

## SAN FRANCISCO ASHES TO BE USED

Will be Used to Fill up the Islais  
Creek Marshes, Making  
Them Good Land.

9,000,000 YARDS OF DEBRIS.

Temporary One Story Houses Are to  
Be Erected to Serve as  
Stores.

San Francisco, May 4.—Even the  
ashes of San Francisco are to be uti-  
lized in the work of rebuilding the city.  
With the debris from the ruins, the  
Ocean Shore railway intends to fill up  
the Islais creek flats, transforming a  
marsh into 80 blocks of valuable land,  
and also make the worthless acres be-  
hind and beyond the fishermen's wharf  
jetties available for building purposes.  
It is roughly estimated that there are  
about 9,000,000 cubic yards of debris to  
be removed.

Although an early rush of the retail  
trade was made toward Fillmore street  
it now seems probable that the major-  
ity of the larger retail dealers will es-  
tablish themselves on Van Ness ave-  
nue. An association has been formed  
among many of the well-known houses  
for the purpose of keeping the business  
center as far down town as possible.  
This association has secured some op-  
tions on available sites, and is ar-  
ranging to secure others along Van  
Ness avenue.

It is intended to erect temporary one-  
story buildings, which will serve as  
stores until arrangements can be made  
to move back to the old quarters. Be-  
sides the members of the association,  
other retailers have secured locations  
along Van Ness avenue. Two of the  
best established houses have already es-  
tablished themselves on that thorough-  
fare.

Despite the fierce flames which swept  
through the tax collector's office, every-  
thing in the vault was found in perfect  
condition, and as far as the records are  
concerned, the work in collector Nich-  
ols' office is on as good a basis as be-  
fore the disaster. The tax rolls, rep-  
resenting \$1,500,000, and \$35,000 in cash  
and checks which had not been turned  
into the treasurer's hands were saved.  
The business in the tax collector's office  
has increased almost to a normal level.

## GOV. SANDIKO THREATENS A CONCENTRATION.

Manila, May 4.—Gov. Sandiko of  
Bulacan has threatened to take con-  
centration unless the people assist him  
to capture fanatical ladrones. Senor  
Sandiko is the first governor to recom-  
mend concentration.

## RUSSIAN OFFICIALS KILLED BY BOMB.

Warsaw, May 4.—M. Proskuriakoff,  
chief of the traffic department of the  
Vistula railroad, was seriously wound-  
ed, and M. Gutner, chief of another  
department, and an office servant,  
were killed by a bomb this afternoon.  
They were leaving the railroad  
offices a man threw the bomb at them,  
smashing their cab and seriously  
wounding the cabman and nine others.

## ATTEMPT TO RESCUE BRIGAND.

Shanghai, May 4.—Partisans of the  
noted brigand Vannamoo who was  
undergoing 20 years' imprisonment in  
the municipal jail here, today attacked  
the wardens.

## N. Y. CENTRAL'S REPLY TO COMMISSIONER GARFIELD.

New York, May 4.—Replying to the  
statement by Commissioner Garfield  
that the New York Central railroad  
refused to disclose its rates within  
New York state, President Newman  
of that company said today:

"We refused to furnish our state  
rate to the bureau of corporation of  
the department of commerce and labor  
because the department had juris-  
diction only over interstate commerce.  
We cheerfully gave the department  
access to our interstate com-  
merce books, just as we would give the  
proper state authorities information as to  
our state rates if it was called for."  
"As to the New York Central being  
the only company which refused to  
supply Commissioner Garfield with the  
state rate, attention should be called  
to the fact that the New York Central  
is the only large state railroad in the  
country."

"I do not think the Standard Oil  
company received rebates from any  
railroad. Naturally it is always on  
the lookout for the most favorable  
rates, and by reason of its compact  
organization is instantly ready to take  
advantage of changes in the tariff."  
"Any other shipper could do the  
same thing, only the Standard Oil com-  
pany, by being alert, has been enabled  
to get the best possible rates by un-  
dressing scrutiny of the tariffs. If it  
had failed to take advantage of any  
rate changes favorable to itself, the  
Standard Oil company would have  
been foolish."

