learned that the prohibitionists of Provo believe that they will ultimately gain in the contention of the college question, thus placing them on an equal footing with Logan. We, your committee, are led to believe that now is not an opportune time to urge the question of returning the Brigham Young college courses to this city and would, therefore, recommend that the idea be abandoned for the time being.

LOGAN BRIEFS.

Edward Edwards has brought suit against the Oregon Short Line company to recover \$1475 damages alleged to have been sustained by a field of grain burning, the cause being from sparks from an engine.

The C. A. Smurthwaite Produce company has brought suit in the district court to foreclose a \$500 mortgage against the Cutler Mercantile company.

THREE SUDDEN DEATHS IN 12 HOURS IN TOOELE

(Special Correspondence.)

TOOELE, Dec. 14.—An unusual occurrence in this city on Saturday last, Dec. 11, was the death of three well known people, inside of 12 hours. The first to pass away quite suddenly was Peter Lauritz Ekstrand from apoplexy. He was born in Sweden, Sept. 17, 1848, came to Tooele from Sanpete county 20 years ago, was a true and faithful member of the Mormon Church having suffered much persecution in his native land for his religion. He leaves a wife, two sons and a number of grandchildren to mourn his death. His funeral was held today at 1 o'clock.

The next to die a little later in the day was Suen Nelson, a well known and old resident of this city. He was also born in Sweden, Aug. 11, 1836; came to this country in 1866 and has lived in this city ever since. His death was sudden and unexpected and was a great shock to the community, by whom he was greatly respected. Mr. Nelson was a member of the high court of the Mormon church for many years and at the time of his death was a high priest. He leaves a wife, three daughters, three sons, one of the latter, N. Nelson, is the principal of the district schools of this city, two brothers, also a great number of grandchildren. A number of children preceded him. His funeral was held yesterday.

The next death during the day was a particularly sad one, that of Miss Eloise Gee, daughter of Mr. and Mrs. Stephen R. Gee, from complications following typhoid fever. Her twin sister died between two and three years ago and her 12-year-old brother died in a critical condition from typhoid fever. Miss Gee was 19 years old last June, was a faithful teacher in Religion class. She was a beautiful girl, well loved and respected by all her associates, by whom she will be greatly missed.

NARROW ESCAPE FROM SERIOUS FIRE AT KANOSH

(Special Correspondence.)

KANOSH, Milard Co., Utah, Dec. 13.—While a meeting was in session in the upper hall of the meetinghouse last night, through an aperture in the lumber ceiling, a fire was discovered in the roof. Luckily the complications were on hand, who, led by Bishop A. A. Kimball, plunged into the work of forming a bucket brigade. The fire was soon extinguished, and the people are congratulating themselves that the hall was not filled with a juvenile audience, or the consequences might have been appalling, as there is but one means of exit to a stairs outside the building and a rickety platform about 80 feet from the ground. The fire was caused by the uncoupling of the stove pipe.

A good program has been prepared to celebrate the anniversary of the birth of the Prophet Joseph Smith, Dec. 23.

Dec. 10, on account of his wife's illness after which the body was brought to Bountiful where impressive services were held in the tabernacle at 2 p. m. Sunday Dec. 12. Elder Cook leaves, besides his wife and children, a son, three brothers and seven sisters to mourn his demise.

FOUTIN, MRS. CHARLES.—The death of Mrs. Charles Foutin, which occurred at Elsinore, Monday afternoon, Dec. 13, has cast a gloom over the entire community as she was the mother of nine children and was a woman who was loved by all who knew her. She has for several months been troubled with stomach trouble but her condition was not thought serious until about a week ago, when she was suddenly taken sick with pneumonia and gradually grew worse until relieved by death. She was born in Denmark, 47 years ago, and is the daughter of Mr. and Mrs. Peter Larsen. The parents embraced the Mormon religion there and emigrated to Utah with their family. They located in Ephraim where they remained for three years after which they moved to Elsinore where they have since lived. She married some time after and was the mother of 14 children, five of them having preceded her to the great beyond. Three of her children are married. DAVIS, GEORGE PRESTON.—At Salt Lake, Dec. 10, 1909, George Preston Davis, son of Henry and Rachel Hunter Davis departed this life, cause of death being old age and general debility. He was born in Knoxville, Overton county, Tenn., April 6, 1828 and was baptized into the Church of Jesus Christ of Latter-day Saints in Nauvoo, Ill., May 29, 1848. He worked a long while on the erection of the temple of that place, and shared with the saints in their mobbing and persecutions of those early days. He came to Utah with his father's family in 1849, and on Dec. 3, 1850 he was married to Sarah Elizabeth Lewis, who died in 1870. They had six children born to them, of whom four survive. On July 28, 1873, he married Mary Haxel, who died April 30, this year. She bore him 13 children, of whom five survive. He was a zealous Church member. He was a resident of Springville, Utah county, some eight years before he came to Salt Lake, where he till recently was engaged in the occupation of a farmer. In the Indian troubles of the earlier settling of this state he took an active part as a protector of life and home and was a member of the Black Hawk War veterans.

STEWART, RANDOLPH HOCKADAY.—At Moab, Grand county, Utah, Dec. 8, Randolph Hockaday Stewart died of catarrh of the throat. He was born in North Carolina, July 20, 1834. He was one of the pioneers of '47; with his parents he came to Utah in the second party of that year. Although he was but 12 years of age, he drove an ox team the entire distance across the plains to Salt Lake City. The early part of his life was spent in northern Utah and southern Idaho. While yet a young man, he was called as bishop of Moab and moved his family there, when there were but four or five other families in the settlement. He continued as bishop of Moab ward for 17 years. He had much to do with its early development and reclamation. At one time he owned almost all of the present town-site. He was always generous to a fault, however, and practically gave away all of the property but his home-steads, which he still owned at his death. He is the father of 23 children;

of these, 14 survive him. These are Will Stewart, George Stewart, Calvin Stewart, Mrs. Annie Shafer, Mrs. Edith Taylor, Mrs. Emma Shafer, Mrs. Mary Robertson, Gus Stewart, Melvin Stewart, Mrs. Caddis Somerville, Charles Stewart, Mrs. Lucy Fish, Morgan Stewart and Oscar Stewart. All of these were present at the time of his death except Mrs. Edith Taylor, who was detained at her home in Grand Junction by the illness of her children. Bishop Stewart was held in the highest esteem by all who knew him. He was a staunch Latter-day Saint, and reared three honorable families. Those who knew him best loved him most. He had a great deal to do with the early history of Moab. There are always plenty of hardships connected with the settlement of any new community and most of the troubles are bound to be shifted on to the leader, whoever he may be. In those days the bishop was the recognized leader of every matter of importance, and Bishop Stewart received his full share of grief. But he was always cheerful and full of good humor, whether things were going the best or not.
