SPECIAL BUSINESS NOTICES.

AN OUTGROWTH OF OTHER DISEASES.—Catarrh sometimes exists alone, but is more frequently a symptom of other diseased conditions. The following letter explains it:

COLLINGWOOD,  
Onondaga Co., N. Y.,  
Jan. 25th, 1872.

Dr. R. W. Pierce, Buffalo, N. Y.:

DEAR SIR.—Allow me to give a brief history of the effect of your medicine called "Golden Medical Discovery" in my case. I am now in my seventy-fourth year and naturally of feeble constitution. Without the last few years of over-exercise, I have been afflicted with a complication of diseases almost incredible to relate. In the first place Catarrh, to a degree that, for me, it seemed that my voice passed out at the ears, to which was added its natural ally—Bronchitis; to which, at no great length of time, were added three miles with ease, and head and shoulders and bloating of the lower limbs, the most of which was superinduced by a torpid state of the liver. I had the advice of several eminent physicians, and tried almost every known remedy for such complaints without success. A rapid loss of strength and waste of flesh, reminded me that I could not long withstand the combined force of disease which was fast beating me down. I gave up all business, made my will, had my grave stone placed in position and lettered, except date of exit, and resigned myself to my much to be dreaded events. Not long after this, I saw your advertisement, procured your remedies—I am now on the second half-dozen bottles of Golden Medical Discovery.—I have a good appetite, have gained fifteen pounds of flesh—no more talk of my ears, no more bloating of the limbs, can now walk two or three miles with ease, and feel that you have given me a lease of ten or fifteen years—subject, however, to the ratification of the Court above. That you may live long to do good to suffering humanity, is the sincere wish of  
Your unknown friend,  
LUTHER COLE.

"A SLIGHT COLD," "COUGH"—Few are aware of the importance of checking a cough or "slight cold," which would lead to a mild remedy, but if neglected, often attacks the lungs. "Brown's Bronchial Troches" give sure and almost immediate relief.

HOUSEKEEPERS and laundresses will be pleased to know that Duryea's famous "Satin Gloss Starch" is now being introduced in Salt Lake City. The reputation of this article needs no comment. Its popularity in the East and in Europe, where it has been sold for the past fifteen years, is now extending over the great West. The best judges declare it to be the "perfection of quality."

F. D. DIMWOOD has removed his FURNITURE from Main Street to his three-story brick building, First South Street, half-a-block west of Co-op. clock, where he is prepared to do a wholesale as well as a retail business.

FIFTY TREASURES wanted immediately. Apply at Utah Lumber Yard. J. J. THAYER.

HAVING secured the agency of the Old Allen Mine Weber Coal, I am prepared to supply my old patrons and friends with this coal, which I can recommend and guarantee to give satisfaction. Only \$3.00 per ton at Depot. Special rates by the car load. Leave orders at Dunford & Sons, Kneeland's Grain Store and Smith's Boot and Shoe Store.

d70 1m eod Sole Agent.

NOTICE TO CORRESPONDENTS.—Persons sending communications to the office of the DESERET NEWS and Juvenile Instructor, are requested to write to the offices separately, to avoid confusion and insure attention to their orders. All letters to the latter office should be directed "Editor Juvenile Instructor."

LOCAL AND OTHER MATTERS.

Thermometer 41 degrees F. in the shade, at 1 p.m. to-day. Fine day.

Gene.—Mr. T. D. Brown died about 6 o'clock last evening.

Another.—A young men's institute, or improvement association, has been organized at Bountiful.

Meetings.—Meetings to-morrow afternoon and evening at the various ward meeting places.

The Washington Capital.—This lively and spicy paper comes to hand in a quarto form, which, in our estimation, is a great improvement.

Will Preach.—President D. H. Wells will preach in the 14th Ward Assembly Rooms to-morrow afternoon; services commence at 2 o'clock.

Mammoth Cheese.—In one of the show windows of Mr. Geo. W. Davis' establishment is a huge cheese, weighing 388 pounds, imported direct from Switzerland.