## MUTUAL LIFE DIRECTORS.

Albany, N. Y., May 5.—Gov. Hig-  
ginson yesterday signed the bill of Sen-  
ator Armstrong which postpones from  
Nov. 13 to Dec. 18 next, the election  
of boards of directors of mutual life  
insurance companies of this state. The  
bill also postpones from June to July  
the date of filing lists of policyholders.  
This law was necessitated by the fact  
that it was impossible for the policy-  
holders by the rate originally set.

## FOR RAISING WARRANT.

New York, May 5.—H. L. Whaley,  
salesman, was arrested last night  
charged with having presented at a  
bank for deposit a city warrant which  
is alleged to have been raised from \$3  
to \$350.00. The alterations were  
trudely done.

## ACTOR W. F. OWEN DEAD.

New York, May 4.—William F.  
Owen, a Shakespearean comedian who  
appeared in companies with Booth,  
McCullough, Forrest and Mrs. Pike,  
died here today, aged 60 years. He  
had been on the stage 40 years.

LOUISA MARIA TANNER LYMAN.

Mother of President Francis M. Lyman, and Friend of the Prophet Joseph Smith, Buried at Tooele Today.

President Francis M. Lyman with  
members of his family went to Tooele  
this morning with the remains of his  
aged mother for interment in the city  
cemetery at that place. In accordance  
with a request of the deceased, mem-  
orial services will be held in the ward  
chapel tomorrow afternoon at 2 o'clock.  
There was no public service today, the  
body being placed tenderly in the grave  
with an earnest dedicatory prayer and  
under a bower of floral tributes in an-  
ticipation of the memorial meeting to-  
morrow.

With the laying to rest of this mother  
in Israel, for such her posterity shows  
her to have been, ends the earthly car-  
eer of a rarely true and good woman.  
She was the mother of eight children,  
62 grandchildren, 130 great-grandchild-  
ren and 12 great-great-grandchildren,  
making a total of 213 descendants. In  
the giving of motherhood, name and  
character to so many she did so in a  
manner that must engrave her name  
deep and lasting on the tablets of  
time and family. The work she did was  
always well done. In the field of indus-  
try and economics she was an example  
to all her kindred. In her home there  
was always something laid by for a  
rainy day; there was always something  
to give to the needy and deserving;  
something ready for an emergency.

This good woman, who was a person-  
al acquaintance and friend of the  
Prophet Joseph Smith, was baptized  
and confirmed by Orson Pratt in 1832,  
two years after the organization of  
the church. Her ancestors were people  
who had made their mark in early  
American history. Her father was John  
Tanner, a wealthy and influential New  
Yorker, who owned the whole of Green  
Island, in Lake George, Bolton Beach,  
and much of the contiguous country,  
and he may be properly designated the  
head of the numerous Tanner family in  
Utah and surrounding states. It  
is worthy of note that John  
Tanner claimed to have been im-  
pressed by dreams and other  
influences to sell his possessions in New  
York and move to Kirtland, Ohio. On  
his arrival at the latter place he dis-  
covered singularly enough, he says,  
that the Prophet and his associates had  
been earnestly praying for men of  
means to come to the rescue with  
money needed for the building of the  
temple. Accordingly he gave \$3,000,  
which added substantially in the work.  
Later, in the distress of the Prophet, he  
made him a personal loan of \$2,000 and  
subsequently in the pressure of still  
more stringent times, he gave this as a  
present to the Prophet, who in turn  
pronounced a special blessing on his  
head, declaring that never should he or  
his posterity beg for bread. In Mis-

souri he was an active church figure,  
and was seriously injured by a mob in  
one of the attacks of that troubled pe-  
riod.

