

# FERRY FAILS TO CONVINCE THEM

"Lifetime" Resolution Held up by City Council for a Week.

TO INVESTIGATE FINANCES.

Auditor Will Furnish Each Member With Copy of Report so They Can All Get Posted.

The Ferry resolution relative to asking the legislature to pass a law permitting the city council to levy a tax of not more than three mills for the payment of interest on the bonds and for the creation of a sinking fund to redeem the bonds, was held up by the city council last night for a week so that they may appear before the legislature with facts which will convince the members that the law is absolutely necessary.

When the matter was brought up last night, Ferry, Mulvey, and other "American" councilmen made strong pleas in favor of adopting the resolution. They contended that the city should play no part in this proposition but that the councilmen should do their duty and help the city out of its present financial difficulties. Ferry said, however, that if the resolution were not passed by unanimous vote, it would do no good as it would have no effect unless the entire council was in favor of it and would help support the matter before the committee of legislators which would have it in hand.

Fernstrom stated that he was not ready to vote on the resolution as he wanted some facts and figures to show that such a law was necessary. He expressed much doubt as to the action of the legislature as he said the Democrats had very few friends in that body, and the "Americans" had none at all. He said the council could not pass the necessary figures, it would do no good to go to the legislature for help. He asked that the matter be laid over for one week and that the auditor be requested to furnish each councilman with a copy of his report so that all could be posted on the matter when it comes up next Monday for final consideration. In compliance with Fernstrom's request, Ferry moved that the matter be laid over until next Monday night and the motion was carried.

## AGAINST IMPROVEMENT.

The unusual spectacle of city councilmen opposing an important street lighting improvement on Main street between South Temple and First streets when it was proposed by the city council was what happened at the council meeting last night. The business men on the east side of Main street in the district mentioned petitioned the council a week ago to be allowed to put in cluster light poles in front of their property and maintain them at their own expense for the purpose of beautifying the street. The council was asked to grant the petition and at its meeting last Thursday night a plan of narrowing the street, increasing the width of the sidewalk, putting the poles on the sides of the street and putting in cluster lights from South Temple to Fourth South street, was discussed. It appears that the committee could not agree on the kind of poles to be used and hence the matter was held up and no report was made last night.

Hobday moved that the matter be taken out of the hands of the committee and that there would be no delay in the work proposed by the business men. The motion was carried over the strong opposition of Martin and Black. Martin was very strenuous in his opposition to granting the petition and gave notice that if it was granted he would move for a reconsideration on next Monday night and thus tie it up until that time.

Hobday roasted Martin for his stand in the matter and thought that his action savored of petty spite. Mulvey, Fernstrom, and several other councilmen spoke in favor of the petition and stated that they could see no reason why these parties should not be allowed to make the improvement, especially as it would not cost the city anything and would act as an example to other business firms and might induce them to do likewise. Should the street ever be widened, the poles would place their lamp posts out to the curb line without cost to the city.

Former Fire Chief W. H. Bywater explained the position of the business men and stated that they were anxious to commence work at once. The petition was finally granted by a vote of 10 to 3. Black, Martin and Ferry voting in the negative. Martin gave notice of reconsideration at the next meeting. The plan proposed by the petitioners is to place lamp posts 59 feet apart in that block and each post will contain a cluster of five 32-candle power incandescent lights.

## CRITICISM ON BOARD.

Fernstrom roasted the board of public works because of its action in approving estimates in favor of Contractor P. P. Ford when his contracts were spoiled, and he asked damages for the payment of the expenses of securing witnesses in the injunction suit brought by the Progress company against the city.

City Engineer Kelsey asked authority to have 500 copies of the new city map lithographed. The new map shows the changes in the names of the streets as decided upon by the council and also shows the new territory recently annexed to the city. The matter was referred to the finance committee.

Upon request of Hobday the report of the public grounds committee, accepting the bid of Zimmerman & Lloyd for the refreshment privileges at Liberty Park for the ensuing three years, was referred back to the committee so as to give some of the bidders an opportunity to be heard by the committee. The matter will be taken up Thursday night and all the bidders will have the privilege of appearing before the committee and explaining the terms of their bids.

