SHOCKING DEATH ON THE RAIL

Body of a Young Man, Unknown, Found Near Rock Springs, Wyoming.

FIRE IN MORRIS PAINT STORE.

Loss of \$4,000 Entailed by Blaze—Suit Over Custody of Belnap Child—Car Inspector Loses Foot.

OGDEN, July 1.—The badly mutilated body of an unknown young man was found near the railroad track by the train crew on the west-bound fast mail yesterday morning, lying on the track about two miles east of Point of Rocks. The remains were removed from the track and the coroner at Rock Springs was notified and an inquest was arranged for. It is supposed that the man fell from a moving train during the night before and met instant death, beneath the wheels. One of the legs was entirely amputated and found about 75 feet from the trunk of the body. The deceased was about 20 years of age and had nothing whatever that would lead to the identification of the man.

SUIT FOR CUSTODY OF CHILD.

OGDEN, July 1.—In the matter of the estate and guardianship of Dora Jane Belnap, the child's mother Emily D. Belnap has filed a demurrer to the petition of Oliver Belnap to secure the custody of the child. Mrs. Belnap alleges the court has no jurisdiction in the case and says that the child was awarded to her in the decree of divorce she secured from Belnap and asks the dismissal of the petition.

From a reliable source it was learned that Mrs. Belnap is lured in her fight for the custody of her child by many friends and is determined to put up a very strong fight. At present the child is detained at the Ogden General hospital by orders of the court.

Dora Jane Belnap was removed to the hospital following an illness that was brought on by eating "doped" candy that was given her by one Joe McKay and who later left the child to her mother. Mrs. Belnap is arrested upon the complaint of County Physician Pickcock who alleged that the woman had made threats against the life of her child to the hospital. This complaint was subsequently dismissed by the county attorney.

Herbert Prestin, the second husband of the woman, was arrested at Salt Lake some months ago as it was thought that he was implicated in the murder of Deputy Sheriff Seymour Clark at Uintah last November, but later the case was dismissed and Prestin was released. After his release it is alleged Prestin deserted his wife and children.

An order was issued this morning by Judge J. H. Howell, of the Juvenile Court Judge Gunnell to appear July 6 to show cause why they should not be punished for contempt of this court in their efforts to interfere with the custody of Dora Jane Belnap, contrary to a former decree of the Second district court. On July 19, 1898, a decree was issued in this court divorcing Oliver Belnap and his wife Emily D. Belnap, and awarding the custody of the child to the mother. An order was also issued restraining Judge Gunnell and Oliver Belnap from interfering with the mother in the care and custody of her daughter, Dora Jane Belnap.

WILL BE DEPORTED.

OGDEN, July 1.—A warrant for the deportation of Walter Turner, aged 42 years, who has been held for some time by the sheriff's office, has been issued by the United States immigration authorities. Turner will be taken to Montreal, Canada, whence he came several months ago. When he arrived here he had an incurable disease and has become a public charge. He has a wife and four children, whose ages range from 4 to 18, and all of them have announced their determination of remaining in Ogden with relatives.

SAMAGE SUIT.

OGDEN, July 1.—In the district court, P. T. Woolley has brought suit against the Pioneer Land & Irrigation company to recover \$500 damages alleged to be due for injury to the plaintiff's business by the law suit instituted

CAR INSPECTOR LOSES FOOT.

OGDEN, July 1.—Charles Hender, a car inspector on the Southern Pacific at Montello, was brought to the Ogden general hospital yesterday morning with his left foot crushed to such an extent that it had to be amputated. Hender, while trying to climb on a flat car of a moving train, slipped, and his left foot was caught in the trucks and went beneath the wheel and was crushed.

FIRE IN PAINT STORE.

OGDEN, July 1.—Three runs within less than three hours was the record of the Ogden Fire department yesterday afternoon. The two first runs did not amount to much but the last five, which was in the wall paper and paint store of T. C. Morris and the cutlery store of L. H. Becraft, did about \$4,000 worth of damage. The Morris fire happened at about 6 o'clock and called all the apparatus from the central station and when the department arrived the entire interior was a mass of flames. The fire started to spread to the roof of the Becraft store but was quickly extinguished, as was the blaze in the Morris store. The loss to the Morris store and stock will probably exceed \$3,500 and the loss through damage by water to the Becraft stock will probably exceed \$500. The fire is believed to have been started by spontaneous combustion among some greasy rags that had been thrown in a corner of the room. At 3 o'clock the department was called to the corner of Thirty-fifth street and Grant avenue where a grass fire was found to be burning closely to a barn. The second run was at 4 o'clock to the residence of T. Galver, 250 Twenty-eighth street, where an overheated stove caught fire to some wall paper. The damage in both cases was trifling.

WEDDING PERMITS.

OGDEN, July 1.—The following licenses were issued at the office of the county clerk yesterday afternoon: Woodson Parker and Margaret McGee, both of St. Anthony, Idaho. Henry Lewis and Charlotte Evans, both of Lehi, Utah. Swen Johnson and Maud W. Sear, both of Bertrand, Neb. John R. McGarvey and Lovelock Nevada and Edith Goodale of Ogden. John C. ALPINE STAKE M. I. A. FIELD DAY IN AUGUST

(Special Correspondence.) LEHI, Utah Co., June 28.—Following along the lines laid down at the young people's conference in June, the M. I. A. of Alpine is planning for a big field and track meet the latter part of August. The stakes have been divided into the M. I. A. of Alpine, preliminary practice among the young people and these districts will compete with each other in the M. I. A. of Alpine final meet, which will probably be held at Saratoga Springs. In addition to ball game, basketball and field and track events, there will be a quatrail contest among the young men and an

oral story contest among the young ladies.

