Special Notices.

THE FASHIONABLE PUBLIC have endorsed Burnett's Cocoaine as an unrivalled hair dressing.

ALWAYS DELIGHTFUL.—The longer Burnett's Florimel for the handkerchief is subjected to the atmosphere, the more refreshing and delicious its aroma becomes.

LADIES after bathing, who suffer from the smarting effects of soap, will find instant relief in the use of Burnett's Kalliston.

BURNETT'S COLOGNE WATER enjoys the highest reputation among the ladies.—*Louisville Journal.*

ASTHMA.—Until Whitcomb's Remedy was discovered no sure specific was found.

"Astonishing but true."

That DOOLEY'S CHEMICAL YEAST BAKING POWDER is not only the best but the cheapest in market. It is entirely free from any deleterious substances, and compounded with such scrupulous exactness that the contents of each can are the same, and will produce the same results every time. It is unequalled for making biscuits, rolls, cakes, pastry, &c.—at once healthy and nutritious. Full weight in each package. Grocers everywhere keep it.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

PARTICULARS OF THAT ACCIDENT.—We published last week a telegram from Cache Valley informing our readers of the death by accident, of Samuel Haigh. In that the idea was conveyed that he met his death from being torn with a circular saw. We have received the following particulars of the accident from Bro. Charles C. Shaw, of Hyrum: Bro. Haigh was engaged in working his lath and shingle mill when the block which he was sawing became loose, commenced jumping and was immediately thrown from its place with great violence, striking him in the stomach, and rendering him insensible. Dr. Cranney of Logan was sent for to render him assistance, but his injuries were such that he died twelve hours after the accident. He was born at Bolton, Lancashire, England, embraced the gospel there, and emigrated from that country in 1856, crossing the plains with the handcart company. He was very much respected by all who knew him, and died as he had lived a faithful Saint.

DIED.—Yesterday afternoon, in the 16th Ward, of lung fever, Mercy Josephine, daughter of Elder Joseph F. and Juliana Smith, aged 2 years, 9 months and 23 days. "I'll sleep to-day, papa," was the last sentence she spoke, and so she did. Funeral took place at the residence of the parents in the 16th Ward, at 2 p.m. to-day.

REPORTED FIGHT WITH INDIANS AND WHITES.—A telegram, per Deseret Telegraph Line, from Bishop Peter Maughan, of Logan, Cache County, says:

"Three Indians, from Bear Lake last night, report that a fight had taken place near Green River, between some whites

and Shoshones, combined against the Cheyennes. I wish you would enquire and say if any such news has come over the W. U. Telegraph Line."

Since receiving the above dispatch from Bishop Maughan, Mark Croxall, Esq., agent of the Western Union Telegraph Company in this city, has kindly instituted inquiries along the Line respecting such an occurrence. None of the telegraph operators, with whom he has conversed, know anything about it, and the presumption is the report is without any foundation.

INFORMATION WANTED.—Mrs. Mary Dunn, (maiden name Smith) Egton Row, Clay Cross, Derbyshire, England, would like to hear from her brother and sister, Marguerite and Thomas Smith, who emigrated from England, the one eight and the other fourteen years ago.

PROTEST AGAINST THE CULLOM BILL.—A protest against this precious specimen of modern legislation, has been adopted by the Woman's Rights Convention assembled in New York. They, of course, are for woman suffrage, and as Cullom's bill renders null and void the bill passed by the late Legislature, conferring the suffrage upon the ladies of Utah, the Woman's Rights Convention protested against any such disfranchisement taking place. Their resolution on this subject is as follows:

Resolved, "That we remonstrate against the proposition now pending in the Senate of the United States, to disfranchise the women of Utah, as a movement in aid of polygamy, against justice and a flagrant violation of vested rights."

FROM WEDNESDAY'S DAILY.

CHANGE OF OCCUPATION.—Stepping into the counting-house of Zion's Co-operative Mercantile Institution yesterday, we were pleased to see the face of our genial friend Brother Thomas Williams, who, for so long a period, has acted as Treasurer of the Theatre. He informed us that he had changed his occupation, from the Theatre to Zion's Co-operative, where he is now one of the book-keepers. We have no doubt that all who are drawn into business relations with him will be pleased with the change, for we feel assured that the geniality and pleasant disposition of Brother Thomas will gain him as many friends, and be as highly appreciated in the counting-house as in the Treasurer's box in the Theatre.

OBSEQUIES.—A large number of sympathizing friends assembled at the residence of Elder Joseph F. Smith, in the 16th Ward, yesterday, on the occasion of the funeral services of his eldest daughter. The assembly was addressed by President George A. Smith and Elder George Q. Cannon, and sympathy and comfort were tendered to the family in their bereavement. The child was one of uncommon promise, and her absence and loss in the family circle will be irreparable.

