# TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three **"scavengers of the system,"** producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

### FOREIGN.

**SPAIN STILL SHAKEN BY EARTHQUAKE SHOCKS.**

**THE FRANCO-CHINESE WAR, ETC.**

**More Earthquakes.**

MADRID, 13.—Alhama was visited again yesterday by a severe earthquake shock just as King Alfonso and suite were leaving the city. No damage caused. The shocks were felt as far as Algarroba. The people were panic-stricken. A serious calamity occurred at Nerja. An encampment of refugees in the outskirts of the town were burned out, and the unfortunate people, who were thus made shelterless, were exposed to a heavy snowstorm which prevailed throughout Granada.

**Seafaring Assassins Extradited.**

LONDON, 13.—The judge of the Bow Street police court to-day granted an extradition to America of Wm. Rauschet, second mate, and F. Koelpin, boatswain, of the American ship *I. F. Chapman*, on the charge of having killed a seaman named Jansen, by cruel treatment during the voyage of the vessel from San Francisco to Liverpool.

**French Affairs.**

PARIS, 13.—The Senate has adjourned until the 29th instant. The Chamber of Deputies adjourned until to-morrow, when the Government will be questioned concerning General Campenon's retirement from the ministry, and regarding eastern affairs.

*La France* says it is rumored that Prince William of Prussia, son of the Crown Prince, will soon be appointed Governor of Alsace-Lorraine, and that it is possible the autonomy of the provinces will be proclaimed immediately afterward.

Toulon, 13.—Orders are received here to hasten the departure of the four transports for Tonquin. Work is proceeding on the vessels night and day. Each will carry four hundred tons of war material. The four will take 5,000 men and 4,500,000 rounds.

### BRIEF TELEGRAMS.

The President held his first regular reception this season to-night. It was given to Congress, the army and navy, the diplomatic corps and Judges of the Supreme Court.

All the testimony before the Senate committee on Indian affairs to-day was to the effect that improper means were used to secure the leases of the Indians' lands.

The boiler in a saw-mill at Williamsport, Pa., exploded Monday, killing two men and wounding fourteen.

Tom Preedy, a negro of Greenville, Texas, was lynched Monday night for attempted outrage on a white woman.

Pat Sheddy and pugilist Sullivan leave New York in a few days for San Francisco, thence to New Orleans and England.

Secretary Lincoln entirely exonerates Lieutenant Garlington from all charges preferred by Gen. Hazen against that officer.

The Tichborne claimant, who was recently released from prison in England, has made arrangements to come to America on a lecturing tour.

It is rumored in London that a Vienna banker has been defrauded of $1,0,000 by a confidential clerk and that several persons have failed in consequence.

Fifteen mayors of the principal cities of Iowa pronounce the prohibitory liquor law a failure. Both the number of saloons and drunkenness have greatly increased.

The campaign against the Oklohama boomers has begun. General Hatch left Caldwell for Stillwater Sunday morning, and is expected to reach there by to-morrow.

The *World* announces the approaching marriage of Viscount Sherbrooke Robert Lowe, aged 75, and a widower without heir, to Miss Sucyot, his amanuensis.

King Alfonso visited the ruins of Alhama Sunday and disbursed large sums of money. He was given an enthusiastic reception, the whole populace turning out to greet him.

A party of workmen, while digging a cellar the other day, near the scene of Braddock's defeat in Pennsylvania, are reported to have unearthed an old chest containing gold to the amount of several hundred thousand dollars.

Importers of Chicago complain that there is a systematic under-estimation of imported goods at the New York custom house, which gives eastern merchants an unfair advantage over those of the west whose goods are valued there.

The New York *Tribune* says the report that McLean did not purchase the *Star* because John Kelly stipulated that the paper should continue to support the Tammany organization, is pronounced untrue by the publishers of that paper. When the outlook is more promising it is said to be the intention of the trustees to resume its publication.

St. Louis, 13.—Several members of the special committee appointed by Col. Hunter, president of the National Cattle and Horse Grower's Association, to visit Washington in the interest of the national cattle trail, returned here to-day. This committee will issue a circular to-morrow, setting forth the various reasons why such a trail should be established, and asking that the Dodge-Griffin trail, shall be adopted so far as it now extends.