Twelve Hours' Sun.—We are supposed to have twelve hours' sun to-day, this being the day on which the sun crosses the equinoctial line, and being the day which is midway between the shortest and longest day.

Horse Stealing.—A few months ago a Sessions man had a horse stolen from him. He managed to track it to-day to one of the lively stables of this City. It is probable he will only get possession of it by means of a writ of replevin.

Surprise.—Last night about one hundred people of the 8th Ward called upon Bishop E. F. Sheets, at his large new house, in the capacity of a surprise party, and the Bishop was certainly very much surprised, as the affair was altogether unexpected to him. Lots of good things were made to disappear, dancing and kindred amusements were indulged in and all had a merry time for a few hours.

Personal.—We had calls to-day from E. J. Hall, Esq., and T. G. Woodmansey, Esq., the former representing the firm of D. F. Tienman & Co., manufacturers of Colors, Lead, Zinc, &c., No. 16 Park Place, New York, and the latter that of William Resor & Co., manufacturers of Stoves, Hollow-ware, &c., Cincinnati, Ohio; both excellent, reliable firms. The gentlemen arrived in town this morning, and purpose remaining a few days.

Didn't Get Away.—John Wilson, one of the worthies who was sentenced to imprisonment for 100 days, made an attempt to escape to-day. As the chain gang were about to leave the jail, on a wagon, he freed himself from his ball and chain and dashed off in a south-east direction, across lots. A. Smith, son of Col. Smith, took after him, and for a while there was a lively chase, but Smith, being long-winded, got the best of the race, for he shortly returned with the fugitive. Wilson, who is something of a hard case, had previously sawed through his ball and chain arrangement, and was thus enabled to throw it aside when he belied.

Co-operation.—The people of Brigham City still keep branching out co-operatively. Besides the cloth factory they have a hat and cap establishment in running order, a blacksmith and wagon shop, butcher shops, farm, dairy, lumber and shingle mills, a tannery, a boot and shoe factory, all running on the co-operative plan; about a dozen or fourteen departments in all. The consequence of this is that everybody willing to work has employment and plenty to eat and wear, and is prosperous and comfortable on general principles. The people of Brigham City have clearly manifested that any people who will co-operate on correct principles will increase in material wealth and prosperity.

Such is Life.—Capt. Burt, of this City, has received a very affecting letter from Philadelphia, from the mother of William L. Pugh, the man who was picked up on the street a short time since, by the police, and whose toes on one foot were in such a diseased condition that they had to be amputated by Dr. Anderson. The letter breathes the spirit and yearnings of a fond mother's heart, and can scarcely repress sympathetic emotions in reading the sentiments she expresses. Pugh is somewhat deranged mentally, which she said was caused by domestic troubles of ten years ago, when himself and wife separated. He has two daughters living in Philadelphia. The old lady wishes her son to go home to her, but, being poor, she cannot send money to pay his expenses. Truly the world presents some curious and affecting phases of life. Pugh is recovering slowly.

Captain Burt purposes procuring a suit of clothes for him, and to arrange for his passage as far as Ogden.

On His Track.—We published a letter a few days since giving an account of a transient named Graham running off with a team and wagon, and wife of a man named Peterson, who resided at Lehi. Mrs. Peterson had three children, and when Graham and herself left the abused husband, she handed the latter's clothing and two of the children out of the wagon, saying that was his share and stating her intention of going with Graham and the team, and thus they left the poor, simple, unfortunate fellow.

It appears that there was an attachment upon the team and wagon before it left Lehi, and considerable Myron Brown of that place was sent in pursuit, armed with a writ of replevin. He traced Graham and the woman to Corinne, which place they left on Thursday morning at nine o'clock, on learning

which fact the officer started out in pursuit from there at noon of the same day, being only three hours behind. It is probable that he would catch up with them before they reached Hampton's Bridge, and it is likely that he is now on his way back to Lehi with the team and wagon.

Graham stayed two winters at Lehi, this and last, and boarded at Peterson's. He spent last summer in Montana, and was probably on his way back there with Peterson's team, wagon and wife.

