## CONVICT ESCAPES.

Michael Swann Enjoyed a Brief Spell Of Liberty Yesterday Afternoon.

Michael Swann, who is serving one year for forgery, escaped from the state prison yesterday afternoon at about 3 o'clock but was recaptured three hours later by City Marshal Michael Mauss at Murray. At the time of his escape Swann was working on the prison farm with some other convicts in charge of Guard David A. Hilton. It is thought that he watched his opportunity and crawled into the underbrush along the banks of the creek which flows through the farm, and under cover succeeded in making his escape.

As soon as his absence was discovered Guard Hilton took the other prisoners to the prison and then notified Warden Pratt of the escape. Four losses were at once organized and started in search of the convict. They went in different directions but it seems that they all secured clues which landed them in Murray. In the meantime Marshal Mauss had been furnished with a description of Swann and picked him up just before the horses arrived in Murray. The convict was turned over to the guards and taken back to prison. He was sentenced at Ogden to one year and had served two months of his time. It is probable that he will now be prosecuted for escaping from prison, which means from one to 10 years more upon conviction.

## A NEW GOLDEN RULE.

Applies To Everyone Earning An Income.

No one can really enjoy life if he realizes that should his income suddenly cease, he would be practically in a penniless condition. The only way to avoid this is by harboring something out of the amounts earned and placing it in a liberal investment without any attendant risks. The time to begin is now, when your earning capacity is at its best, and when you have an opportunity to protect yourself from financial misfortune in later years. Interest at the rate of six per cent and assistance against loss is the guarantee of McGurkin & Co., the investment bankers. Any man or woman can become rich who has money accumulating at that high rate of interest. Think of that rate double in 12 years, and it should require no argument to convince a man that he could not pursue a wiser course to build up a fortune in that way from the portion of the income he is earning. There is nothing of a speculative nature connected with the transaction, and the hard earned dollars of the man who toils are guarded with the same conscientious care as much larger amounts. An investment of the class of securities they have to offer, and the details of the offer now being made, is invited by this investment firm. The fact that all element of risk is eliminated makes this opportunity doubly attractive.

A false alarm took the department to Social avenue during the afternoon. Some small girls, out of curiosity, had turned the key in the alarm box.

## FOR SALE—REAL ESTATE.

THE WARMER THE WEATHER THE WARMER BECOMES OUR RUSH OF BUSINESS.

The temperature is 96, but the weather is no hotter than the business being transacted by "THE REAVIS SYSTEM." So great has been the recent volume of business that it has kept us busy keeping the wheels moving and we haven't had time to write you.

You can imagine how busy it would keep you if you had to look after about 150 men, who are working on 65 buildings being built by us. Most are scattered from the Jordan River to the East Beach, and from the North Boulevard to Forest Dale. We are the thing and building the largest home-building business in the world, and Salt Lake ought to take pride in having a record making concern like "THE REAVIS SYSTEM" within her gates.

Surely we are convincing the public that there is money in building new homes, and that there is an equal loss in buying old, wornout and trembling-as-beans-houses. Even the bankers of the city are beginning to pay out on "THE REAVIS SYSTEM" reasoning, and it is now a hard matter to secure a loan on an old building.

Take our "tip": BUILD A NEW HOUSE. GET YOUR MONEY'S WORTH. AND BY BUILDING A NEW HOUSE, YOU WILL HAVE LARGER INVESTMENT FOR THE LIMIT OF HOME-COMFORT FOR YOURSELF AND YOUR FAMILY.

FOR THE LIMIT OF HOME-COMFORT FOR YOURSELF AND YOUR FAMILY. "THE REAVIS SYSTEM" plan, before negotiating elsewhere for a home, for isn't it patent to you that "THE REAVIS SYSTEM" is doing the smart thing? Building reliable homes when it is a fact that they have built 120 houses in one year and have 120 more under construction.

"THE REAVIS SYSTEM" builds on vacant ground without a dollar cash down, and will supply both lot and house on the most liberal terms. The monthly payments are easier than rent and the scale is as follows:
