CONGRESSIONAL.

SENATE.

Railroad to the Pacific—Confirmation.

Vickers, Thurman, Morton and Ferry discussed an amendment striking out the section to enforce the 14th amendment. Warner supported the removal of political disabilities.

The Pacific Railroad committee have completed a bill for the construction of a railroad to the Pacific on the thirty-second parallel. It grants the usual amount of land to about forty corporations in the eastern and southern States and ignores the Fremont and El Paso party.

The Senate confirmed John T. Appleton as Judge in the U. S. Court of the eastern district of Texas.

HOUSE.

Various bills and resolutions.

Bills were introduced for the prevention of cruelty to animals; on railroads, &c.; to prevent the extermination of fur bearing animals in Alaska; for the relief of settlers on certain islands in California; to grant increased facilities to Benedict as a port of delivery; the passage of a tax on spirits distilled from apples, peaches and grapes, exclusively, and to regulate distillations thereof.

Cox offered a resolution, instructing the reconstruction committee to report forthwith a general amnesty bill. The House refused to second the previous question and the resolution was referred to the reconstruction committee.

Schenck from the committee on ways and means, reported a bill repealing the tax on legacies and successions, the gross receipts of railroads and corporations, except on lotteries, theatres, and places of amusement; also taxes on sales, except dealers in liquor, rectifiers and tobaccoists, banks and bankers, brokers, foreign insurance agents, claim agents, patent rights dealers, gift enterprises, bowling alleys, billiard rooms; it reduces the special tax on hotels and modifies the income tax by increasing the amount of exemption to fifteen hundred dollars, but leaves the rate at five per cent; it calls the tax on earnings, watches, &c.; also on gas, on grinding of coffee and spices and sales of manufacturers. The total reduction is \$33,060,716. It imposes a fine on foreign commercial brokers and on depositors of government money in banks at the rate of three per cent, annually, and abolishes the use of stamps on ordinary country contracts.

Bingham, from the judiciary committee, reported a bill to enforce the rights of citizens of the United States to vote in the several States of the Union, who hitherto might have been denied that right on account of race, color, or previous condition of servitude, which under the suspension of the rules, passed; 181 to 44.

WASHINGTON.

Alaska fisheries—Assigned to commands Over \$3,000,000 arrears—Saying—Mention to Stubbs—Business tends to pleasure.

WASHINGTON.—A petition from the San Francisco merchants and Bankers against Boutwell's plan for the protection of the seal fisheries of Alaska, recommending another plan, was laid up on the desks of the members of Congress to-day.

Major G. C. Hunt of the first cavalry, has been ordered to the command of the division of the Pacific. Brevet Major General Ord has been assigned to duty according to his brevet rank.

The suits preparing against ex-collectors of Internal Revenue, who are in arrears, amount, it is estimated, to three millions.

Over a million and a quarter of dollars will be saved by the order of the Secretary of War discharging employees and for the sale of surplus property.

The Germans of this District laid the corner stone of a monument to Stubbs, to-day.

There was much commotion among newspaper men, yesterday, on account of the President calling a special cabinet meeting, and a thousand startling speculations were set on foot. It turned out, however, that the President convened it in order not to interfere with the presence of himself and cabinet at a lunch party given by Mrs. Grant to-day.

LOUISIANA.

Refused to admit Colored Scholars.

NEW ORLEANS.—An attempt to introduce colored children into the public schools was made to-day; the demand was refused, for want of instructions from the Superintendent. Trouble is anticipated.

IOWA.

Decision against Counties for Railroad bonds.

DES MOINES.—The U. S. Circuit Court of Iowa rendered a judgment to the amount of \$350,000 against Des Moines, Johnson and seven other counties, in Iowa, with the cities of Burlington and Iowa city, for railroad bonds guaranteed by them; and in regard to which there has been an immense amount of litigation.

TENNESSEE.

Miscegenation Prohibited—Decorating Confederate Graves.

