

BUY THE BEST

FLORENCE

SEWING MACHINE

Has received the HIGHEST PRIZES at all important Fairs held in this country and Europe, where critical examination and PRACTICAL TESTS have been made by Judges of the highest standing, capable of giving an intelligent decision.

In addition to this, the Florence has received the verdict of

POPULAR APPROVAL

ALL OVER THE WORLD.

As evidenced by its

IMMENSE SALE!

And Universal Favor.

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to attend to any not giving satisfaction, free of charge, three Machines have been sent, without freight, repairs, and ONE IN ONE HUNDRED, after four years of service.

MRS. JOSEPH BULL, in the 17th Ward, has just purchased a Florence Sewing Machine. She is permitted to refer to her, and esteem her recommendation a mark of superiority, as Mrs. Bull has had much experience in the use of various Sewing Machines.

MRS. SPIRING, Dressmaker, 11th Ward, says: "I have used a Florence Sewing Machine for several years past, having it almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minute."

CAPT. HOOPER says: "I have a Florence in my family. For general family use the Florence is the best."

MRS. PAXTON, living nine miles south on the State Road, says: "I have a Wheeler & Wilson. My neighbor, MRS. WHESTER, has a Florence. When I go over, and see how much she can do, and how easily it is done, I feel like saying my Wheeler & Wilson away in the garage, so that none may know I have a Sewing Machine."

ALFRED WEST, after actual purchase, and fair trial of other first-class Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUBSEY, after many years experience with various Sewing Machines, pronounces the Florence ahead of all others in all the requisites, namely: ease of use, simplicity, reliability, quiet and rapid motion.

MR. SMITH, of W. F. & Co. purchased a Florence about a year ago. He says: "I have used Mrs. MOSE, purchased one, and now another of Wells, Fargo & Co.'s employees is about purchasing. Thus proving the practical test of the Florence Sewing Machine in its own best recommendation."

MRS. SHUTTLIFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would once give the Florence a fair trial." COL. JACKSON, brought a Sewing Machine up from St. George, for repairs; but could find no one in Salt Lake able to fix it; took a new FLORENCE home with him last week, as he was determined to have a FLORENCE Sewing Machine, before sending it to two hundred miles home.

MRS. STEVENSON and MRS. GRANDELL, of Springville, purchased Florence Sewing Machines, last week, after carefully examining the merits and demerits of the various Sewing Machines on sale in this city.

DAVID MILLER, WILLIAM MILLER, MRS. FURNESS, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR. JEREMY, WILLIAM SLOAN, MRS. STRAUBER, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and eminently useful features, the result of years of careful labor, making it a most complete and practical Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric; and it is seldom if ever necessary to make change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a reversible feed. It is the only machine having a self-adjusting shuttle tension—a great improvement. It is the only machine running more than one kind of stitch. It is the only machine that can thread at the end of a seam, doing it better and quicker than a seamstress can.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch made by other machines, which is a weak stitch, and stretches as much as the cloth, never giving any stretch in the seam, which is of the greatest importance in the sewing for a family. The lock stitch of the Florence is now made, that it is in the best place within a thousand miles of Salt Lake City, it is informed that it doesn't work well.

A careful examination will fully substantiate all that we have claimed for it, and justify the assertion we now make, that it is the best Sewing Machine in the world.

We warrant every Machine to be all that we claim for it, and will give a written warranty if required.

RAILROADS.

GREAT CENTRAL ROUTE

THE MICHIGAN CENTRAL RAILROAD

AND CONNECTIONS

Unite in running FOUR EXPRESS PAS-
SENGER TRAINS DAILY between Chicago
and New York, Boston, and all intermediate
points in New England, New York and the
Canadas.

The renowned Pullman Palace Sleeping
Cars are run on this line, exclusively from
Chicago east, and are fully supplied on all night
trains.

The famous PULLMAN HOTEL CARS
leave daily on evening trains running directly
west to Rochester, New York, without change.

The passenger equipment of this line is un-
equalled by any other in the country, and will
be found by patrons to possess all the requisites
of "SPEED, COMFORT and SAFETY."

Connected with the

GREAT CENTRAL ROUTE

IS ALSO

The Blue Line

Established January 1, 1867, for the carriage
of

Through Freight without Transfer

This Line is owned and operated by the Mich-
igan Central, Illinois Central, Chicago, Burling-
ton and Quincy, Chicago and Alton, Great
Western of Canada, New York Central, Hudson
River, Boston and Albany, Providence and
Worcester, Worcester and Nashua, Homestead
and Jackson, Lansing and Saginaw Railroads.

THE "BLUE LINE"

is the only route that offers to shippers of
freight the advantage of an unbroken
gauge of track from Chicago and the Missis-
sippi river to the seaboard, and is of the
SAME GAUGE AS THE UNION PACIFIC,
over which these cars will run on completion
of that road.

THE BLUE LINE CARS
ARE ALL OF UNIFORM BUILD, thus largely
lessening the chances of delay from the use of
a mixed construction, and the consequent
difficulty of repairs while remote from their
own roads.

The Blue Line is operated by the Railroad
Companies who own it, without the interven-
tion of intermediate parties between the Roads
or Line and the public.

The facilities of the Line for making
uniformly quick time are unequalled.

All claims promptly settled on their
merits.

Freight contracts given at the offices of the
Companies in New York, Boston, &c.