Mrs. Lyman in her girlhood and early  
womanhood was thoroughly familiar  
with all the scenes of tribulation that  
characterized the earlier existence of  
the church. She was married 70 years  
ago to the late Amasa Lyman at Kirt-  
land, Ohio, by Seymour Brunson. Her  
husband was for 25 years and one  
month an Apostle of the church, and  
this same high calling has now rested  
upon his son, President Lyman, for 25  
years and six months, thus making  
over a half of a century of service as  
an Apostle by husband and son.

Mrs. Lyman came to Utah in 1848,  
and the family located in the Salt Lake  
valley between the two Cottonwoods,  
on what was for a long time known as  
the Lyman survey. In 1851 the fam-  
ily moved to San Bernardino, where her  
husband, Amasa Lyman, purchased for  
the church the famous San Bernar-  
dino ranch, which with all other pos-  
sessions of the Saints, was abandoned in  
1857, when the army troubles were so  
unsuccessfully protracted, frequently  
the people of Utah. Returning, the fam-  
ily lived for a while at Cedar City, then  
at Beaver, Fillmore, Tooele and Salt  
Lake, in the order named, and it was  
in this city that she closed her eyes  
in the last long sleep of earth.

The deceased came from a long lived  
race, her ancestors and more immedi-  
ate relatives generally living to an ad-  
vanced age. In speaking of his moth-  
er, President Lyman refers most af-  
fectionately any lovingly to her, and  
few sons were held in stronger ties of  
endearment by a parent than he by  
those which bound him to her. He  
tells with much satisfaction of how she  
enjoyed herself on an eastern trip in  
1887, when he took her back to Kirt-  
land to visit her sister, Mrs. Ran-  
dall, from whom she had been sep-  
arated 50 years, and who very short-  
ly after that time died.

There have been three deaths in the  
Lyman family within 15 days, and  
naturally its members are plunged in  
grief over the sad visitations of the  
grim and silent messenger. In the  
laying to rest today of "Grandma Ly-  
man," as she was called by the young-  
er generation, and "Aunt Maria" by  
the older, there was much real sorrow,  
for she was dearly beloved by them,  
and all regarded her as a loyal friend  
and confidant, to whom any one, or all,  
might go for companionship, consol-  
ation or advice. Her life and deeds  
will long be remembered by them, and  
her resting place in the beautiful lit-  
tle cemetery that overlooks the Tooele  
valley will be one they will not forget  
in those days when they are wont to  
strewn flowers over the graves of their  
dead.

## MYSTERIOUS DISAPPEARANCE OF BERTHA MUENTER SOLVED

Chicago, May 5.—The Inter-Ocean to-  
day says:

The mysterious disappearance of Miss  
Bertha Muenther, sister of Prof. Enrich  
Muenther, who is charged with poisoning  
his wife, was solved last night when  
reporters located the young woman at  
the home of her sister, Mrs. Farmer, in  
Rogers Park. Miss Muenther denied  
that she was hiding from the police,  
declaring that she desired to conceal  
nothing, and asserted that she only  
sought freedom from annoyance by the  
police.

"I have no information as to my  
brother's whereabouts," said Miss  
Muenther. "I am seeking him through  
advertisements in the papers and in  
every possible way that holds hope of  
success. I am firmly of my first opin-  
ion, that he is innocent of this horrible  
accusation against him, and believe if  
he can be found he can clear himself  
of the charge."

"My visit to his former home in Cam-  
bridge revealed nothing to indicate his  
guilt. His acquaintances there repudi-  
ate the suggestion that he could have  
killed his wife. Their confidence in his  
innocence comes from knowledge of his  
home life and the love he had for his  
wife and family."

Through a friend Miss Muenther said  
she had secured an attorney and an ex-  
pert chemist in Chicago, who will rep-  
resent him in any developments that  
may occur.