He is a double-dyed scoundrel, and deserves to be severely dealt with.

Theatre.—Last evening Boucault's five act drama, "Mimi," was presented to a large house.

The plot and dance scene in the first act was nicely set and it went off with very good effect. Miss Rogers, as "Mimi," appears in the second act, and during the progress of the drama does some superior acting, culminating in the death scene, which was very impressive.

Mr. Sawtelle, as "Maurice O'Donnell," acted with much ability and was highly applauded by the house.

Mr. Croble and Miss Walters played with their usual ability.

Miss Croble, as "Rigoletto," a part well suited to her, performed the same in an admirable manner.

This evening, by particular request, Miss Rogers will appear as "Juliet" in "Romeo and Juliet," a character in which she is very superior all through. The play will be presented with the same excellent cast as on Tuesday. It is worth going to see.

The farce of "An Object of Interest" concludes the performance, with Mr. Croble and Miss Walters and Adams in the cast.

"Led Astray" is announced for early production.

New Music and Musical Literature.—"Churches Musical Visitor" for March contains "Maudie Dear, or Willie's Farewell," "Barcarolle," and "Go Work upon a Farm," besides a number of interesting articles, including one each, to Parepa Rosa, Johann Sebastian Bach, and Louis Drouet, the Flutist. "Benham's Musical Monthly," for March, contains the following music—"The Night Winds Sigh Alone," "Love and Friendship still are Thine," "The Swallows," "Listen to These," and "The Heavenly Home;" also a large amount of musical and art literature; "Orpheus," for March, a Repository of Music, Art and Literature, contains "The Azure Sky," and "Warbling Bird Waltz," and a variety of interesting articles on the subjects to which it is devoted; "The Amateur," for March, published by Lee & Walker, Philadelphia, contains the following pieces—"We were Children Then," song and chorus; "Centennial Galop" and "Ayon" besides a great variety of interesting reading; "Dwight's Journal of Music," for March, contains four pages of music for the piano, and some excellent reading for those interested in musical literature, including one of Paragosa's last letters, "Lecture on Mozart," &c.; all excellent and cheap, and can be ordered through Calder & Careless, East Temple St., Salt Lake City.

\$100,000 FIRE—Five Persons Murdered.

ST. LOUIS, 21.—The machine shop of the St. Louis and Pacific R. R., in the western part of this city, were burned last night; loss one hundred thousand, fully insured.

Yesterday, near Centerville, St. Clair Co. Ills., Fritz Stiltzinger, an old man of eighty, and his son and daughter-in-law, and two small children were discovered, murdered in their own house; the throats of the two men were cut, the woman's and children's skulls were crushed.

The Plymouth Church Affair.

NEW YORK, 21.—In Plymouth church, last evening, letters from Dr. Rogers, of New Bedford, churches were read, inviting Plymouth to send Mr. Beecher and a committee to the Congregational council, to be held at New Bedford.

It was stated that they would have no voice in the proceedings, except in contradiction of misstatements, and resolved that the calling of churches to send a committee consider the affairs of a church which has not declined a mutual council is the consummation of a course of proceedings which is regarded as utterly inadvisable.

"We have felt bound to protest, from the beginning against what we recognize as a pernicious attempt to put this church under accusation and on trial."

Fatal Shot.

CINCINNATI, 21.—E. Bepler, banker, and agent of the European steamship, was shot, and it is supposed, fatally wounded, by a unknown party while on his way to his residence in the suburbs, late last night.

Loss of Life by Flood.

LONDON, 21.—A remarkable rise in the Thames yesterday caused a considerable destruction of property and some loss of life. Wapping and Woolwich were the

points chiefly damaged. Eubank points were missed to prevent an anticipated recurrence of the inundation. In Lambeth and Rotherhithe the sewers burst the floor; many houses were forced up, drowning several children and horses. At Wapping the lower stories of houses were filled with water and business on the wharves was suspended, and numerous families were compelled to abandon their houses; at Woolwich the fire in the gun factories were extinguished, and the store sheds flooded.
