A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC R. R.

IS THE GREAT CONNECTING LINK BETWEEN THE EAST AND THE WEST!

Its main line runs from Chicago to Council Bluffs and Omaha, passing through Joliet, Ottawa, La Salle, Geneseo, Moline, Rock Island, Davenport, West Liberty, Iowa City, Marengo, Brooklyn, Grinnell, and Des Moines, (the capitol of Iowa) with branches from Bureau Junction to Peoria; Wilton Junction to Muscatine, Washington, Fairfield, Eldon, Belknap, Centreville, Princeton, Trenton, Gallatin, Cameron, Leavenworth and Atchison; Washington to Brighton; Kokuosa and Hazelton; Keokuk to Farmington, Bonaparte, Bentonsport, Independent, Eldon, Ottumwa, Eddyville, Oskaloosa, Pella, Monroe, and Des Moines; Des Moines, to Indianola and Winterset; Atlantic to Audubon, and Avoca to Hiteman. This is positively the only Railroad which owns, controls and operates a through line between Chicago and Kansas.

This Company own and control the Celebrated Sleeping Cars, which are inferior to none, and give you a double berth, between Chicago and Council Bluffs or Atchison, for Fifty Cents; or Atchison or Kansas City for Two Dollars and Fifty Cents; and a section for Five Dollars, while all other lines charge a double price for same accommodations. From Chicago to Omaha, a double berth, and six Dollars for a section.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining and Restaurant Cars that accompany through Express Trains. You get an entire meal, of good as is served in any first-class hotel, for Seventy-five cents; or you can get a lunch for 50 cents. You pay for what you get.

Appreciating the fact that a majority of the people prefer separate apartments for ladies and gentlemen, and the enormous passenger business of this line warranting it, we are pleased to announce that the Company have in their PALACE DRESSING CARS for Sleeping purposes, and its PALACE DINING CARS for Eating purposes. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Leavenworth and Atchison, connections being made in Union depots.

SANFORD'S RADICAL CURE For CATARRH

A purely vegetable distillation entirely unlike all other remedies.

IN the preparation of this remarkable remedy every herb, plant, and bark is subjected to distillation, whereby the essential medicinal principles is obtained in vapor, condensed and bottled. What remains in the still is inert, valueless, and totally unfit for use in an organism so delicate as the nasal passages. Hence all snuffs are insoluble compounds of woody fibre; all tinctures, saturated solutions.

SANFORD'S RADICAL CURE

Is a local and constitutional remedy, and is applied to the nasal passages by insufflation, thus allaying inflammation at once and at once correcting, cleansing, and purifying the secretions. Internally administered, it acts upon the organs of circulation, keeps the skin moist, and neutralizes the solid poison that has found its way into the stomach and thence into the blood. Thus a cure progresses in both directions, and it does not seem possible for human ingenuity to devise a more rational treatment.

SURPRISING CURE.

Gentlemen.—About twelve years ago, while travelling with Father Kemp's Old Folks Concert Troupe as a tenor singer, I took a severe cold and was laid up at Niles, Mich. The cold brought on a severe attack of Catarrh, which I battled with every known remedy for four weeks without avail, and was finally obliged to give up a most desirable position and return home, unable to sing a note. For three years afterwards I was unable to sing at all. Hearing of Sanford's Radical Cure, I purchased one and found relief from the first application. So thankful was I that the slightest cold would bring on a fresh attack, leaving the profuse discharge from the head as before, that the second attack, the severest I ever had, was terrible. I suffered the most excruciating pain in my head, was so hoarse as not to be able to speak, and coughed incessantly. I thought I was going into quick consumption, and I firmly believe that had these symptoms remained but a few days longer, they would have rendered me an easy victim. When in this distressing condition, I commenced the use of SANFORD'S RADICAL CURE, and, very reluctantly, I confess, as I had tried all the advertised remedies without benefit. The first dose of this wonderful medicine gave me the greatest relief. It is hardly possible for one whose head aches, eyes ache, who can scarcely articulate distinctly on account of the choking accumulations in his throat, to realize the wonderful potency of the magical application of SANFORD'S RADICAL CURE. Under its influence, both internal and external, I rapidly recovered, and the occasional use of the remedy since, have been entirely free from Catarrh, for the first time in twelve years.

Respectfully yours,
GEO. W. HOLBROOK.

WALTHAM, MASS., Jan. 8, 1878.

P. S.—I purchased the RADICAL CURE of GEO. H. ROGERS, Druggist, Rumford Building.

Each package contains Dr. Sanford's Improved Inhaling Tube, with full directions for use in all cases. Price, $1.00. For sale by all Wholesale and Retail Druggists throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

COLLINS' VOLTAIC PLASTER

An Electro-Galvanic Battery combined with a highly Medicated Plaster containing the choicest medicinal Gums and Balsams known to modern Pharmacy.