## GEN. B. F. HAWKES DEAD.

Washington, May 4.—Gen. Benjamin  
F. Hawkes, a veteran of the Mexican  
and Seminole wars, and who, as ad-  
jutant-general of Illinois, had charge  
of the military part of the ceremonies  
at Lincoln's funeral, is dead, aged 82  
years.

## REBUILD METHODIST CHURCHES

Chicago, May 5.—A plan for the re-  
building of the Methodist churches in  
San Francisco was launched at yester-  
day's session of the board of bishops of  
the church, in conference at the First  
Methodist church of Evanston. A full  
statement of the damage to church  
property was listened to and a project  
of asking for contributions of \$250,000  
was considered. The matter will come  
up for further discussion today.

Dr. George B. Smyth, assistant mis-  
sionary secretary of the Pacific coast,  
and Dr. W. S. Matthews, presiding elder  
of the San Francisco district, made the  
reports of conditions. Nine churches  
were destroyed, while twice that num-  
ber were severely damaged.

was detailed to do the cooking for the  
gang, while several were sent out to  
forage for food. The rest made it their  
business to take care of the needs of  
those who were willing to pay for it.

The marines also came upon a man  
who had broken into the cannery at  
Bay and Powell streets. He had in  
his possession a large copper vat, val-  
ued at more than \$100. When he saw  
the detachment of marines coming he  
tried to escape by running and refus-  
ed to answer their demand for a re-  
sult. One of the marines threw a gun to  
his shoulder and was about to fire,  
when the latter stumbled and fell. He  
was locked up.

## INDICTMENTS FOUND IN SUGAR REBATE CASES.

New York, May 4.—The April fed-  
eral grand jury, in concluding its la-  
bors today, handed down seven sealed  
indictments in the sugar rebating  
cases.

The indictments are against the fol-  
lowing: The New Central railroad,  
the American Sugar Refining com-  
pany, the New York Central & Hudson  
River railroad company and Nathan  
Gulford, vice president of the com-  
pany; the American Sugar Refining  
company of New York and C. Goodlee,  
Edgar and Edwin Earle, the latter two  
being wholesale sugar dealers of De-  
troit, Mich.; the New York Central &  
Hudson River Railroad company and  
Nathan C. Gulford and F. L. Pom-  
eroy, general traffic manager; the  
American Sugar Refining company  
and the American Sugar Refining com-  
pany of New York and C. Goodlee and  
Edwin Earle, Nathan Gulford, F. L.  
Pomeroy, C. Goodlee, Edgar and Ed-  
win Earle.

## INSURANCE RATES RAISED.

New York, May 4.—Forced by their  
losses in the San Francisco fire to  
strengthen their reserves, a score of  
fire insurance companies in this city  
today raised their rates and cut down  
commissions to agents and brokers.

## TAGGART APPOINTS COMMITTEE.

French Lick Springs, Ind., May 4.—  
Chairman Thomas Taggart of the  
Democratic national committee has  
appointed the following subcommittee  
of the national committee to co-operate  
with the congressional committee in  
the approaching campaign: J. M.  
Guffe, Pennsylvania; R. M. Johnson,  
Texas; J. Taylor Ellison, Virginia;  
Urey Woodson, Kentucky; Roger Sul-  
livan, Illinois; Timothy G. Ryan, Wis-  
consin; John McGraw, West Virginia.  
Chairman Taggart of the national  
committee will also be a member.  
Headquarters will be opened in Wash-  
ington.

## RETURN FLOW OF GOLD.

New York, May 4.—A return flow of  
the millions of dollars sent to the Pa-  
cific coast during the past fortnight  
has set in.

The National City bank was today  
advised that its correspondent at Oak-  
land has arranged to transfer \$500,000  
by telegraph to this city, and other  
banks and financial institutions have  
received similar advices.

## CONCESSIONS CANCELED.

Victoria, B. C., May 4.—A special from  
Omaha says six hydraulic mining con-  
cessions in the Yukon have been can-  
celled. Notices have been sent to the  
six companies notifying them of the  
cancellation of the leases and allowing  
the retention of certain portions of the  
concessions on which work has been  
done, providing all legal claim is with-  
drawn to the balance.

