Old Glory was displayed for the first time over the "News" building at 8:30 this morning, when a fine new American flag, 12x20 feet, was flung to by Miss Eva Burton, secretary for Manager Burton, ably assisted Miss Barbara Swan, and inspired by cheers from the workmen present. The "News" flag is the highest in the city: that is, of all locations below the north bench, and can be seen for many miles, The Deseret News today received a

pleasant call from Miss L. R. Lorenz editor of the Progress-Review, publish-ed at Fillmore. Miss Lorenz is in the capital on business and pleasure com-bined. She is a young woman of considerable newspaper experience, having worked in and about printing establish-ments since childhood. She has been at Fillmore for something over a year past and reports conditions as being prosperous there.

Now Camped at Clear Lake. The Progress Review to hand says:

"The engineering corps, twenty in num-ber, of the San Pedro (Clark) railroad are now camped at Clear Lake. Their tents form quite a town.

The line surveyed from the top of the Learnington hill is a tangent and will run about a mile east of the Oregon Short Line railway at Clear Lake. A short route with easy grades is what a transcontinental line must have in this day and age of railroad competi-tion, and the San Pedro people are now on the right track to gain all these advantages.

An Associated Press dispatch from San Francisco, Cal., today says: Unit-ed States Senator W. A. Clark, Mont., is rapidly completing the final surveys for his San Pedro, Los Angeles and Salt Lake Railroad. From the reports of Chief Engineer H. Burlington have secured some of the choicest tracts near the oil springs, and so confident are they that the rich il-

luminant exists in large quantities that they are arranging to build into the district.

A line was surveyed last summer from a point near Lovell, on the Talu-ca-Cody branch, down through the town of Burlington to Bonanza, and on to Kirwin. A corps of Burlington surveyors is
