

Passing of the Eighty-Sixth Milestone Pleasantly Observed

BY WORKERS IN THE TEMPLE

Presentation, Speeches, Response, Music and a Time of Rejoicing Together.

The 3rd of April is the 86th anniversary of the birthday of President Lorenzo Snow. The occasion was celebrated yesterday (Monday) afternoon by the officers and workers of the Temple, in the annex of that building, which was beautifully ornamented with floral decorations. The company consisted of the workers and their wives or husbands, as the case might be, and invited guests. The latter were limited to the

guests. The latter were limited to the General Authorities of the Church. When the guest of hanor entered the hall, the entire company arose and sang, "We thank thee, O God, for a prophet." The opening prayer was offered by El-der John Nicholson. Bishop John R, Winter, who had personally superintended the arrange-ments and conducted the proceedings throughout, announced that refresh-ments would be in order. The biessing was asked by Bishop Romney, Then followed the "replenishment of the in-ner man," and engagement in pleasant social conversation.

social conversation. At the conclusion of this exercise the Temple choir sang, "I know that my Redeemer lives." This was followed by an appropriate congratulatory and presentation speech by Bishop Winder, directed to the guest of honor, to whom he presented the following: In behalf of Sister Priscilla P. Jen-

The responsive remarks of Presidient Snow were appropriate, pointed and in his usual happy vein.

A solo was sweetly sung by Sister Mary Young, Suitable remarks were made by Elder Brigham Young, An address, admirably adapted to the oc-casion, was read by Sister Hester S. Camon, and the choir sang Zion stands with bills surrounded. Then followed a with hills surrounded. Then followed a neat speech by Patriarch John Smith; remarks and song (Let the Saints pre-pare to meet Him.) by Elder George and remarks by Elder Sey-Teasdale

A violin solo by Brother B. M. Young, Jr., showed him to be an unusually skilful manipulator of that instrument.

An original poem, composed for the occasion, by Sister Louisa L. G. Rich-ards, was read by that lady. This was followed by interesting and impressive remarks by President Joseph F. Smith

Their music was as charming as their fun was side-splt-ting. The three Marvelles acts were simply stunning. Mr. Feich seemed to rouse himself from the lethargy in which he has labored a great deal of the time on the present visit, which, perhaps, may be due to a lack of proper opportunity, and the fun he created in his part was endless and unbounded. He alone was worth the price of admission. Miss Emmett was a close companion to him in the favor of the audience and she too favor of the audience and the too must be credited with good work. Miss Mortimer was suffering from a cold and Mortimer was suffering from a cold and the others of the company were about up to the usual standard. Tonight the opera will be "Mikada," of which a brilliant electrical rendition is promised.

"The Devil's Auction" will be the bill at the Theater tomorrow night; "Be-cause She Loved Him So" opens on Thursday.

HEWLETT BROS. CO. DETERMINED TO **BE SENATOR**

Washington, April 3 .- Argument in the case of Senator Clark of Montana was begun by counsel for the memorialists today before the Senate committee on privileges and elections. Arthur A. Bierney, counsel for the memorialists, was the first speaker. He began by laying down the conclusions of law apon which the memorialists rest their case, but said no effort would be made to make much of these because they considered that their case was too strong to rest it upon any mere tech-nicality. The facts were strong. Birney contended that Clark had be

come a candidate as early as August, 1898, and had determined to go to the Senate, regardless of all considerations of virtue and morality. While claim-ing the necessity of wresting control of State affairs from Daly, Clark, when on the witness stand, had been entirely unable to state any case in which the power had been exercised in oppo-sition to the best interests of the State

Birney commented at length on Clark's testimony, contending that the senator had put himself in a most unenviable position. Mr. Birney had not concluded when

IS IN IRELAND.

London, April 2 .- Fuller news of the disaster to the British army in the neighborhood of Sanna's Post does not tend to improve matters from a British point of view, but with the dispatches so mystifying it is impossible to accurately portray the present situation or foretell the ultimate issue of Lord Roberts' attempt to retrieve the defeat.

FIGHTING GOES ON.

The war office has posted a dispatch from Lord Roberts reading as follows: "Bloemfontein, April 2, 10:30 p. m .--In continuation of my telegram of March 31st, there has been considerable delay in getting accurate returns of the casualties, as the action took place twenty-two miles away, hence the telegraph cable has been interrupted sevetal times, cloudy weather has interfered with signalling, and although there has been no engagement since, the force is continually in touch with the enemy.

"There were many acts of conspicuous gallantry displayed during the day 'Q' remained in action under fire at 1,-200 yards for some hours, the officers serving the guns as the casualities re-duced the detachments. Several gal-lant attempts were made to bring in two guns, teams of which had been killed, but at each attempt the horses were shot.

BATTERY TAKEN WITHOUT A SHOT.

"The Essex, Munster, Shropshire and Northumberland mounted infantry and Roberts' horse, covered the retirement of the guns from the position to the crossing of the drift found by the cav-niry two miles farther south, and withstood the determined attacks of the en emy, who in some cases advanced with-in 100 yards. 'U' battery of the royal horse artillery was suddenly surrounded in the drift, and the officers and men were all made prisoners without a shot being fired. But Major Taylor and a sergeant major succeeded in escaping in the confusion. Five guns were cap-tured at the same time. Further de-tails tomorrow." talls tomorrow

BOERS MAKE A STAND.

Lord Roberts' dispatch seems to flnally dispose of the early report of the recovery of the guns and the fact that the Boers remain in occupation of the waterworks is taken as an indication that the latent is made a start and that they intend to make a stand suffi-ciently long to cover the withdrawal
