Dead—Returned For Trial.

NEW YORK, 7.—Rev. Dr. T. M. Eddy, one of the most prominent ministers of the Methodist Episcopal church in the United States, died at his residence in this city this morning.

Ex-Alderman Cowan, who fled the city some time since, made his appearance this morning and gave bail to stand trial.

Arrived.

The remains of Mark Smith arrived to-day, and were taken to the rooms of the Lotus club.

$45,000 Fire.

The willow wooden ware store of Buyller & Co., 214 Washington St., was damaged by fire to-night to the amount of $45,000.

Rumors of Failures.

Among the rumors of commercial failures afloat to-day was, in addition to several N. Y. dry goods houses, one to the effect that a large San Francisco dry goods house had failed.

Episcopal Convention.

In the Episcopal convention this afternoon, Bishop Selwyn, of England, preached a sermon from Acts 15th and 28th, after which communion services were held, and at the close of the business the meeting was called to order by the Rev. Dr. Perry, secretary. The Rev. Dr. James Craig, of Ky., was elected president and, in taking the chair, after thanking the convention for the expression of confidence, said they had come together to remove obstructions in the path of their church so far as they could, and he was sure they would do their duty faithfully. A message was received from the house of Bishops, notifying them that they had organized by the election of the Rev. Dr. Henry C. Potter, as secretary. After discussion the old rules were adopted to govern the convention until they were amended. Fraternal greetings were received by cable from the Church Congress assembled at Brighton, England, and a committee was appointed to return a suitable reply, when the convention adjourned till morning.

The Austrian Polar Expedition—Religious Intolerance in Turkey.

A Hamburg dispatch to the London *Times* of the 25th says that at the sitting of the geographical society, after Captain Wriprecht, of the Austrian Polar expedition, had spoken, a further account was given of their travels by another member of the expedition. He said they had discovered a sound one hundred miles long and ninety miles in breadth, running northwards, and dividing the land into two extensive tracts. On the 12th of April, in lat. 81° 57′, the expedition halted, but they saw that the land stretched away to the north as far as lat. 83°. The explorers came to the conclusion that it was impossible to reach the north pole in this direction, that the theory of the existence of a polar sea was untenable, the vessels would find no harbor to put into during the winter, and a land expedition without having a ship in the immediate neighborhood, would be impracticable in consequence of the peculiar formation of the tracts of country; a north pole exploration in this direction was, therefore hopeless.

Another dispatch to the *Times*, of the same date, says there appears to be a revival of religious intolerance in Turkey. Not only is the observance of the Mahomedian ritual to be enforced, but, as a letter from Persia states, the long forgotten ordinances prohibiting the residence of Christians in the Turkish quarter, have been revived. The subordinates have carried out their instructions with great brutality, bundling the people and their furniture into the streets. Several Germans employed on the Roumanis Railway, who were obliged to live near the line, have been thus treated. The decree of 1840 and the treaty of 1856 promised that nobody should be molested on account of his religious opinions, the treaties of commerce permit foreigners to carry on business in any part of the Empire, with the exception of a single province, and their leases and other contracts have been treated as legal by the authorities; the measures now taken are, therefore, a violation of treaty obligations.

Wool Market.

BOSTON, 7.—The market for wool continues without improvement. The demand is only to meet the wants of manufacturers who, in the present uncertain state of the goods market, purchase as moderately as possible, at the same time there is no pressure to sell, desirable fleece or pulled, and holders appear to have considerable confidence in the future of the market. Combing and delaines selections are readily sought after and command full prices at 56 @ 62 as to quality. Pulled wool is scarce and firm, with sales at 40 @ 55 as to quality.

"Alabama" Claims Commission—Bank Note Redemption—U. S. Troops Wanted in the South.

WASHINGTON, 7.—The court of commissioners of the *Alabama* claims, which has been in session every day since Thursday last, adjourned to-day till November 5th, no case being ready for hearing; the court has occupied the time in revising the rules and adding new ones growing out of the suggestions of counsel. The judges are very anxious that when the court again meets, it may have something on which to act.

The redemption bureau will not resume the redemption of national bank notes until probably the 20th inst., though it might be resumed now, but that the treasury desires to perfect such arrangements as will make the business continuous.