Chief of Police Sheets sent in the appointments of T. W. Burge and N. F. Broyle as special policemen at the request of the Rio Grande Western Railway company, and the same were confirmed.

sewer trenches dug by Ford and merely filled with a scraper. The matter came up on a report of the streets committee authorizing the street supervisor to back-fill all trenches left in a bad condition by contractors outside the paved district in the future and charge the same to the board of public works which will have to deduct the cost of such work from the estimates due the contractor. The whole thing resulted from the action of the council in holding up an estimate of \$3,200 due Ford in order that the city might be reimbursed for the \$1,500 spent by the street supervisor in properly back-filling the trenches of the contractor which were left in a dangerous condition.

Fernstrom said that the board of public works should be investigated as it had approved estimates in favor of Ford when it knew that the contracts were not properly carried out. He thought that Ford must have some kind of a "pull" with the board as should be requested to furnish each councilman with a copy of his report so that all could be posted on the matter when it comes up next Monday for final consideration. In compliance with Fernstrom's request, Ferry moved that the matter be laid over until next Monday night and the motion was carried.

WILL CELEBRATE GOLDEN WEDDING TONIGHT.  
Latest Photographs of Bishop George Romney and Wife Vilate, Who Were Married in Salt Lake City Fifty Years Ago Today.

Fifty years ago today, when Salt Lake was still a village, but the most important one within a thousand miles, although it was but ten years old at the time, the marriage of George Romney and his wife, Vilate Ellen, took place in this city. Both were then young people and both were natives of England from which country they migrated to the United States to cast their lots with a people whose faith had not many years before sprung up on American soil and spread beyond the seas. Each of them lived in Nauvoo; each of them saw the beautiful city on the banks of the Mississippi when it was in the height of its glory, and each enjoyed a personal acquaintance with the Prophet Joseph Smith. The future bishop and sterling citizen, came to Utah in 1831 and the young woman who was to become his wife arrived a year later. They knew the experience of the hardships of the exodus to the Promised Land, and they tasted in similar manner of the privations that were the lot of the pioneers and foundation builders of Utah. Today, and for many years past, they have been surrounded by all the comforts of life and have many of its luxuries in addition. Eight living children bless their union, honor

at all by the contractor. After a lengthy argument over the matter, the committee report was adopted by a vote of 7 to 6.

A resolution was introduced by Black and adopted authorizing the city engineer to properly number houses on certain streets in the city which are now incorrectly numbered.

## SOME BAD STREETS.

Three communications were received calling attention to the bad condition of State street south of Fourth South street. One was signed by the Manufacturers & Merchants' association, another by the Murray Meat & Lard Stock company and the third by the Crager Wire & Iron Works. The first named association stated that it had received a number of complaints against the condition of the street and asked that temporary relief be given until the street is paved during this coming summer. The petitions were all referred to the streets committee.

Damages in the sum of \$500 are asked by Hyrum Thomson in a claim presented to the city council for injuries to his home on Fifth South, between Fifth and Sixth West streets, caused by the flood waters from an obstructed culvert on Feb. 4. He claims that the foundation of his house was mined and that 30 bushels of potatoes in his cellar were spoiled, and he asks damages as stated above. The claims committee will consider the matter.

## OTHER BUSINESS.

Upon request of Asst. City Atty. H. J. Dinwiddie, the council appropriated \$250 to the attorney's contingent fund for the payment of the expenses of securing witnesses in the injunction suit brought by the Progress company against the city.

City Engineer Kelsey asked authority to have 500 copies of the new city map lithographed. The new map shows the changes in the names of the streets as decided upon by the council and also shows the new territory recently annexed to the city. The matter was referred to the finance committee.

## STUDENTS ON PROBATION.

Forty-five Preps. Must Make Good by April 1 or Be Expelled.

In pursuance of the policy to weed out lazy students from the various prep schools, 45 pupils in the preparatory

department of the state university have been notified that unless they raise their average above 60 per cent on their next examination, out they go. This probationary state is a new experience with the classes, but it has been found advisable to adopt the rule in order to exclude loafers from the school. The preps have until April 1 to make good in their studies, and if they fall below 60 per cent on that date they must leave the school.

The seniors have received new caps and gowns, and are as proud as peacocks. The Political Science League will be addressed by J. H. Moyle on Thursday evening next in the assembly hall of the museum building. Mr. Moyle will speak on the Democratic side of the tariff. Judge Frick of the supreme court gave the Republican side of the subject two weeks ago.

A meeting of the law students and preparatory pupils was held yesterday to consider the \$5 incidental fee proposed for student activities. It was the sense of the meeting that the proposi-

attendance, but how to accommodate those who would attend church. Each Sunday and at every service the post chapel is filled to overflowing. In the summer months it is not uncommon to see the soldiers gathered even outside the building but within range of the speaker's voice, and there is an enthusiasm and interest in the services there which the Leavenworth congregations would do well to emulate.

