THE ANARCHIST PLOT.

Further Developments of the Dynamite Conspiracy.

CHICAGO, July 17.—Inspector Bonfield is reported to have said privately that the plot was a well arranged one. About twenty determined murderers were in the conspiracy and they were at a certain hour after midnight tonight to be at the homes of Grinnell, Gary, Bonfield, Frank Walker, Gen. Stiles and others prominent in the prosecution of the Haymarket assassins. Dynamite was to be placed beneath the houses of these and the powerful explosive was to be touched off simultaneously. The Board of Trade was to be blown to the sky at the same time and a wholesale reign of terror be inaugurated.

The names of the men arrested are John Kroneck, Frank Chapek and Frank Cneboura, all Bohemians. The first named is a cabinet-maker by trade, who lives on Farrell Street. Cneboura is a tailor and is the informer who told the story of the plot to a Bohemian, who in turn detailed it to Inspector Bonfield about ten days ago. It seems that since the execution of the anarchists a movement was started among their followers in Chicago to do business at the old stand. It was concluded that the group as reorganized was to have no more than three members, with each of the three members well acquainted with the others who composed the group. When it was formed it was thought that "squealing" in the ranks would become a lost art. The three men arrested today constituted a group, and in the hands of these were left the pleasant occupation of blowing up residences until the act of last November was fully wiped out in blood. The group had no regular meeting place, but casually met as friends and over a glass of beer concocted their bloody schemes. It was agreed that Grinnell's house should go up first and Judge Gary's next, and that last Saturday night was the time set for carrying out the plot. Inspector Bonfield was the third man doomed to die, but just how had not been fully decided upon. July 4th Kroneck examined the premises of Judge Grinnell with a view to learning the habits of its occupants. When he reported to his companions that night, the enormity of the offense began to dawn on Cheboura who made up his mind to ask a friend for advice. The latter hurried to the police department and told his story. In the houses of the three men there were numerous weapons found and enough dynamite to have blown up the largest building in the city. It is stated on good authority in this connection that Kroneck and Chapek were intimate friends of Lingg, the bomb maker, and both were arrested after the Haymarket riot.

Chief Hubbard says there will be more arrests made tonight but refuses to give further information.

Inspector Bonfield told the story of the plot and the capture. He said that the fact that a conspiracy existed came to him by a man on the West Side, whose name he declined to give. He gave the whereabouts of the men and procured warrants for the arrest of them.

"Besides Lieut. Elliott and four of his men, we had two other officers along, who spoke Bohemian. The first place visited was 2902 Farrell Street, where Kroneck, the chief of the two, lived. We arrived there about 4 o'clock in the morning and concluded not to enter, but wait for developments. The fellow came out about 7 o'clock and we arrested him without difficulty he being taken entirely by surprise. His name was Jno. Kroneck and his age about 30. We searched the house and found a small portion of dynamite. We also found over two dozen bombs about four inches long of cast iron. Lieutenant Mahoney was then telephoned to and he arrested Frank Chapek at 498 Twentieth Street. Chapek's house was not searched. Cabours was then arrested by our party. In his custody was found eight half-pound packages of dynamite, labelled 'Etna No. 2,' and some bombs the same as those found on Carroll Street. The prisoners will be prosecuted under section 54, which provides for a fine and from five to twenty-five years for having dynamite in unlawful possession."

Inspector Bonfield said tonight to an Associated Press representative: "It is a mistake to suppose that the arrest today implies a widespread organization, or that public buildings were to be blown up and a reign of terror inaugurated. There are less than a dozen persons interested. These men are Bohemians, and very few of that nationality are anarchists. It is a sort of sporadic outbreak and ill-matured plan by a few persons, and far from contemplating a reign of terror and bloodshed, it meant merely mischief to three people—Judge Gary, Judge Grinnell and myself."

