THE "INFLUENCE" BUGABOO

Mendacity and Ignorance of an Alleged Reporter is Exposed.

Now Proceeds Another "Ship" than the First One Claimed—The Last Was a Ticket Used in Convention.

Vote for FRANK BRANTING

For Member of the Board of Education from the First Precinct.

No such ticket was distributed or printed. What was distributed at and after that meeting was a circular from Prof. Bryan Stephens, offering a \$20 prize in the interest of Sunday school singing classes.

Here is the ticket that was distributed at the mass convention on Monday evening at the First Precinct. Mr. Branting was nominated for the school board.

For Member of the Board of Education, L. FRANK BRANTING

This morning the Herald gleefully presents the latter in display type, as evidence of Church interference, when really it is conclusive evidence of that reporter's mendacity. The paper says it preserves "the original" ticket. It could have got hundreds of them. It was also published in the "News" on Tuesday evening. The Herald reporter has been caught in the trap of his own falsehoods, and in his squirming through the columns of his contemporaries is bringing on the paper the contempt of decent people which he so richly deserves for his wilful untruths. The latter were the basis for the "influence" bugaboo.

POLICE GOT THE MAN.

Drug Clerk Arrested Yesterday Afternoon—Wanted in Leadville.

A telegram was received from the Blose Drug company, of Leadville, Colo., by Chief Miller yesterday requesting him to arrest M. E. Olsen a former employee of that firm. Detective Sheets and Sergeant Janney arrested the young man yesterday afternoon on Main street. The young man is accused of stealing \$200 from the company.

Olsen denies the charge but admits that he had appropriated about \$25 because the drug company refused to pay his back wages and in this way he tried to get even. He was under suspicion and Mr. Blose, after counting the cash in the till, left the store and sent a friend to make a \$3 purchase. Returning shortly Mr. Blose saw that the amount had not been registered whereupon he accused Olsen.

The accused says by agreeing to pay \$100 Blose promised not to prosecute him. Payment was to be made monthly in installments of \$10.

Olsen then went to Denver where he secured a position in the Cook Drug store. Blose, so Olsen says, then wrote to him and demanded a \$500 payment. Not having that amount he thought it best to leave Denver and hold Olsen.

Olsen was last night released on his own recognizance as the information to hold him was only from the drug company. Later a telegram from Sheriff E. L. Dyer, of Leadville, requested Chief Miller to hold Olsen, and that the amount of Olsen's shortage is said to be \$500.

A Cure for Chronic Diarrhoea.

"About five years ago I was troubled with catarrh of the lower bowels," says C. T. Chisholm, 48 Dearborn Ave., Chicago, and although I consulted several eminent physicians who prescribed for me, I found their remedies failed to in any way relieve me, and the trouble almost became chronic. After suffering several months, I one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that I was most agreeably surprised to find after taking two doses of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am so thankful to say that I have not suffered from it since."

CHOSE MEMBERS OF SCHOOL BOARD

Regular Convention Candidates Elected in All Districts.

TWO NEW MEMBERS ELECTED

Branting Gets 327 Majority, and Geoghegan 208—Glaugue, Moyle and Nelden the Others.

The members-elect of the board of education from the five municipal wards of Salt Lake City are:

First—L. Frank Branting.

Second—Arnold G. Glaugue.

Third—Oscar W. Moyle.

Fourth—Joseph Geoghegan.

Fifth—William A. Nelden.

These were the nominees of regular conventions, and were all elected. In the First and Fourth municipal wards there were lively contests, but Mr. Wilson, who was nominated by petition in the First, and Judge Henderson, who was nominated by the smaller convention in the Fourth, were both defeated, though their friends made a hard fight. In the Second and Fifth there was no opposition, and in the Third it was small. The detailed vote is as follows:

CONTEST WARM ONE.

As the time for closing the polls drew near last evening the contest in the First and Fourth wards grew quite animated. It was evident at that close, however, and before the votes were counted, that the regular convention nominees were chosen. Briefly stated, the whole contest and its result is a decision by the people that partisan official workers and partisan candidates are not acceptable members of a presumed non-partisan school board. Mr. Wilson was the head of a partisan committee during the recent general election, and Judge Henderson was a prominent candidate on a partisan ticket. The effort to mislead people by giving other reasons failed.

