And Importance.

BREWERY SALOONS COME UP

Councilman Fernstrom Objects Strenuously, but Majority Overrides
His Expressed Opinions.

Promptly at 8 o'clock last night, President Davis' gavel called the city council to order, and one of the most business-like sessions held by the council in many days was commenced. There was an entire absence of acrimony and ill-feeling, conditions which have marred many meetings heretofore.

Among the many items of business transacted was the granting of licenses to a long list of saloons, many of their proprietors being foreigners with unpronounceable names. This is the batch known as the "brewery saloon" licenses, an ordinance to regulate which has been introduced by Councilman Fernstrom, and is now pending.

The latter gentleman strenuously opposed granting the licenses to what he characterized as a gang of lawbreakers. He said these saloons had been running without licenses since Oct. 1, in violation of law, and were also violating the law which provides that no person or corporation shall control more than three saloons within the city. He said, "If you must grant these licenses, let us pass my ordinance next week to prevent a recurrence of this disgraceful condition in the future."

Councilman Stewart said it was only "beating the devil around the bush" to pass this ordinance, as if the saloon men and brewers are headed off on way they will soon discover another means of getting around the law.

"They will run in spite of anything we can do."

PETITION IS GRANTED.

The report of the waterworks committee refusing to grant free water to use on the grave of the late President Brigham Young was amended on motion of Councilman Hall so as to grant the use of water gratis. In a long and earnest speech he urged the council to lay aside prejudice and grant the prayer of petitioner. He closed by saying, "We not only have a right to grant this request, but it is a sacred duty of this council and of the people of Salt Lake to see that the great and noble pioneer of the great leader and pioneer be kept green and beautiful." His motion carried.

Auditor Alf presented his belated financial report, which was of such mammoth proportions as to stun the august members, for it fell amid a death-like silence and was referred without dissent.

COUNCIL ROUTINE.

Following is a resume of the business: The city attorney reported that the bond in connection with the excavating sidewalk for building purposes is a continuing bond. The improvements committee will take the matter in hand again. The ordinance will probably be passed to conform to legal requirements.

The Lyric theater requested action in the removal of the obstruction near the site of the Jordan river crossing at First North, where a new bridge is to be installed. The party will leave the Wilson hotel at 2 o'clock.

All of the actions taken by the board of public works Friday night were approved. Dr. S. G. Paul, assistant city physician, was made a member of the board of health commissioners, and now he will have a voice in its deliberations.

Paying extension No. 48, Eighth South, between Main and State, with asphalt, was ordered, and bids were ordered advertised.

The petition of the Emigration canyon car line for permission to haul rock over the streets was denied on the ground that it hauled rubble stones and not building blocks, as some of the afternoon thought it had intended to do.

W. H. Dye was appointed poll tax collector at \$75 a month.

The contract with Fairbanks, Morse & Co., for the machinery at the intercepting sewer pumping station, at a cost of approximately \$7,000, was approved.

An application for permission to dig a well in the rear of the new Colonial theater because the grade is too low for sewer connection was denied.

BOYSTURN HIGHWAYMEN

Will Green and Burl Pace Locked in
County Jail Facing Serious
Charges.

Will Green and Burl Pace, two young men of Union Fort, are locked in the county jail on serious charges. They are accused of brutally beating and robbing Job Seaverson, a farmer who lives in the southern part of the county. The assault and robbery occurred on the road to Union near that place Saturday night.

Seaverson was driving home when he was stopped by the two boys. They got into the wagon and when at a point near Union one of the young men struck Seaverson a blow on the head with a club. The man was rendered unconscious and fell to the bottom of the wagon. The young robbers took \$11 from their victim and jumped from the wagon. When Seaverson regained consciousness he found that the team had taken him home and he was in the front yard.

About 4 o'clock yesterday Seaverson went to Murray to report the affair to the marshal. While talking to the officer he happened to see Green walking up the street. Green was quickly placed under arrest and confessed that he was a party to the crime. The case was taken into custody a short time after and both were locked in the county jail. Green says he does not know why he took part in the assault and wanted to pay back the \$11 and escape punishment.

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security & Trust Co., 32-34 Main street, \$3.50 per year.

COBB OPENS OFFICE HERE.

Architect Henry I. Cobb of New York will open a permanent office in this city on account of the great amount of work he is to do here in connection with the new houses being built.

Irving Goodfellow will be in charge, but Mr. Cobb and his son are also to be here from time to time. Mr. Cobb has looked over the great buildings on south Main street now nearing completion, and expresses himself as satisfied with them. He says work is to begin shortly on the great hotel on the old Walker residence corner. The plans have been changed several times, the later plans providing for a 15-story structure with a colonnade and towers.

Several six and eight-story buildings are being discussed with Mr. Newhouse, but nothing definite in that particular line has been decided on.