General Sheridan was to-day notified by the Secretary of War, if he could spare a regiment of infantry from his command to send it south, for service in that section; applications are constantly reaching the department from Alabama, Tennessee and Louisiana for troops; this Secretary says, "If I were required to comply with all the applications received it would be necessary to largely increase the forces of the army."

More Carpetbag Reports.

Attorney General Williams has received from official sources, which he considers entirely trustworthy, the following statement as to the difficulties in Sumpter Co., Ala.: "The white people have organized throughout the country a white league, and are determined that the negroes shall not vote at the coming election unless they vote with the league. To effect this everything is done to intimidate the blacks. Two of the most active republicans in the country, Billings, white, and Ives, colored, have been assassinated since the first of August. These murders have had a great effect upon the colored people to keep up fear among the blacks. The whites get together almost every day and night, and ride on the roads in squads of from thirty to fifty men, armed with shotguns, pretending that the negroes are arming and gathering to attack the white people, which is not the case. There have been no parties of negroes of any strength together."

Death of Woolsey.

The Navy Department has issued the following general order, relative to the death of Commodore Woolsey:

"NAVY DEPARTMENT,
"Washington, Oct. 4.

"Commodore Melancton B. Woolsey, of the United States navy, died of yellow fever, while in command of the navy yard at Pensacola, on the 2nd inst. In announcing to the naval service the loss of this officer the department feels called upon to express its appreciation of the high character which Commodore Woolsey gained during the war of the rebellion, and of the self-sacrificing spirit he evinced during the deadly pestilence which has lately desolated the Pensacola navy yard. When under orders to proceed north upon important service, after the fever had broken out in the town of Pensacola, but not within the yard, he suggested to the department that he had better remain with his command; he was informed that even under such circumstances he might properly comply with his orders, but he replied that he preferred to remain at his post, and remaining there he died a martyr to his sense of duty. He has thus bequeathed to the navy an example of heroism, in peaceful days, and of devotion to his duty, that cannot be excelled in time of war.

"WILLIAM REYNOLDS,
"Acting Secretary of the Navy."

Rioters Arrested.

WILKESBARRE, Pa., 7.—Sheriff Whitaker went, with a large posse, to the Moosic mine, to-day, where a strike is in progress attended with some rioting, and without meeting any resistance arrested twelve of the leading strikers and brought them here and placed them in jail in default of bail.

Dead.

AUGUSTA, Ga., 7.—James Gardner, for many years editor and proprietor of the *Constitutionalist*, died at his residence near this city this morning, aged 62.

Elections.

The election for members of the legislature passed off quietly, there being scarcely any opposition except in a few counties to the democratic candidates; there will not be exceeding fourteen republicans in both houses, thus giving the democrats a majority of 205 on the joint ballot.

Letter from Kellogg.

NEW ORLEANS, 7.—Gov. Kellogg has written a letter in reply to the address of the conservative committee, in which he expresses surprise at the contents of that address, and contrasts the spirit in which the proposition agreed upon at the recent conference in regard to holding the election has been received by the respective committees. While the republican committee refrained from mention of the late disturbances and from a denunciation of their political opponents, the conservatives recount the charges against the republicans, and ignore incontrovertible facts in his, Kellogg's, address of the thirteenth ultimo, which establish the falsity of such charges. He positively denies that hostilities have been planned between the whites and blacks; on the other hand large quantities of arms have been shipped to the State to arm the whites against the blacks. This was done to intimidate the negroes and overthrow the State Government. He considers, as most remarkable, the statement that he inaugurated conferences to adjust the troubles, and that he selected a committee to meet a committee selected by McEnery. He was not even present when the committee from their side called at the custom house and desired a conference, when they promised that they would attempt to secure fair registration and an election untrammeled by violence. He and his party, he says, have carried out strictly the agreement made at this conference, and he trusted the conservatives would do the same, and also suppress disturbances, which they were pledged to do. He says that a promise to cease violence and intimidation was made with no reservation on the part of the conservatives, and was not dependent on the execution of agreements. He adds, "Permit me to say, in conclusion, that the whole tenor of your address, which assumes towards the republican party a tone of superiority and acrimony, ill becomes the subject or occasion.

"Very respectfully,
(Signed) "WM. P. KELLOGG."

Re-Nominated.

WORCESTER, Mass., 7.—Governor Talbot has been renominated by the republican State convention.