COMMUNICATION.—The extreme love of apostates is almost unendurable by them. They seem to be in agony with the tremendous burden of that passion which their infidelity imposes upon them. They love Brigham high unto death. Would not the devil like to counterfeit the vital spark of the Christian's faith? But, alas, for him! He makes a botch of the job.

To a correct business man, no currency is so objectionable as the counterfeit. Some of the inexperienced suffer loss therewith, and also some of the more wise.

Fortunate is he that has a counterfeit detector.

OGDEN VALLEY.—Brother Richard Ballantyne, of Eden City, informs us that the prospect for crops in that valley is much better than usual. They have had their crops eaten off in Eden for three successive years and the people naturally feel encouraged with the prospect of a crop this year. The health of the people there is generally good.

DIED, at Parowan, March 31st, 1870, John Perkins, of disease of the heart.

Bro. Perkins was born at Bath, Somersetshire, England, June 28th, 1821, was baptized in Australia, February 11th, 1854, and came to this place in 1857. He has been known here as an honest and faithful member of the Church. He leaves a wife and two children.

Thou hast triumphed over death,
Triumphed over sin and pain;
Heaven protect thy loved ones left,
Till we meet again.
—*Mill Star* please copy.

REMARKABLE CASE.—Brother Christopher Merkley, of the 17th Ward, was hauling adobies the day before yesterday. He

had on his wagon twenty-two hundred pounds' weight, and having occasion to leave his team a few moments, he left his little son, Alva Marion, seven years old, sitting on the adobies and holding the reins. The team started and the boy dropped one of the lines, and, in reaching over to pick it up, he lost his balance and fell, the fore wheel running over his short ribs and bowels. The child hung to the lines, which turned the team, and so the hind wheel missed him. The father picked him up, laid him on the wagon and proceeded home, where he had him anointed and administered to. Brother Merkley was called away on business and returning in a few hours he found the child out at play, apparently as well as ever, and yesterday he seemed completely restored to health.

MENAGERIE.—Among the late additions to the stock of the Menagerie are a fine eagle contributed by Dr. Spencer, of Camp Douglas, and a beautiful lynx, just purchased.

FROM THURSDAY'S DAILY

MESSAGE.—There is a message at the Deseret Telegraph office for Lucian Noble, from Cove Creek.

STRAY STOCK.—There are, at the present time, a great many cattle running at large in the vicinity of Bountiful, breaking into the fields and eating off what little grain has been left by the grasshoppers. Bishop Stoker informs us that it is the intention of the people of that settlement to drive all stock running at large there, on Tuesday next, to the mountain range; and they would be pleased if persons owning such stock would look after it and not allow it to return to the fields. Persons who allow their stock to run at large to the injury to their brethren in that manner are not deserving of any, and the action is doubly reprehensible now, considering that it is so necessary for the people to save the little grain the grasshoppers have not eaten.

PAROWAN.—We have received, from Brother W. C. McGregor, of Parowan, the following items, under date of May 31st:

"The locusts hatched out in great numbers last spring, more than enough to have swept every green thing in our fields, but the brethren turned out in force, while the hoppers were young, and trenched against them, and burned countless numbers of them with straw. It looked like Fall more than Spring to see the loads of straw going in every direction. The chickens were also used to great advantage, and our big field was dotted all over with chicken coops. Many of the brethren stayed in the field night and day, for weeks together, fighting the enemy. Very little damage has yet been done by the locusts. Our crops at present look fine, and we trust, with the blessing of our Father, to have a bountiful harvest. Yesterday and to-day we have had a beautiful rain storm."

AN OMISSION.—In our notice, in Monday's NEWS, of the meeting held by the President and party, at Brigham City, last Saturday afternoon, the statement that the first speaker on that occasion was Elder Franklin D. Richards was inadvertently omitted. Elder Richards addressed the assembly for about forty minutes in a very interesting manner, the subjects touched upon in his discourse, being the cordial welcome extended by the people of Brigham City to President Young and party, the peace and good order prevailing in that burgh; the probable design and intent of Providence in permitting the ravages of the locusts, year after year; the success of the principle of co-operation, and other items of interest and importance to Latter-day Saints. The types will play strange freaks at times!

EXCURSION TO LAKE SIDE.—We look for a big "turn out" on Saturday, to visit Lake Side. The fare on the Utah Central, instead of being \$1.50 for the round trip, as was advertised, will only be \$1.00, which consideration will probably induce some to go, who otherwise would not. The train will leave this city at 8.50 a.m., and return in the evening.

THE ADVENTURES OF A LETTER.—A gentleman residing in this city, showed our local letter he received last evening, bearing the post marks "Glasgow Oct. 21" and "New York Nov. 3." The history of that letter, where it has traveled or where hid away from the time it left New York to last evening, might prove interesting, could it, after the manner of "the adventures of an umbrella," tell its own tale and perhaps throw light on other missing letters. The letter is very plainly and fully addressed and bears no post mark other than those mentioned above.