HARVEST NEARLY \$2,000.

The ladies of the Y. W. C. A. are disappointed in that their expectations from the result of Tag day are not realized. They were looking for \$2,000 and perhaps \$3,000, but the exact amount turned in was \$1,915—just \$85 short of the \$2,000 mark. They are now wondering if some one will not step in and make up the difference. The boxes contained \$30 in \$3 gold pieces, there were 220 silver dollars, \$310 in 4-bit pieces, \$600 in nickels, \$45.25 in pennies, 148, and 525 pennies. Mrs. Critchlow, president of the association, says that while they need more money, they are thankful for the success made here, and can make a good use of it.

Pimples and skin eruptions are caused by poisonous substances in the blood. Hollister's Rocky Mountain Tea removes skin diseases, makes healthy complexions and purifies your blood. 35 cents. Tea or Tablets. Godbe-Pitts Drug Co.

CAUSES COME TO LIGHT.

Unsavoury Relations Brought About
Fort Douglas Tragically.

Investigation of the murder and suicide at Fort Douglas yesterday brings out the fact that the parties knew each other at Leavenworth, where they had consorted together before coming west. The Davis woman went to Oakland where she fell in with one James Harris, for whom she formed an attachment. Harris returned to Leavenworth four months ago where he secured a position as bartender in the Empire House, at First West and South Temple streets. Mrs. Davis followed him and secured work at Fort Douglas where she unexpectedly found Stoudermire employed.

It seems that the woman partly resumed her former relations with Stoudermire, who shortly discovered he had a rival and became insanely jealous, and on Sunday when Mrs. Davis went down town to meet Harris, Stoudermire met her, flourishing a revolver and threatening to kill her. She told Harris, who advised Mrs. Davis to leave the Post and line in town. But she would return to the Post, through which action she secured her life. Stoudermire persuaded her to come into his room in the bachelor officers' quarters where she had gone to call another woman servant, an altercation followed when the fellow threw Mrs. Davis onto the bed, smothered her cries with a pillow and fired four shots from a revolver into her. Then she turned the gun on herself. Harris said yesterday that the tragedy was not unexpected, from the way Stoudermire had been acting.

Mrs. Davis's home is 103 Shauneau avenue, Leavenworth, Kansas, where she has a son living, though the whereabouts of her husband are unknown. Stoudermire had served an enlistment in the Ninth cavalry and in the Twenty-fifth infantry, being one of the men discharged from the service on account of the Brownsville affair. The investigation board consists of Lieut. Col. Williams, Major May and Purvis, and Lieut. Waterman. The murderer left two letters in his room, one of which implored the dead woman to return to his affections, while the second was a note stating his wish that the woman's mother should be notified that her daughter had been killed. So it is very evident the whole thing was premeditated. It is said that he would kill her, and then himself. Stoudermire nerved himself to the deed by drinking copiously of whisky, the nearest empty bottle being discovered in his room.

WOOL MEN UNITED ON STORAGE PLAN

Meeting Yesterday Was Harmonious to a Gratifying
Extent.

CHICAGO BUSINESS METHODS

Promotion Expert Outlines Manner in
Which Windy City Contemplates
Profit from Storage.

Fred W. Harrington of Ogden, Utah, was what his fellow sheepmen styled the "bell wether" of the flock last night when he led 50 fellow sheepmen up to the money table, to sign up for stock in the new company which is to revolutionize the method of handling wool in America.

It was an important moment in the wool industry when the fifty members of signing papers was reached. Preceding it there had been season after season of agitation, of conscious knowledge growing more each year that the buyers who came west pulled a good deal of wool over the eyes of the growers, and finally of organized opposition to prevailing conditions.

Meeting the problems singly and alone the Utah woolmen had planted 5,000,000 pounds of wool in an eastern warehouse to sell after the organized movement to slump the market passed. Wyoming, taking the same amount, had stowed away an equal amount in Omaha. Their Wyoming growers and Utah growers got to talking it over. They called in the services of the national association, and the national association called in the services of a special committee on investigation and discoveries.

CHICAGO WINS.

The meeting yesterday was the result of the work of this special committee. The earlier meeting there had been present representatives of half a dozen leading western cities, all anxious to be made the wool center of America so that they might attract wool manufacturing plants. With these came W. H. Manss, representing the Chicago association which recently had Candidate Taft sit alongside of Candidate Bryan and compliment one to the other, in the heat of the campaign. Manss showed himself a master of the art of presenting his case favorably, and in a very short time had won to the cause of Chicago a large majority of those interested in storing wool.

When the committee went east to look over all the cities that had applied, one day was sufficient in each of the cities until Chicago was reached. Then it took 11 days to accomplish results, and look over all the propositions offered.

The same fine workmanship for Chicago's interests appeared in yesterday's proceedings for the name of Chicago loomed large through the title of the storage organization in which the sheepmen signed for stock.