NASHVILLE.—In the Tennessee legislature, to-day, the Senate passed a bill to first reading, prohibiting the intermarriage of whites and blacks. The decoration of the graves of the

Confederate dead in the city cemeteries took place yesterday; several thousand persons were present and there was an imposing demonstration.

MISSOURI.

Verdict on the accident near Eureka—In pursuit of Indians.

ST. LOUIS, 18.—The coroner's jury, to-day, rendered a verdict on the recent collision on the Missouri and Pacific Railroads near Eureka, that it was caused by the disobedience to orders and culpable negligence of W. Odor, the conductor, and Joseph Tracy, an engineer, of the extra freight train. An order has been issued to arrest Tracy, but, so far, he has eluded the officers. Odor was previously confined in the calaboose.

Gen. Pope has received a dispatch from Gen. Woods, at Fort Wallace, stating that he has sent some cavalry in pursuit of the Indians who attacked the working parties on the Kansas and Pacific Railroad on Saturday. They went north after the attack, taking about 300 head of stock with them. They were about two hundred strong.

ILLINOIS.

Colored Alderman—Internal Revenue bill—Measures in the Senate and House—Good crop prospects—Hotel burned; Killed and wounded—The Craig-Sprague case again.

CHICAGO.—At Centerville, Illinois, yesterday, James Jackson, a colored Republican, was elected Alderman. The Tribune's Washington despatch says the Internal Revenue Bill, reported to the House yesterday, received general favor and there are indications that it will be pushed through rapidly.

The House committee on appropriations agreed to a bill authorizing the payment of \$50,000 from the Freedman's Bureau fund, to the Willberforce University.

The debate in the Senate on the grant of lands for a railway to the Winnipeg country, showed a disposition to modify some of the clauses. A positive position has been taken on the U. P. R. bill. The grant calls for about a million and a quarter of acres, but the settlers are more fairly provided for than in any previous bill, though the Senate failed to come up to the House proposition to sell the lands to actual settlers at prices averaging \$2.50 per acre. The vote on this proposition stood 20 yeas, 27 nays, which is a gain of eight votes over the same amendment to the Northern Pacific bill.

The Times' despatch says the provision of the tax bill relative to the income tax is not satisfactory to the House, which will at least reduce the rate of the tax to three per cent.

Governor Bullock was before the Senate investigating committee, to-day, and testified, positively, that no money was used with his knowledge to influence legislation on the Georgia bill in the Senate.

The weather throughout the West is extremely warm for the time of the year; the mercury reached 85° in the shade. Crops are universally forward and there have scarcely ever been any better prospects than those of the present season.

A fire in Cairo, this morning, destroyed the St. Nicholas Hotel, a four story brick building, with all the furniture. One of the walls fell, crushing an adjoining frame building, killing two men and injuring several others. The loss is about \$60,000.

A new trial has been granted by the Supreme Court in the celebrated breach of promise case, Craig vs Sprague, in which the verdict was for a hundred thousand dollars against the defendant. The verdict was rendered in the DuPage county Circuit Court, about a year ago, and the appeal is granted upon some errors in relation to the admission of certain evidence and the instructions to the jury.

NEW YORK.

Sunstroke—Rent review—Alien issues another challenge—Accident—Seward's 59th birthday.

NEW YORK.—Several cases of sunstroke occurred yesterday.

To-day opened bright and beautiful and voting began early; the indications were that a large vote would be polled, but the weather suddenly changed to rain and very few persons are about the polls.

To-morrow the Hudson River Amateur Boat Association, comprising the clubs along the river's bank from this city to Troy, assemble for their annual review before the fleet commander, E. F. Beatty. The programme embraces, besides the review, a single race, open to every class, after which the Association partake of their annual dinner.