FOR BILIOUSNESS AND SICK HEADACHE.  
Take Orino Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs. Orino Laxative Fruit Syrup cures biliousness and indigestion. Does not nauseate or grip and is mild and pleasant to take. Remember the name ORINO and refuse substitutes. For sale by F. J. Hill Drug Co.

## MORE BOXES OF GOLD

And Many Greenbacks.

325 boxes of Gold and Greenbacks will be sent to persons who write the most interesting and truthful letters of experience on the following topics:

1. How have you been affected by coffee drinking and by changing from coffee to Postum?
2. Give name and account of one or more coffee drinkers who have been hurt by it and have been induced to quit and use Postum.
3. Do you know any one who has been driven away from Postum because it came to the table weak and characterless at the first trial?
4. Did you set such a person right regarding the easy way to make it clear, black, and with a snap, rich taste?
5. Have you ever found a better way to make it than to use four heaping teaspoonsful to the pint of water, let stand on stove until real boiling begins, and beginning at that time pour in Postum, boil full 15 minutes more to extract the flavor and food value. (A piece of butter the size of a pea will prevent boiling over.) This contest is closed at the first trial. Postum prior to the date of this advertisement.

Be honest and truthful, don't write poetry or fanciful letters, just plain, truthful statements.

Contest will close June 1st, 1907, and no letters received after that date will be admitted. Examinations of letters will be made by three judges, not members of the Postum Cereal Co., Ltd. Their decisions will be fair and final, and a neat little box containing a \$10 gold piece sent to each of the five writers of the most interesting letters, a box containing a \$5 gold piece to each of the 20 next best, a \$2 greenback to each of the 100 next best, and a \$1 greenback to each of the 200 next best, making cash prizes distributed to 325 persons.

Every friend of Postum is urged to write, and each letter will be held in high esteem by the company, as an evidence of such friendship while the little boxes of gold and envelopes of money will reach modest writers whose plain and sensible letters contain the facts desired, although the way may have but small faith in winning at the time of writing.

Talk this subject over with your friends and see how many among you can win prizes. It is a good, honest cause, and costs the competitors absolutely nothing.

Address your letter to the Postum Cereal Co., Ltd., 1000 Broadway, New York City. Write your own name and address clearly.

by a committee appointed by that body." The subject has found much favor in the east as a topic for debate, covering a question of government never before discussed in this state, and the event is creating much interest in university circles.

## CHAPLAIN AXTON'S WORK.

Former Salt Lake Y. M. C. A. Man Popular Among Boys in Blue.

The many friends in this city of Chaplain Axton of the Eighteenth infantry, stationed at Fort Leavenworth, will read with interest the following paragraph from a recent issue of the Fort Leavenworth News:

"The commanding officer received word on Thursday to the effect that the recommendation for \$15,000 with which to enlarge the post chapel had been approved. This is certainly a grand message for the churchgoers, and more especially for Chaplain Axton, who by his Christian diplomacy has created the big interest now taken by officers and enlisted men at the post who every Sunday night hold down their pews as regular as clock work."

The colonel commanding, in reports to the department, praises the work done by Chaplain Axton since his assignment to the Eighteenth infantry. The Leavenworth Times says:

"There never will be a need for a hard and fast order commanding soldiers to attend church. Make the conditions about these places of worship as congenial and as inviting as possible, just as Chaplain Axton, Eighteenth U. S. infantry, has done and is doing at Fort Leavenworth, and the enlisted men will go to the services, and what is of more importance, they will secure a material benefit from such attendance. Far better is it to set earnestly about to make the churches distinctly attractive because they are churches, and thereby to secure the logical increase in attendance. This is the course that has been adopted by Chaplain Axton at Fort Leavenworth and he has succeeded to a marked degree. At the post here the question is not how to get out church

Mrs. E. M. Allison, Jr., entertained her card club this afternoon.

Mrs. A. J. Johnson entertained the Women's club today at her home and also gave the topic of the afternoon.

The Cleofan met with Mrs. Selden Clawson this afternoon. Mrs. Suley R. Wells being chairman. The study of "Romeo and Juliet" was continued. Mrs. Edna W. Sloan comparing the character of Juliet with that of Portia in a paper entitled "Passion and Intellect."

Mr. and Mrs. John Dem are in California for a short stay.

