

Oklahoma Comes in With a Big Dowry.

OKLAHOMA will not come into the Union empty-handed. Here is part of her dowry:	
Area in square miles.....	70,430
Area in acres.....	46,000,000
Population.....	107,993
Value of farms.....	\$277,000,000
Value of stock.....	750,391
Manufacturing establishments.....	1,650
Capital invested.....	\$5,976,329
Wage earners.....	3,768
Yearly wages.....	\$1,361,725
Yearly product of manufactures.....	\$10,976,119
National banks.....	222
Capital of national banks.....	\$6,810,000

National bank capital and surplus.....\$9,606,241
National bank resources.....\$36,150,833

Oklahoma has large investments in private banks, territorial banks, savings banks, trust companies, life insurance companies, mining companies, railroads, steam and electric power and lighting plants, waterworks, buildings of all kinds in cities and in many other channels of investment.

In 1904-5 the residents of the territory of Oklahoma increased their bank deposits by 21.4 per cent and those of Indian Territory by 45.7 per cent. In 10 years Oklahoma's bank deposit increase was 172.8 per cent.

Oklahoma state will have 150,000

school pupils, about 3,000 school teachers, a state university at Norman, agricultural and mechanical schools at Stillwater, normal schools at Edmond and Alva, Langston university for negroes, Chilocco school for Indians, common schools in great number and common, high and manual training schools for the Indians. She will have churches, Y. M. C. and Y. W. C. associations, clubs for men and women, literary associations, public libraries, improvement societies.

Oklahoma means "Beautiful Land." It produces corn, cattle and cotton. It has fertile, rolling, well watered prairies, considerable timber stretches, rich bottom lands and a prolific fruit

belt, with apple, cherry and peach orchards.

The cotton yield per acre is in excess of any state of the Union.

Oklahoma has rich coal mines from which 2,000,000 tons are mined every year.—New York Sun.

Tin Foil's Invention.

Tin foil or silver paper, which is used the world over for wrapping cigars, chocolate, cakes of yeast, etc., owes its origin, like the telephone, to America.

A New York man, over 30 years ago, gave a good deal of time to an unsuccessful attempt to cover iron bolts

with copper. Such bolts would have taken the place of the costly ones of pure copper. The man, though, could not make them.

But in the beating out of the copper he hit on the idea of beating out tin. He beat it out between sheets of lead, and the beautiful, flexible silver paper that he obtained achieved an instant popularity.

Tin foil, or silver paper, is now beaten from pure tin exactly as gold leaf is beaten from pure gold. It is usually rolled in sheets four feet long by six inches wide. It is perfectly easy, with a little beating, to double the length and breadth of these sheets without adding any new material to them.

BOWEL COMPLAINT IN CHILDREN

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels, whether it be in a child or an adult. For Sale by all druggists.

Continuation of Keith-O'Brien's Annual Great Round-Up Sale

One Week More of Reductions from 10% to More Than 50%

When a Bargain Surprise Becomes a Happy Surprise

The Round-Up has offered many surprises. But the most pleasing one was at the Summer Wash Goods Counter. No reference was made last week to prices and values because it was preferred to give our friends an agreeable surprise. We did. The values reach to \$1.00—all prices up to a dollar for 10c. The goods have been selected from our regular stock: colored linens, linen scrim, figured Swiss, wool finished batiste, etc.

For Boys' and Girls'

The Round-Up Sale has been a boon to mothers. They are taking advantage of the lowered prices to buy suits for the boys and dresses for the girls. The suits which we sell are different—a little better—more money is paid the manufacturer to make the suits better, stronger, a little better material. We pay for the extras: you don't.

BOYS' LINEN SUITS.

Boys' wash linen suits in white and colored—the complete line at half prices. These goods are the best values on the market, being the "Regatta" make, which means second to none as to quality, fit, workmanship and style. Sizes 2½ to 8 years.

CHILDREN'S COATS.

White serge and white and colored fancy linens, all at half price. Sizes 2 to 8 years.

BOYS' WOOL SUITS.

The entire stock of wool suits are included in this round-up sale. These suits will be sold at one-fourth less than regular prices. The showing includes many well selected and snappy styles. Mothers who have bought the "Savvy" suits for their boys will be glad to take advantage of this offer. Sizes 2½ to 16 years.

GIRLS' WHITE DRESSES.

Every girl loves a new white dress. There is no reason why girls should not be able to have a pretty dress at prices within the means of parents. The prices run \$1.95 to \$8. Made with nice full skirts and wide hems, lace and embroidery trimmed.

KEITH-O'BRIEN CO has made a record-breaking hit with the Round-up sale.

It's not due to the catchy name or the typical round-up pictures.

It is due to the character of goods and the prices at which they are being sold.

It is a reliable sale in every sense of the word.

It is a tremendous sale, because every article of merchandise is included.

It is a strong sale, because there are no undesirable goods in the store—no old stock.

It is a popular sale, because the styles represent the latest ideas.

It is a sale free from disappointment, in that no inferior goods are carried.

It is an unusual sale, because the reductions reach to less than half prices in many cases, and to nearly half prices in most instances.

Because the Round-up has achieved success beyond anticipation the sale will be continued for one week.

Women's Hosiery.

The Round-Up Sale offers splendid opportunity to replenish one's needs in hosiery. The values are decidedly unusual.