THE NEW BOARD.

Eight of the old members and two new ones will constitute the Salt Lake City board of education in January. The new members are ardent advocates of the best educational system attainable for Salt Lake City, so there is no doubt as to the course the board will pursue. The city schools are in good hands with the incoming board.

When organization comes, it is probable that Simon Hamberger will be made president. Mr. Hamberger is an energetic, capable worker. He was nominated at the last organization by Mr. Moyle, but was voted down. With the changes in the board, however, there is little question but that he will be chosen to the place if he will accept.

As to the clerk, what will be done in that line is as yet indefinite. The

Rich and Poor Alike Suffer from Catarrh in This Climate.

All observant physicians have noticed the enormous increase in catarrhal diseases in recent years, as the most liberal and enlightened have cheerfully given their approval to these infallible remedies, Stuart's Catarrh Tablets as the most successful remedy for the safest remedy for catarrh ever produced.

One well known catarrh specialist, as noted, as he had made a thorough test of this preparation, found that it cleanses, washes and sprays and depends entirely upon Stuart's Catarrh Tablets in treating catarrh, which in the throat, throat or stomach.

Dr. Risold says "in points who had lost the sense of smell entirely and even where the hearings begun to be affected from catarrh have had fine results after only a few weeks use of Stuart's Catarrh Tablets." It can only explain their action on the theory that the cleansing and antiseptic properties of the tablets destroy the catarrhal germs wherever food because I have found the tablets easily valuable in catarrh of the throat and stomach as in nasal catarrh."

Dr. Estabrook says, "Stuart's Catarrh Tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membrane of mucus and speedily overcoming the hawking, coughing and expectoration."

Any sufferer from catarrh will find Stuart's Catarrh Tablets give immediate relief, and being in tablet form and pleasant to the life are convenient and always ready for use as they can be carried in thimble and used at any time, they contain no poisonous drugs, but only the cleansing antiseptic properties of Eucalyptus bark, Gualacal blood root and Hydrastis.

All druggists sell the tablets at 50 cents for complete treatment.

probability is that a change will be made, but on whom the choice will fall is yet too much of an uncertainty to foreshadow the probable outcome.

There is no present suggestion of a change in the vice presidency or treasurership. The present vice president is W. J. Newman, the Third ward municipal ward, and the treasurer is Josiah Barnett.

TENDERED A COMPLIMENT.

W. H. Foster, the Veteran Choir Leader, Receives Marks of Appreciation.

A very enjoyable social party was held in the Seventh ward meeting house last evening in honor of Elder Wm. H. Foster, who, with his family, is about to make his residence in the Eighteenth ward. For over fifty years Mr. Foster has been connected with the ward choir and musical exercises of the Sunday school, and has participated in a musical way in all the joys and sorrows of the people in the Seventh ward. Therefore the good people of the ward felt they could not afford to let him go without some public sign of their appreciation of his faithful services. A nice program was rendered by members of the ward choir, at the conclusion of which Elder Foster was presented with a beautiful gold-headed cane, the presentation speech being made by Counselor Wm. McLachlan. After these exercises the company danced until midnight. Altogether the event was a most enjoyable affair. The recipient expressed to him the good wishes of all the people of the ward.

VACCINATION IN BUTTE.

Compulsory vaccination is a vexatious problem in Butte, and anything but a pleasant duty, yet it has its humorous side, says the Butte Inter-mountain.

Incidents without number occur every day that would fill a story book. Dr. Bryant spun a yarn about a young lady of 19, who came to the city hall voluntarily. She bared her arm for the operator, and while he was making her desire known she locked the door of the office, and then removing her cloak, she placed it over the key-hole. This conduct revealed both the eccentricity and innate modesty of the woman; yet she hesitated.

"Oh, mother, what shall I do?" the girl pleaded.

"Get vaccinated on the arm, my dear," the dame replied. "If you carry out your first resolution, why—why John can't sit on your lap for a whole month."

"That settled it. The girl was vaccinated on the arm."
