DESERET EVENING NEWS: SATURDAY, SEPTEMBER 3, 1904,

The above is an excellent likeness of Frank Hofman, the speedy bicycle rider from California. Hofman is well known to Salt Lake cycle fans, and has many friends here. When he first came to Salt Lake it was as an amateur, and he made all the best of them chase after the rear wheel of his bike, Since going into the professional class he has more than held his own. In the half mile professional race last night he beat out Hardy Downing and Samuelson, and was second to Floyd McFarland, Next Monday night he is to ride in a five mile motor paced match race with Norman C. Hopper, the popu-

lar rider from Chicago. Chicago: Pittsburg Cincinnati St. Louis ... Hoston Brooklyn Philadelphia WESTERN LEAGUE. * F Pld, W. L. P.C

Farland, of course, and he old it with the utmost case. Frank Hofman, with a pret-ty burst of speed, came across the tape second, Hardy Downing a close third, and hilly Samuelson a lame fourth. There was a good deal of interest in this race, for the reason that many of Sam-uelson's admirers thought he had a good chance to get even with the lanky san Jose boy. But the other riders thought differently, and as soon as the start was made, there was a scramble to get onto McFarland's rear wheel. Hof-man proved the lucky one, and as a re-sult he got second money. After win-ning the race, McFarland seemed to be lightly pleased about something, and be-gan to laugh. The laugh increased until the songated one fell from his wheel in a paroxysm of merriment. When asked the cause of his hlarity, he said: "Oh.

NEWS FROM FIGHTERS.

Latest Reports from Nelson's and Herrera's Training Camps.

Inclement weather made things dis agreeable yesterduy for Herrers, and Nel-on at their respective training on ters, but the fighters did not let up on ota in their work and went about their bota in their work and went about their lota in their work and went about theo usual stunts as though the elements were as favorable as ever, says the Anacouch Standard. Both did road work in the morning and though they were anable to get up much of a sweat because of the chilly air, they benefited their wind. It the afternoon they boxed and punched the bag and did other stunts. No great crewin are them at work horause few cuted to may and did other schulz. No great cloweds saw them at work because fow cured to brave the storm, but that made no differ-ence to the men who will meet at the new amphitheater on Monday afternoon, as they are not training for the beneft of speciators, but to get thomselves in the best possible condition. specialors, but to get themselves in the best possible condition. At Gregson Springs Battling Nelson went on the road as usual with Mose and Sid Lafontise and Doc Flynn After a hard run of about 10 miles, there was a rub-down and then something to cat. A rest for a few hours found the Danc ready to do his rope skipping, bag punch-ing and boxing. He took on Mose and then Sid Lafontise and inished up with a rattling set-to with Flynn. Mose La-fontise stands the majority of the hard work and Flynn does the scientific boxing with the Dane. Doe is known to be clever, but he admits he finds a more clever man

boxed with both of them. At Herrera's camp things were going on as usual. The Mexican was out early for his road work and covered his course with his brother. Mauro Herrera, and Maurice Thompson. After his rub-down, Herrera received some of his ad-mirers and told them he was as confi-dent of defeating Nelson as he was of de-feating both Broad and Yanger. He says he will show that even if Nelson is a great fighter he is a greater ring gladia tor. In the afternoon Herrera boxed with his brother and with Thompson. There was a fair crowd present. The inclem-ent weather had no effect on Herrera and he seemed to be as spry as ever. He has plenty of steam left and the way he whipped his right for the law on scera, occasions showed that if he had not wanted it to fall short, it would have done the desired execution, as it has on several accasions. The final struggle in the tennis dou-bles is scheduled to be played on the B street court this afternoon, the contest-ants being Harry Roberts and J. Salis-bury pitted against Walker Salisbury and Griffin. These crack players will certainly make things hum in the tennis world hereabouts. There is a great deal of in-terest centered in the result of this match, and each man can be counted on to play his best to win. Following are the results of yester-day's games : J. Salisbury and Frank Roberts beat several occasions. Interest is growing in the Lafontise-McCarthy contest and it is safe to say the fight on Monday night will draw a big crowd. Both men have plenty of ad-miters and it wouldn't be surprising if considerable money changed hands on the result Lafontise's friends think that Mose will make a chorning black of Moeveral occasions. result. Lafontise's friends think that Mose will make a chopping block of Mo-Carthy in 20 rounds and Jerry's admir-ers are confident that Jerry will be as good in a 20-round contest as he was in the recent 10-round go, when he got the decision over the Frenchman. The preliminaries to both fights should prove good attractions. Sid Lafontise and Maurice Thompson will have a punching match just before the McCarthy-Lafontise go and "Dutch" Johns and "Kid" Blokey will face each other in the afternoon as an hippoductory stunt to the Nelson-Her-rera imbrogilo. J. Salisbury and Frank Roberts beat Carl and Harry Roberts, score 7-5, 4-5, J. Salisbury and Frank Roberts beat McLeod and Frolseth, score, 6-1, 6-2, T. G. Griffin beat W. K. First of all we say to those in need of treatment that we effect a complete and permanent cure in every case undertaken. So confident are we that our treatment cures that we are willing to whit for our fee until a cure is effected. We have the finest equipped laboratory in the West, where medicine of known strength is furnished to patients, thereby doing away with the humiliation of taking a prescription to the drug-gists, when everybody who sees the prescription knows what diseases such medicines are prescribed for,

All diseases treated. This is a great advantage to those suffering from private diseases, as it does not compromise your reputation to be seen coming or going to Drs. Shores' office, as it is generally known that they have the largest and most respectable practice of any physicians in Salt Lake City. We claim to be thoroughly competent and reliable: We offer absolute protection as to privacy. We furnish pure mediprivacy. We furnish pure medi-cines. We make quick and perma-nent cures. And we are the only physicians doing business in the West who take the stand that a doctor is not entitled to his fee until his patient is cured.

Remember the examination is free at the office or by mail, and if you conclude to take treatment for any private disease we are willing to walt for our fee until you are cured.

No one need be deprived of the advantages of this special offer because of living away from the city.

A Splendid Endorsement.