Mrs. Ernest Greenwood entertains at a luncheon tomorrow in honor of Mrs. Frank Halm.

Mrs. Clarence Brown was guest of honor at a pleasant afternoon affair

yesterday at the home of Mrs. Dustin, the guests being chiefly members of a former club which included both hostess and guest of honor.

The meeting of the Daughters of the Pioneers will take place one week from tomorrow instead of tomorrow, as previously stated, the postponement being made on account of the banquet to be given at the Lion House in honor of Mrs. Emeline B. Wells.

The 100 million stars usually supposed to be shown by telescopes and photographs may be taken as a maximum estimate. From counts on photographs Mr. Gore gets a average of 4,337 stars per square degree in the Milky Way, 1.73 near the Milky Way, and 48 in the non-galactic regions. Combining these results with Prof. Pickering's, the grand total of stars is found to be 43,347,377. Stars too faint to photograph would increase the number, as would also clusters, one of which has 25,000 stars per degree.

# DRINK PLENTY OF GOOD PURE WATER

Tells of a Valuable Prescription Which Anyone Can Prepare.

JUST TRY THIS AT HOME

Nature's Great Remedy for the Stomach, Ach, Kidneys and Bladder and Rheumatism.

"The people here do not drink enough water to keep healthy," exclaimed a well-known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine has been neglected."

Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach.

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach troubles and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can mix them by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

MRS. JANE GARDNER BRADFORD.  
Pioneer of '47 Laid to Rest at South Cottonwood Yesterday.

The mortal remains of Mrs. Jane Gardner Bradford were laid to rest in the South Cottonwood cemetery yesterday, after impressive services in the Farmers ward meetinghouse. Bishop Henry F. Burton presided at the obsequies, and the ward choir, and Ethel Christopherson and Miss Millie Williams, soloists, rendered music for the occasion. Elder Richard S. Horne and Robert F. Turnbow, respectively, offered the opening and closing prayers, and the grave was dedicated by Elder C. D. Britton.

The speakers who eulogized the life of Mrs. Bradford as having been most noble and pure were Elders John Seamon, D. O. McKay, H. W. Brown, Bishop George Romney, Frank Y. Taylor and Elder Joseph E. Taylor.

Mrs. Bradford died Saturday morning,

Feb. 23, at her home on Capitol avenue. She was born in Delhouse, Canada, August 21, 1833, and was the daughter of William and Ann Leckie. Gardner. She became a Latter-day Saint while she was still a young girl, and came to Utah with her parents in 1847, arriving here on October 1. Five years later she was married to Rawford Bradford, who was also a pioneer of 1847. They moved to South Cottonwood, which was the home of Mrs. Bradford until a few months ago. Her husband and several children preceded her to the spirit world, but she was survived by two daughters and four sons, namely, Mrs. Annie B. Fox of Elgin, Idaho; William Bradford, principal of the Lowell school; Archie Bradford, Janet B. Perry of Sugar House, Robert H. Bradford of the U. of U. and Sylvester D. Bradford, a member of the faculty of the Weber State academy.

# KEITH O'BRIEN

## Of Interest to Mothers Who Have Children In School.

The special sale of children's shoes has developed into a larger success than we at first anticipated.

Why should it be a rousing event?

Better shoes aren't made—the styles are the newest—Every shape—all leathers—Shoes that are bought to wear and do wear—Shoes for school service that stand hard usage.

The sale takes in the entire stock of children's foot wear

Prices are lower than we have sold children's shoes at any time in the past.

95c Infants' Shoes in black or tan, patents and Velc kid—shoes with colored top, splendid assortment on bargain table for easy selection.

\$1.25 Heavy gongola shoes with extension soles for boys; sizes 8 to 13½; worth \$1.75.

\$1.45 Our Misses' special shoe at this price has been a wonder in number of pairs sold—Calf or Kid—lace Duchess or button.

50c Infants' soft sole shoes and mocassins, all colors and styles—pretty dainty effects; the very best, made by hand, stitched with silk.

\$2.95 Women's fancy strap slippers, worth \$3.50 to \$5.00.

# Th Shoe Man

## WINNING SUCCESS

It is not done entirely by advertising; but it is done by delivering to my customers honest shoes—at honest prices.

I have been in Salt Lake one year and a half, and my sales are increasing right along and my store, yet a youngster, is doing its share of the shoe business.

That is just a starter—Wait a while.

## HONEST SHOES, RIGHT PRICES.

### Good System & Service
