CALIFORNIA EMI-GRANTS. TAKE NOTICE!!

ELIJAH WARD, (generally known by his mountain name, Barney Ward,) intends leaving Utah Valley, on or about the first of October next, for the SOUTHERN MINES in California. Mr. Ward is thoroughly acquainted with the SOUTHERN ROUTE, and will pilot Emigrants through to said mines for ten dollars per wagon; and ten dollars for every company of five persons with packs, or pack animals. As fast as Emigrants come in, and can get ready for the journey, they will pass on through Great Salt Lake City, and Utah Valley, and encamp on Hobbie Creek, about ten miles south of the Utah Settlement, where they will find GOOD FEED AND WATER TO RECRUIT THEIR TEAMS. Any further information wanted, can be obtained by calling at my dwelling in Utah Settlement.

ELIJAH WARD, PILOT.

N. B. No one will be permitted to travel in the train, until his fare is paid to the Pilot.

The contemplated route to the Southern Mines, is no worse than the usual route from the States hither, so far as rocks and moun-

tains are concerned; although the deserts are more extensive.

We expect to leave the old road, near the foot of the mountain, and near Mahave (or Mahawbee) Creek. I will pilot the company either to Williams' Rancho, or to the Gold Mines in that region, just as a majority of the company shall decide, for their convenience.