Tom. Allen, who signs himself the champion of America, by permission of Mr. James Mace, champion of the world, has issued a challenge to all professional bruisers, except Mace and Heenan, to fight for five thousand dollars, or less; he is particularly anxious that Coburn shall accept. Allen admits his defeat at the hands of his antagonist near New Orleans.

Greely, in the Tribune, urges Congress to appoint commissioners to fix the final location of the Capitol. A defalcation of five thousand dollars has occurred in the North German Consulate. The defaulter has confessed, but he will not be prosecuted.

An accident occurred this afternoon. The arch of the railway at the corner of Greenwich and Houston streets gave way, from a flaw in a connecting rod and a passenger car and a heavily laden truck were precipitated to the ground. Three persons were slightly injured and a cart in the street underneath was demolished.

AUBURN.—Seward made a speech in favor of separate education for women, on the occasion of a visit from fifteen young ladies from Wells College. To-day is his sixty-ninth birthday.

It is stated that the steamer J. B. Up-ton, which left here on Saturday, is a Cuban war vessel and received additional passengers and ammunition from a vessel off Barnegate, on Sunday.

CALIFORNIA.

Crops unfavorable—Snow storm.

SAN FRANCISCO, 18.—Grand Sire Farnsworth, of the Odd Fellows, goes East to-morrow. The crops in California present very unfavorable prospects. There was a snow storm in Nevada yesterday.

FOREIGN NEWS.

RUSSIA.

ST. PETERSBURG.—The papers deny the report that Russian troops have been sent to quell the insurrection in Khiva.

FRANCE.

PARIS.—Madame Ollivier received a delegation of the noble ladies of Spain. The French government has officially notified Greece that if the brigands capture Frenchmen, Greece shall pay their ransom.

ITALY.

ROME.—The canonization of Christopher Columbus is contemplated.

SPAIN.

MADRID.—In the Cortes, Minister Morel promised an early introduction of a bill abolishing slavery in the colonies.

GREAT BRITAIN.

THE Yacht race—The supposed Fenians commanded—Canon of St. Paul's death—Compulsory Education—Irish Land Bill—Army enlistment bill—Theatrical Banquet party.

LONDON, 18.—The supposed Fenians arrested, yesterday, were examined to-day. The evidence was unsatisfactory and the prisoners were remanded. Rev. Thomas Dale, canon of St. Paul's, died, yesterday, in his seventy-third year.

The English pilots speak in high terms of the sailing qualities of the Sappho and say that she shipped no water, and made 60 miles in one reach.

LONDON, 17.—The controversy between Ashbury and the umpire in regard to the second race, is generally thought to be unfavorable to the former. It is considered that he has no warrant for resisting the decision of the umpire and referee, after starting for the race. The wind at the time of the start was blowing a half gale and the Sappho, Dauntless and Guinevere were the only vessels which ventured outside and proved their sea-worthiness, and that these American vessels were able to sail well in the roughest weather.

In the Lords, to-night, Strathearn introduced a bill making education compulsory and establishing a rate for the support of schools. Action was postponed.

Pending the consideration of Foster's bill in the Commons, Lefevre explained a proposed reduction in the light house dues, to be applied equally to steamers and sailing vessels.

The Irish land bill was discussed in the Commons; its clause making provision for advances to tenants was opposed by Hardy and supported by Gladstone.

The army enlistment bill was considered in the House and was opposed because it shortened the term of service to three years, to facilitate recruiting. After a long debate the bill was read the second time.

The weather is delightful. A theatrical fund dinner was given at St. James' Hall last evening. The Prince of Wales presided. Among the distinguished guests present were the Duke of Sutherland, Lord Clarendon, Lord Lennox, Rewarab of Bengal and others. It was understood that Chas. Dickens was to be the orator of the evening, but he was obliged to be absent.

The Prince of Wales, in his speech, paid a high tribute to the theatrical profession, by urging the claims of the charitable object of the meeting; John Baldwin, Buckstone and Dion Boucicault followed with humorous speeches. The meeting did not adjourn till a late hour.