Mrs. A. R. Parsons was informed of the arrest of the Anarchists today, and asked if she knew anything about the matter. She said if there was any conspiracy it had been hatched up by the police. She said the police haven't murdered any Anarchists since November, and are thirsting for blood. "If Grinnell and Gary are not killed soon, I will kill them myself." Pointing to her ten-year-old son, she continued: "What do you suppose I am raising him for? I shall teach him that his father was murdered, and by whom? By those red-handed butchers, and they had better look out."

WASHINGTON NEWS.

Ministers Nominated—The Civil Service—Four Vetoes.

WASHINGTON, July 17.—The President today nominated the following United States Ministers Resident to be envoys extraordinary and ministers plenipotentiary at the courts where they are now stationed:—Lambert Free, of Illinois, Belgium; Robert Rosevelt, New York, Netherlands; Rufus Magee, Indiana, Sweden and Norway; Charles L. Scott, Alabama, Venezuela.

The President also nominated John E. Bacon, of South Carolina, now *charge d'affaires*, to be minister resident of the United States to Paraguay and Uraguay; Samuel S. Sears, of Nevada, to be agent for the Indians of the Nevada agency in Nevada.

RIVER AND HARBOR BILL.

The conferees on the river and harbor bill seem to have reached an impassable barrier and will probably report a disagreement. The items in dispute are the Portage Lake Canal, Beaver River (Pennsylvania) dams and the Monongahela (Green and Barren) improvement proposition. The House conferees express a willingness to accept the proposition to purchase the Green and Barren property, but hold out steadily against the others.

INFORMATION CALLED FOR.

Favorable action has been taken by the House committee on military affairs on Lee's resolution calling on the secretary of the interior for information relative to the application for pensions by officers of the United States navy and marine corps who served honorably throughout the Mexican war but whose names were dropped from the roll because of their action in joining the confederate navy. The commissioner of pensions has refused to grant the application for pension in such cases. Lee's resolution was reported to the House and adopted.

CIVIL SERVICE REPORT.

The fourth annual report of the civil service commission is made public today. A large part of the report is devoted to statistics of an uninteresting character. Between January, 1886, and June, 1887, 15,832 persons were examined, 10,816 of whom successfully passed. The percentage of failure was 34 male and 18 female. Of the successful applicants, 449 have received appointments. The report recommends the extension of the classified service to embrace employees of the railway mail service, field employees of the Indian and labor bureaus, the Indian schools and graded clerks in the quartermaster general's office and war department. The report concludes with a statement of the practical effects of the civil service acts and rules, the conditions existing in the civil service before the approval of the act, and the improvement in the service under the law and rules. The objections to the law are stated and answered at some length. Among the concluding paragraphs of the report is the following:

"The civil service act has now been in force over four years, part of the time under one party and part under that of another. That there has been accomplished in its execution all that its sanguine friends expected is not claimed, but it may be said that in the results of its execution is shown the wisdom of the principle of divorcing the subordinate officers of the government from politics and elections and making continuance in office dependent, not on party service, but on merit and good behavior. In this respect the law has produced results which are extravagantly described as surprising."

The report was prepared by Commissioner Oberly and is signed by the three members of the Commission, Lyman dissenting from the regulation of 1887, requiring certification to the head of an office of the whole list of eligibles for promotion.

CONTRACT AND PAUPER LABOR.

The Select House Committee on Importation of Contract and Pauper Labor will first visit New York and Boston, and later in the season probably proceed to San Francisco to inquire into the Chinese labor question. Morrow, of California, a member of the committee, says the operations of the committee will not in any way be allowed to affect the prompt action of Congress on the pending bill to give effect to the new Chinese treaty, but will be mainly devoted to ascertaining the facts attending the importation of Chinese labor across British Columbia frontier. This will probably necessitate a visit of the committee to Port Townsend and if the allegations are borne out to the satisfaction of the committee it is expected that a recommendation will be made that negotiations be commenced with the government of Great Britian looking to the imposition of proper restrictions on this kind of immigration.

