

THEATRICAL.—On Saturday evening the "Huguenot Captain" was repeated and well played. The farce dragged somewhat, though Messrs. Margetts and Graham, Miss Colebrook and Miss Alexander, exerted themselves commendably. To-morrow evening Mr. Lindsay will take his benefit. He has selected "Hamlet" for the occasion, and will appear as the "philosophic Dane." The ambition which prompts him to take on so arduous a task is commendable, and should secure a large attendance to witness home talent in this most difficult of Shakespearean roles. The splendid tragedy is well cast, in the very laughable farce of "Boots at the Swan," he will appear as Frank Friskey, Mr. Graham playing Earwig. Capt. Croxall's band have some beautiful music, lately received from the east, which they will play for the first time here. And Miss Colebrook will sing between the pieces. We hope to see a house crowded in every part.

THE WEATHER still continues cold, with a slight fall of snow flakes each morning and the sun shining out towards the afternoon. We have received the following by Deseret Telegraph line:—

Brigham City; very cold.
American Fork; very cold and frosty; foggy; snow about three inches deep.
Neph; stormy. It has been snowing for about one hour, and there are appearances of a heavy storm.
Beaver; pleasant and very cold. Very cold nights.
Parowan; clear and cold; snow from 12 to 14 inches deep.
Gard City; very severe frost, but clear and beautiful.
Tukerville; clear, the wind blowing very hard from the north; quite cold.
St. George; clear; not a cloud to be seen; severe frost last night. Thermometer 45.

SABBATH MEETINGS.—Elder W. Woodruff touched upon the great blessings enjoyed by the Saints, and the duties that lie before them. As a people we are required to become one, and to prepare for the second coming of the Son of God. Many people on the earth believe in the second coming, and some of them have declared that he would come at times which they stated; yet, if they understood the scriptures they would know that certain things have to be done before that event—the prophecies have to be fulfilled; Zion has to be built up; and the Saints have to arrive at a condition of unity much higher than they have yet reached. They have to purify themselves, establish righteousness, build up the Zion of God, and fulfill the prophecies uttered concerning the coming of the Son of God, and the preparation which must precede his advent. The Saints have done much in spreading the gospel, and declaring the will of God to the nations; and the Lord is working among the inhabitants of the earth preparatory to the fulfillment of His purposes. He exhorted the people to increased faithfulness in the performance of the duties devolving upon them.

Afternoon.
Elder John Taylor delivered a very interesting discourse on the duties and responsibilities of those who have received and embraced the everlasting gospel. The great question which every Elder in Israel should ask himself is, What is the will of God concerning me? And having learned that will, every power, energy and ability we have should be employed in doing it. The Saints pray for the Lord to make known His will through His servants, and exercise faith in their behalf, then, when they deliver instructions to the people those instructions should be obeyed, or why do we pray for the will of God to be thus revealed. Elder Taylor treated upon the gospel, which we have received, and the great blessings that accompany and follow obedience to it.

Elder Geo. Q. Cannon followed, treating upon the eventful nature of the times in which we live, and the work which the Lord is accomplishing in this generation, a work looked forward to by all the ancient servants of God, and hoped for by many who did not understand the prophecies, but desired to see the condition of mankind ameliorated. He referred to the feeling of many in the Church years ago, who looked for the consummation of the purposes of God in a year or two, and were filled with enthusiasm in consequence; but became lukewarm and lifeless in the faith when they found they were mistaken. Yet, he reasoned, although that consummation has not been reached so quickly as some may have thought it would be, it is none the less surely approaching. And the Saints should, by increased faith, prayer, and righteousness, prepare themselves for a stricter obedience to the requirements of Heaven, and the bringing to pass the purposes of the Almighty.

Special Notices.

President Heber C. Kimball understands that there are many in this city and in other places adjacent, who have wool to card. He has put up a stove and has the place where his two double carding machines work, in the 19th Ward, near Pugsley's mill and the Ward Meeting House, fitted up so that carding can be done occasionally when the weather moderates. He also has David Le Baron to work them—a man whom the people know to be honest, for he has been well known among them for many years. He can cheerfully recommend Br. Le Baron as an honorable man, who has always given satisfaction to his customers when running machines for him. People bringing wool can have it done when they bring it, if there is enough at the machines to run a day. Bring grease as usual, say one pound to seven.

If the people will not bring wool along to be carded, the place will be closed.

We must again refer to Mrs. White's success in her teaching music by "Robbin's American Method," as encouraging to all desirous of becoming acquainted with the art. One of her pupils in this city, a boy under 11 years of age, in three weeks tuition, without having any previous knowledge of music, was able to write his own accompaniments. All things considered, this is astonishing. It would be an excellent thing if some of our best musicians would obtain a knowledge of her system, especially those who play the piano and organ, for without doubt a better knowledge of music can be obtained by it in a few months, than by years according to the old system. The application of thorough Bass, or Harmony, to the Piano and Organ, is a point that should not be overlooked.

PUBLIC NOTICE.

YEAR 1868.

WE return our sincere thanks to this People for the liberal Patronage we have received, and in view of the great scarcity of money and the decline in the value of some kinds of Goods east, we have determined to offer our Stock at a heavy Discount for

CASH!

We will allow a Discount of TEN PER CENT. on all Groceries, except Tea, Sugar, Coffee, Candles and Soap.

A Discount of TEN PER CENT. on all Dry Goods, Clothing and Hardware, except Nails, Horse and Mule Shoes.

A Discount of TWENTY PER CENT. on Hoods, Nubias, and all Goods of this description, including Hats and Caps.

A Discount of from TEN to TWENTY PER CENT. on all kinds of Dishes, Plates, Cups and Saucers, Glassware, Castors, &c., &c.

ARGUMENT:

THIS we think better for the Customer than Enterprises on the Lottery Plan, these having been tried elsewhere and not found profitable to the investors.

The People know quite well already who sells the Cheapest and Best Goods, and when they get them, knowing them to be cheap, and then get a Discount of from Ten to Twenty per Cent, we think they will come to the conclusion that it is better to have the full benefit of what they spend at once and on the spot, than take ONE Chance in FIFTY of drawing something, some time in the future.

You are not required to purchase "Ten Dollars" worth to entitle you to the Discount, but we will allow it in all cases, whether the purchase be large or small.

This is to give the poor man or poor woman, who cannot get held of "Ten Dollars," a chance to buy Goods Cheap.

COME AND TRY IT.

WHY DO WE OFFER THESE TERMS? Because we are like most of our neighbors, wanting money badly.