FOR SABBATH OBSERVANCE.

LEHI, June 28.—At the monthly priest-hood meeting the Alpine stake held at Pleasant Grove Sunday afternoon last. President Chairman, J. H. Hober, presided. Schools of the stake had passed a resolution to work for a half holiday in the stake during the summer months, and he urged that all stores and other places of business, as well as people engaged in farming or other industry and take this half holiday and then the people would have no excuse for breaking the Sabbath day. In some parts of the stake this is being done with good results. All drug and candy stores and cream parlors of American Fork are closed Sundays and at Pleasant Grove they close until 4 p. m., which is a great help to the effort being made in the stake for the proper observance of the Sabbath day.

A Salt Lake City Case

Many More Like it in Salt Lake City.

The following case is but one of many similar occurring daily in Salt Lake City. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

Mrs. C. M. Dale, living at 458 west Eighth South street, Salt Lake City, Utah, says: "For a year or more I was entirely free from kidney complaint until I began suffering from pains in the small of my back through my joints. When I caught cold or over-exerted myself I became very much worse, and was often laid up from three days to a week at a time. My kidneys were also very irregular and gave me much distress and annoyance. I heard so many people praising Doan's Kidney Pills, that I decided to give them a trial, and procured a box at F. J. Hill's drug store. They helped me from the first, so I continued taking them until I was cured. I am glad to recommend the remedy that cured me."

CRIMINAL CASES HEARD IN DIST. COURT AT CASTLEDALE

CASTLEDALE, Emery Co., June 25.—The Seventh judicial district court convened at Castledale, on Monday, June 21, and although there was a good sized calendar, the business was disposed of by Wednesday. The defendants in all the criminal cases pleaded guilty, so that no jury was used. The sad feature of the term was the sending of three boys to the penitentiary for six months each, and one to the Reformatory for several years.

Magnus Knudsen, Alvin Larson and Lamar Killpack, charged with breaking into the Ferron saloon, pleaded guilty, and were sentenced to jail for six months each.

Ivan M. Akelund entered a plea of guilty to a charge of forgery, and was sentenced to the Reformatory school until he is 21 years of age; he is now only 15.

Sylvester Shale, charged with breaking into a freight car and received a sentence of six months in the pen.

Town of Castledale vs. George W. Brandon, appeal from justice's court, where he had received a sentence of \$50 fine and 20 days in the county jail for selling liquor without a license, the defendant pleaded guilty and on recommendation of the town attorney, F. E. Woods, was sentenced to pay a fine of \$50.

A large number of civil cases were also disposed of.

In the case of Joseph Dumayne vs. Lilly I. Dumayne, divorce granted at the last term of court, motion for a new trial, continued for the term.

W. Middleton vs. Julia M. Middleton; motion to retax costs filed; contempt part of case continued; costs revised.

Sarah I. Davis vs. Morgan R. Davis, action for divorce; interlocutory decree in favor of plaintiff granted.

NEWS BRIEFS.

NEW SCHOOLS AT RAYMOND TO COST \$95,000

(Special Correspondence.) RAYMOND, Alta., Canada, June 22.—June, which is usually Alberta's month of heavy precipitation, has thus far been hot and dry, ideal weather for the laying of a new school. In every direction can be seen the smoke of steam plows turning over the sod at the rate of some hundreds of acres per day. Our county estimated at from 50 to 100 per cent in excess of last year, the present high prices of wheat stimulating land owners and bona fide investors to go after some of the great wealth lying in wheat production. Alberta's average wheat production last year is given at 33 bushels per acre, and with wheat buyers on the ground now offering one dollar per bushel, harvest delivery; that a great rush is being made for Alberta wheat lands is not surprising.

This town is to be the educational center of the Mormon Canadian colonies, as the new high school, the contract for which was recently let to Messrs. Newton & Chahoon of Cardston for about \$45,000, will attract all the Mormon high school pupils, and others doubtless also, who are not of the faith of the Latter-day Saints. A new grade school will also be constructed this year, costing close to \$50,000, as Raymond has wholly outgrown the school built some seven years ago.

The Knight Sugar company completed its annual shipment of beet to outside markets this week. The last consignment went to Vancouver to be re-shipped later to the Alaska gold mines. In order to keep their cattle holdings from eastern Canadian points 2,000 head of yearlings and two-year-olds, which are now dotting the rich upland pastures with their sleek and rapidly increasing bulk.

Beet thinning is progressing rapidly. A small army of Japs contracted for by the sugar company doing the work most effectively.

The census community is thriving and growing some, the census enumerators and all those who in any way desire to see an increasing population stimulated, sigh dismally when we chronicle less than ten births a month in the town of 1,300 souls.

Cardston, Alberta, Canada, June 13.—At 11 a. m. on the 13th inst. a heavy thunder storm, lightning struck the barn owned by Mr. S. M. Woolf, four miles east from here. The barn and contents were entirely consumed within half an hour. Luckily no animals were in the building, but the machinery and harness destroyed bring the loss up to \$2,500, with \$1,400 insurance.

The new evening paper, the "Evening Star," passed over the city during which the electric light plant was injured considerably. The ground transformer and the greater part of the switch board were burned out. Temporary repairs, however, were effected and the lights were on again last evening.