HOW THE PLAN LAYS.

"Chicago will get its pay," said Mr. Manss while the owners of wool were putting down their names to a declaration of intention to hereafter sell their wool only in Chicago for three years at least, "not in the actual handling of these men's wools, but in the creation of new zones of manufacturing plants that will be attracted to Chicago by the fact that the wool will be there."

"This movement I think one of the most vital of recent years to Chicago's upbuilding. The new west—the great west of booming population and expanding industry—is just awakening. We at Chicago shall be the same gate-way as always towards the east, and we shall always keep a close eye upon this west to see that everything is working harmoniously between us and it, and that no hitch occurs through any fault of ours."

"That's how it was with this wool matter. We had studied this wool matter. We knew that sooner or later this movement would be inevitable among the sheepmen. We knew wool from the lamb to the fabric, and we knew just what Chicago would have to offer to make the most attractive wool center in the country."

"Our long study was rewarded when we were able to state our offers that other competitors were lost in the maze of not knowing just what was needed."

YESTERDAY'S MEETING.

The meeting yesterday was presided over by J. E. Cosgriff of Rawlins, Wyoming, in the absence of National President Gooding of Idaho. There were present of the committee which had decided upon Chicago as the wool center, M. S. Nelson of Mt. Pleasant, and Thomas A. Martin of Salt Lake. About 50 representative owners of Utah wool were assembled to hear the arguments of the committee. These for Chicago were stated by Mr. Manss. The following resolution was passed, stating the attitude of those present:

"Resolved, That it be the sense of the wool growers here assembled that we fully endorse and do our best to help perfect and ally ourselves with the National Wool and Storage company, to be located in Chicago."

To carry out the intent of the resolution, means the raising of \$400,000 to apply to warehouses to be built this year, ready for next year's crop. Chicago bankers have offered to put up what money is necessary but the woolmen prefer to own the control at least of their own company, and therefore have asked for the first opportunity to

Don't Worry About Piles

Pyramid Pile Cure Will Quickly
Remove All the Pain, Suffering
and Discomfort.

Trial Package by Mail, Free.

Many people suffer the torture of piles because they have little faith in an ultimate relief or cure. This condition is part of the terrible malady called piles. Such an affliction drags the nerves of men and women down to the lowest depths and gives to mankind a feeling of despair.

Don't permit yourself to become a victim of this melancholy. Pyramid Pile Cure is sold everywhere, by all druggists. It does relieve piles and does this work quickly, painlessly and without apparent effort. We have thousands of testimonials proving its merits.

Go to your druggist today and buy a package, or if you feel any timidity or modesty about the matter send us 50 cents, the price of Pyramid Pile Cure, and we will send you a package by mail in plain wrapper.

One or two applications will prove the whole thing was premeditated. In your case not hopeless, and to give this proof to you send us your name and address and we will send you a trial package by mail in plain wrapper free. Address Pyramid Drug Co., 163 Pyramid building, Marshall, Mich.

A BLESSING TO MANY SUFFERERS

A Plain Home Prescription Highly
Recommended for Elderly
People.

RELIEVES KIDNEY TROUBLE

Simple Home Made Remedy and How
To Prepare it If You Have Urinary
or Bladder Trouble or
Rheumatism.

This is a simple home recipe now being made known in all the larger cities through the newspapers. It is intended to check the many cases of Rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weakeners of some of our brightest and strongest people.

The druggists here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce and Compound Syrup of Sarsaparilla three ounces. Stir by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments prove this simple mixture effective in Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It compels these most vital organs to filter from the blood and discharges waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes quick uric acid symptoms as headache, blood disorders, bladder weakness, frequent urination, painful scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure.

Those who suffer and are accustomed to purchase a bottle of medicine should not let a little inconvenience interfere with making this up.

subscribe to stock: \$10,000 was signed yesterday. It is expected that \$250,000 will be signed for in the west, and \$150,000 among the Chicago bankers.

COMMITTEE APPOINTED.

A committee consisting of John E. Austin, E. J. Kearns, Albert Smith, Walter James and Fred W. Harrington will have charge of receiving Utah subscriptions. Meanwhile the work of receiving them in other states will be taken up by Mr. Cosgriff and Mr. Manss who left today for Rock Springs to commence a tour of Wyoming, Idaho, Oregon and Nevada in the interests of the new warehouse movement.

The plan really is one to corner the wool market and hold for reasonable profits. This market handles 300,000,000 pounds of wool a season, which is half the world's supply. The western crop totals 150,000,000 pounds, and the first season in Chicago is projected to immediately building is intended to be large enough to house 55,000,000 pounds. This amount in one place it is thought will just about hold the market steady and break up the system of assembling up each year just at harvest time so that eastern buyers and commission houses can make the long end of the profit.

