OBITUARY.

At Alpine City, Utah County, Utah Territory, on Saturday morning, August 24, 1878, principally of heart disease, MATILDA, wife of Bishop Thomas J. McCullough, of Alpine, aged 37 years and 10 months.
 Sister McCullough had been more or less afflicted for five or six years past, a portion of that time suffering intensely, and for the last three months her sufferings have increased until it has been almost surprising how a human being could bear it, although every attention and care that could be has been used by both family and friends for her relief.

The funeral services were held at Alpine meeting-house on Sunday, when very excellent remarks were made by Bishop L. E. Harrington, of American Fork, Elders Wm. H. Kelsey of Springville, and Wm. J. Strong, of Alpine. The singing of the combined choir of American Fork and Alpine, was both beautiful and appropriate. The citizens, en masse of Alpine as well as many from Salt Lake and the neighboring settlements showed their great respect for the deceased and bereaved, by their presence and expressions of sympathy. The services were concluded at the cemetery by a dedicatory prayer by Father Zebedee Coltrin of Spanish Fork. The sympathy for Brother McCullough and family in their bereavement is unanimous.—Com.

If pestered by an eruption use GLENN'S SULPHUR SOAP, the ruling specific for diseases, irritation and abrasions of the skin, and a most salutary beautifier of the complexion. This admirable article is an inexpensive substitute for sulphur baths, and is equally as effective in banishing cutaneous maladies, and relieving the pangs of rheumatism and gout. Redness and roughness, tan, freckles, pimples, and indeed every imperfection of the cuticle is entirely removed by it. It is avouched, by ladies who have used it, to be the most effective means of clarifying and softening the skin that they have ever employed; its health promoting properties are widely recognized by medical men, and evidence in its behalf, emanating from other and equally respectable sources, precludes any doubts as to the genuineness of its claims to public confidence. Clothing and linen from the sick room is disinfected by it, and it prevents contagion when the danger of obnoxious diseases has been incurred by contact. Sores and ulcers, that resist the operation of salves and lotions are healed by it, and it soon relieves the swelling and pain caused by bruises and sprains. The opening of the pores, resulting from the wholesome stimulation of the superficial blood vessels that it produces, is the effect best calculated to ease the circulation when overheated, and carry off those offensive granulations which disfigure the cuticle and render existence a state of martyrdom while they remain. Eruptions, ailments that ointments will not cure, are entirely eradicated by GLENN'S SULPHUR SOAP.

DON'T FORGET IT.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid this season of the year, as poisons arising from stagnant water or decaying vegetation are more numerous and are through inhalation taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the Great Liver Panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price twenty-five cents and seventy-five cents.

WONDERFUL CURE.

OGDEN CITY, Aug. 19, 1878.

Dr. E. L. Plant:

Dear Sir—My son, whom you treated for epileptic fits, and cured, has not had a single return of the symptoms for the past year, and I felt it a duty to return you my heartfelt acknowledgement for your kindness and attention to my son in his sickness; and I feel to say, that if there are others suffering from a similar affliction, and you, by publishing this, can reach them, you are entirely welcome to use it.

With best wishes for your prosperity in the good work,
 I remain, as ever, your faithful friend,

Dyspepsia is the costly price we pay for luxuries. All civilized nations suffer from it, more or less, but none so much as the people of the United States. It is here, in the New World, that the disease has become domesticated, and we, as a people, have threatened to monopolize its miseries. Let us check its further progress, by the use of

A LETTER

TO THE

PUBLIC!

Dear Reader:—Be not deceived by the flourishing statements of Daniel F. Beatty and others, who offer you pianos which they say are worth \$800, for \$300, and less; and organs worth \$380, for \$150; assigning as reasons for giving so large discounts—Beatty: "The offer is strictly confidential to dealers and to those who will introduce them in new localities." Others: "I have no taxes, rents, advertising or other expenses to pay." Now, this is all fraud and humbug, which must be apparent to you on reflection. The truth is that the instruments are not worth the money asked for them. They are dear at any price. Mr. Beatty is styled, in the *Music Trade Review*, as a swindler—"The most consummate fraud imaginable." "A most shameless fraud and barefaced falsifier," etc., etc. Read the issues from June, 1877, to Feb., 1878, for a full exposure of his venality—they can be seen at my store.

I most respectfully ask you not to purchase a piano or organ until you have examined my large stock and prices. I think it will be to your advantage to do so, because it will be found that I am selling better instruments at much less prices than any other person in the Territory. I say this advisedly. I am selling on monthly or quarterly payments, extending from one year to three years time. Send for particulars.

Your most obedient servant,

DAVID O. CALDER.
