Congratulations.

Mr. John H. Cullom, Editor of the Gar-land, Texas, News, has written a letter of congratulations to the manufact-urers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subas follows: ject to croup spells and he would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy." For sale by