These Plasters have now been before the public for two years, and, notwithstanding the immense number of remedies in the form of liniments, lotions, salves, and ordinary plasters, they have steadily increased in favor with each succeeding year, as evidenced by over one thousand unsolicited testimonials in our possession. Many remarkable cases have been recorded to us by well-known citizens in all parts of the United States; copies of which will be sent free of charge to any one desiring them. Improvements, in many ways, have been made, as suggested by experience and use, until it is believed that they are now perfect in every respect, and the best plaster for internal or external medicine. All we ask from every sufferer is the trifle in weight and cost. The price is 25 cents. Although the cost is double that of the cheapest plasters, notwithstanding the efforts of the proprietors to make them cheaper than those of the world for the least money, any similar remedy can be bought, numbers of unscrupulous dealers will be found ready to misrepresent them for selfish motives and endeavor to substitute others. If you ask for

EVENING NEWS.

W. d[illegible]ay, - - June 12, 1879.

Correspondence.

Sericulture in Sanpete.

MANTI CITY, June 10th, 1879.

Editors Deseret News:

Minutes of the first meeting of Manti Silk Association, organized by Sister E. R. Snow, May 19th, 1879:

Meeting called to order at 8 p.m., President R. Wareham in the chair. Opening prayer by President J. B. Malben. Mrs. Wareham addressed the meeting on the subject of silk raising in Sanpete Stake of Zion. Thought it would be profitable to the Latter-day Saints to engage in the business; hoped all would take an interest in raising mulberry trees as a preliminary step.

Counselors Mary Weibye and Mary Lowry expressed their willingness to do all in their power to help forward the enterprise.

President Malben, by request, read an article on sericulture from the DESERET NEWS, after which he addressed the meeting in an encouraging manner on the same subject.

Elders Weibye and Parsons followed on the same subject, and all were unanimous in favor of establishing this industry as soon as possible.

Mrs. E. S. Higs related her experience in raising silk worms on a small scale and of the difficulties under which she had labored in obtaining leaves to feed them.

The president of the association then offered to present eggs to any one who wished to engage in the business the present season.

On motion of Mrs. Maria Weibye Elizabeth S. Higs was unanimously sustained as silk agent for Manti City.

Benediction by Elder William Jack.

A. S. COX, Secretary.

Who Should Keep Bees?

We answer, every farmer and head of a family, so situated as to have a place for a hive or two. But says one, "only the specialist should keep bees." This is partially true. Only the specialist should enter largely upon this business, just as on others. Each housekeeper if convenient should have his own kitchen garden, yet only the specialist should rely on making a living from the sale of vegetables. The specialist who well understands his business, will be likely to far outstrip the household beekeeper, just as the man who gives his time to the care of fowls will secure more eggs, but still the farmer finds it profitable to keep fowls. On this subject, we wish however to speak a few words of caution and instruction.

Bee-keeping is a distinct business, demanding the use of suitable hives and appliances. These, none but the specialist is prepared to make, and properly arrange. As well may the farmer undertake to make his plows and other implements needed in his work. We advise all who are not experts to secure their hives and boxes from some factory, and if there be not an expert at hand to assist him, to purchase hives, bees and all, in good condition in the spring. The hives to be used should be *all alike*, and every part alike. This is of the first importance. All should be obtained from the same party, if possible. This industry is of that character, that it cannot be enlarged very extensively at any one place, as sugar manufacture, but the hives must be scattered all over the land, so as to secure proximity to flowers. The distribution of farmhouses exactly suits the industry. But many farmers are either "afraid of the bees," or have not time to attend to them. For these reasons the proper development of this business throughout the country demands a new industry in each community.

A specialist, for whom the name *apiarian* has been suggested by Rev. J. W. Shearer, should find a place in each neighborhood, just as the blacksmith, the shoemaker and the postmaster. The neighborhood apiarian should prepare the hives and boxes, and give general attention to bees, except swarming and special work. The farmer should purchase the hives and own the bees, and the apiarian prepare boxes, put them on and take them off, rear queens for development and other matters, according to agreement between them. But all matters should be definitely understood. He can transfer, divide and do all such work, receiving for his labor, either money pay or a part of the surplus, or surplus honey and bees, as agreed on in any particular case. Unless a fair mechanic, the apiarian would find to his advantage that hives and supplies be obtained from some trustworthy dealer. He should supply such, however, according to his convenience and ability.

The bee-master, or apiarian, who expects to make a business of bee-keeping, must study well the science and the art of bee-keeping. He must be a man of industry, prompt and timely in his actions, a close observer and self-reliant, and able to control bees as any other stock about the farm.

Let not any imagine that he has to get a number of hives of bees to support him in idleness and neglect.

Bee-keeping, to be successful, demands work, and hard work, promptly applied. The occupation of the local apiarian is now open for development in almost every neighborhood by enterprising men with small means, both to their own advantage, that of the community and the country at large.—*Bee-keepers' Exchange.*