The House committee on pensions heard Commissioner Clark on the advisability of appointing State pension agents in each State. The Commissioner was present at the request of the committee. He thought such appointments would greatly facilitate the business of the office. Frequently the pension office had been compelled to write as many as seven letters a day, to as many Congressmen, who had inquired about the same case.

The Council of the Montana Legislature was temporarily organized, with Dr. A. H. Mitchell of Deer Lodge county as chairman. To-day a permanent organization was effected in the Council by the election of F. R. Armstrong of Gallatin county as Speaker. The election was an interesting one, as the seventeenth ballot was taken before any choice was made, and it was not until 4.30 p.m. that this was reached.

In the House notice was given that a number of bills would be presented—one by ex-Governor Potter for an act to punish and suppress prize-fighting in Montana. A permanent organization of the House was effected, with Col. Jas. E. Calloway, of Madison county, as Speaker.

Boston, 13.—The Sullivan-Greenfield glove fight took place last night, in the presence of 2,000 spectators, at the Institute Fair building. Those who expected a slogging match were disappointed; only comparatively light blows were given. The exhibition was decidedly flat. Sullivan was in no condition to fight, and Capt. Toubley said that had Greenfield been disposed, he could easily have knocked out his opponent.

Cheyenne, 13.—Gov. Wm. Hale of Wyoming Territory, died this evening after a lingering illness, from a kidney complications. He was appointed Governor by President Arthur Aug. 3d, 1882. His former residence was Glenwood, Iowa. He was 48 years old. The funeral will be held here Friday afternoon. He will be buried in Cheyenne.

Denver, 13.—In the course of conversation this evening upon the Senatorial question, Gen. Hammill said to a representative of the Associated Press: "An agreement has been entered into by ex-Governor Routt, ex-Senator Chaffee and myself, by which our combined strength will be given to Secretary Teller, thereby insuring his election."

Governor-elect Eaton was inaugurated to-day with appropriate ceremonies.

### HEALTH FALLACIES.

POPULAR MISCONCEPTIONS THAT OUGHT TO BE OVERTHROWN.

The health of the people would be brought up to a better condition if they were educated out of the following fallacies:

The idea that cold baths are healthy in winter and dangerous in midsummer.

That rain-water is more wholesome than "hard" water.

That bedrooms must be heated in cold weather.

That the misery and everlasting scrubbing and soap-suds vapors is compensated by the comfort of the lucid intervals.

That a sickroom must be kept hermetically closed.

That it pays to save foul air for the sake of its warmth.

That "daughters" are morbific agencies.

That catarrhs are due to low temperature.

That even in midsummer children must be sent to bed at sunset, when the air begins to be pleasant.

That an after-dinner nap can do any harm.

That the sanitary conditions of the air can be improved by the fetor of carbolic acid.

That there is any benefit in swallowing jugfuls of nauseous sulphur water.

That rest after dinner can be shortened with impunity.

That outdoor recreation is a waste of time.

That athletic sports brutalize the character.

That a normal human being requires any other stimulant than exercise and fresh air.

That any plan of study can justify the custom of stinting children in sleep.

That the torpor of narcotism is preferable to insomnia.

That the supression of harmless recreation will fail to beget vice and hypocricy.

That stimulation is identical with invigoration.

That fashion has a right to enforce the wearing of woolen clothes in dog days.—*Lippincott's Magazine.*

ELY BROS., Druggists, Owego, N.Y.

THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the renewal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With impure blood the whole system becomes affected, and no organ can properly perform its functions unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important, and when one has the feeling of being continually tired, worn out, is constipated, with tendency to Piles, Headache, Sick Stomach, Sallow Complexion, Rough Skin, they may be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations and restoring tone and strength and Vigor. For all the troubles of this kind there is no remedy equal to DR. R. F. SHERMAN'S PRICKLY ASH BITTERS, that equals it.

PRICKLY ASH BITTERS is a medicine of great merit, and not an intoxicating beverage, and being purely vegetable in its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for diseases of the system mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.
