#### SENATE.

##### Resolution of Approval.

WASHINGTON, 20. - Before the

discussion upon the resolution to

approve the President's course in

Louisiana, the Senate, Camer-

on, of Wis., Conkling, Cragin, Ed-

monds, Terry, of Mich., Freling-

huysen, Harvey, Hitchcock, Howe,

Knapp, of N. Y., and his colleagues

on the other side, he did not think

they could say anything new in re-

gard to Louisiana, therefore he did

not think there need be any trouble

about voting upon it and having a

final adjournment to-day. Ray-

ard then spoke at length against

the resolution.

The vote, in detail, on taking up

the Frelinghuysen resolution was

as follows: yeas, Allison, Anthony,

Boutwell, Bruce, Cameron, Mc-

Millan, Mitchell, Morrill, of Me.,

Morrill, of Vt., Morton, Oglesby,

Patterson, Robertson, Sherman,

Spencer, of N. Y., and his colleagues

on the other side, he did not think

they could say anything new in re-

gard to Louisiana, therefore he did

Speech by Jones.

In the debate on the Hawaii re-

ciprocity treaty, Jones, of Nev.,

after agreeing that the political con-

siderations involved were of them-

selves enough to decide the ques-

tion in favor of ratification, further

contended that the commercial im-

portance of this treaty had been

generally overlooked and underes-

timated, even by its friends in the

Senate. He called attention to the

fact that the aggregate amount of

our commerce with the Sandwich

Islands does not adequately indi-

cate its real benefit to this country,

Besides the fact that the large in-

crease in the value of the articles

from which is made up, in an uncom-

monly large degree, by the cost of

the labor employed, and not by the

value of the raw material, which

represents an expenditure of over

\$80,000 for the wages of labor in

this country, and \$40,000 worth

of the raw material, only one

fourth or one-third of the value

is to be credited to the raw

material. As another example

of this, he cited the case of

pinchbeck jewelry, which he said

we export to these islands to the

amount of six or eight thousand

dollars per year, of which at least

eleven-twelfths represented the

wages of the labor employed in its