FOUR BILLS VETOED.

The President today vetoed four private pension bills.

The first granted a pension to the widow of Joan Harbot who enlisted in 1862. He was captured by the enemy. After his capture he joined the confederate forces, and was recaptured by the Union army, and explained that he deserted to the enemy to escape the hardships of prison life, and was released October 11, 1865. The disability for which his widow now asks for a pension the President says quite likely resulted from exposure in the confederate army, and adds:

"The greatest possible sympathy and consideration are due to those who bravely fought and being captured as bravely languished in the rebel prisons. I will take no part in a pension roll which represents Union soldiers fighting against a cause they would uphold. Nor should it for a moment be admitted that such desertion and treachery are excused when it avoids the rigors of honorable capture and confinement. It would have been a sad condition of affairs if every captured Union soldier had deemed himself justified in fighting against the government rather than undergo the privations of prison life."

SUNDRY CIVIL BILL.

The sundry civil appropriation bill reported to the Senate today, has been increased by the Senate committee from $23,300,000 to $27,300,000, but is still $650,000 less than the estimates. It exceeds last year's bill nearly $5,000,000. The following are the increases and new appropriations: Statue of Liberty, Bedloe's Island, N. Y., for completing the pedestal and approaches, $90,000; Point Loma, California, $30,000; Ballast Point, California, $25,000; Umpqua River, Oregon, $80,000; Astoria, Oregon, $150,000.

The following are among the more important miscellaneous items of appropriations in the bill: Customs service increase from $20,000 to $30,000; for international survey of the Mexican boundary line work to be done by army officers, $10,000; public library building at Washington, $1,000,000; the library commission is abolished and the work is placed under practical charge of the chief of engineers; Denver military post, $100,000. In respect to the rebellion records a proviso is inserted that hereafter before the publication of any volume of said records the manuscript copy shall be submitted by the Secretary of War to a committee to be selected by him, who shall certify the volume only contains the contemperaneous official records of the war of the rebellion. For wagon road from Pike's Peak military post to the signal station, $1,000; for additional buildings for the Pacific branch of the Soldier's National Home, California, $100,000; additional barracks for the Northwestern, Southern and Western branches of the Soldiers' Home, $101,000.

Major Handbury sends in the following estimates for completing the improvement of the mouth of the Columbia: $3,422,500 for next year; $100,000 for the construction of canal cascades in the Columbia river; $1,850,000 to complete the project, and $580,000 for next year.

CIVIL WAR IN VENEZUELA.

The Department of State is informed that a revolution exists in Venezuela and that Dr. Paul has assumed the office of president. Assistant Secretary Reeves of this country has been quietly watching affairs in Venezuela but as yet has observed nothing in the situation that would justify interference on our part.

The Brotherhood are Beaten.

CHICAGO, July 17.—Chief Arthur said today in the course of a conversation that he would not and did not countenance any violence whatever on the part of the members of the Brotherhood against the Burlington road. Continuing he said: "I am very sorry to think that any member of our order has done an overt act. I do not know as yet whether the strike will be declared off or not.

Arthur subsequently said that if any member of the Brotherhood had used violent means to gain the ends desired, the man would be immediately expelled from the order.

George Miles, another striking engineer, was arrested today for complicity in the alleged attempt to blow up the train on May 26th.

Chief Arthur left Chicago tonight for Cleveland. In conversation with a reporter touching the Burlington strike he said:

"We wanted certain things of the railroad. They were not given, and we had a right to quit and the Burlington had a right to hire other men. We made a nervy fight and have been beaten in it. There is no use saying anything else. It would be better for the men and for the road that the strike be declared off and the strikers seek work elsewhere or return to the Burlington. The road has won, but at a great expense. The Brotherhood has lost none of its members, but has gained some."

That Elopement Case.

