Thursday, December 30, 1897.

Christmas in Vernon—The Perished Pearler.

We are having very cold weather with plenty of snow, consequently our horses are having exercise, as good sleighing conditions. The snow is clearing the roads of ice on the desert, plenty of snow for them to do with.

Christmas Eve we had a dance in our hall for the benefit of our mission in the field. The dance was a success in every respect. Christmas night we had a fine Christmas tree in our hall, with presents for all of our children and many of the friends of the children. The children had a very good time.

Christmas night Brother Smith Anderson gave into the settlement with the remains of the body of a man who had been found near the hall. The man was found on the 20th inst. It was a very sad case. The man was found on the 20th inst. It was a very sad case. The man was found on the 20th inst. It was a very sad case.

Meeting convened at 12 m. sharp, that hour being held because the people live on farms in a scattered condition. The meeting was called to order by Brother Arthur H. Hansen, master of ceremonies. He then prayed for the people. The prayer was very good. The people were very attentive. The meeting was very successful. The people were very happy. The meeting was very successful.