## NELSON'S MEMORANDUM.

Has Been Purchased for Eventual Pre-  
sentation to British Museum.

London, May 4.—The "general mem-  
orandum" of Lord Nelson to his cap-  
tains on the eve of the battle of Tra-  
falgar which was sold at auction  
March 15 for \$18,000 has been privately  
purchased for eventual presentation to  
the British museum.

## ALLEGED REVOLUTION IN CUBA IS NOT TRUE.

Havana, May 4.—The Associated  
Press is in a position to state that  
there is absolutely no foundation in  
fact for the statement that there is a  
revolutionary movement on foot in  
the eastern end of Cuba or elsewhere  
in this republic. In Havana, as else-  
where in Cuba, there is complete po-  
litical quiet. A dispatch from Santiago  
says there is no truth in the story that  
Modesto Leal is at the head of a revolu-  
tionary movement.

## HAYMARKET RIOT ANNIVERSARY CELEBRATED

Chicago, May 5.—The twentieth an-  
niversary of the Haymarket riot, May  
4, 1886, was celebrated by the police  
veterans' association with an enter-  
tainment and ball last night. More  
than 100 policemen who took part in  
the memorable affair included Assistant  
Chief Scheutler attended.

Many of the men were pensioned  
long ago. Some of them had been so  
disabled from wounds received when  
the bomb burst they were rendered  
unfit for further police duty. But they  
were all on hand last night exchanging  
remembrances of that memorable bat-  
tle with the reds.

## LESS INTOXICANTS USED.

Chicago, May 5.—The drinking of in-  
toxicants is decreasing among the  
middle classes of the whole world, and  
is increasing among the very poor and  
the very rich. Such is the conclusion  
drawn from a foreign tour by John G.  
Woolley, once prohibition candidate  
for president, who has returned to  
Chicago, after a 13 months' trip  
abroad.

## HARTFORD CO'S LOSSES IN SAN FRANCISCO FIRE.

Hartford, Conn., May 3.—The estimat-  
ed net losses of the Hartford insur-  
ance companies in the recent San Fran-  
cisco fire, as given out by the officials  
of the companies today are as follows:  
Aetna, \$2,700,000; Hartford Fire, \$5-  
750,000; National Fire, \$1,500,000; Orient,  
\$100,000; Phoenix, \$1,300,000; Scottish  
Union and National, \$1,000,000; total,  
\$13,150,000.

## WRECKED CREW LANDED.

Weymouth, England, May 5.—The  
crew of the wrecked steamer Anglo-  
Peruvian, numbering 38 men, were  
landed here yesterday by the Mohawk.

## DOCK LABORERS' TROUBLES.

Hamburg, May 5.—Director Ballin of  
the Hamburg-American line presided  
yesterday at a meeting of shipowners,  
agents, brokers and coal importers, at  
which the lockout of dock laborers was  
discussed. Their headquarters were in  
view of the reports that the vacan-  
cies caused by the absence of the lock-

ed out men were being filled rapidly.  
was that normal conditions were likely  
to be restored before May 11. The place  
open after that date will be filled by  
the locked out men if they apply for  
reinstatement.

## TRIAL OF BERGMAN AROUSSES MUCH INTEREST.

Ekatereynsk, Russia, May 3.—Con-  
siderable interest has been aroused here  
by the approaching trial of Bergman,  
a provocative agent of the government

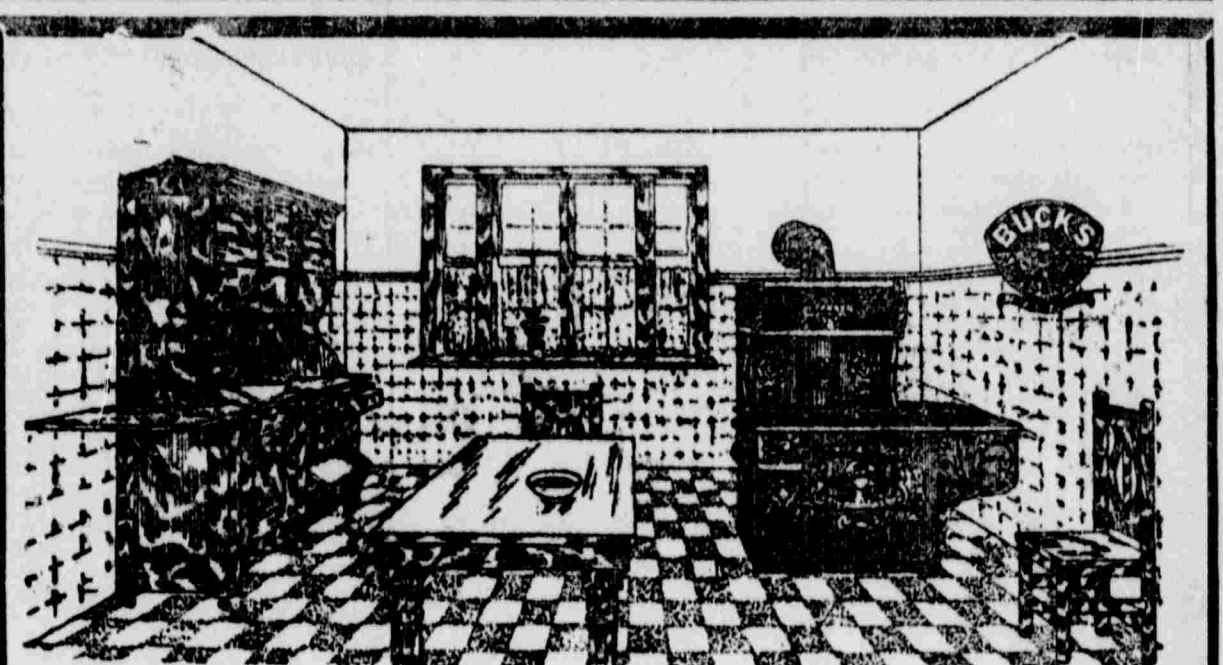

who will be tried May 10 on the charge  
of instigating anti-Jewish excesses in sev-  
eral cities.

Last year Bergman provoked the  
massacres at Ekatereynsk by throw-  
ing a bottle of vitriol in the face of  
the commissary of police. After he had  
been arrested, he confessed to the pros-  
ecutor that his real name was Alexeff  
and that he was an agent of the secre-  
tary of the police and that for some time he had  
acted under the direction of Gen. Trepo-  
ff. Before coming to Ekatereynsk,  
Bergman had fired at the prefect of  
Ninsk in trying to provoke disorders in  
that city.

A general strike has been caused by  
the arrest and subsequent banishment  
of the director and the instructors of  
the polytechnic school here, and a  
dismissal of the students.

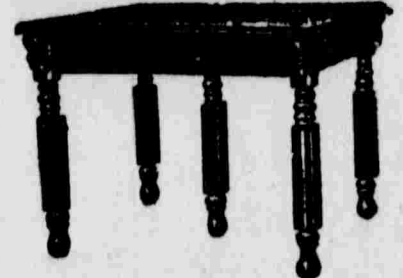

## BIG FIRE IN KNOXVILLE.

Knoxville, Tenn., May 3.—Fire broke  
out at midnight in the Commerce build-  
ing on Gay street, just north of Win  
avenue, and caused a loss estimated at  
\$300,000. Flames were first discovered  
in the basement of the Littlefield &  
Steele company store of the McMillan  
Hazen company, adjoining.

## Good Substantial Furniture

We offer you value for your money. And our standard trade mark "YOUR CREDIT IS GOOD!" We want you to feel free to come to this store and buy as your conditions allow. Pay a little down and so much a month and the goods are yours.