ST. LOUIS, July 17.—Dispatches from Topeka this afternoon say notwithstanding that Moore declared after his release by Judge Guthrie that he would not attempt to evade the officers, he has disappeared and nobody seems to know his whereabouts. He was last seen in consultation with his attorney on the street.

Dispatches received from Topeka late tonight say the whereabouts of Moore have not been discovered. Mrs. Norton has also left the hotel and cannot be found. The general impression is that they are together somewhere in the vicinity, and their lawyers say they will be on hand to meet any charge of adultery on Monday morning next.

A Fratricide Suicides.

NEW YORK, July 17.—In Brooklyn today Michael Dumphy, while drunk, shot and killed his brother John. He then killed himself.

A Murderer Hanged.

GREENVILLE, Miss., July 17.—Murray Lewis (colored), who some time ago cut the throat of his mistress and threw the body into the river, was hanged today.

General Harrison Recovered.

INDIANAPOLIS, July 17. — General Harrison rose early this morning feeling in excellent spirits and health. There has been no recurrence of the neuralgic pains. After spending a couple of hours with his secretaries, the General ordered his carriage and drove down to his law office, where he spent an hour. This is the first time he has ventured out since last Wednesday. His family and neighbors have about ceased to longer regard him as a sick man.

General Harrison passed a quiet and uneventful day. He regard himself entirely recovered from his illness, but to apprise the public in a more satisfactory manner as to his true condition a representative of the Associated Press called this evening upon Dr. Jameson, the General's physician, who said:

"There has been at no time any occasion to regard General Harrison as a sick man. He had an attack of acute indigestion, but not of a severe character. It was sufficiently troublesome, however, to give him some pain and discomfort. There was at no time any intimation of inflammatory trouble, the pain yielding readily to a light anodyne treatment. Regarding him as well, I saw him for the last time this morning and advised him to discontinue treatment."

Convention Opened.

SAN FRANCISCO, July 17.—The Teachers' Convention opened this evening with a grand welcoming concert at Mechanics' Pavilion. Delegates arrived in large numbers all day, as well as thousands of visitors from Coast points.

Addresses of introduction and welcome were delivered by Ira G. Hoyt, Superintendent of Schools, and Governor Waterman. Mayor Pond then welcomed the visitors on behalf of the city. Responses were made by President Aaron Gore of Denver, Secretary James A. Garfield of Lawrence, Kansas, and Vice President N. E. Sheldon of Boston.

BRIEF TELEGRAMS.

Boulanger is improving.

Cholera prevails to an alarming extent among the Europeans at Hong Kong.

Queen Natalie of Servia has started from Vienna for Paris. The Russian ambassador alone called on Queen Natalie prior to her departure.

Scranton, Pa., July 17.—The Dunn breaker and buildings connected therewith burned today. Loss $100,000; partly insured. The mine is now on fire.

New York, July 17.—A decree for absolute divorce in favor of Ada May Grover against Leonard Grover, the actor and manager, was granted today.

New Bedford, Mass., July 17.—A local paper, speaking of General Sheridan, says cirrhosis of the liver has set in. The family and physicians refuse to talk on the subject.

Advices from Shanghai say that after an enormous sacrifice of money and labor all efforts to close the breach in the banks of the Hoang Ho river have been found to be futile.

London, July 17.—A dispatch from Suakim says: Intense heat prevails there, the thermometer today recording 120 degrees. Several persons have died from the effects of the heat.

Vienna, July 17.—A German merchant has been secretly tried and condemned to fifteen months' imprisonment for making insulting remarks about Dowager Empress Victoria.

Montgomery, Ala., July 17.—The Louisville & Nashville northbound passenger train collided with a freight train near Birmingham. Both firemen were killed and the passengers were badly shaken up.

Omaha, July 17.—Advices from Benkleman, Nebraska, say: A terrific wind storm Sunday night demolished a number of buildings in the town. The buildings destroyed were mostly cheap frame affairs.