Skin and clothes require different soaps for cleansing. Jap Rose Soap is made for the bath and toilet. Yarns were required to perfect it. Kirk makes it. All dealers sell it.

TWO MEN HURT.

At St. Mark's hospital are two men seriously injured in accidents. They were brought in yesterday afternoon and are under the care of Drs. Worthington and Costerman. Frank Martin of Bingham, is suffering from a fracture of the right forearm and a wound in the head. He was hurt while at work in the tunnel of the Boston Consolidated mine.

The other patient is Vincini Boden, who has been employed at the Murray smelters. He was injured while working in a vat of molten metal and his left leg was burned almost to a crisp. His right foot and leg were also burned and his condition is serious. The man will be a cripple for life.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package—F. J. Hill Drug Co., "The Nerve Substitutors."

Christensen & Christensen, attorneys and counselors at law, have returned to their former offices in the Romney block, 212 South Main street.

TWO OPINIONS HANDLED DOWN

Utah Supreme Court Reverses
Smith and Touse
Cases.

SHERIFF MAY BE TRIED AGAIN

Direction of the Court for Jury to Return
Verdict of Acquittal Held
To be in Error.

Two opinions were handed down by the supreme court yesterday and in each instance the lower court was reversed. The first was that of Thomas H. Smith, formerly sheriff of Cache county, who was indicted on six counts for malfeasance in office. Only two of the counts were pressed, however, and in these the court, Judge Howell presiding, ordered that a verdict acquitting the accused be returned, after the evidence was in. This the supreme court says was a wrong procedure, the contention being made in the decision of yesterday that the case should have gone to trial in the regular way.

The charges against Mr. Smith grew out of complaints made against him by the effect that he had in some instances failed to account for fees collected by him, and for having on one occasion collected office expenses from the county, after the same had been paid by the state.

In the case of Mohr Touse versus the Consolidated Railway & Power company, the court declines more clearly than heretofore the practice that should obtain in cases of appeal. The decision of the lower court is overruled and the decision concludes in these words:

All the orders, rulings and decisions made by the trial court during the trial, including its ruling in directing or refusing to direct a verdict, and all questions of fact in equity cases on which the trial court has passed, including the findings, and also all errors in findings of fact and conclusions of law made by the court in law cases, are before this court for review without a motion for a new trial. The Touse case, so far as it is in conflict with these conclusions, is overruled."

FILES SECOND DIVORCE SUIT.

For a second time Mrs. Selma May Reiter Kramer has filed suit for divorce from her husband, Herman A. Kramer. Her first application was denied by Judge Morse a year ago, it being the opinion of the court that there were insufficient reasons for a separation.

This time the allegations contained in the complaint are simmered down from extreme cruelty to desertion. In the first proceedings Mrs. Kramer specified many instances in which she was made the object of vicious attacks on the part of her husband, even to the extent of being thrown to the floor and being sat upon. Mr. Kramer retaliated by setting forth in his answer that his mother-in-law was the cause of the trouble in his household, and that because of her he had felt compelled to leave his home.

VERDICT FOR SAUNDERS.

Francis H. Saunders secured a verdict for \$122 in his suit against the Utah Light & Railway company, which came to a close in Judge Lewis' court yesterday afternoon. The plaintiff sued for \$5,122 as damages for injuries alleged to have been received by him Feb. 10, 1908, when he was struck by a streetcar, the contention being that the accident occurred by reason of negligence on the part of the defendant company.

COMPLAINTS DRAWN.

A complaint was sworn to Saturday by Deputy Sheriff John C. Corliss charging Mariad C. Whitney with keeping a house of ill-fame. Her 7-year-old daughter was ordered committed to the Utah Industrial school for the juvenile court recently, but immediately disappeared, and has not since been located by the officers.

John Delaney is charged with burglary in the second degree. He is charged with breaking into the Roberts hotel at Bingham canyon. Deputy Sheriff Corliss also swore to the complaint in this case.

For passing a worthless check for \$10 drawn on the Walker bank, J. Grant is charged with obtaining money under false pretenses.

COURT NOTES.

Saturday afternoon Maude Dustin filed an action for divorce against her husband, Richard Dustin, the complaint charging failure to provide. The couple were married in Colorado, Oct. 22, 1906. The complaint asks for the custody of their 4-year-old son, Harold and \$25 per month alimony.

Selma May Reiter Kramer is also

Absolutely PURE ROYAL BAKING POWDER

The only baking powder made from Royal Grape Cream of Tartar, the officially approved ingredient for a wholesome, high-class powder

There is greater deception in the sale of baking powders than ever before. Closely observe the label and be certain of getting Royal.

suing her husband William Kramer for a divorce on the ground of failure to support. She asks for the custody of their daughter Helen, 3 years old, and \$10 alimony.