London, July 17.—Sergeant Wilson won the London municipality prize at the Wimbledon shooting tournament. Private Fulton of the Thirteenth Middlesex regiment won the Queen's prize. His score was 280.

Buffalo, July 17.—A savage bloodhound, owned by Nicholas Smith, got loose last night and attacked two boys named John P. Sippel and Anthony Smith, lacerating them severely about the head. It is feared they will die.

Pittsburg, July 17.—George Westinghouse of this city received a cablegram from London today stating that the suit of Edison and Swan against Hallard and others for infringement on incandescent light patents had been decided against the plaintiffs. The Cheesborough patent was upheld.

London, July 17.—At Leister today Knapp beat the professional bicycle record for thirty miles by 1 minute 5 seconds, the professional record by 8 minutes and the professional 100 mile record by 41 minutes 18 4-5 seconds. His time for 100 miles, however, was 5 minutes 13 2-5 seconds slower than the best amateur record.

Marietta, Ohio, July 17.—The centennial celebration grows in interest with the week. Senator Evarts delivered the oration of the day today. It was a masterly and philosophical discussion of the situation that led to the ordinance of 1788 and the fruit that followed the settlement here. In the evening a magnificent historical exhibition was given in the hall illustrating important events in the Northwest Territory.

Lincoln, Nebraska, July 17.—Hon. Patrick Egan today sent to Henry Labouchere the following cablegram, which, taken in connection with the proposed inquiry, explains itself: "Have mailed you today for use before the commission of inquiry the originals of all the letters received by me from James Carr during my stay in France and I will attend in person before the commission upon the conditions stated in my published letters to King Harmon of April and May 1887."

TRUE CULTURE.—Young Lady—Will you please give me a small bottle of eyether?

Omaha Drug Clerk—Of what, miss?

"Of eyether, please."

"Eyether? eyether?" I do not think we have it in the store."

"Oh, yes; I'm sure you have. It is sometimes called ether by ignorant people."—*Omaha Herald.*

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1, at A. C. Smith & Co's Drug Store. (6)

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at A. C. Smith & Co's Drug Store.

An Important Announcement

About six weeks ago, while at business, I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to almost double their natural size, and sleep was driven from me. After suffering the most excruciating pain for a week, using liniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from nine to ten hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, either in person or by mail.
THOMAS MARSHALL,
11 W. 18th street, New York City.

NASHVILLE, TENN.—I have warded off a severe attack of rheumatism by a timely resort to Swift's Specific. In all cases where a permanent relief is sought this medicine commends itself for a constitutional treatment that thoroughly eradicates the seeds of disease from the system.
Rev. W. P. HARRISON, D.D.

NEW YORK, 81 7TH AVE.—After spending $200 to be relieved of Blood Poison without any benefit, a few bottles of Swift's Specific worked a perfect cure. C. PORTER.

VIENNA, GA.—My little girl, aged six, and boy, aged four years, had scrofula in the worst aggravated shape. They were puny and sickly. To-day they are healthy and robust, all the result of taking S. S. S.
JOE T. COLLIER.

LADY LAKE, SUMTER CO., FLA.—Your S. S. S. has proved a wonderful success in my case. The cancer on my face, no doubt, would have soon hurried me to my grave. I do think it is wonderful, and has no equal.

WACO, TEXAS, May 9, 1888.
S. S. Co., Atlanta, Ga.:
Gentlemen—Knowing that you appreciate voluntary testimonials, we take pleasure in stating that one of our lady customers has regained her health by the use of four large bottles of your great remedy, after having been an invalid for several years. EVERY NIGHT I SCRATCHED

Until the skin was raw. Body covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspapers about your CUTICURA REMEDIES, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA Remedies, and in four or five weeks was entirely cured. My desease was eczema and psoriasis. I recommended the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babes with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA REMEDIES have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clean as a baby's.
